Galaxy Bond (i.e. the Offeror) subsequently confirmed its intention to set-off the Debt);

The Offeror reserves the right to waive, in whole or in part and generally or in respect of any particular matter:

The Company does not have the right to waive any of the Conditions set out in paragraphs (a) to (k) above.

In respect of the Condition set out in paragraph (e) above, other than those specifically set out as Conditions above and the application for the withdrawal of the listing of the Shares on the Stock Exchange upon the Scheme becoming effective, as at the date of this announcement, each of the Offeror and the Company is not aware of any Approvals which may be required to be obtained for or in connection with the Proposal or the implementation of the Proposal (including the withdrawal of the listing of the Shares on the Stock Exchange) in accordance with its terms and conditions.

Pursuant to Rule 31.1 of the Takeovers Code, except with the consent of the Executive, neither the Offeror nor any Offeror Concert Party, nor any person who is subsequently acting in concert with any of them, may within 12 months from the date on which the Proposal is withdrawn or lapses: (a) announce an offer or possible offer for the Company; or (b) acquire any voting rights of the Company if the Offeror or persons acting in concert with them would thereby become obliged under Rule 26 of the Takeovers Code to make an offer for the Company.

The total amount of cash required to implement the Proposal in full would be HK\$133,232,936.20.

The Offeror intends to finance the entire cash amount required to implement the Proposal in full through (i) its internal resources; and/or (ii) the Financing provided by the Lender to the Offeror.

REASONS FOR AND BENEFITS OF THE PROPOSAL

For Scheme Shareholders

The Proposal is an opportunity for Independent Scheme Shareholders to monetise their Shares amidst challenging and uncertain market conditions

The average daily trading volume of the Shares for the approximate 1-month period, 3-month period and 12-month period up to and including the Last Trading Day were approximately 45,043 Shares, 69,969 Shares and 50,439 Shares per day, representing only approximately 0.004%, 0.005% and 0.004% respectively of the 1,274,038,550 Shares in issue as at the date of this announcement.

The low trading liquidity of the Shares could make it difficult for the Independent Scheme Shareholders to execute substantial on-market disposals without adversely affecting the price of the Shares and also make it difficult for Shareholders to dispose of a large number of Shares when any event that has an adverse impact on the Company's share price occurs. The low liquidity in the trading of the Shares has also affected the Company's ability to raise funds from the equity market, which makes the Company's current listing platform no longer an effective fund-raising platform for the Company's business and future growth.

Furthermore, the Proposal is intended to provide the Independent Scheme Shareholders with an opportunity to realise their investment in the Company for cash at a premium over the prevailing share price. The Cancellation Price of HK\$0.350 per Scheme Share represents a premium ranging from approximately 78.57% to approximately 131.79% over the average closing price per Share as quoted on the Stock Exchange for the periods as mentioned under the section headed "Terms of the Proposal – Cancellation Price" in this announcement. Therefore, the Proposal, if implemented, will offer the Independent Scheme Shareholders a valuable opportunity to realise their investments in the Company at an attractive premium and to reallocate the proceeds from the disposal of the Shares to alternative investment opportunities.

The Proposal facilitates the partial settlement of the Debt between the Offeror and the MS Shareholders while maintaining a fair and equal treatment to all Scheme Shareholders.

For the Offeror and the Company

Limited usage of the listing platform

The Company has not conducted any equity fund raising activities since 2015 due to the relatively low liquidity in the trading of the Shares as aforesaid and the downward trend of the trading price of the Shares in the past years. Under such circumstances, the Company is unable to fully utilise its current listing platform as a source of funding for its long term growth. It is expected that continued listing of the Shares may not provide any meaningful benefit to the Company in the near future.

Reducing costs and expenses of maintaining the Company's listing status while enabling the Offeror to run the business of the Group in a more efficient and effective way

The privatisation of the Company is expected to permit the Offeror to make strategic decisions focused on long-term growth and benefits, free from the pressure of market expectations, share price fluctuations and compliance requirements which arise from the Company being a publicly listed company.

The Proposal, which entails the delisting of the Company, is also expected to reduce the administrative costs and management resources associated with maintaining the Company's listing status and compliance with regulatory requirements. It could also provide more flexibility to the Group to achieve long-term commercial development free from share price fluctuations and additional costs and expenses that may arise from the Company being a publicly listed company.

POSSIBLE REDUCTION IN CAPITAL IN CERTAIN SUBSIDIARIES BY THE COMPANY

The Company is considering to reduce its investment in certain subsidiaries of the Company. The Company shall comply with the applicable requirements under the Listing Rules and the Takeovers Code if such reduction in investment is subject to any applicable disclosure and/or approval requirements.

INTENTION OF THE OFFEROR IN RESPECT OF THE GROUP

As at the date of this announcement, it is the intention of the Offeror for the Group to continue to carry on its existing business and the Offeror does not have any immediate plan to make any material change to: (a) the business of the Group (including any redeployment of any fixed asset of the Group); or (b) the continued employment of the employees of the Group (other than in the ordinary course of business).

“Responsibilities of stockbrokers, banks and other intermediaries

Stockbrokers, banks and others who deal in relevant securities on behalf of clients have a general duty to ensure, so far as they are able, that those clients are aware of the disclosure obligations attaching to associates of an offeror or the offeree company and other persons under Rule 22 and that those clients are willing to comply with them. Principal traders and dealers who deal directly with investors should, in appropriate cases, likewise draw attention to the relevant Rules. However, this does not apply when the total value of dealings (excluding stamp duty and commission) in any relevant security undertaken for a client during any 7 day period is less than \$1 million.

This dispensation does not alter the obligation of principals, associates and other persons themselves to initiate disclosure of their own dealings, whatever total value is involved.

Intermediaries are expected to co-operate with the Executive in its dealings enquiries. Therefore, those who deal in relevant securities should appreciate that stockbrokers and other intermediaries will supply the Executive with relevant information as to those dealings, including identities of clients, as part of that co-operation.”
