The Placing Agent shall procure not less than six (6) Placees to subscribe for the Convertible Bonds in the aggregate principal amount of up to HK\$70,000,000 during the Placing Period.

In the case of the Conversion Rights attaching to the HK\$70,000,000 Convertible Bonds (together with all the accrued and unpaid interest thereon up to and including the last day of the Conversion Period after the extension of the Maturity Date) having been exercised in full at the initial Conversion Price of HK\$1.56 (subject to adjustment), a maximum of 52,002,107 Conversion Shares will be allotted and issued by the Company, which represents (i) approximately 5.16% of the existing total number of issued Shares as at the date of the New Placing Agreement; and (ii) approximately 4.90% of the total number of issued Shares as enlarged by the allotment and issue of the Conversion Shares upon full conversion of the Convertible Bonds at the initial Conversion Price (assuming there will be no change in the total number of issued Shares between the date of the New Placing Agreement and up to the date of full conversion of the Convertible Bonds).

The initial Conversion Price of HK\$1.56 represents (i) a premium of approximately 54.46% over the closing price of HK\$1.01 per Share as quoted on the Stock Exchange on the date of the New Placing Agreement; and (ii) a premium of approximately 54.76% over the average of the closing prices for the last five (5) consecutive trading days immediately prior to the date of the New Placing Agreement as quoted on the Stock Exchange of HK\$1.008 per Share.

The maximum net proceeds from the Placing (after deducting the commission payable to the Placing Agent, professional fees and other related costs and expenses incurred in the Placing) will be approximately HK\$67,700,000.

REASONS FOR AND BENEFITS OF THE PLACING AND USE OF PROCEEDS

The Group is principally engaged in the development, manufacture and sale of home surveillance cameras, police cameras, video conference devices, 360-degree cameras, baby monitors, remote learning devices and other imaging products for various purposes (the “**Imaging Products Segment**”), which is currently facing the challenge of the US tariffs on China and other trading partners.

As disclosed in the announcements of the Company dated 27 December 2024 and 19 May 2025, respectively, after thorough study and market research, the Board is aware that there is a need from supermarket and hypermarket chains in the PRC for on-demand delivery services provided by independent third parties. In view of this, the Board is in the course of developing a new business segment in providing one-stop integrated on-demand delivery system services including electric delivery vehicles, new energy batteries, new energy charging equipment and a corresponding smart management software (the “**On-demand Delivery System Services Segment**”) to support these on-demand delivery services. The Board is of the view that the On-demand Delivery System Services Segment will bring new sources of income and maximise the return to the Company and its shareholders in the long run.

Assuming all the Convertible Bonds are successfully placed by the Placing Agent, the maximum gross proceeds from the Placing will be HK\$70,000,000. The maximum net proceeds from the Placing (after deducting the commission payable to the Placing Agent, professional fees and other related cost and expenses incurred in the Placing) will be approximately HK\$67,700,000, which will be utilised for the following purposes:

- (a) approximately 34% (equivalent to HK\$23,000,000) will be used as general working capital for the Imaging Products Segment in view of the US tariff saga;

- (b) approximately 33% (equivalent to HK\$22,350,000) will be used as general working capital for the On-demand Delivery System Services Segment in view of its initial start-up phase; and
- (c) approximately 33% (equivalent to HK\$22,350,000) will be used to partly repay certain existing bank loans of the Group and a shareholder's loan in the amount of approximately HK\$39,000,000 (as shown on the unaudited management accounts of the Group for the four (4) months ended 30 April 2025) at an interest rate of 3% per annum due to Mr. Tang Wing Fong Terry, a controlling shareholder, the chairman and an executive Director. The Directors (including the independent non-executive Directors) confirmed that the shareholder's loan provided by Mr. Tang Wing Fong Terry to the Company is conducted on normal commercial terms or better and is not secured by the assets of the Group, and accordingly, it is a fully exempt connected transaction under Rule 14A.90 of the Listing Rules.

The above allocation of the net proceeds from the Placing will be adjusted on a pro rata basis among (a), (b) and (c) above in the event that the gross proceeds from the Placing is less than HK\$70,000,000.

The maximum net proceeds from the Placing will be approximately HK\$67,700,000, and accordingly, the net conversion price per Share will be approximately HK\$1.51.

The Directors (including the independent non-executive Directors) are of the view that (i) the New Placing Agreement is entered into upon normal commercial terms following arm's length negotiations between the Company and the Placing Agent; (ii) the Placing will broaden the shareholder base and capital base of the Company if the Bondholders choose to convert the Convertible Bonds into the Conversion Shares; (iii) the Placing will raise extra cashflow for the Group's business operation and working capital requirements; and (iv) the Placing will not have an immediate dilution effect on the shareholding of the existing Shareholders.

In view of the above, the Directors (including the independent non-executive Directors) consider that the terms of the New Placing Agreement (including the Conversion Price and placing commission) are fair and reasonable and the Placing is in the interests of the Company and the Shareholders as a whole.
