The board (the "**Board**") of the director of the Company (the "**Directors**") wishes to inform the shareholders of the Company (the "**Shareholders**") and potential investors, that based on preliminary assessment and analysis of the Group's unaudited consolidated management accounts for the year ended 31 December 2024 (the "**Reporting Period**"), which have not been audited by the auditors of the Company nor reviewed by the audit committee of the Company, as well as the information currently available to the Company immediately preceding the publication of this announcement, the Board considers that the unaudited profit attributable to the owners of the Company for the Reporting Period may increase by the range between 350% and 400% as compared to the profit attributable to the owners of the Company of approximately RMB6.8 million for the corresponding period of 2023.

Based on the information currently available to the Company, the expected increase in unaudited profit attributable to the owners of the Company for the Reporting Period was mainly attributable to:

(a) the decrease in selling and marketing expenses as the Company has adjusted the promotion channels and engaged in less advertising and promotion activities for certain mobile games during the Reporting period;

(b) the decrease in research and development expenses which primarily attributable to the decrease in employee benefit expenses; and

(c) the decrease in other income, gains and losses was mainly due to the decrease in the reversal of the loss allowance for notes and other receivables and the decrease in fair value changes on investments at fair value through profit or loss, which offset by the increase in interest revenue.

The Company is still in the process of finalizing the audited annual results for the year ended 31 December 2024. The information contained in this announcement is only based on the preliminary assessment by the Board of the Company with reference to the unaudited consolidated management accounts of the Group for the Reporting Period and the information currently available to the Company, and is not based on any financial figures and/or information which have been audited by the external auditor of the Company. The audited annual results announcement of the Company for the year ended 31 December 2024 is expected to be published in late March 2025.

Shareholders and potential investors are advised to exercise caution when dealing in the shares of the Company.
