REASONS FOR AND BENEFITS OF THE DISPOSAL

The Company is an investment holding company incorporated in Bermuda with limited liability. The Group is principally engaged in, *inter alia*, gas distribution and logistics in the PRC, as well as property investment, securities trading and investment, and provision of financing related services.

The Disposal forms part of the Group's principal business activities in securities trading and investment, and was conducted in its ordinary and usual course of business.

The Disposal Shares were acquired by the Group in February 2023 for investment purposes. In light of the volatility of market conditions and the uncertainties in the global economy, along with the prevailing trading performance of the Listco Shares, the Company views the Disposal as a pivotal opportunity to realise part of its investment in the Listco Shares and adjust its investment portfolio in response to current market dynamics. Furthermore, the Disposal will enhance the liquidity of the Group, facilitating a more flexible reallocation of financial resources toward alternative investment prospects.

As the Disposal was conducted through the open market and the consideration for the Disposal was determined based on the prevailing market price of the Listco Shares available in the open market, the Board is of the view that the terms of the Disposal are fair and reasonable, on normal commercial terms and in the interests of the Company and the Shareholders as a whole.

FINANCIAL EFFECT OF THE DISPOSAL

The Disposal Shares were classified as financial assets measured at fair value through other comprehensive income by the Group. 199,962,000 Listco Shares were disposed by the Group for an aggregate consideration of approximately HK\$7.0 million (exclusive of transaction costs) and the Group's total comprehensive income for the year ended 31 March 2025 has increased by approximately HK\$2.4 million. Such increase is calculated based on the difference between the gross proceeds of approximately HK\$7.0 million from the Disposal less the fair value of approximately HK\$4.6 million of 199,962,000 Listco Shares as at 31 March 2024, subject to audit adjustment (if any).

USE OF PROCEEDS

The Company intends to apply the net proceeds from the Disposal of approximately HK\$6.9 million as general working capital of the Group.

LISTING RULES IMPLICATIONS

As the highest of the applicable percentage ratios under Rule 14.07 of the Listing Rules in respect of the Disposal exceeds 5% but is less than 25%, the Disposal constitutes a discloseable transaction of the Company and is therefore subject to the reporting and announcement requirements under Chapter 14 of the Listing Rules.
