Rated as A+ and remained a constituent of the Hang Seng Corporate Sustainability Benchmark Index

Rated as "Low Risk"

Rated as A-

GOVERNANCE

100%

Anti-corruption and ESG training for the Board

ESG Committee's terms of reference cover climate issues

Performance assessment of the management is linked to ESG indicators

0

Cybersecurity incident

0

Data breach incident

0

Financial or tax-related non-compliance

## RESILIENCE

### Revised carbon reduction targets

To achieve  
carbon neutrality  
no later than  
**2050**

To achieve Scope  
1 and 2 GHG  
emission intensity  
**↓55%**  
by 2035 against  
baseline year 2020

To achieve energy  
consumption  
intensity  
**↓45%**  
by 2035 against  
baseline year 2020

2024 GHG emission intensity

**1.36** tonnes CO<sub>2</sub>e per  
US\$10,000 of revenue

↓ 13.1% year-on-year  
↓ 35.3% against 2020

2024 energy consumption intensity

**0.014** TJ per  
US\$10,000 of revenue

↓ 5.8% year-on-year  
↓ 29.5% against 2020

**12** MW  
Total installed  
capacity of  
photovoltaic projects

**6,028**  
vessels  
Shore power  
connection

Released  
**COSCO  
SHIPPING Ports'  
Green and  
Low-Carbon  
Transition and  
Development  
Plan**

**Climate  
scenario  
analysis  
completed**

**First inventory  
of Scope 3  
GHG emissions  
completed**

Enhanced ESG  
requirements  
for suppliers and  
completed dynamic  
evaluation of  
**3,369**  
suppliers

## AGILITY

Built  
South America's  
first green and  
smart port –  
CSP Chancay  
Terminal

Launched the world's first  
CSP Port Digital Twin  
Integrated Energy  
Management Platform

675,000<sup>TEU</sup>  
were handled by driverless  
container vehicles  
↑ 221.6% year-on-year

New patents accepted  
and licensed

23

## NATURE

Water consumption intensity  
7.98<sup>m³ per</sup>  
US\$10,000  
of revenue

↓ 5.9% year-on-year  
↓ 21.9% against 2020

Animal rescue in the vicinity and  
protection of the biodiversity  
and bird habitats in the  
neighbouring wetlands during  
the construction of CSP Chancay  
Terminal

100%

Hazardous waste was handled by  
certified recyclers

Xiamen Ocean Gate Terminal was  
selected for "Waste-Free  
Terminal"

## DYNAMIC

0

Work-related fatalities

0.01 per 200,000 working hours

Rate of high-consequence work-related injuries

32

hours  
Average training hours

Compliance with the principle of equal pay for equal work at the Company level

17%

Female employees

US\$ 1,580,283

Total donation

394

Registered employee volunteers

857

hours  
Employee volunteer service
