VOLUNTARY ANNOUNCEMENT
NEW DRUG APPLICATION OF OT-1001 APPROVED
BY THE NATIONAL MEDICAL PRODUCTS ADMINISTRATION

This announcement is made by Ocumention Therapeutics (the “**Company**”, together with its subsidiaries, the “**Group**”) on a voluntary basis to keep the shareholders of the Company and potential investors informed of the latest business updates of the Group.

The board (the “**Board**”) of directors of the Company is pleased to announce that the new drug application for OT-1001 (ZERVIA[®]), a potent and highly selective histamine-1 receptor antagonist with anti-allergic properties, has been approved by the Center for Drug Evaluation of the National Medical Products Administration (the “**NMPA**”) of the People’s Republic of China (the “**PRC**”) recently.

OT-1001 (ZERVIA[®]), developed by Nicox Ophthalmics, Inc. (“**Nicox**”), has been approved by the United States Food and Drug Administration (FDA) for use in patients aged two years and older. The Group obtained an exclusive license from Nicox to develop, make, have made, import, export, use, distribute, market, promote, offer for sale and sell (or otherwise commercialize) OT-1001 (ZERVIA[®]) in the Greater China region in March 2019, and extended the exclusive rights to 11 countries in Southeast Asia in March 2020. OT-1001 is the first and only eye drop formulation of the antihistamine cetirizine, the active ingredient in ZYRTEC[®], and is currently commercialized in the United States for ocular itching associated with allergic conjunctivitis. It is believed that the approval for marketing of OT-1001 (ZERVIA[®]), which addresses unmet medical needs or has the potential to offer significant improvements over existing treatment options, will benefit patients suffering from the same symptoms in the PRC.

Cautionary Statement: The Company cannot guarantee that OT-1001 (ZERVIA[®]) will ultimately be successfully marketed. **Shareholders of the Company and potential investors are advised to exercise caution when dealing in the shares of the Company.**

By order of the Board
Ocumention Therapeutics
Dr. Lian Yong CHEN
Chairman and Non-executive Director
