Save as disclosed in the above, the Company had not conducted any fund-raising activities involving the issue of its equity securities in the 12 months immediately preceding the date of this announcement.

REASONS FOR AND BENEFITS OF THE PLACING AND USE OF PROCEEDS

The Group is principally engaged in the manufacturing and sales of coal-related chemical products and chemical products for agriculture.

The gross proceeds from the Placing will be HK\$60,000,000 (assuming all the Placing Shares are fully placed). The net proceeds, after deduction of relevant expenses (including but not limited to placing commission, legal expenses and disbursements) of approximately HK\$0.9 million, are estimated to be approximately HK\$59.1 million, representing a net issue price of approximately HK\$0.0985 per Placing Share.

The Company intends to apply the net proceeds from the Placing as to HK\$50 million for repayment of the Group's indebtedness and interest expenses and as to HK\$9.1 million as general working capital of the Group.

The Directors are of the view that the Placing can strengthen the financial position of the Group and provide funding to the Group to repay indebtedness and interest expenses of the Group and finance its working capital needs. The Placing also represents a good opportunity to broaden the Shareholders' base and the capital base of the Company.

The Board has considered other alternative fund-raising methods such as debt financing, rights issue or open offer. The Board considered that debt financing may incur further interest burden on the Group and may be subject to lengthy due diligence and negotiations with the banks with reference to the Group's financial position and the then financial market condition and it may be relatively uncertain and time-consuming. On the other hand, rights issue or open offer may also involve relatively substantial time and cost to complete as compared to the equity financing through issue of the new Shares under Specific Mandate.

The Directors (including the independent non-executive Directors) consider that the terms and conditions of the Placing Agreement are fair and reasonable and are on normal commercial terms and the Placing is in the interest of the Company and the Shareholders as a whole.

GENERAL

The Placing Shares will be allotted and issued under the Specific Mandate and the Placing will be subject to the Shareholders' approval at the SGM.

A circular containing, among other things, (i) further details of the Placing; and (ii) a notice convening the SGM will be despatched to the Shareholders as soon as practicable in accordance with the Listing Rules.

The Placing are conditional upon satisfaction of their respective conditions set out in this announcement. Accordingly, the Placing may or may not proceed. Shareholders and potential investors are advised to exercise caution when dealing in the Shares.
