## SUNNY OPTICAL TECHNOLOGY (GROUP) COMPANY LIMITED

舜宇光學科技（集團）有限公司

*(Incorporated in the Cayman Islands with limited liability)*

**(Stock Code: 2382.HK)**

### POSITIVE PROFIT ALERT

This announcement is made by Sunny Optical Technology (Group) Company Limited (the “**Company**”, and together with its subsidiaries, the “**Group**”) pursuant to Rule 13.09 of the Rules Governing the Listing of Securities of The Stock Exchange of Hong Kong Limited (the “**Listing Rules**”) and the Inside Information Provisions (as defined under the Listing Rules) under Part XIVA of the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong).

The board (the “**Board**”) of directors (the “**Directors**” and each a “**Director**”) of the Company wishes to inform the shareholders of the Company (the “**Shareholders**”) and potential investors of the Company that based on the information currently available to the Company and the preliminary review and analysis of the unaudited management accounts of the Group for the year ended 31 December 2024 (the “**Unaudited Management Accounts**”), which have not been audited or reviewed by the auditors of the Company and/or the audit committee of the Board, the Group is expected to record a profit attributable to owners of the Company for the year ended 31 December 2024, amounting to approximately RMB2,638.6 million to RMB2,748.5 million, which represents an increase of approximately 140.0% to 150.0 % as compared to that for the year ended 31 December 2023, being approximately RMB1,099.4 million.

Based on the information available to the Company immediately preceding the publication of this announcement, the Board considers that such expected increase was primarily attributable to the following reasons:

#### 1. Recovery in the Smartphone Market

The global smartphone market recovered in 2024, with market shipment rising approximately 6.0-7.0% year-on-year (“**YoY**”), driven by the hot-selling of high-end models and AI integration into hardware. The recovery of the smartphone market led to a YoY increase in the shipment volume of handset lens sets of the Company by approximately 13.1%. At the same time, the improvement in product mix increased the average selling prices and gross profit margins of handset lens sets and handset camera modules of the Company; and

## **2. Strong New Energy Vehicle (“NEV”) Demand**

The global automotive market grew steadily with the strongly rising demand of NEV and the development of intelligent driver-assistance system, thus the adoption rate of vehicle lens sets increased. The Company maintained its global leadership in the vehicle lens sets market, achieving approximately 12.7% YoY shipment increase.

The Company is in the process of finalising the consolidated financial results of the Group for the year ended 31 December 2024. The information contained in this announcement is only a preliminary assessment based on the Unaudited Management Accounts. The finalised and audited consolidated results of the Group for the year ended 31 December 2024, which may differ from the figures and information provided in this announcement, are expected to be announced before the end of March 2025.

**Shareholders and potential investors of the Company are advised to exercise caution when dealing in the shares of the Company.**
