PERFORMANCE HIGHLIGHTS

For the three months ended 31 March 2025, the Group actively responded to the complex and volatile macroeconomic environment, as well as various risks and challenges. Following the operational plans and management objectives set at the beginning of the year, the Group focused on solidifying and deepening collaboration with customers, increasing the production volume of subcontracted products, and implementing moderate upgrades to equipment to improve existing production conditions and enhance product quality. At the same time, the Group continued to deepen reforms, strengthen cost control, and implement energy-saving measures to comprehensively enhance operational efficiency. During this period under review, although revenue decreased by 12.7% compared to the same period last year, the growth in subcontracting business and inventory sales led to a 7.1% reduction in gross loss margin compared to the same period last year. Moreover, effective control of administrative expenses further lowered operating costs, resulting in an overall improvement in operating performance compared to the same period last year.

For the three months ended 31 March 2025, the production volume of cowhides was 226,000 sq. ft.
