3. Price

- 3.1 Aggregate Debt Free / Cash Free Price and Allocation. The aggregate Debt Free / Cash Free Price for all Sets of Shares and all of the Businesses is six hundred sixty-five million euros (€ 665,000,000). The Parties agree that the aggregate Debt Free / Cash Free Price shall be a net amount after deductions for Taxes and other withholdings (if any) required to be made by the Purchaser or any other member of the Purchaser Group and shall be allocated for Tax and accounting purposes in accordance with Exhibit 9 (*Purchase Price Allocation*).
- 3.2 Initial Purchase Price. At Closing, the Purchaser shall pay, in accordance with clause 8.1 (*Purchaser Payments*) and Schedule 15 (*Exercise of Rights and Conduct of Claims*), to the Seller an amount in euros (the **Initial Cash Price**) equal to:
- (a) six hundred sixty-five million euros (€ 665,000,000), which is the aggregate amount of the Debt Free / Cash Free Price for each Set of Shares and each of the Businesses;
 - (b) *minus* the aggregate amount of all Estimated External Debt;
 - (c) *minus* fifty-five million six hundred ninety-seven thousand five hundred twenty-nine euros (€ 55,697,529) (the **Total Estimated Employee Benefit Indemnification Amount**);
 - (d) *minus* the aggregate amount of all Estimated Inter-Company Non-Trading Payables;
 - (e) *minus* the Estimated Closing Profit Transfer Payables (if any);
 - (f) *plus* the aggregate amount of all Estimated Cash;
 - (g) *plus* the aggregate amount of all Estimated Inter-Company Non-Trading Receivables;
 - (h) *plus* the Estimated Loss Compensation Receivables (if any);
 - (i) *plus* the amount of the difference between (i) the aggregate Estimated Working Capital and (ii) the aggregate Target Working Capital if such aggregate Estimated Working Capital is greater than such Target Working Capital (or minus the absolute value of such difference if such aggregate Estimated Working Capital is less than such Target Working Capital).
- 3.3 Purchase Price Adjustments. The Parties agree that the Initial Cash Price may only be adjusted in accordance with the terms of this Agreement.
- 3.4 Local Reorganisation Pre-Closing Adjustments. Without prejudice to clause 4.1(a)(iv) (*Conditions of all Parties' obligations*), if and to the extent a Local Reorganisation Step cannot be fully implemented as described in Part B (*Germany*) through Part P (*Dealer Model India*) of Schedule 11 (*Reorganisations and Actions to Be Undertaken in Particular Jurisdictions*) between the date of this Agreement and Closing, the Seller and the Purchaser shall cooperate in good faith to determine at least ten (10) Business Days prior to Closing an amendment of Exhibit 9 (*Purchase Price Allocation*) reflecting such deviation and allocating a separate and individual percentage of the Debt Free / Cash Free Price to be paid for the applicable portion of the Worldwide Business to the respective Business Seller by the respective Business Purchaser, provided that each such amount (if any) shall be adjusted in accordance to clause 3.2 (*Initial Purchase Price*).
- 3.5 Post-Closing Adjustments. Following Closing and subject to the Pre-Closing adjustments set forth in clause 3.4 (*Local Reorganisation Pre-Closing Adjustments*) (if any), the Parties will complete the adjustments to the purchase price as set forth in Schedule 14 (*Post-Closing Financial Adjustments*) and the other adjustments in Schedule 10 (*Long Term Employee Benefits*) and Schedule 12 (*Tax*). Any payments required to be made under Schedule 10 (*Long Term Employee Benefits*), Schedule 12 (*Tax*) and/or Schedule 14 (*Post-Closing Financial Adjustments*) shall be treated as adjusting the Initial Cash Price, thus resulting

after such adjustment in a final price in relation to the Sets of Shares and the Businesses (the **Final Price**). In the event that no payment is required to be made under Schedule 10 (*Long Term Employee Benefits*), Schedule 12 (*Tax*) and Schedule 14 (*Post-Closing Financial Adjustments*), the Initial Cash Price shall be deemed to constitute the Final Price. For the avoidance of doubt, the provisions of this Agreement (including all Schedules) shall be interpreted so as to avoid double counting (whether positive or negative) of items in the Closing Statement.

- 3.6 Allocation of Final Price. The Final Price as determined under clause 3.5 (*Post-Closing Adjustments*) (subject to any further adjustment, if applicable, pursuant to clause 3.10 (*Purchaser and Seller Payment Obligations*) or clause 3.11 (*Seller Obligation Payments Purchase Price Reductions*)) shall be adopted for all accounting and Tax reporting purposes and shall be allocated to each individual Set of Shares and Business taking into account the allocation in Exhibit 9 (*Purchase Price Allocation*) and any Cash, External Debt, Inter-Company Non-Trading Net Debt, Working Capital and Target Working Capital attributable to the Set of Shares or Business (as applicable) in accordance with clause 3.2 (*Initial Purchase Price*).
- 3.7 VAT. If VAT is chargeable in respect of any supply provided by the Seller or a Designated Seller under or in accordance with this Agreement to the Purchaser or a Designated Purchaser, then the Purchaser shall pay to the Seller an amount equal to such VAT plus interest and other ancillary charges (if any) thereunder payable to the Tax Authorities unless (and to the extent that) the relevant VAT is owed to the Tax Authorities by the Purchaser or the relevant Designated Purchaser or the dominating entity of a VAT group (*umsatzsteuerlicher Organträger*) (or its equivalent in any applicable jurisdiction) of the relevant Designated Purchaser. Any VAT which the Seller determines in good faith to be payable in respect of the Initial Cash Price (**Seller Determined VAT**) will be due and payable in accordance with clause 8.1(d) (*Purchaser Payments*). Any other payments under this clause 3.7, e.g. after a Tax audit resulting in VAT becoming due deviating from the Seller Determined VAT, shall become due and payable on the later of (i) five (5) Business Days after the Seller has informed the Purchaser about the claim or (ii) five (5) Business Days before the payment due date for the relevant VAT declaration period (*Umsatzsteuervoranmeldungszeitraum*). Upon written request from the Purchaser, the Seller or the relevant Designated Seller shall issue an invoice to the Purchaser or the relevant Designated Purchaser.
- 3.8 The Parties agree that the sale of any Set of Shares is not subject to VAT. The Seller irrevocably undertakes not to waive any VAT exemption and not to exercise any right (if any) to opt for VAT; neither the Seller nor any Designated Seller shall therefore be entitled to opt for VAT regarding the sale of any Set of Shares. Notwithstanding the foregoing, if and to the extent the sale of any Set of Shares is subject to VAT and neither the Sellers nor any Designated Seller has opted for VAT, the Purchaser or a Designated Purchaser shall pay the respective statutory VAT. Upon written request from the Purchaser, the Seller or the relevant Designated Seller shall issue an invoice to the Purchaser or the relevant Designated Purchaser.
- 3.9 Withholding. If and to the extent that a withholding of income taxes or other Taxes is applicable as a result of any payment made pursuant to clause 3 (*Price*) or clause 4.9 (*Break Fee*), the relevant member of the Purchaser Group shall make such deductions or withholdings as required. The Purchaser shall pay the Seller such additional amount as will, after such deduction or withholding has been made, leave the Seller (and the relevant Designated Seller) with the same amount as it would have been entitled to receive in the absence of any requirement to make a deduction or withholding. The Parties shall use reasonable efforts and cooperate in good faith to minimise any such taxes required to be withheld on behalf of the Seller or a member of the Seller Group including but not limited to obtaining an exemption certificate. If and to the extent that a member of the Purchaser Group has made a withholding payment for taxes to a Tax Authority as required and delivered to the Seller proof of payment of all such taxes together with copies of all relevant communications from or with such Tax Authority with respect thereto, then the relevant member of the Seller Group shall (i) complete any procedural formalities necessary in order to obtain a credit against or refund of such taxes and (ii) promptly pay to the member of the Purchaser Group an amount equal to the credit or refund of the relevant tax after (and to the extent that) it has been received by or has otherwise become cash effective for the member of the Seller Group. This clause shall also apply *mutatis mutandis* to the Brand Licence Agreement.
- 3.10 Purchaser and Seller Payment Obligations. Any payment made in satisfaction of a liability arising under a Seller Obligation or a Purchaser Obligation shall be made on the following basis:

- (a) if it is specifically referable to any particular Set of Shares (or to any Target Company or Target Companies in a particular Target Sub-Group) or any particular Business or Business Asset, it shall, to the extent permissible under Applicable Law, adjust the portion of the Final Price previously allocated to, or paid for, such relevant Set of Shares or Business (or Business Asset, if applicable) pursuant to Exhibit 9 (*Purchase Price Allocation*);
 - (b) otherwise, it shall adjust the portion of the Final Price for the applicable Set of Shares or Business as the Seller and the Purchaser agree to be appropriate in the circumstances, provided that if they do not agree, it shall adjust that part of the Final Price paid for the Worldwide Business as determined by the Firm (if appointed in accordance with this Agreement).
- 3.11 Seller Obligation Payments Purchase Price Reductions. If any payment made in satisfaction of a liability under a Seller Obligation or any adjustment pursuant to the Financial Adjustments would in either case reduce the Final Price of a particular Set of Shares or Business to less than one euro (€ 1), then such payment or adjustment shall be made on the following basis:
- (a) the Final Price of that particular Set of Shares or Business shall be reduced to one euro (€ 1); and
 - (b) the balance shall adjust the Final Price for such Set of Shares or Business as the Seller and the Purchaser agree to be appropriate in the circumstances or, if they do not agree, it shall adjust that part of the Final Price paid for the Worldwide Business as determined by the Firm (if appointed in accordance with this Agreement); *provided*, that, in each case, the Final Price for the relevant Set of Shares or Business at the relevant time is not reduced to less than one euro (€ 1).

4. Conditions to Closing

- 4.1 Closing Conditions. Closing shall be conditional on the following conditions (collectively, the **Conditions**, and any one of them, a **Condition**) having been fulfilled or waived in accordance with this Agreement:
- (a) Conditions of all Parties' obligations. The obligation of each Party to consummate the transactions contemplated by this Agreement is subject to the satisfaction, or waiver by the Seller and the Purchaser, of each of the following Conditions:
 - (i) the clearances, approvals, waivers, no-action letters and consents having been obtained and any waiting periods having expired or been terminated (A) under applicable antitrust, merger control or foreign investment rules set forth in the jurisdictions listed in Schedule 16 (*Requisite Approvals*) with respect to the consummation of the Transaction insofar as it relates to any particular jurisdiction(s) listed in Schedule 16 (*Requisite Approvals*) and (B) under any other applicable antitrust, merger control, or foreign investment rules or other Applicable Regulatory Law where: (i) a filing becomes or turns out to be mandatory between the date of this Agreement and the Closing Date, including due to any relevant changes to any Applicable Regulatory Law or due to the Purchaser's shareholder structure, acquisition structure or financing arrangements; or (ii) any Governmental Entity initiates a formal and suspensory review of the Transaction or any parts thereof; for the avoidance of doubt, based on the regulatory filing analysis prepared by Purchaser's counsel, the Parties agree that the jurisdictions in which the Purchaser will make the relevant filings within the period provided for in clause 4.2 are those listed in Schedule 16 (*Requisite Approvals*);
 - (ii) all conditions or obligations which are contained in the consents, approvals, clearances, confirmations or licences granted (A) by any competent antitrust or merger control authority in the jurisdictions listed in Part A (*Regulatory Approvals*) of Schedule 16 (*Requisite Approvals*), and/or (B) by any other competent Governmental Entity in the jurisdictions listed in Part B (*Foreign Investment Approvals*) of Schedule 16 (*Requisite Approvals*) or (C) in any other jurisdiction where a filing becomes or turns out to be mandatory between the date of this Agreement and the Closing Date under any other applicable antitrust, merger control or foreign investment rules or other Applicable Regulatory Law or where a Governmental Entity initiates a formal and suspensory review of the Transaction or any parts thereof and which, in each case of (A), (B) and (C), are required to be satisfied prior to Closing having been fulfilled or complied with;

- (iii) the approval of the Transaction by the shareholders of the Purchaser in accordance with the requirements of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the *HK Listing Rules*) at a general meeting of the Purchaser (the *Shareholder Approval*); and
- (iv) subject to and in accordance with any modifications to the Local Reorganisation Steps implemented by the Seller in accordance with paragraph 1.3 of Part A of Schedule 11 (*Reorganisations and Actions to Be Undertaken in Particular Jurisdictions*), all Local Reorganisation Steps outlined in Part B (*Germany*), Part C (*United States*), Part F (*Spain*), Part G (*France*) and Part L (*Japan*) of Schedule 11 (*Reorganisations and Actions to Be Undertaken in Particular Jurisdictions*) having been completed in all material respects.

For the avoidance of doubt, the Purchaser's obligation to obtain the clearances, approvals, waivers, no-action letters and consents referred to in clauses 4.1(a)(i) and 4.1(a)(ii) (*Conditions to all Parties' obligations*) shall be subject to clause 4.7 (*Purchaser's Efforts*) and the other terms and conditions set out in this Agreement.

- (b) Conditions of the Seller's and Designated Sellers' obligations. If, in the Seller's reasonable discretion, Closing is expected to occur on any date that is not the first day of a calendar year, the obligation of the Seller and the Designated Sellers to consummate the transactions contemplated by this Agreement is subject to the events in paragraphs 1.2(a) and (b) of Part J (*Profit and Loss Pooling Agreements*) of Schedule 12 (*Tax*) having occurred, unless such Condition is waived by the Seller.

- 4.2 Filing of Required Notifications. To the extent not already prepared and filed as at the date of this Agreement, the Purchaser and, where applicable, the Seller shall prepare and file the notifications necessary for the fulfilment of the Conditions in clauses 4.1(a)(i) to 4.1(a)(ii) (*Closing Conditions*) (the *Required Notifications*) within thirty (30) Business Days from the date of this Agreement. Notwithstanding anything to the contrary contained in this Agreement, the Purchaser shall have primary responsibility for obtaining all consents, approvals or actions of any Governmental Entity which are required in connection with the Required Notifications.

- 4.3 Payment of Fees for Required Notifications. The Purchaser shall be responsible for payment of all fees to the relevant authorities in connection with the Required Notifications and the satisfaction of the Conditions in clauses 4.1(a)(i) to 4.1(a)(ii) (*Closing Conditions*), regardless of whether both the Purchaser and the Seller may formally be notifying Persons according to the applicable local regulations.

- 4.4 Efforts with Respect to Required Notifications and Applicable Regulatory Law or Judgment. Subject to clause 4.7 (*Purchaser's Efforts*), the Seller and the Purchaser shall cooperate with each other in connection with the satisfaction of the Conditions in clauses 4.1(a)(i) to 4.1(a)(ii) (*Closing Conditions*). The Seller and the Purchaser will consult and cooperate reasonably with one another, consider in good faith the views of one another, and provide to the other Global Party in advance any analyses, appearances, presentations, memoranda, briefs, arguments, opinions and proposals they or their agents make or submit to a Governmental Entity relating to the Transaction, including for periods post-Closing. Without limiting the foregoing, the Seller and the Purchaser (or in the case of clause 4.4(h) (*Efforts With Respect to Required Notifications and Applicable Regulatory Law or Judgment*), the Seller) agree to:

- (a) give each other reasonable advance notice of all meetings with any Governmental Entity relating to the Transaction;
- (b) give each other an opportunity to participate in each of such meetings; *provided, however*, that neither Global Party shall be required to comply with this sub-clause (b) to the extent that the Governmental Entity objects to the participation of a Global Party;
- (c) to the extent practicable, give each other reasonable advance notice of all substantive oral communications with any Governmental Entity relating to the Transaction;
- (d) if any Governmental Entity initiates a substantive oral communication relating to the Transaction, promptly notify the other Global Party of the substance of such communication;

- (e) provide each other with the opportunity to review and comment within five (5) Business Days (or such shorter period as required by the relevant Governmental Entity and notified to the other Global Party) after receipt of all written communications (including any analyses, presentations, memoranda, briefs, arguments, opinions and proposals) with a Governmental Entity relating to the Transaction;
- (f) provide each other with copies of all written communications to or from any Governmental Entity relating to the Transaction;
- (g) not advance arguments in connection with any regulatory review or litigation proceeding related to this Agreement (other than litigation between the Parties) over the objection of the other Global Party that would reasonably be likely to have a significant adverse impact on that other Party; and
- (h) provide to the Purchaser such information with respect to the Worldwide Business and the Products as the Purchaser may reasonably require in connection with the satisfaction of its obligations under clauses 4.1(a)(i) to 4.1(a)(ii) (*Closing Conditions*),

except, in each case, to the extent that any such notification or disclosure may raise regulatory concerns (in which case, the disclosure may be made on an outside counsel basis).

4.5 Initial Long Stop Date. Subject to the other provisions of this clause 4 (*Conditions to Closing*), the Purchaser shall, and shall cause its Affiliates to procure (*dafür einstehen*) the satisfaction of the Conditions in clauses 4.1(a)(i) to 4.1(a)(iii) (*Closing Conditions*) on or before the date that is twelve (12) months following the date of this Agreement (the **Initial Long Stop Date**).

4.6 Extended Long Stop Date. Without prejudice to the Seller's right to claim the Break Fee (as defined below) and to invoke any other remedy available to it under this Agreement for any non-compliance of the Purchaser with its obligations under clause 4 (*Closing Conditions*), the Purchaser shall be entitled to request an extension of the Initial Long Stop Date subject to and on the terms of this clause 4.6.

If the Conditions in clauses 4.1(a)(i) and 4.1(a)(ii) (*Closing Conditions*) have not been satisfied on such date which is twenty (20) Business Days prior to the Initial Long Stop Date and the Purchaser can credibly and in reasonable detail demonstrate to the Seller that (i) the satisfaction of the remaining Closing Conditions in clauses 4.1(a)(i) and 4.1(a)(ii) (*Closing Conditions*) is still possible and in progress, (ii) the Purchaser has fully and timely complied with its obligations under clause 4.2 (*Filing of Required Notifications*), clause 4.3 (*Payment of Fees for Required Notifications*), clause 4.4 (*Efforts with Respect to Required Notifications and Applicable Regulatory Law or Judgment*) and clause 4.7 (*Purchaser's Efforts*) and (iii) Closing will occur subject to and on the terms of this Agreement within a period of nine (9) months after the Initial Long Stop Date, the Parties shall discuss in good faith to extend the term of the Initial Long Stop Date by an additional period of nine (9) months (the **Extended Long Stop Date**).

4.7 Purchaser's Efforts. The Purchaser shall, and shall cause its Affiliates to propose, negotiate, offer to commit and effect (and if such offer is accepted, commit to and effect), by consent decree, undertaking, hold separate order, or otherwise:

- (a) the sale, divestiture, licence or disposition of assets or businesses (i) which are part of the Worldwide Business or (ii) which the Purchaser may (directly or indirectly) hold in the U.S. or Europe at any point in time; and
- (b) any operational restrictions or limitations on any assets or businesses (i) which are part of the Worldwide Business or (ii) which the Purchaser may (directly or indirectly) hold at any point in time except where such operational restrictions or limitations imposed on any assets or businesses (directly or indirectly) held by the Purchaser outside of the U.S. or Europe at any point in time would be legally or economically equivalent to a sale, divestiture, licence or disposition of such assets or businesses,

in each case of (a) and (b) as may be required in order to obtain any waiting period expirations or terminations, clearances, approvals, waivers, no-action letters and consents, or to avoid the entry of, or to effect the dissolution of or vacate or lift, any decrees, judgments, injunctions or orders, under applicable antitrust, merger control or foreign investment rules required or otherwise agreed between the Seller and the Purchaser

as appropriate to procure the satisfaction of the Conditions in clauses 4.1(a)(i) and 4.1(a)(ii) (*Closing Conditions*) within applicable Phase I, or, if not possible despite the Purchaser having complied with its obligations under clause 4 (*Closing Conditions*) and required by any Governmental Entity, any applicable Phase II proceedings, and, in any event, by the Initial Long Stop Date or as the case may be the Extended Long Stop Date.

- 4.8 Amendments to Scope of Worldwide Business. Without prejudice to clauses 4.7 (*Purchaser's Efforts*) and 4.9 (*Break Fee*), in the event that amendments to the scope of the Worldwide Business are required in order to procure the satisfaction of conditions in clauses 4.1(a)(i) and 4.1(a)(ii) (*Closing Conditions*) by the Initial Long Stop Date or as the case may be the Extended Long Stop Date, the Seller shall be entitled to amend the scope of the Worldwide Business on terms as close to the initial scope of the Worldwide Business as possible and on terms acceptable to the relevant competent antitrust or merger control authority or authorities, and/or by any other competent Governmental Entity (the **Amended Scope**) and the Purchaser (and each Designated Purchaser) shall agree to such Amended Scope and to any necessary amendments to the Transaction Documents required to implement and give effect to the Amended Scope provided that the Seller shall procure the supply of all Products so concerned which are necessary to run the Worldwide Business via the Manufacturing and Supply Agreements under the terms stipulated therein to the extent legally permissible and on terms acceptable to the competent Governmental Entities. The remaining provisions of this Agreement shall otherwise remain valid to the fullest extent permissible and, in any event, no amendment shall be made to clause 4.9 (*Break Fee*). In the event that the Seller Group is required to retain any portion of the Worldwide Business in accordance with this clause 4.8 (*Amendments to Scope of Worldwide Business*), the Purchaser shall, to the extent permissible under Applicable Law and/or relevant regulatory or foreign investment approvals, provide such transitional services and other assistance as may reasonably be required by the Seller Group to continue to operate the retained business, at cost and otherwise on terms to be negotiated by the Seller and the Purchaser in good faith.
- 4.9 Break Fee. Without prejudice to the Purchaser's obligations in clause 4.7 (*Purchaser's Efforts*) and 4.8 (*Amendments to scope of Worldwide Business*), in the event that
- (a) any of the Conditions in clauses 4.1(a)(i) to 4.1(a)(iii) (*Closing Conditions*) have not been satisfied by the Initial Long Stop Date or as the case may be (and in relation to clauses 4.1(a)(i) and 4.1(a)(ii) (*Closing Conditions*) only) the Extended Long Stop Date and the Agreement is terminated in accordance with clause 11.1(b) (*Seller and Purchaser Options to Terminate*) or clause 11.1(c) (*Seller and Purchaser Options to Terminate*); or
 - (b) Closing does not occur on the Initial Long Stop Date or Extended Long Stop Date (as applicable) as a result of the Purchaser having failed to comply, or having failed to cause its Affiliates to comply, with any of the Purchaser's obligations set out in Part B (*Purchaser Obligations*) and Part D (*General*) of Schedule 5 (*Closing Arrangements*) and the Agreement is terminated in accordance with clause 11.1(c) (*Seller and Purchaser Options to Terminate*),

the Purchaser shall pay to the Seller a break fee of sixty-five million euros (€ 65,000,000) being a net amount after deduction of banking fees and charges (if any) and after deductions for Taxes or other withholdings (if any) (the **Break Fee**) within ten (10) Business Days of notice of termination, to compensate the Seller for any damages, costs and expenses incurred in connection with the Transaction without the Seller having to demonstrate or prove any actual damages, costs and expenses (*Vertragsstrafe*). The payment of the Break Fee shall not prevent or limit the Seller and/or the Designated Sellers from seeking any additional remedy from the Purchaser and/or the Designated Purchasers; it being understood that such remedy shall be limited to compensation for actual damages, costs and expenses incurred by the Seller in connection with the Transaction, as demonstrated by the Seller, in excess of the amount of the Break Fee (including for any breach of clause 4.7 (*Purchaser's Efforts*)). The Seller shall reimburse to the Purchaser any payment received as compensation for any such damages, costs or expenses incurred in excess of the Break Fee in the event that the Seller sells and transfers the Worldwide Business (or parts thereof) to a third party within eighteen (18) months after the termination of this Agreement against net cash proceeds of at least two (2) times the amount of the payment received by the Seller from the Purchaser as compensation in excess of the Break Fee. If the Break Fee is considered to be a remuneration for a VATable supply, the Purchaser shall pay an amount equal to such VAT in addition

to the Break Fee after the receipt of appropriate VAT invoice(s) meeting the legal requirements for such invoice(s) unless the VAT is owed by the Purchaser, a Designated Purchaser or the dominating entity of a VAT group (*umsatzsteuerlicher Organträger*) (or its equivalent in any applicable jurisdiction) of the relevant Designated Purchaser to the Tax Authorities. The obligation of Purchaser to pay the Break Fee to Seller under this clause 4.9 (*Break Fee*) shall be fulfilled upon release of the Escrow Release Amount as provided below in clause 5.4(a) (*Escrow Release Amount and Release*).

- 4.10 Notices. The Global Party responsible for satisfaction of each Condition pursuant to clauses 4.1(a) and 4.1(b) (*Closing Conditions*) shall give notice to the other Global Party of the satisfaction of the relevant Condition within one (1) Business Day of becoming aware of the same.
- 4.11 Unconditional Date. The first Business Day on or by which all Conditions have been fulfilled (or waived in accordance with clause 4.1 (*Closing Conditions*)) is the **Unconditional Date**.
- 4.12 Timing of Unconditional Date. If the Unconditional Date has not occurred on or before the Initial Long Stop Date or as the case may be the Extended Long Stop Date (or such later date as the Seller and the Purchaser may agree in writing), this Agreement (other than the Surviving Provisions) may be terminated in accordance with clause 11.1(b) (*Seller and Purchaser Options to Terminate*). In such event, no Party (or any of its Affiliates) shall have any claim under this Agreement of any nature whatsoever against another Party (or any of its Affiliates) except in respect of any rights and liabilities which have accrued before termination of this Agreement (including pursuant to clause 4.9 (*Break Fee*)) or under any of the Surviving Provisions.
- 4.13 Local Conditions. In the event that closing in a jurisdiction is the subject of a Local Condition, closing in such jurisdiction shall be conditional on the relevant Local Condition having been fulfilled or waived in accordance with this Agreement. The provisions of clauses 4.2 (*Filing of Required Notifications*), 4.3 (*Payment of Filing Fees for Required Notifications*), 4.4 (*Efforts with Respect to Required Notifications and Applicable Regulatory Law or Judgment*), 4.5 (*Timing of Required Notifications and Applicable Law or Judgment*) and 4.7 (*Purchaser's Efforts*) shall apply *mutatis mutandis* to any Local Condition.

9. Delayed Closing

- 9.1 **Delayed Closing.** If all the Conditions have been fulfilled or waived in accordance with clause 4 (*Conditions to Closing*) but one or more of the Local Conditions are not satisfied by the Unconditional Date (an **Outstanding Local Condition**), then to the extent permissible under applicable Antitrust Law (a) Closing shall take place in relation to all of the Sets of Shares and/or Businesses other than the Target Companies and/or Businesses which are subject to an Outstanding Local Condition (the **Delayed Interests**), (b) the provisions of Schedule 5 (*Closing Arrangements*) and clause 6.5 (*Affiliate Contracts*) shall continue to apply in relation to all the Sets of Shares (and the relevant Target Sub-Group) and/or Businesses other than the Delayed Interests and (c) the provisions of Schedule 17 (*Delayed Closing*) shall apply to the Delayed Interests.

 - (b) the Parties shall cooperate with each other in determining the nature and scope of (including any material change to the nature, or material expansion of the scope of) such Remedial Action, which shall include the selection of an environmental consultant to perform such Remedial Action. The Seller shall give due consideration to reasonable and timely comments made by the Purchaser with respect to such determinations and selections;
 - (c) to the extent that such Remedial Action is under the control of the Seller or the Purchaser and performed at or in any area adjacent to the Gernsheim Properties, the scope of such Remedial Action for which the Purchaser is entitled to indemnification shall:
 - (i) not exceed the commercially reasonable minimal remediation standards required by Environmental Law or required in order to continue conducting the Worldwide Business at the Gernsheim Properties as it was conducted on the Closing Date;
 - (ii) be determined based on commercially reasonable cost-effectiveness, the certainty of satisfying the requirements of Governmental Entities, and the priority of avoiding any prohibition or material interference with any ongoing industrial uses of the Gernsheim Properties;
 - (iii) be permissible (notwithstanding clause 15.13(c)(i) or (ii)) at any area adjacent to the Gernsheim Properties to the extent necessary to achieve compliance with the terms of any necessary consent of any owner of such adjacent property;
 - (d) the Seller shall have the right and be responsible for performing such Remedial Action at the Gernsheim Properties (or in any area adjacent to the boundary of the Gernsheim Properties) consistent with the standards described in clause 15.13(c) above, provided, that:

- (i) the Seller and its Affiliates shall, to the extent permitted by Applicable Law, provide to the Purchaser any:
 - (A) submissions made on its behalf and all further material submissions made by the Seller or its Affiliates to any Governmental Entities in connection with such Remedial Action, and the Seller shall (i) in case of submissions made on behalf of a member of the Purchaser Group (including the Target Companies), include and (ii) in case of all other material submissions give due consideration, to any reasonable and timely comments made by the Purchaser regarding such submissions;
 - (B) material correspondence from any Governmental Entities with respect to such Remedial Action;
 - (C) in case of proceedings conducted in the name and on behalf of a member of the Purchaser Group (including the Target Companies), after the completion of the Remedial Action, the complete file; and
- (ii) the Purchaser may, to the extent permitted by the Governmental Entities, attend all meetings that Seller conducts in the name of the Purchaser and on its behalf, and all further scheduled meetings with Governmental Entities with respect to such Remedial Action;
- (e) the Seller shall not be obligated to comply with any requirements of clause 15.13(d) in undertaking any Remedial Action to the extent that Remedial Action is reasonably necessary to avert an imminent danger of harm or serious pollution of the Environment or imminent risk of material breach of Environmental Laws, *provided*, that the Seller shall promptly notify the Purchaser after such Remedial Action is commenced in such circumstances, and comply with such obligations as soon as reasonably practicable;
- (f) clause 15.10 (*Governmental Investigations*) shall not apply to the defence of any Governmental Investigation which involves the conduct of Remedial Action by the Seller, other than where the relevant proceedings are conducted in the name of the Purchaser and on its behalf.
- 15.14 Material Prejudice. If, in the reasonable opinion of the Claimant Party, any action or omission requested from it or any right of conduct in relation to the applicable Third Party Claim or Governmental Investigation, in each case, pursuant to clauses 15.9 (*Defence of Third Party Claims*), 15.10 (*Governmental Investigations*) or 15.12 (*Conduct of Third Party Claims*), would be materially prejudicial to the business of the Claimant Party or any of its Affiliates:
 - (a) neither the Claimant Party nor any of its Affiliates shall be required to take or refrain from taking any such action; and
 - (b) the Defendant Party shall not be entitled to exercise the relevant right of conduct in relation to the Third Party Claim or Governmental Investigation.
- 15.15 Exclusion of Further Claims. To the extent permitted by Applicable Law, all claims and remedies against any member of the Seller Group other than those explicitly provided for in this Agreement or any of the Ancillary Agreements, are, irrespective of their nature, amount and legal basis, hereby expressly waived and excluded, in particular, but without limitation, claims under pre-contractual fault (*culpa in contrahendo* – §§ 311 para. 2 and 3, 241 para. 2 of the German Civil Code), breach of duty from the obligation (*Verletzung einer Pflicht aus dem Schuldverhältnis* – § 280 para. 1 of the German Civil Code), claims based on statutory provisions regarding quality defects and legal defects (*Sach- und Rechtsmängel*), any liability in tort (*Deliktshaftung*) and any Purchaser Environmental Liabilities. Following receipt by any member of the Seller Group of any notice or written threat of any criminal, civil or administrative claim, proceeding, or regulatory notice by any Governmental Entity or other third party in respect of any Assumed Liability, the Purchaser shall (upon the Seller's request, and to the extent permitted by law) inform (or cause to be informed) the relevant Governmental Entity or other third party who issued such notice or threat that the Purchaser is responsible for, and accepts such Assumed Liability, and to the extent possible, request that any such notice or threat is redirected to the Purchaser or the relevant Designated Purchaser. Other than expressly provided for in this Agreement, the Purchaser and the Designated Purchasers shall have no right whatsoever to rescind

from (*zurücktreten von*), challenge (*anfechten*) or otherwise withdraw from this Agreement or to reduce the Final Price (*Minderung*). This clause 15.15 (*Exclusion of Further Claims*) shall not limit the liability of the Seller and each Designated Seller for fraud or wilful misconduct (*Vorsatz und Arglist*) conducted by it.

- 15.16 Attribution of Representatives to the Parties. Each Party agrees with each other Party, that with respect to the performance of this Agreement, it is responsible only for actions (or omissions), statements made (or omitted) and knowledge held by its statutory representatives (*vertretungsberechtigte Organmitglieder und geschäftsführenden Direktoren*) and authorised contractual representatives (*bevollmächtigte rechtsgeschäftliche Vertreter*) as well as the statutory representatives (*vertretungsberechtigte Organmitglieder und geschäftsführenden Direktoren*) and authorised representatives (*bevollmächtigte rechtsgeschäftliche Vertreter*) of the Target Companies, but that otherwise any actions, omissions, statements and knowledge of any other Person including, without limitation, representatives with deemed power of representation, vicarious agents (*Erfüllungsgehilfen*), and employees of the Seller and the Designated Sellers as well as the Purchaser, the Designated Purchasers or so-called knowledge representatives (*Wissensvertreter*) shall not be attributed to it.
- 15.17 Claims Not Precluded. The Claimant Party shall not be precluded from bringing any Claim by reason of any breach of this clause 15 (*Claims; Notice of Claims; Conduct of Retained Business Claims, Third Party Claims and Governmental Investigations*), and such breach shall be taken into account in determining the Losses or Liabilities of the Defendant Party and its Affiliates for such Claim only to the extent that the amount of such Claim is increased, or is not reduced, as a result of such breach.
- 15.18 Exclusion of Taxes. For the avoidance of doubt, this clause 15 (*Claims; Notice of Claims; Conduct of Retained Business Claims, Third Party Claims and Governmental Investigations*) shall not apply to claims with respect to Taxes.
- 15.19 Claims Management. The Transition Group shall manage and oversee, in accordance with Applicable Law and in the context of the process contemplated by clause 6.4 (*Exchange of Information Between Signing and Closing*), the exchange of information between the date of this Agreement and Closing as is reasonably required to ensure the efficient management and (if agreed by both the Seller and the Purchaser) transfer, at or following Closing, of any (a) existing Retained Business Claims, Third Party Claims or Governmental Investigations or (b) Existing Affirmative Claims.
- 15.20 Supplementary Provisions Regarding Claims Management. The provisions of Schedule 18 (*Supplementary Provisions*) shall have effect as from Closing.

16. Limitations on Liability

- 16.1 Time Limits.
- (a) Except with regard to Fundamental Warranties neither the Seller nor the Designated Sellers shall be liable for any Warranty Claim unless the Seller receives notice from the Purchaser in accordance with clause 15.2 (*Notice of Claims*) before the eighteen (18) month anniversary of Closing. Neither the Seller nor the Designated Sellers shall be liable for any breach of the Fundamental Warranties unless the Seller receives notice from the Purchaser in accordance with clause 14.2 (*Notice of Claims*) before the thirty-six (36) month anniversary of Closing. In case such notice has not been made within such period(s) the Warranty Claim shall be deemed to have been withdrawn. In case such notice has been made within such period, such noticed Warranty Claim shall remain in full force and effect until finally resolved unless arbitral proceedings are not filed within six (6) months after receipt of the relevant notice (in which case the relevant Claim shall become time barred (*verjährt*)). § 203 German Civil Code shall not apply.
- (b) Clause 16.1(a) second through fifth sentence shall apply *mutatis mutandis* to Claims of the Seller and the Designated Sellers pursuant to clause 3 (*Price*) and Schedule 3 (*Purchaser Warranties*).
- (c) Subject to clause 16.1(d), the obligation of the Purchaser and the Designated Purchasers to indemnify under clause 14.1 (*Purchaser Indemnification Obligations*) and the obligation of the Seller and the Designated Sellers to indemnify under clause 14.2 (*Seller Indemnification Obligations*) shall lapse if and to the extent the third-party claim has expired or become unenforceable under applicable statute of limitations.

- (d) The obligation of the Seller and the Designated Sellers to indemnify under:
- (i) the Environmental Indemnity for the Liabilities in paragraphs (a) of the definition of Seller Environmental Liability shall lapse upon the date which is three (3) years from the Closing Date;
 - (ii) the Environmental Indemnity for the Liabilities in paragraph (b) and (c) of the definition of Seller Environmental Liability shall lapse upon the date which is eighteen (18) months from the Closing Date;
- 16.2 Thresholds for Warranty Claims. Neither the Seller nor any of its Affiliates shall be liable for any Warranty Claim which is not made for breach of Fundamental Warranties:
- (a) unless the amount of the Losses which may be recoverable pursuant to that single Warranty Claim (and, for these purposes, a number of Warranty Claims arising out of the same subject matter, facts, events or circumstances may be aggregated and form a single Warranty Claim) exceeds one million euros (€ 1,000,000) (in which case the Purchaser shall be entitled to claim the excess only); and
 - (b) unless the aggregate amount of the Losses which may be recoverable from the Seller and its Affiliates under clause 16.2(a) (*Thresholds for Warranty Claims*) exceeds five million euros (€ 5,000,000) (in which case the Purchaser shall be entitled to claim the excess only).
- 16.3 Notice of Warranty Claims. For the avoidance of doubt, the Claimant Party may give notice (in accordance with clause 15.2 (*Notice of Claims*)) of any single Warranty Claim in accordance with and for the purpose of clause 16.1 (*Time Limits*) above, irrespective of whether, at the time the notice is given, the amount set out in clause 16.2(b) (*Thresholds for Warranty Claims*) has been exceeded.
- 16.4 Maximum Limit for Claims.
- (a) Subject to clauses 16.4(b) through 16.4(e), the aggregate amount of the liability of the Seller and the Designated Sellers with respect to a Claim (including, for the avoidance of doubt, for breach of the Fundamental Warranties) shall not exceed such portion of the Final Price allocated to the Set of Shares and/or Business sold by the Seller or the relevant Designated Seller (as applicable) provided that the aggregate amount of the liability of all members of the Seller Group for any Claims (including, for the avoidance of doubt, for breach of the Fundamental Warranties) shall not exceed the Final Price.
 - (b) The aggregate amount of the liability of the Seller and the Designated Sellers with respect to all Claims for a breach of Warranties (for the avoidance of doubt excluding any claims for indemnification pursuant to clause 14.2 (*Indemnification*) and any breach of any covenant or any other obligation contained in this Agreement or with respect to Taxes and other than any Fundamental Warranty or a breach of the Warranty in paragraph 6.3 of Part A of Schedule 2 (*Sufficiency of Assets*)) shall not exceed the amount of one euro (€ 1) (the **Warranty Cap**); any liability of Seller and the Designated Sellers with respect to a Claim for breach of Warranties (other than any Fundamental Warranty and or the Warranty in paragraph 6.3 of Part A (*General / Commercial*) of Schedule 2 (*Sufficiency of Assets*)) in excess of the Warranty Cap shall be excluded.
 - (c) The aggregate amount of the liability of the Seller and the Designated Sellers with respect to all Claims for a breach of the Warranty in paragraph 6.3 of Part A (*General / Commercial*) of Schedule 2 (*Sufficiency of Assets*) shall not exceed thirty-three million two hundred fifty thousand euros (€ 33,250,000).
 - (d) Subject to clause 16.4(e), the aggregate amount of the liability of all members of the Seller Group and all members of the Purchaser Group pursuant to clauses 14.1 (*Purchaser Indemnification Obligations*) or 14.2 (*Seller Indemnification Obligations*), as the case may be, shall not be subject to any monetary cap.
 - (e) The aggregate amount of the liability of the Seller Group for Liabilities pursuant to the Environmental Indemnity shall be an amount equal to the sum of three million euros (€ 3,000,000).
 - (f) The aggregate amount of the liability of the Purchaser Group for any obligations to indemnify on demand and hold harmless for any Purchaser Environmental Liabilities pursuant to clause 14.1(b) (*Purchaser Indemnification Obligations*) shall be an amount equal to the sum of three million euros (€ 3,000,000).

- 16.5 Matters Disclosed or Taken into Account. Neither the Seller nor any Designated Seller shall be liable for any Warranty Claim:
- (a) if and to the extent that the fact, matter, event or circumstance giving rise to such Warranty Claim was Fairly Disclosed in this Agreement (including the Disclosure Letter), any other Transaction Document or any document Fairly Disclosed in the Data Room; or
 - (b) if and to the extent the matter is specifically provided or reserved for in the Transaction Financials for the financial year 2023, or in the Closing Statement; or
 - (c) if and to the extent the Warranty Claim is attributable to, or the amount of the Warranty Claim is increased as a result of, any legislation not in force as at Closing or any change of Applicable Law (or any change in interpretation by the then highest competent court of authority); or
 - (d) if and to the extent the Purchaser or a member of the Purchaser Group has actual knowledge (i) of the fact, matter, event or circumstance which is the subject matter of the Warranty Claim and (ii) that the fact, matter, event or circumstance could reasonably be expected to give rise to a Warranty Claim.
- §§ 123 and 826 of the German Civil Code shall not be affected.
- 16.6 Contingent Liabilities. If any Claim is based upon a liability which is contingent only, neither the Seller, the Purchaser or any of their respective Affiliates shall be liable to make payment unless and until the contingent liability gives rise (within the time periods contemplated by clause 16.1 (*Time Limits*)) to an obligation to make a payment. This is without prejudice to the right of the Claimant Party to give notice (in accordance with clause 15.2 (*Notice of Claims*)) of such Claim in accordance with clause 16.1 (*Time Limits*) and to issue and serve proceedings in respect of it before such time. For the avoidance of doubt, the fact that the contingent liability may not have become an actual Liability and no Loss arising out of or resulting from such contingent liability has been actually suffered or incurred by the Claimant Party by the relevant date provided in clause 16.1 (*Time Limits*) shall not exonerate the Seller, the Purchaser or any of their respective Affiliates in respect of any Claim properly notified before that date.
- 16.7 No Liability for Claims Arising from Acts or Omissions at the Request of the Purchaser. Neither the Seller nor any Designated Seller shall be liable for any Claim to the extent that it would not have arisen but for, or has been increased or not reduced as a result of, any voluntary act, omission or transaction carried out before Closing by any member of the Seller Group or any Target Company (i) at the written direction or written request of any officer of any member of the Purchaser Group; (ii) with the Purchaser's written consent granted under clause 6.1 (*Seller Pre-Closing Obligations*) and Schedule 4 (*Conduct of the Worldwide Business Pre-Closing*), or to the extent not restricted under clause 6.2 (*Exceptions to the Seller Pre-Closing Obligations*) and Schedule 4 (*Conduct of the Worldwide Business Pre-Closing*); (iii) to the extent it is included in Exhibit 2 (*Exceptions to the Seller Pre-Closing Obligations*), in each case other than an action expressly required by (x) Applicable Law in force at the time of taking such action, or (y) this Agreement or any of the Ancillary Agreements.
- 16.8 No Liability for Conduct of the Worldwide Business after Closing. Except as provided in any of the Ancillary Agreements, neither the Seller nor the Designated Sellers shall be liable for the conduct of the Worldwide Business after Closing. In particular, compliance of the Purchaser, the Target Companies and the Business Purchasers with any Applicable Law and Permits are, from Closing, the sole responsibility of the Purchaser Group.
- 16.9 Duty to Mitigate. The Seller, the Purchaser and any of their respective Affiliates (as applicable) shall procure that all reasonable steps are taken to avoid or mitigate any Losses or Liabilities such party may suffer in consequence of any breach by the other Global Party of the terms of this Agreement or any fact, matter, event or circumstance likely to give rise to a Claim. § 254 of the German Civil Code shall apply.
- 16.10 No Double Recovery. No Claimant Party shall be entitled to recover any amount pursuant to any provision of this Agreement in respect of any Claim to the extent that such Claimant Party has already recovered any amount in respect of such Claim (i) under the same or any other provision of this Agreement, (ii) under any of the Ancillary Agreements, or (iii) from a third party (including pursuant to any insurance policy other than

any self-insurance or insurance from Affiliates), and for this purpose recovery by the Purchaser or any Designated Purchaser shall be deemed to be a recovery by each of them and recovery by the Seller or any Designated Seller shall be deemed to be a recovery by each of them.

- 16.11 Recovery from third party after payment. Where a Party has made a payment to a Claimant Party in relation to any Claim and the Claimant Party recovers (whether by insurance, payment, discount, credit, relief or otherwise, and for this purpose recovery by the Purchaser or any Designated Purchaser shall be deemed to be a recovery by each of them and recovery by the Seller or any Designated Seller shall be deemed to be a recovery by each of them) from a third party a sum which is referable to the matter giving rise to the Claim or obtains any relief, saving or benefit which is so referable, the Claimant Party shall pay to the other Party as soon as possible after receipt:
- (a) an amount equal to the amount recovered from the third party (net of Taxes and less any reasonable costs of recovery) or the value of the relief, saving or benefit obtained, calculated by reference to the amount saved (less reasonable costs of recovery); or
 - (b) if the amount referred to in clause 16.11(a) exceeds the amount paid by the other Party to the Claimant Party in respect of the relevant Claim, such lesser amount as shall have been so paid by the other Party.
- 16.12 Net financial benefit. Neither the Seller nor any Designated Seller shall be liable to satisfy any Claim to the extent of any corresponding saving by, or net quantifiable financial benefit to, a Purchaser or any member of the Purchaser Group (including the Target Companies) arising from the matter(s) giving rise to such Claim, including the amount (if any) of any Tax saving or other Tax benefit to the Purchaser or any member of the Purchaser Group (including the Target Companies) arising from the matter(s) giving rise to such Claim.
- 16.13 Tax Claims. This clause 16 (*Limitations on Liability*) shall not apply to claims with respect to Taxes unless set forth otherwise in Schedule 12 (*Tax*).
- 16.14 Waiver of set-off right. The Purchaser and each Designated Purchaser hereby waives and relinquishes any right of set-off or counterclaim, deduction or retention which it might otherwise have in respect of any Claim against or out of payments which it may be obliged to make to the Seller or a Designated Seller under this Agreement, unless such claim has been acknowledged by the Seller in writing or determined by a final and unappealable decision of a competent court.
- 16.15 No knowledge of Claims. The Purchaser confirms that, as at the date of this Agreement, it is not aware of any facts or circumstances which could reasonably be expected to result in a Claim being made against the Seller or any Designated Seller or any misrepresentation by or on behalf of the Seller or any Designated Seller in connection with the Transaction.

17. Post-Closing Obligations

- 17.1 Accounts Payable and Accounts Receivable. From and after Closing, the Seller and each of its Affiliates shall pay any Accounts Payable and shall have the right to receive any Accounts Receivable, in each case of the Business Sellers accrued on or prior to the Closing Date.
- 17.2 Obligations for Accounts Payable and Accounts Receivable of a Business.
- (a) If at any time after Closing, the Purchaser or any of its Affiliates pays any monies in respect of any Accounts Payable of a Business, then the Seller shall pay or procure payment to the Purchaser (for the relevant Business Purchaser), as soon as reasonably practicable the amount paid.
 - (b) If at any time after Closing, the Purchaser or any of its Affiliates receives any monies in respect of any Accounts Receivable of a Business, then the Purchaser shall pay or procure payment to the Seller (for the relevant Business Seller), as soon as reasonably practicable the amount recovered.

Share Seller), as soon as reasonably practicable the amount paid, plus any Taxation actually suffered or incurred by the Seller Group which would not have arisen but for the payment of such monies.

- (b) If at any time after Closing, the Seller or any of its Affiliates receives any monies in respect of any Accounts Receivable of a Target Company, then the Seller shall pay or procure payment to the Purchaser (for the relevant Share Purchasers), as soon as reasonably practicable the amount recovered, less any Taxation actually suffered or incurred by the Seller Group which would not have arisen but for the receipt of payment of such monies.

- (b) The restrictions in clause 17.5(a) above shall not prohibit any advertisement or general solicitation (or hiring as a result thereof) that is not specifically targeted at any Key Employee, nor shall it prohibit the solicitation or hiring of any Key Employee who, before the initiation of any employment discussions with a member of the Seller Group, either terminates or gives notice of termination of his or her employment with the Purchaser's surface solutions business or has his or her employment with such business terminated by a member of the Purchaser Group.
- (c) The restrictions in clause 17.5(a) above may be waived in respect of specified Key Employees by agreement between the Seller and the Purchaser in writing.

17.6 Competition Restrictions. Except as provided for otherwise in any Transaction Documents and/or under any other agreement which it or they may enter into with a member of the Purchaser Group, during a period of two (2) years after Closing, the Seller shall not, and shall procure that no other member of the Seller Group will,

- (a) Manufacture, Develop or Commercialise in any country where the Worldwide Business is active at the time of Closing, products which are competing with the Products Manufactured, Developed or Commercialised by the Worldwide Business at Closing or the pipeline products of the Worldwide Business for which a market entry date is already set at Closing, excluding for the avoidance of doubt existing and pipeline products exclusively related to Retained Business or the Separation Business (including (without limitation) chemical compounds for Dual-Use Items or multiple use applications which are not surface solution specific manufactured, developed and commercialised as part of the Retained Business or the Separation Business) (the **Competing Products**); or

Except as expressly provided otherwise in this Agreement, all rights and remedies hereunder are cumulative and not exclusive of any rights or remedies that any Party would otherwise have.

41. Effect of Closing

Notwithstanding Closing (a) the Warranties will survive as set forth in clause 16.1 (*Time Limits*) and (b) all covenants, indemnities and other undertakings, obligations and assurances contained in or entered into pursuant to this Agreement or any other Transaction Document, will remain in full force and effect to the extent they have not been fully performed (*erfüllt*) at or before Closing.

42. Variations

No amendment, supplement, or modification of this Agreement (or of any other Transaction Document) including this clause 42 shall be valid unless it is in writing referring expressly to this Agreement and duly executed by or on behalf of each Party and, as applicable, notarised.

43. Severability

Each of the provisions of this Agreement and the other Transaction Documents is severable. If any such provision is held to be or becomes invalid, void or unenforceable in any respect under the law of any jurisdiction, it shall have no effect in that respect and the Parties shall use reasonable efforts to replace it in that respect with a valid and enforceable substitute provision the effect of which is as close to its intended effect as possible. The same shall apply in the event that this Agreement and/or any other Transaction Document contains an unintended gap (*unbeabsichtigte Vertragslücke*). It is the Parties' express intention that this clause 43 shall not operate as a mere reversal of the burden of proof, but to maintain the validity of the remaining provisions of this Agreement to the fullest extent permissible, excluding the applicability of § 139 of the German Civil Code in its entirety.

44. No Third Party Enforcement Rights

Except as expressly provided in clause 39.3 (*Enforcement*) this Agreement is solely for the benefit of the Parties and a Person who is not a party to this Agreement shall have no right to enforce any of its terms.

45. Governing Law and Jurisdiction

- 45.1 Governing Law. This Agreement and any non-contractual obligations arising out of or in connection with this Agreement shall be governed by, and interpreted in accordance with, the laws of Germany, excluding its conflict of law rules and the United Nations Convention on Contracts for the International Sale of Goods (CISG).

- 45.2 Disputes.

- (a) All disputes arising out of or in connection with this Agreement (including claims for set-off and counterclaims), including without limitation disputes arising out of or in connection with: (i) the creation, validity, effect, interpretation, performance or non-performance of, or the legal relationships established by, this Agreement; and (ii) any non-contractual obligations arising out of or in connection with this Agreement; (iii) any Retained Business Claims, Third Party Claims, Governmental Investigations, or Existing Affirmative Claims, or (iv) the exercise of either Party's rights or obligations pursuant to clause 15 (*Claims; Notice of Claims; Conduct of Retained Business Claims, Third Party Claims and Governmental Investigations*) and/or clause 27 (*Business Data, IT Transfer and Assistance Post-Closing*) (each, a **Dispute**) shall be settled as follows:
- (i) first, within ten (10) Business Days of either Party giving notice of a Dispute to the other, the Seller and the Purchaser shall refer the Dispute to the Transition Leaders, who shall meet (in person, by video or telephonically) and attempt in good faith to resolve the Dispute as soon as reasonably practicable;
 - (ii) second, if the respective Transition Leaders do not resolve the Dispute within twenty (20) Business Days of either Party giving notice of a Dispute to the other, then the Seller and the Purchaser shall refer the Dispute to, in the case of the Purchaser [REDACTED], Vice President, and, in the case of the Seller, [REDACTED], Head of Corporate Strategy, Mergers & Acquisitions & M Ventures, EVP, who shall meet (in person, by video or telephonically) and attempt in good faith to resolve the Dispute as soon as reasonably practicable;
 - (iii) finally, if the Dispute cannot be resolved within thirty (30) Business Days of either Party having given notice of a Dispute to the other in accordance with clause 45.2(a)(i) escalation in accordance with subclause (ii) of this clause 45.2(a), in accordance with the Arbitration Rules of the German Institution of Arbitration (DIS) without recourse to the ordinary courts of law. For the avoidance of doubt: any claim filed before the failure of the escalation mechanism in accordance with subclause (i) and (ii) of this clause 45.2(a) shall be inadmissible (*unzulässig*). The seat of arbitration is Frankfurt am Main, Germany. Hearings may be held at other places if the Parties agree so. The arbitral tribunal shall be comprised of three (3) arbitrators. The language of the arbitral proceedings shall be English. Nothing in this clause 45.2 (*Disputes*) shall prevent either Party from applying for interim relief (also at the ordinary courts of law) whilst the Seller and the Purchaser attempt to resolve a Dispute. All discussions, negotiations and other information exchanged between the Parties during the foregoing escalation proceedings pursuant to clauses 45.2(a)(i) and 45.2(a)(ii) will be without prejudice to the legal position of a Party in any subsequent arbitral proceeding and will be kept confidential and protected against disclosure, provided that nothing in this sub-clause 45.2(a)(iii) shall limit the disclosure of any information or document that was obtained or is in the possession of a Party otherwise than in the context of any Dispute.
- (b) Change of Escalation Representatives. Each of the Seller and the Purchaser shall be entitled to notify the other in writing of a change to the representatives referred to in clause 45.2(a)(ii) (*Disputes*).
- (c) Agent for service. The Purchaser and each Designated Purchaser shall at all times maintain an agent for service of process (*Zustellungsbevollmächtigte(r)*) for any documents to be served in proceedings in connection with this Agreement. Such agent for service of process shall be Baker McKenzie Rechtsanwaltsgesellschaft mbH (Attention: [REDACTED], Junghofstr. 9, 60315 Frankfurt/Main, Germany) and any claim form, Judgment or other notice of legal process shall be sufficiently served on the Purchaser and a Designated Purchaser if delivered to such agent for service of process at its address for the time being. The Purchaser and each Designated Purchaser waives any objection to such service. The Purchaser and each Designated Purchaser irrevocably undertakes not to revoke the authority of this agent for service of process and if, for any reason, the Seller requests the Purchaser or a Designated Purchaser to do so the Purchaser or the relevant Designated Purchaser shall promptly appoint another such agent for service of process provided that such new agent for service of process is an attorney admitted to or registered with the German bar (*in Deutschland zugelassene(r) Rechtsanwältin/Rechtsanwalt*) with an address in Germany and advise the Seller. If, following such a request, the Purchaser or the relevant Designated Purchaser fails to appoint another agent for service of process within five (5) Business Days, the Seller shall be entitled to appoint one on behalf of the Purchaser or the relevant Designated Purchaser at the Purchaser's expense.

Nothing in this Agreement shall affect the Seller's right to serve process in any other manner permitted by law.

11. Products

- 11.1 Recall, withdrawal and remediation. Since 1 January 2020, no Product (or any component thereof) has been recalled, suspended, withdrawn, seized, or discontinued as a result of any action by any Governmental Entity.
- 11.2 Product liability. In relation to any Transferring Contract which is not assignable, sub-licensable or transferable without a Third Party Consent or which would otherwise require a Third Party Consent as a result of the Transaction to avoid rights of the Third Party to cancel, terminate or amend a Transferring Contract or, in the case of the Relevant Part of any Shared Contract, would require a new agreement or arrangement to be entered into between the relevant third party counterparty and a member of the Purchaser Group, the Seller and the Purchaser shall use their reasonable efforts before Closing to obtain all necessary Third Party Consents as soon as possible and the Seller and the Purchaser shall reasonably cooperate with each other to obtain such Third Party Consents. The Seller and the Purchaser shall keep each other reasonably informed via the Transition Group of progress in obtaining such Third Party Consents. The Purchaser shall ensure that members of the Purchaser Group provide any information reasonably requested for that purpose by the Seller or the relevant third party. The Seller and the Purchaser shall reasonably cooperate with each other to determine how to address any Third Party Consents that have not been obtained prior to the anticipated Closing.
- 1.4 Relevant Part of Shared Contracts. In relation to any Third Party Consent for the Relevant Part of a Shared Contract, the Seller and the Purchaser shall use their reasonable efforts before Closing to procure that an arrangement is entered into with the relevant counterparty to each Shared Contract, the effect of which shall be that, from the later of (i) the Closing Date and (ii) the date when a Third Party Consent in respect of the Relevant Part of a Shared Contract has been obtained (if applicable), the benefit and burden of the Relevant Part is severed from such Shared Contract and an agreement or arrangement equivalent to such Relevant Part is entered into between the relevant counterparty and a member of the Purchaser Group, unless otherwise agreed by the Seller and the Purchaser.
- 1.5 Enforcement of Purchaser Group Rights under the Relevant Part of any Shared Contracts. From Closing until an arrangement is entered into in accordance with paragraph 1.4 (*Relevant Part of Shared Contracts*), in the event that the Purchaser or the Business Purchaser wishes to enforce any of its rights under the Relevant Part of any Shared Contract:
- (a) it shall give written notice to the Seller and the relevant Business Seller that is party to such Shared Contract containing reasonably specific details of any claim that the Purchaser or the relevant Business Purchaser wishes to make to enforce its rights under the Relevant Part of any Shared Contract, including such information as is available to the Purchaser or the relevant Business Purchaser to allow the Seller or the relevant Business Seller to assess the merits of such claim and its amount;
 - (b) subject to the Purchaser and each of its Affiliates being indemnified by the Seller (or any of its Affiliates) against all Liabilities suffered or incurred by them to the extent arising out of or resulting from the conduct of any claim to enforce any of its rights under the Relevant Part of any Shared Contract having been assumed by the Seller (or any of its Affiliates) under this sub-paragraph (b), the Seller (or any of its Affiliates) shall be entitled (at its election and sole expense) to take such action as it shall deem necessary to negotiate, make, assert, avoid, dispute, deny, defend, resist, appeal, compromise, contest, settle, discharge or otherwise deal with any such claim and to conduct any related proceedings, negotiations or appeals, in each case taking into consideration in good faith the business interests of the Purchaser Group.

- 1.6 Third Party Claims in respect of the Relevant Part of any Shared Contracts. Notwithstanding the provisions of clause 15 (*Claims; Notice of Claims; Conduct of Retained Business Claims, Third Party Claims and Governmental Investigations*), from Closing until an arrangement is entered into in accordance with paragraph 1.4 (*Relevant Part of Shared Contracts*), if any claim is brought in relation to the Relevant Part of any Shared Contract, the Seller shall notify the Purchaser of such claim as soon as reasonably practicable and the Seller (or any of its Affiliates) shall be entitled (at its election and sole expense) to take such action as it shall deem necessary to negotiate, make, assert, avoid, dispute, deny, defend, resist, appeal, compromise, contest, settle, discharge or otherwise deal with any such claim and to conduct any related proceedings, negotiations or appeals in each case taking into consideration in good faith the business interests of the Purchaser Group.
- 1.7 Third Party Consents Not Obtained Prior to Closing. If any Third Party Consent has not been obtained by Closing in relation to any Transferring Contract other than a Target Company Contract, the following shall apply until any such Third Party Consent is obtained:
- (a) subject to paragraph 1.9 (*Fees, Costs and Expenses Relating to Third Party Consents*) above, the Seller shall, to the extent requested by the Purchaser, continue to use its reasonable efforts to obtain such Third Party Consent and the Purchaser shall use reasonable efforts to cooperate with the Seller in accordance therewith;
 - (b) subject to clause 17.2 (*Obligations for Accounts Payable and Accounts Receivable of a Business*), the transfer of any Business Contract or the Relevant Part of any Shared Contract (to the extent that a Third Party Consent is required) shall not take effect at Closing (but only at such time after Closing when the outstanding consent has been obtained) and the relevant Business Seller shall as of Closing remain a party to such Business Contract or the Relevant Part of any Shared Contract on a fiduciary basis and continue to perform any such Business Contract or the Relevant Part of any Shared Contract in its own name but for the account of the relevant Business Purchaser and such Business Seller shall in accordance with this paragraph 1.7 (i) cooperate with the Purchaser to enter into a mutually agreeable arrangement to provide to the relevant Business Purchaser any claims, rights and other benefits which it receives after Closing to the extent that they relate to such Business Contract or the Relevant Part of any Shared Contract, (ii) hold all monies paid to such Business Seller thereunder on or after the Closing Date in trust for the account of the Purchaser and (iii) remit such monies to the Purchaser as soon as reasonably practicable after receipt (except in each case (A) to the extent that any of the claims, rights or other benefits comprise, or represent the proceeds from, an Excluded Asset; or (B) all amounts corresponding to any Tax payable by the relevant Business Seller in respect of amounts due under the relevant Business Contract or the Relevant Part of any Shared Contract for periods after Closing);
 - (c) subject to clause 17.2 (*Obligations for Accounts Payable and Accounts Receivable of a Business*), to the fullest extent permitted by Applicable Law, the relevant Business Purchaser shall assume, perform and comply with (as the sub-contractor or agent of the relevant Business Seller) all the obligations of the relevant Business Seller under any Business Contract or the Relevant Part of any Shared Contract (in each case, only to the extent not (i) arising out of, in connection with or relating to an Excluded Asset or an Excluded Liability, and (ii) attributable to the relevant Business Seller's or any of its Affiliate's grossly negligent breach of, or non-performance under, or with respect to, any such Business Contract or the Relevant Part of any Shared Contract) to be discharged after Closing and indemnify the Seller and that Business Seller against any and all Liabilities actually suffered or incurred as a result of any failure by that Business Purchaser to perform those obligations in accordance with the terms of this Agreement;
 - (d) the Seller shall from Closing give reasonable assistance to the Purchaser and the relevant Business Purchaser (at the Purchaser's or that Business Purchaser's request and expense) to enable the Business Purchaser to enforce its rights under any Business Contract, or the Relevant Part of any Shared Contract; *provided*, that in respect of the enforcement of the Relevant Part of any Shared Contract, the provisions of paragraph 1.5 (*Enforcement of Purchaser Group rights under the Relevant Part of any Shared Contracts*) shall apply;
 - (e) where it is not lawfully able to hold a Business Contract or the Relevant Part of any Shared Contract on a fiduciary basis in accordance with sub-paragraph (b) (*Third Party Consents Not Obtained Prior to Closing*) above, the relevant Business Seller and the relevant member of the Purchaser Group shall cooperate to

establish an arrangement reasonably satisfactory to such Business Seller and member of the Purchaser Group under which:

- (i) such member of the Purchaser Group will obtain all of the claims, rights and benefits of the Business Contract or the Relevant Part of any Shared Contract (other than amounts corresponding to any Tax payable by the relevant Business Seller in respect of amounts due under the relevant Business Contract or the Relevant Part of any Shared Contract for periods after Closing) and such member of the Purchaser Group will assume and comply with all of the corresponding liabilities and obligations of the relevant Business under, or with respect to, such Business Contract or the Relevant Part of any Shared Contract (including by means of any subcontracting, sublicensing or subleasing arrangement); and
- (ii) such Business Seller will continue to perform and will enforce such Business Contract or the Relevant Part of any Shared Contract for the benefit of such member of the Purchaser Group at such member of the Purchaser Group's cost and account and such Business Seller shall pay or deliver to the relevant Business Purchaser (as soon as reasonably practicable after receipt) any monies, goods and other benefits which it receives after Closing to the extent that they relate to such Business Contract or the Relevant Part of any Shared Contract (except in each case (A) to the extent they comprise, or represent the proceeds from, an Excluded Asset; or (B) all amounts corresponding to any Tax payable by the relevant Business Seller in respect of amounts due under the relevant Transferring Asset for periods after Closing);

in each case, the Purchaser's assumption of any liabilities and obligations shall be limited to the extent not (i) arising out of, in connection with or relating to an Excluded Asset or an Excluded Liability and (ii) attributable to the relevant Business Seller's or its Affiliate's grossly negligent breach of, or non-performance under, or with respect to, any such Business Contract or the Relevant Part of any Shared Contract;

- (f) to the extent that the relevant Business Purchaser is not lawfully able to perform the obligations under any Business Contract or the Relevant Part of any Shared Contract from Closing, the Seller shall procure that the relevant Business Seller shall, (subject to being indemnified by the Purchaser in accordance with sub-paragraph (c) (*Third Party Consents Not Obtained Prior to Closing*) above for any Liabilities the Seller or the relevant Business Seller may incur in connection therewith) do all such things as the Purchaser (or the relevant member of the Purchaser Group) may reasonably direct or reasonably require to enable due performance; and
- (g) without prejudice to the provisions of sub-paragraph (c) (*Third Party Consents Not Obtained Prior to Closing*) above, the relevant Business Seller shall provide the Purchaser (or the relevant member of the Purchaser Group) with such information and assistance as the Purchaser (or the relevant member of the Purchaser Group) may reasonably require (including licensing the relevant member of the Purchaser Group any relevant Intellectual Property Rights owned by, or licenced to, the Seller Group) with respect to any Business Contract or the Relevant Part of any Shared Contract which is subject to the provisions of this paragraph 1.7 (*Third Party Consents Not Obtained Prior to Closing*).

- 1.8 Enforcement of Seller Group rights under any Shared Contracts. Nothing in this Schedule 6 (*Contracts*) shall limit or restrict the ability of any member of the Seller Group to operate or enforce the terms of a Shared Contract in so far as it relates to the Retained Business.
- 1.9 Fees, Costs and Expenses Relating to Third Party Consents. Any fees, costs and expenses incurred in connection with obtaining a Third Party Consent regarding a Transferring Contract (including any increase in financial terms) shall be borne by the Purchaser, except the internal cost of the Seller Group and the fees, costs and expenses of the Seller Group's advisors or representatives in this context.
- 1.10 Effect of Third Party Consents on Indemnification Obligations. The Parties agree that the provisions of any document entered into in connection with a Third Party Consent (including by way of novation) regarding a Transferring Contract shall be without prejudice to the provisions of clauses 14.1 (*Purchaser Indemnification Obligations*) and 14.2 (*Seller Indemnification Obligations*) of this Agreement.

- 1.11 Delayed Transfer of Certain Transferring Contracts. If any Transferring Contract is required to facilitate the provision by the Seller Group of services under the Transitional Services Agreement and/or any Manufacturing and Supply Agreements, the transfer of such Transferring Contracts may be delayed by the Seller until the later of the termination of the Transitional Services Agreement and/or the relevant Manufacturing and Supply Agreements or such other date as may be notified by the Seller.
- 1.12 Termination of Certain Contracts. If:
- (a) the terms of any particular Business Contract or the Relevant Part of any Shared Contract do not permit the relevant Business Purchaser to perform the Business Seller's obligations as sub-contractor; or
 - (b) any Third Party Consent is not obtained or is refused within six (6) months after the Closing Date (or such shorter time period as the Seller and the Purchaser agree),
- then the Seller shall be entitled to terminate the Business Contract or the Relevant Part of any Shared Contract (to the extent possible) and its and the Purchaser's and any Business Purchaser's obligations under this Agreement in relation to such Business Contract or the Relevant Part of any Shared Contract shall cease forthwith and references in this Agreement to such Business Contract, or the Relevant Part of any Shared Contract shall be construed excluding such Transferring Contract.
- 1.13 Fees, Costs and Expenses Related to Target Company Contracts. If any Third Party Consent has not been obtained or is refused on or before the date which is twenty (20) Business Days prior to Closing with respect to:
- (a) any Target Company Contract that may be transferred or assigned to a member of the Seller Group without the need for any Third Party Consent, then the Seller shall use reasonable efforts to assign or otherwise transfer such Target Company Contract to a member of the Seller Group prior to Closing, and upon such assignment or transfer the provisions of paragraphs 1.7 (*Third Party Consents Not Obtained Prior to Closing*) and 1.12 (*Termination of Certain Contracts*) above applicable to any Business Contracts shall apply to such Target Company Contract *mutatis mutandis*; *provided*, that references to "any Business Contract" shall be construed so as to include a reference to the relevant Target Company Contract; and
 - (b) if a Target Company Contract may not be assigned or otherwise transferred to a member of the Seller Group prior to Closing any fees, costs and expenses incurred in connection with obtaining a Third Party Consent (including any increase in financial terms) shall be borne by the Purchaser.

SCHEDULE 7

OTHER ASSETS

- 1.1 Applicability. The provisions of this Schedule 7 (*Other Assets*) shall apply to any Other Business Asset (including any Business Properties), any Target Company Property or any other undertaking, right or asset (other than any Target Company Contract) of a Target Company (the *Transferring Assets*).
- 1.2 Transfer of Other Assets. The Transition Leaders shall manage and oversee the provisions of this Schedule 7 (*Other Assets*), including the process for the Seller to obtain Third Party Consents in relation to any Transferring Assets. Subject to Applicable Law, this process shall include the provision of contact information and introduction of representatives of the Purchaser and its Affiliates to the Seller's contacts.
- 1.3 Third Party Consents. In relation to any Transferring Asset which is not assignable, sub-licensable or transferable without a Third Party Consent or which would otherwise require a Third Party Consent as a result of the Transaction, the Seller and the Purchaser shall use their reasonable efforts before Closing to obtain all necessary Third Party Consents as soon as possible and the Seller and the Purchaser shall reasonably cooperate with each other to obtain such Third Party Consents. The Seller and the Purchaser shall keep each other reasonably informed via the Transition Group of progress in obtaining such Third Party Consents. The Purchaser shall ensure that members of the Purchaser Group provide any information reasonably requested for that purpose by the Seller or the relevant third party. Prior to the anticipated Closing, the Seller and the Purchaser shall reasonably cooperate with each other to determine how to address any Third Party Consents that have not been obtained as of such date.
- 1.4 Paragraph 1.9 (*Fees, Costs and Expenses Relating to Third Party Consents*) through paragraph 1.12 (*Termination of Certain Contracts*) of Schedule 6 (*Contracts*) applicable to any Business Contracts shall apply to the transfer of Transferring Assets *mutatis mutandis*. Paragraph 1.7 (*Third Party Consents Not Obtained Prior to Closing*) of Schedule 6 (*Contracts*) shall not apply to Target Company Properties. When applying paragraph 1.7(c) (*Third Party Consents Not Obtained Prior to Closing*) of Schedule 6 (*Contracts*) *mutatis mutandis* to any Lease relating to a Business Property, the relevant Business Purchaser shall assume, perform and comply with all the obligations of the relevant Business Seller under the relevant Lease by way of indemnity.
- 1.5 Fees, Costs and Expenses Related to Target Company Properties. If any Third Party Consent has not been obtained or is refused with respect to any Target Company Property prior to Closing, any fees, costs and expenses incurred in connection obtaining a Third Party Consent (including any increase in financial terms) shall be borne by the Purchaser.
- 1.6 Applicable Law Requirements. Where legal title to any Transferring Asset does not transfer to the relevant Designated Purchaser at Closing under any relevant Applicable Law, with effect from the Closing Date until such time as legal title to the relevant Transferring Asset transfers in accordance with the relevant Applicable Law, the provisions of paragraph 1.3 (*Third Party Consents*) of this Schedule 7 (*Other Assets*) and paragraph 1.7 (*Third Party Consents Not Obtained Prior to Closing*) of Schedule 6 (*Contracts*) shall apply as though (i) a Third Party Consent is required for such transfer and (ii) such Third Party Consent is obtained upon the transfer of legal title to the relevant Transferring Assets in accordance with Applicable Law.

SCHEDULE 8

INTELLECTUAL PROPERTY

1. General Provisions

- 1.1 The Seller and the Purchaser shall each appoint one (1) or two (2) IP representative(s) (e.g., one for trademarks and internet identifiers and one for patents) for all matters in connection with this Schedule 8 (*Intellectual Property*). Each IP representative shall act as first point of contact to the other Global Party's IP representative for all activities under this Schedule 8 (*Intellectual Property*).
- 1.2 Unless otherwise stated in this Schedule 8 (*Intellectual Property*) or in the Transitional Services Agreement:
- (a) all costs (internal and external costs and out of pocket expenses) incurred by the Purchaser and its Affiliates in connection with their compliance with their obligations under this Schedule 8 (*Intellectual Property*) shall be borne by the Purchaser Group;
 - (b) all internal costs incurred by the Seller and its Affiliates in connection with their compliance with their obligations under this Schedule 8 (*Intellectual Property*) shall be borne by the Seller Group; and
 - (c) all external costs and out of pocket expenses incurred by the Seller and its Affiliates in connection with their compliance with their obligations under this Schedule 8 (*Intellectual Property*) (including all fees payable to a Governmental Entity or other external costs incurred, such as external counsel fees, in connection with the registration/recording of the transfer of title of the registered Owned IP) shall be reimbursed by the Purchaser to the Seller and its Affiliates.
- 1.3 The Purchaser acknowledges and agrees that the Owned IP may be subject to co-existence, prior rights or similar agreements between a member of the Seller Group or a Target Company, on the one hand, and another Person, on the other hand, and which may have an effect on the exercise of the rights under such Owned IP. The Purchaser commits vis-à-vis the Seller to adhere (and procure that its Affiliates adhere) to these agreements to the extent they have been reasonably disclosed to the Purchaser.

2. Termination of Intra-group IP Trust Arrangements

- 2.1 The Purchaser acknowledges and agrees that on the date hereof, in respect of some of the registered Owned IP, the Person registered as the owner/assignee of the legal title at the applicable Governmental Entity is not the same legal entity as the beneficial owner, as indicated in each case in Exhibit 6 (*Intellectual Property*); the reason being that in these cases the registered owners own the entire legal title in the relevant registered Owned IP and the beneficial owners have appointed the registered owners for the prosecution, maintenance, defence and enforcement of the respective registered Owned IP and have granted the registered owners the right to be registered as the legal title owner in the relevant registries, and to prosecute, maintain, defend and enforce the respective registered Owned IP vis-à-vis third parties and Governmental Entities in the registered owner's own name but for the benefit and at the risk and cost of the beneficial owners, on the basis of intra-group trust or similar arrangements.
- 2.2 To ensure that the Purchaser Group will acquire all rights and interest in the registered Owned IP, the Seller shall procure that, at the latest with effect immediately before Closing:
- (a) all trust arrangements concluded between the beneficial owners and the registered owners of registered Owned IP are terminated to the extent they relate to any Owned IP; and
 - (b) all registered owners of registered Owned IP (re-)assign all of their rights, title and interest in the registered Owned IP (if any) to the beneficial owners free of charge.

On the Closing Date, Seller shall provide Purchaser with valid and enforceable agreements demonstrating the (re)assignment of rights in accordance with paragraph (b) above.

- 2.3 For the avoidance of doubt, the (re-)assignment of rights in accordance with paragraph 2.2(b) above will not be registered in the relevant registries. Instead, only the transfer to the respective Business Purchaser (or any or any other designated member of the Purchaser Group) will be registered in accordance with paragraph 3 below. Where the Parties mutually determine on a case-by-case basis that registering the (re-)assignment of rights in accordance with paragraph 2.2(b) in the relevant registries is more efficient in terms of time and / or expenditure, Seller shall perform such registration without undue delay upon Purchaser's request.

3. Registration of Transfer; Delivery of Files

- 3.1 Following the Closing Date, the Purchaser shall use (or shall procure that its Affiliates use) reasonable efforts to register/record the transfer of all title of all registered Owned IP as soon as reasonably practical and shall prepare all documents required in connection therewith and submit them to the Seller's IP representatives no later than within three (3) months as of the Closing Date. The Seller agrees to execute any documents so submitted by the Purchaser as soon as reasonably practical but no later than within seven (7) months as of the Closing Date and submit them to the Purchaser's IP representatives. As long as the Seller or any of its Affiliates is registered/recorded as the owner of any registered Owned IP, the Seller shall reasonably assist (or shall procure that its Affiliates assist) the Purchaser in such registration/recording process. In particular, the Seller and the Purchaser shall execute (or shall each procure that its relevant Affiliates execute) such agreements, deeds, declarations (including declarations of the registered owner), transfers, conveyances, powers of attorney and other documents, as may be reasonably required pursuant to relevant local law, to achieve the registration/recording of the transfer title of all registered Owned IP.
- 3.2 With effect from the Closing Date, as between the Parties, solely the Purchaser shall be responsible for the maintenance, prosecution, defence and enforcement of the Owned IP. Until the Seller and its relevant Affiliates have instructed external advisors and providers according to paragraph 3.5 below, the Seller shall (or shall cause its Affiliates to):
- (a) notify the Purchaser (or its designated Affiliate) in due time in advance of any threatened lapse or expiration of any registered Owned IP and shall, at the request of the Purchaser (or its designated Affiliate), execute all documents and take all action reasonably necessary to maintain such Owned IP (including payment of maintenance fees); and
 - (b) reasonably assist the Purchaser (or its designated Affiliate) in any prosecution, defence and enforcement action relating to any registered Owned IP sold under this Agreement, such assistance to include in particular the execution of any required authorisation or power of attorney as well as further actions, at the reasonable request of the Purchaser (or its designated Affiliate)
- all as further specified, and subject to the reimbursement of costs and expenses as set out, in the Transitional Services Agreement.
- 3.3 Following the Closing Date, the Purchaser shall use (or shall procure that its Affiliates use) reasonable efforts to implement the transfer of domain names comprised in the Owned IP at the registries as soon as reasonably practical and shall prepare and submit all documents required in connection therewith. The Seller shall instruct (and shall procure that its Affiliates instruct), as soon as reasonably practical after the Closing Date the relevant domain name providers to provide the Purchaser (at the expense of the Purchaser) any reasonable assistance necessary to make the transfer effective.
- 3.4 The Seller shall deliver (and shall procure that its Affiliates deliver) to the Purchaser (or its Affiliates or nominated representatives) as soon as practicable after the Closing Date all documents of title, certificates, opposition files, co-existence agreements, correspondence with intellectual property offices, and other files and records relating to the Owned IP, in each case on an "as they are" basis.
- 3.5 The Seller shall instruct (or shall procure that its Affiliates instruct) as soon as reasonably practical but no later than within three (3) months after the Closing Date, and at the expense of the Purchaser, all external advisors or providers (including external patent and trademark attorneys and local counsel and domain name providers) to act on behalf and at the instructions of the Purchaser and/or its designated Affiliate with respect to the Owned IP (and to send all correspondence relating to the Owned IP to the Purchaser and/or its

designated Affiliate). The Seller has provided the Purchaser a list of all external advisors or providers involved in the management and administration of the Owned IP prior to Closing.

SCHEDULE 9

EMPLOYEES

1. Information and Consultation

- 1.1 For the purposes of this Schedule 9 (*Employees*), references to the Seller and the Purchaser shall include references to the relevant member of the Seller Group including the Target Companies and the relevant member of the Purchaser Group, respectively. In this respect, the provisions in this Schedule 9 (*Employees*) shall be understood in such manner that Seller and Purchaser, respectively, shall ensure that the obligations under this Agreement shall be met by their respective Affiliates.
- 1.2 The Seller and the Purchaser shall inform and consult their respective employees and/or employee representatives regarding the Transaction in accordance with the requirements of Applicable Law (including, where applicable, the Transfer Regulations) and any collective bargaining agreements, works council agreements or any agreements with any other employee representative body which is applicable to the Seller and/or the Purchaser (whether on an industry level or otherwise) (individually, a *Collective Agreement* and collectively, the *Collective Agreements*).
- 1.3 The Seller and the Purchaser shall each commence any such information and consultation processes under any Applicable Law and/or Collective Agreement (or if such process has already been commenced by the relevant Party, that Party will continue such process) as soon as reasonably practicable after the date hereof and will use any reasonable efforts to complete such processes in a timely manner.
- 1.4 Each Party shall be entitled to enter into any agreements or arrangements with, or in relation to, their respective employees and/or employee representatives in connection with the relevant information and consultation processes as they consider reasonable and appropriate for the purposes of the Transaction.
- 1.5 The Purchaser shall, and shall cause its Affiliates to, and the Seller shall, and shall cause its Affiliates to, provide the other party with such information and assistance at such times as that other party may reasonably request or as may be reasonably necessary for it or any of its Affiliates to complete in due course any formal or informal requirement to inform or consult with their employees, a relevant trade union, a relevant works council, or any other employee representatives in connection with the matters contemplated by this Agreement. The Seller and the Purchaser shall update the other Global Party on a regular basis on the status of such information and consultation processes.
- 1.6 The Seller and the Purchaser shall not, and shall use reasonable efforts to procure that their respective Affiliates shall not, take any actions to cause the Employees not to become employees of the Purchaser, or not to remain employees of the Target Companies (as applicable), at the Closing Date.
- 1.7 The Seller shall use all reasonable efforts and procure that its Affiliates shall use all reasonable efforts to separate the joint works (*Gemeinschaftsbetrieb*) in a timely fashion so that the Transferred Business Employees currently represented by the joint works council (*Gemeinschaftsbetriebsrat*) are no longer represented by the joint works council following its interim mandate.

2. General Provisions

- 2.1 The Seller and the Purchaser intend that the contracts of employment of the Business Employees will have effect from the close of business on the Closing Date as if originally made between the Purchaser and those Business Employees. Where Applicable Law does not provide for an automatic transfer of the employment of the Business Employees to the Purchaser with effect from (and including) the Closing Date, then paragraph 2.2 (*Non-automatic Transfers*) shall apply. Where Applicable Law provides for an automatic transfer of employment of the Business Employees to the Purchaser with effect from (and including) the Closing Date, then paragraphs 2.3 (*Automatic Transfers*) and 2.4 below shall apply.
- 2.2 Non-automatic Transfers. Not later than thirty (30) days prior to the anticipated Closing Date (or such longer period of time before the Closing Date as shall be required in order to comply with any applicable Collective Agreement or Applicable Law), the Purchaser shall make an offer of employment to each Business Employee

to commence with effect from (and including) the Closing Date. Save as otherwise agreed with the Seller, the offer to be made will be on terms and conditions (including as to period of continuous employment) that are no less favourable as a whole than those provided to that Business Employee immediately prior to the Closing Date, subject to paragraph 7 (*Benefits Arrangements/Continuity of Service*) and Schedule 10 (*Long Term Employee Benefits*) below. If the Business Employee accepts the offer, then the Seller shall, insofar as is permitted by Applicable Law, waive the requirement on the Business Employee concerned to give any notice of termination of his or her employment so that the Business Employee may take up employment with the Purchaser with effect from (and including) the Closing Date.

2.3 **Automatic Transfers.** The Seller and the Purchaser acknowledge and agree that the Transfer Regulations (where legally possible) will apply to any person who is a Business Employee in order to transfer the employment of such Business Employee to the Purchaser with effect from (and including) the Closing Date.

2.4 If the Transfer Regulations do not or are found not to or are alleged not to apply to any person who is a Business Employee, in order to transfer the employment of such Business Employee to the Purchaser with effect from and including the Closing Date:

- (a) in consultation with the Seller, the Purchaser shall not later than thirty (30) days prior to the anticipated Closing Date (or such longer period of time before the Closing Date as shall be required in order to comply with any applicable Collective Agreement or Applicable Law) offer employment to such Business Employee to commence with effect from (and including) the Closing Date. Such offer will be on terms and conditions (including as to period of continuous employment) that are no less favourable as a whole than those provided to that Business Employee immediately prior to the Closing Date, subject to paragraph 7 (*Benefits Arrangements/Continuity of Service*) and Schedule 10 (*Long Term Employee Benefits*) below; and
- (b) if the Business Employee accepts the offer of employment from the Purchaser, then the Seller or its Affiliate who employs that person shall, insofar as it is permitted by Applicable Law, waive the requirement on the Business Employee concerned to give any period of notice of termination of his or her employment under the terms of his or her employment so as to allow the Business Employee to commence employment with the Purchaser with effect from (and including) the Closing Date.

3. **Wrong-Pocket Arrangements**

3.1 If the contract of employment of any person who is not a Business Employee is found or alleged to have effect upon Closing as if originally made with the Purchaser as a result of the Transfer Regulations (***Non-Disclosed Employee***):

- (a) the Purchaser may, within one (1) month as of the Purchaser becoming aware that the transfer of a Non-Disclosed Employee is being found or alleged to have effect upon Closing give notice to the Seller of the identity of the relevant Non-Disclosed Employee;
- (b) the Seller shall have the option of making an offer of employment to that Non-Disclosed Employee on the same terms and conditions (including as to period of continuous employment) as were provided to that Non-Disclosed Employee immediately prior to the Closing Date and the Purchaser shall promptly, insofar as it is permitted by Applicable Law, waive the requirement on that Non-Disclosed Employee to give any period of notice of termination of his or her employment under the terms of his or her employment so as to allow that Non-Disclosed Employee to be employed by the Seller;
- (c) if such offer of employment is not made, or made but not accepted, within one (1) month of notice being given to the Seller in accordance with paragraph 3.1(a) of this Schedule 9 (*Employees*), the Purchaser may within one (1) month give notice to the relevant Non-Disclosed Employee to terminate his/her contract of employment; and
- (d) where the Purchaser has given notice to the relevant Non-Disclosed Employee in accordance with paragraph 3.1(c), the Seller shall be responsible for and shall indemnify and keep indemnified the Purchaser against all Liabilities, (as reduced by the value of any Tax relief that is attributable to the time period after the Closing Date (for example, due to tax deductions after the Closing Date) and related to such Liabilities) from time to time reasonably made, suffered or incurred by the Purchaser in connection with the employment

up to two annual gross salaries per Non-Disclosed Employee and any reasonable termination costs in relation to the relevant Non-Disclosed Employee or any other employee of the Purchaser whose employment relationship is terminated instead of the employment relationship of any Non-Disclosed Employee due to Applicable Law, in particular social selection procedures unless the notification under Sec. 3.1 (a) is made six months after the Closing Date or later.

- 3.2 The Seller and the Purchaser agree to cooperate in good faith to minimise the Liabilities which are subject to the indemnity referred to in paragraph 3.1(d) of this Schedule 9 (*Employees*) above.

4. Employment Liabilities

- 4.1 Subject to paragraph 4.2 of this Schedule 9 (*Employees*) below, the provisions of Schedule 10 (*Long Term Employee Benefits*) and Pre-Effective Date Taxes (which shall be governed by Schedule 12 (*Tax*)), all Liabilities relating to the Transferred Business Employees and the Target Company Employees, including, but not limited to, wages, salaries, bonuses, incentive compensation and other periodic outgoings in respect of the Transferred Business Employees and the Target Company Employees, whether those Liabilities relate to periods before or after the Closing Date, shall be borne or discharged by the Purchaser and shall be deemed to be Assumed Liabilities for the purposes of this Agreement. For the avoidance of doubt, this shall include all Liabilities arising out of the employment, or termination of employment, whether actual or constructive, of any Transferred Business Employee or any Target Company Employee before or after the Closing Date, including, but not limited to, all claims relating to severance, termination pay, pay in lieu of notice of termination and similar obligations.

- 4.2 Subject to paragraph 4.3 of this Schedule 9 (*Employees*) below, all Liabilities relating to Non-Transferred Business Employees based in Germany (including, for the avoidance of doubt, the Business Employees and in scope of the pre-closing restructurings who object to the transfer of their employment relationship (irrespective of when the objection occurs)) including, but not limited to, wages, salaries, bonuses, incentive compensation and other periodic outgoings in respect of the Non-Transferred Business Employees shall be borne or discharged by the Purchaser and shall be deemed to be Assumed Liabilities up to twelve (12) gross monthly salaries per Non-Transferring Business Employee. The same shall apply for severance costs of up to 1.5 gross monthly base salaries (with the monthly base salary being calculated based on thirteen (13) monthly salaries per year) for each year of service (with periods of more than six (6) months being rounded up to a full year of service) per Non-Transferred Business Employee that are incurred in relation to the actual and effective termination of any employment relationship of any Non-Transferred Business Employee or any other employee of the Seller whose employment relationship is terminated instead of the employment relationship of Non-Transferred Business Employee due to Applicable Law, provided, however, that such severance shall also be borne by the Purchaser if the severance is agreed in a mutual termination agreement rather than a unilateral termination notice. With respect to each Non-Transferred Business Employee (including, for the avoidance of doubt, the Business Employees in scope of the pre-closing restructurings who object to the transfer of their employment relationship (irrespective of when the objection occurs)) the Purchaser shall pay to the Seller an amount to compensate for the Seller's or the Seller's Affiliates' re-assumption of the Employee Benefit Liabilities (which, for the avoidance of doubt, shall include the defined benefits obligations for any pensions liabilities), which shall be calculated on the basis of the actuarial parameters by the Purchaser on the date of the last financial balance sheet (*letzter Bilanzstichtag*) of the Purchaser.

- 4.3 The provisions of this paragraph 4 shall not apply to the extent that the Seller undertakes to reimburse the Purchaser pursuant to paragraphs 5 (*Annual Cash Bonus*) and 6 (*Long-Term Incentive Plans*) and 9 (*Retention Agreements*) for Liabilities in relation to the Annual Cash Bonus Plan and the LTIP (each as defined below in paragraph 5 (*Annual Cash Bonus*) and 6 (*Long-Term Incentive Plans*) respectively), in each case in relation to the period up to and including the Closing Date, and the Retention Agreements.

5. Annual Cash Bonus

- 5.1 Subject to Applicable Law and the terms of any applicable Collective Agreement, following the Closing Date:

- (a) the Purchaser shall, in relation to the period up to and including the Closing Date, pay a pro-rated cash bonus of an amount advised by the Seller to the Purchaser to each Transferred Employee who participated in an annual cash bonus plan immediately before the Closing Date (*Annual Cash Bonus Plan*) in their third payroll payment after the Closing Date; and
 - (b) where the Seller is able to determine performance, any such bonus payment made to such eligible Transferred Employees by the Purchaser will be based on the Seller's determination of performance to the Closing Date and pro-rated to the Closing Date; or
 - (c) where the Seller is unable to determine performance (either business or individual), for example, because the Closing Date occurs near the start of the bonus year, the Seller shall calculate any such bonus payment based on a deemed achievement of performance conditions at target level pro-rated to the Closing Date; and
 - (d) the Purchaser shall deduct and/or account for any Tax, wage tax and social contribution charges payable or accountable for by the relevant employer in respect of such bonus payments and pay such amounts to the competent Tax Authorities and other Governmental Entities (as applicable);
 - (e) the Seller shall reimburse the Purchaser for the aggregate bonuses advised by the Seller to the Purchaser which are paid pursuant to this paragraph 5.1. The amount to be reimbursed shall, however, be reduced by the value of any Tax relief for any Target Company, the Purchaser, a Designated Purchaser or any of their present or future direct or indirect shareholders or other Affiliates that is (i) attributable to the time period after the Closing Date (including due to tax deductions after the Closing Date) and (ii) related to the bonus payment (*Bonus Payment Tax Relief*). Any reimbursement by the Seller in accordance with this paragraph 5.1(e) shall be made within thirty (30) days of receipt of evidence of payment; and
 - (f) if any Bonus Payment Tax Relief exceeds any amounts to be reimbursed by the Seller pursuant to the first sentence of paragraph 5.1(e) above, including if the amount to be reimbursed under the first sentence of paragraph 5.1(e) above is zero, the Purchaser shall pay to the Seller an amount equal to such excess within thirty (30) days of the relevant bonus payments.
- 5.2 To the extent that any bonus payments cannot be paid by the Purchaser to eligible Transferred Employees in accordance with paragraph 5.1 above as a result of Applicable Law or any applicable Collective Agreement, the Seller shall be responsible for paying any such bonus payments as calculated in accordance with paragraph 5.1 above to eligible Transferred Employees as soon as reasonably practicable on or after the Closing Date. If and to the extent that these bonus payments can reasonably be expected to give rise to Tax relief at the level of any Target Company, the Purchaser, a Designated Purchaser or any of their present or future direct or indirect shareholders or other Affiliates in the time period after the Closing Date (including due to tax deductions after the Closing Date), the Purchaser shall pay to the Seller an amount equal to such Tax relief within thirty (30) days of the relevant bonus payments.

6. Long-Term Incentive Plans

6.1 Following the Closing Date:

- (a) in respect of any awards held by any Transferred Employee under the Merck Long-Term Incentive Plans 2021, 2022 and, as the case may be, 2023 (*LTIP*) on the Closing Date (*LTIP Award*), the Seller shall advise to the Purchaser, the Seller exercising reasonable discretion under the LTIP rules, the cash amount payable to each Transferred Employee in relation to each LTIP Award for the period up to and including the Closing Date;
- (b) the Purchaser shall pay a cash amount to each Transferred Employee in respect of each LTIP Award as advised by the Seller to the Purchaser under paragraph 6.1(a) above in their third payroll payment after the Closing Date (the *LTIP Payments*);
- (c) the Purchaser shall deduct and/or account for any Tax, wage tax and social contribution charges payable or accountable for by the relevant employer in respect of such LTIP Payments and pay such amounts to the competent Tax Authorities and other Governmental Entities (as applicable);

- (d) the Seller shall reimburse the Purchaser for the aggregate LTIP Payments advised by the Seller to the Purchaser which are paid pursuant to this paragraph 6.1. The amount to be reimbursed shall, however, be reduced by the value of any Tax relief for any Target Company, the Purchaser, a Designated Purchaser or any of their present or future direct or indirect shareholders or other Affiliates that is (i) attributable to the time period after the Closing Date (for example, due to tax deductions after the Closing Date) and (ii) related to the LTIP Payments (*LTIP Payment Tax Relief*). Any reimbursement by the Seller in accordance with this paragraph 6.1(d) shall be made within thirty (30) days of receipt of evidence of payment; and
 - (e) if any LTIP Payment Tax Relief exceeds any amounts to be reimbursed by the Seller pursuant to the first sentence of paragraph 6.1(d) above, including if the amount to be reimbursed under the first sentence of paragraph 6.1(d) above is zero, the Purchaser shall pay to the Seller an amount equal to such excess within thirty (30) days of the relevant LTIP Payments.
- 6.2 To the extent that any LTIP Payments cannot be paid by the Purchaser to eligible Transferred Employees in accordance with paragraph 5.1 above as a result of Applicable Law or any applicable Collective Agreement, the Seller shall be responsible for paying any such LTIP Payments as calculated in accordance with paragraph 5.1 above to eligible Transferred Employees as soon as reasonably practicable on or after the Closing Date. If and to the extent that these LTIP Payments can reasonably be expected to give rise to Tax relief at the level of any Target Company, the Purchaser, a Designated Purchaser or any of their present or future direct or indirect shareholders or other Affiliates in the time period after the Closing Date (including due to tax deductions after the Closing Date), the Purchaser shall pay to the Seller an amount equal to such Tax relief within thirty (30) days of the relevant LTIP Payments.

7. Benefits Arrangements/Continuity of Service

- 7.1 For the period beginning on the Closing Date and ending no earlier than the third anniversary of the Closing Date, the Purchaser shall, or shall cause its Affiliates to, provide to each Transferred Employee:

 - (b) annual variable incentive compensation opportunity that is no less favourable as a whole than the annual variable incentive compensation opportunity provided to such Transferred Employee by the Seller Group or the Target Companies immediately prior to the Closing Date; and
 - (c) Employee Benefits that are comparable taken as a whole to the Employee Benefits provided to such Transferred Employee by the Seller Group or the Target Companies immediately prior to the Closing Date (provided that, with respect to any Transferred Employee who immediately before the Closing Date is an active member of a Stand-Alone EB Arrangement or Seller's EB Arrangement (as those terms are defined in Schedule 10 (*Long Term Employee Benefits*)) that provides defined benefit retirement benefits to or in respect of such Transferred Employee, the Purchaser shall provide (or shall procure that are provided) defined benefit retirement benefits to and in respect of such Transferred Employee which are substantially equivalent in value and form to the defined benefit retirement benefits provided to or in respect of such Transferred Employee immediately before the Closing Date).

The Seller will cooperate reasonably with the Purchaser to provide information reasonably necessary to assist the Purchaser in complying with this paragraph 7.1.

- 7.2 The Purchaser shall indemnify the Seller and its Affiliates against any Liability which the Seller or any of its Affiliates may incur as a direct or indirect result of the Purchaser not complying with its obligations under paragraph 7.1 of this Schedule 9 (*Employees*).
- 7.3 Each Transferred Employee shall have their service with the Seller and their respective predecessors recognised under any employee benefit plans or arrangements of the Purchaser for the purposes of determining eligibility for, the vesting of, or the rate of accrual of, benefits to the extent past service was recognised for such Transferred Employee under a comparable plan or arrangement immediately prior to the

Closing Date. Notwithstanding the foregoing, nothing in this paragraph 7.3 shall be construed as requiring recognition of service for the purposes of calculation of Employee Benefits or that would result in:

- (a) any additional liability being assumed by the Purchaser in respect of Employee Benefits other than subject to and in accordance with Schedule 10 (*Long Term Employee Benefits*);
- (b) duplication of benefit;
- (c) recognition of service for any purposes under any plan or arrangement for which participation, service and/or benefits accrual is frozen; or
- (d) recognition of service under a newly established plan or arrangement for which prior service is not taken into account for employees of the Purchaser generally.

8. Purchaser commitments regarding retention of workforce, sites, and employment terms

8.1 Purchaser shall, and shall cause its Affiliates to, comply with the following undertakings:

- (d) with regard to Transferred Employees (and, for the avoidance of doubt, any employees hired after Closing) working in Darmstadt or Gernsheim, (i) not to give notice of termination for operational reasons to change employment conditions (*betriebsbedingte Änderungskündigung*) (except for such termination to relocate within a radius of 50 km from the current premises in Darmstadt) and (ii) not to change the working time, unless agreed otherwise with the competent employee representatives, until 31 December 2030 respectively;
- (e) to continue the memberships of the German Target Companies in the Employers' Association of the Chemical and Allied Industries for the State of Hesse (*Arbeitgeberverband Chemie- und verwandte Industrien für das Land Hessen e.V. - HessenChemie*) and the Federal Employers' Association of the Chemical Industry (*Bundesarbeitgeberverband Chemie e.V.*) until 31 December 2030; and

- 9.2 Subject to the terms and conditions of the relevant Retention Agreement in respect of each Key Contributor, the Purchaser shall make the relevant retention payments (the **Retention Payments**) to the Key Contributors to the extent the retention payments become due after the Closing Date.

- 9.5 Subject to paragraph 9.6 below, the Seller shall reimburse the Purchaser for the aggregate Retention Payments which are paid pursuant to this paragraph 9 to the extent such amounts are not (i) reflected in the Closing Statement and/or (ii) due and payable to any Key Employees Contributor as a result of that Key Employees Contributor exercising any one-off special termination right under any change of control provision contained in any agreement relating to their employment or service. The amount to be reimbursed shall, however, be reduced by the value of any Tax relief for Target Company, the Purchaser, a Designated Purchaser or any of their present or future direct or indirect shareholders or other Affiliates that is (i) attributable to the time period after the Closing Date (for example, due to tax deductions after the Closing Date) and (ii) related to the Retention Payments (***Retention Payment Tax Relief***). Any reimbursement by the Seller in accordance with this paragraph 9.5 shall be made within 30 days of receipt of evidence of the relevant payment.
- 9.6 If any Retention Payment Tax Relief exceeds any amounts to be reimbursed by the Seller pursuant to the first sentence of paragraph 9.5 above, including if the amount to be reimbursed under the first sentence of paragraph 9.5 above is zero, the Purchaser shall pay to the Seller an amount equal to such excess within thirty (30) days of relevant Retention Payments.

Stand-Alone EB Arrangements

- 1.2 The Purchaser Group shall provide Employee Benefits (or shall procure that Employee Benefits are provided) to and in respect of each Transferred Employee who is an active member of a Stand-Alone EB Arrangement in respect of the period of service on and from Closing in accordance with the provisions of paragraph 7 of Schedule 9 (*Employees*). This is in particular the case if a relevant Target Company continues any Employee Benefits from Closing on unchanged terms and conditions.

Transitional Periods

- 1.3 Subject to Applicable Law, if so requested by the Purchaser and agreed by the Seller, the Seller shall use all reasonable endeavours to ensure that the Employees who are at the Closing Date members of any Seller's EB Arrangement (the **Transitional Members**) shall be permitted to continue as members of the relevant Seller's EB Arrangement for a transitional period following the Closing Date on such terms as the Seller and the Purchaser may agree, and subject to Applicable Law, to allow the Purchaser to make suitable alternative arrangements (the **Transitional Period**). The Purchaser and the Seller shall use all reasonable endeavours to agree the terms of participation during any Transitional Period as soon as reasonably practicable following the date hereof.

 - (a) the Transferred Employees who are active members of a funded Seller's EB Arrangement immediately prior to the EB Transfer Date are offered membership of an appropriate Purchaser's EB Arrangement in respect of the period of service on and from Closing in accordance with the provisions of paragraph 7 of Schedule 9 (*Employees*); and
 - (b) where Applicable Law provides for the automatic transfer in respect of the Past Service Benefits of the Transferring Funded Members (as defined below) as a result of the transactions contemplated by this Agreement, or where Applicable Law permits and the Seller requests a transfer in respect of the Past Service

Benefits of the Transferring Funded Members (in each case as notified to the Purchaser for the purposes of Part A (Funded Past Service Benefits) of Exhibit 15 (*Transferring Funded Past Service Benefits*) of this Agreement), in addition to paragraph 1.6(a):

- (i) the Past Service Benefits of the Target Company Employees and/or any former employees of the Target Companies shall be transferred to an appropriate Purchaser's EB Arrangement;

- 1.7 No Transferring Funded Member's membership of the Purchaser's EB Arrangement in relation to service on and after Closing shall be conditional upon their consenting or not objecting to a transfer in respect of his Past Service Benefits from the relevant funded Seller's EB Arrangement, unless Applicable Law requires such a condition.
- 1.8 The Seller shall determine whether and to what extent any assets (which may include an assignment, partial assignment or reissue of an insurance contract) and/or cash in respect of any transferred Past Service Benefits in respect of the Transferring Funded Members under paragraph 1.6(b) above (in respect of each such transfer, the *Relevant Transfer Amount*) shall be transferred from the Funded Seller's EB Arrangement to the receiving Purchaser's EB Arrangement.
- 1.9 No transfer of assets and/or cash shall be made under paragraph 1.6(b) above in respect of the Past Service Benefits of any Transferring Member to the extent that:
 - (a) Applicable Law does not permit such transfer;
 - (b) they relate to the Funded Seller's EB Arrangement listed in Part B (*Funded Seller's EB Arrangement*) of Exhibit 15 (*Transferring Funded Past Service Benefits*) to this Agreement; or
 - (c) the Purchaser Group or relevant Purchaser's EB Arrangement does not assume responsibility for such Past Service Benefits (despite the Purchaser Group having used all reasonable endeavours to procure that the relevant Purchaser's EB Arrangement does so).
- 1.10 The value of Past Service Benefits for the purposes of calculating each Relevant Transfer Amount shall be the actuarial value at the effective date of such transfer of those benefits (the *Transfer Date*) calculated by the Seller's Actuary in accordance with the Seller's IFRS Assumptions and the relevant provisions of the respective Funded Seller's EB Arrangement.
- 1.11 This paragraph 1.11 shall apply separately in relation to each Relevant Transfer Amount envisaged pursuant to this Schedule 10 (*Long Term Employee Benefits*):

 - (b) the Purchaser Group shall provide the Seller's Actuary promptly on written request with any data and other information within its possession or control that the Seller's Actuary reasonably requires in order to calculate the Relevant Transfer Amount and shall ensure that all information so provided shall be true, complete and accurate in all material respects. The Seller and Purchaser Group shall use reasonable endeavours to procure that the calculation is completed promptly;

- (c) provided that the Seller's Actuary has received all information requested under paragraph (b), the Seller shall procure that the Seller's Actuary makes the result of his calculation of the Relevant Transfer Amount (in this paragraph 1.11, the **Result**) available to the Purchaser no later than two (2) months following Closing;
- (d) the Purchaser's Actuary shall be entitled to review the Result by reference only to the actuarial method and assumptions used for calculating such Relevant Transfer Amount;
- (e) the Seller shall provide the Purchaser's Actuary promptly on written request with any information within its possession and control that the Purchaser's Actuary reasonably requires for the purposes of reviewing the Result;
- (f) the Purchaser shall only be entitled to reject the result on the grounds that it has not been made in accordance with the relevant actuarial method and assumptions (as referred to in paragraph 1.10) and must notify the Seller in writing of such rejection (such notification being referred to in this paragraph 1.11 as the **Rejection Notice**) no later than thirty (30) days after having received the result. The Rejection Notice must include:
 - (i) a written statement from the Purchaser's Actuary setting out reasons for not accepting the Result; and
 - (ii) a proposed alternative result.

If the Purchaser does not submit a Rejection Notice within the required timeframe, the Result shall be treated as agreed by the Purchaser and Purchaser's Actuary; and

- (g) after the Seller has received a valid Rejection Notice, the Seller and Purchaser and their respective actuaries shall use reasonable endeavours to agree any necessary adjustments to the Result, but if the Seller and the Purchaser fail to agree within one (1) month after the Seller receives the valid Rejection Notice, the matter shall be referred to the Independent Adjudicator under paragraph 3.2.

1.12 Subject to Applicable Law and the Funded Seller's EB Arrangement plan provisions, the Seller and the Purchaser Group shall use all reasonable endeavours to procure that each Relevant Transfer Amount is paid in accordance with this Schedule 10 (*Long Term Employee Benefits*) in cash or such form of assets of the Funded Seller's EB Arrangement representing a reasonable selection of the asset portfolio held by the relevant Funded Seller's EB Arrangement. The Seller and the Purchaser Group shall use all reasonable endeavours to agree the due date for each payment of the Relevant Transfer Amount (or, if they cannot agree, this will be determined by the Independent Adjudicator under paragraph 3.2), and the date so agreed or determined, in relation to each Relevant Transfer Amount, shall be referred to as the payment date, provided that the payment date in respect of each Relevant Transfer Amount shall be no later than the Asset Transfer Longstop Date.

1.13 Subject to receipt of the Relevant Transfer Amount by the appropriate Purchaser's EB Arrangement, the Purchaser Group shall provide (or shall procure that are provided) Employee Benefits for and in respect of each Transferring Funded Member in respect of pre-Closing service, which are no less favourable in actuarial value (calculated by the Seller's Actuary using the actuarial principles used for calculating the Relevant Transfer Amount) to the value of that Transferring Funded Member's Employee Benefits immediately before Closing.

1.14 The Purchaser shall fully indemnify the Seller and its Affiliates and the Funded Seller's EB Arrangements from and against all Liabilities under or in connection with the Funded Seller's EB Arrangements to or in respect of the Transferring Funded Members in respect of whom a transfer of Past Service Benefits under paragraph 1.6 was made except in relation to any exclusions agreed by the Seller and the Purchaser.

Unfunded Seller's EB Arrangements

1.15 Paragraphs 1.16 to 1.18 below shall apply to each Unfunded Seller's EB Arrangement.

1.16 The Purchaser Group and the Seller shall use their respective reasonable endeavours (as appropriate) to ensure that, with effect from the EB Transfer Date:

- (a) the Transferred Employees who are active members of an Unfunded Seller's EB Arrangement immediately prior to the EB Transfer Date are offered membership of an appropriate Purchaser's EB Arrangement in respect of the period of service on and from Closing in accordance with the provisions of paragraph 7 of Schedule 9 (*Employees*); and
 - (b) where Applicable Law provides for the automatic transfer in respect of the Unfunded Past Service Benefits of the Transferring Members as a result of the transactions contemplated by this Agreement, or where Applicable Law permits and the Seller requests a transfer in respect of the Unfunded Past Service Benefits of the Transferring Unfunded Members (in each case as notified to the Purchaser for the purposes of Exhibit 16 (*Transferring Unfunded Past Service Benefits*) of this Agreement), in addition to paragraph 1.16(a):

 - (ii) the Unfunded Past Service Benefits of the Transferred Business Employees shall be borne or assumed by the Purchaser Group or an appropriate Purchaser's EB Arrangement from Closing;
 (together, the *Transferring Unfunded Members*); and
 - (iii) the Seller shall determine whether the Unfunded Past Service Benefits in respect of the Transferring Members are to be transferred by consent or on a without consent "bulk transfer" basis and the Seller and the Purchaser Group shall use their respective reasonable endeavours to ensure that the transfer can be effected in accordance with Applicable Law on the basis chosen by the Seller.
- 1.17 The Purchaser shall fully indemnify the Seller against any such Unfunded Past Service Benefits and against any Liabilities to or in respect of any Unfunded Seller's EB Arrangement in which any member of the Seller Group participates or participated prior to Closing.
- 1.18 No Transferring Unfunded Member's membership of the Purchaser's EB Arrangement in relation to service on and after Closing shall be conditional upon his consenting or not objecting to a transfer in respect of his Past Service Benefits from the relevant Unfunded Seller's EB Arrangement, unless Applicable Law requires such a condition.
- 2. Part Two: Price Adjustment**
- 2.1 If, on and from Closing, any Employee Benefit Liabilities in respect of service in the relevant Target Companies or with any member of the Seller Group or in any Employee Benefit Arrangement in which any of the Target Companies or member of the Seller Group participates or has participated prior to Closing (the *Pre-Closing Employee Benefit Liabilities*) transfer to the Purchaser's Group, Purchaser's EB Arrangement and/or remain with a Target Company pursuant to this Schedule 10 (*Long Term Employee Benefits*) (such Pre-Closing Employee Benefit Liabilities being the *Transferred Employee Benefit Liabilities* and the benefits to which they relate being the *Transferred Employee Benefits*), then:
- (a) to the extent that such Transferred Employee Benefit Liabilities are recorded in Part B of Exhibit 11 (*Total Employee Benefit Indemnification Amount*) to this Agreement, the Purchaser shall be compensated in respect of such Transferred Employee Benefit Liabilities by way of the Total Employee Benefit Indemnification Amount, as set out in the rest of this Schedule 10 (*Long Term Employee Benefits*) unless being compensated otherwise pursuant to this Agreement. Provided that it is so compensated the Purchaser shall, or shall procure that its relevant Affiliate shall, assume, with a full discharge for the Seller and its Affiliates, the Transferred Employee Benefit Liabilities;
 - (b) to the extent that any Transferred Employee Benefit Liabilities are not recorded in Part B of Exhibit 11 (*Total Employee Benefit Indemnification Amount*) to this Agreement as of the Closing, (any such Transferred Employee Benefit Liabilities being the *Non-Recorded Transferred Employee Benefit Liabilities*) and provided that they are not compensated otherwise:

- (i) the Seller shall fully indemnify the Purchaser in respect of such Non-Recorded Transferred Employee Benefit Liabilities; provided, that within one (1) year following Closing the Purchaser notifies the Seller in writing that such Non-Recorded Transferred Employee Benefit Liabilities have transferred to the Purchaser Group, and the obligation of the Seller to indemnify the Purchaser shall lapse upon expiry of the one (1) year term starting on the Closing Date;
 - (ii) the amount payable by the Seller under this indemnity shall be the Total Employee Benefit Indemnification Amount in respect of the Non-Recorded Transferred Employee Benefit Liabilities (the ***Non-Recorded Total Employee Benefit Indemnification Amount***) to be calculated by the Seller as set out in paragraph 2.2 below;
- (c) the Seller shall notify the Purchaser of the amount required to be paid pursuant to paragraph 2.1(b) as soon as reasonably practicable and the Seller shall pay to the Purchaser such amount no later than sixty (60) days following the Purchaser's notification under paragraph 2.1(b)(i); and
- (d) provided that the Purchaser is compensated pursuant to paragraph 2.1(b) in respect of the Non-Recorded Transferred Employee Benefit Liabilities by way of the Non-Recorded Total Employee Benefit Indemnification Amount:
- (i) the Purchaser shall, or shall procure that its relevant Affiliate shall, assume, with a full discharge for the Seller and its Affiliates, the Non-Recorded Transferred Employee Benefit Liabilities; and
 - (ii) the Purchaser shall not be entitled to an indemnity from the Seller under paragraph 2.1(b) above in respect of such Non-Recorded Transferred Employee Benefit Liabilities.
- 2.2 The Non-Recorded Total Employee Benefit Indemnification Amount shall be calculated in accordance with the principles applied to Transferred Employee Benefit Liabilities under this Schedule 10 (*Long Term Employee Benefits*).
- 2.3 The Seller's and the Purchaser's agreement that the Purchaser Group shall assume any Pre-Closing Employee Benefit Liabilities under this Agreement may, if the Seller so determines, relate only to certain specified categories or tranches of Pre-Closing Employee Benefit Liabilities under a particular benefit plan, in which case, solely in relation to that benefit plan, it is only those specified Pre-Closing Employee Benefit Liabilities which are excluded from the scope of the Purchaser's indemnity entitlement in accordance with paragraph 2.1(d)(ii) above.
- 2.4 The Total Employee Benefit Indemnification Amount shall be calculated as follows:
- (a) Upon Closing the Seller shall instruct the Seller's Actuaries to determine the total defined benefit obligation for each Employee Benefit Arrangement in each jurisdiction as set out in Part B of Exhibit 11 (*Total Employee Benefit Indemnification Amount*) and for each Transferring Member as of the Effective Time within sixty (60) days after Closing. The Seller's Actuaries shall determine the eligibility of the Transferring Members to the Employee Benefit Arrangements.
 - (b) For each Transferring Member, the Seller's Actuaries shall determine the defined benefit obligation based on the procedures consistent with the procedures carried out in the preparation of the Seller's annual IFRS financial statements. In particular, the procedures shall be carried out as prescribed by IAS 19 and based on the actuarial assumptions as per the methodology outlined in paragraph 2.4(d) of this Schedule 10. The Seller's Actuaries shall compute the defined benefit obligation in the local currency of each jurisdiction.
 - (c) For this purpose, the Seller will provide the Seller's Actuaries with the list of Transferring Members as well as instructions to adhere to the procedures carried out in the preparation of the Seller's annual IFRS financial statements and to apply the actuarial assumptions as set out in paragraph 2.4(d) of this Schedule 10.
 - (d) The actuarial assumptions for the calculation of the defined benefit obligation as of Effective Time shall be set out in Part B of Exhibit 11 (*Total Employee Benefit Indemnification Amount*). In particular, the discount rate assumption shall be determined as follows—

- (i) Discount rate - Germany: As of the Effective Time, the Seller shall request from AON the applicable discount rates under IAS 19 based on the AON Yield Curve Methodology at the Effective Time. The discount rate shall reflect the average remaining liability duration of the Seller's Employee Benefit Arrangements;
 - (ii) Discount rate – Japan: As of the Effective Time, the Seller shall request from Mercer the applicable discount rates under IAS 19 based on the Mercer Yield Curve Methodology for Japan at the Effective Time. The discount rate shall reflect the average remaining liability duration of the Seller's Employee Benefit Arrangements.
- (e) For each jurisdiction as set out in Part B of Exhibit 11 (*Total Employee Benefit Indemnification Amount*) the Jurisdiction Specific Employee Benefit Indemnification Amount shall be calculated as follows:
- $A - B =$ Jurisdiction Specific Employee Benefit Indemnification Amount where:
- A** means the total defined benefit obligation as per Effective Time in relation to all the Transferred Employee Benefit Liabilities under all the Employee Benefit Arrangements established in such jurisdiction
- B** means the total fair market value as per Effective Time of any underlying asset under all Employee Benefit Arrangements established in such jurisdiction, which the Seller agrees to make available to the Purchaser Group to fund such Transferred Employee Benefit Liabilities from Closing.
- (f) Where any Jurisdiction Specific Employee Benefits Indemnification Amount is calculated in a currency other than Euro, such amount shall be converted into Euro at the spot rate of exchange (the closing mid-point) for that currency into Euro on the Closing Date.
- (g) The Total Employee Benefit Indemnification Amount is the sum of all Jurisdiction Specific Employee Benefit Indemnification Amounts.

2.5 If either the Seller or the Purchaser (each in its reasonable opinion) considers that, at any time between the date of this Agreement and the Closing Date, there has been a material change in the profile of the Transferring Members, which, in respect of any jurisdiction, could reasonably be expected to have a material effect on the value of the relevant Transferred Employee Benefit Liabilities used for calculating the relevant Jurisdiction Specific Employee Benefit Indemnification Amount, then it shall give a written notice to the other within sixty (60) days after Closing setting out its reasons for why it considers that there may have been such a material change in the profile of the Transferring Members. Following receipt of any such notice by either party the Seller and the Purchaser will discuss in good faith whether it is reasonable and proportionate in all the circumstances for either the Seller or the Purchaser (as appropriate) to pay to the other Global Party a balancing payment to account for any resulting change in the value of the relevant Transferred Employee Benefit Liabilities. If the Seller and the Purchaser fail to agree within three (3) months after the issuing of the notice, the matter shall be referred to the Independent Adjudicator under paragraph 3.2.

2.6 If the Total Employee Benefit Indemnification Amount is greater than the Total Estimated Employee Benefit Indemnification Amount, the Seller shall pay to the Purchaser an amount equal to the difference as compensation for assuming the Transferred Employee Benefit Liabilities. If the Total Employee Benefit Indemnification Amount is less than the Total Estimated Employee Benefit Indemnification Amount, the Purchaser shall pay an amount equal to the difference to the Seller. Any amount payable under this paragraph shall be by way of an adjustment to the Initial Cash Price in accordance with clause 3.5 (*Post-Closing Adjustments*) of this Agreement and paragraph 1.1 of Part D (*Financial Adjustments*) of Schedule 14 (*Post-Closing Financial Adjustments*).

3. Part Three: Miscellaneous

3.1 Unless (and to the extent that) the relevant Tax Benefit or Tax detriment has already been taken into account under any provision of this Schedule 10 (*Long-Term Employee Benefits*), any payment or transfer of assets under this Schedule 10 (*Long-Term Employee Benefits*) that is due and payable (including by way of an adjustment to the Initial Cash Price in accordance with clause 3.2(c) or an item of the External Debt or clause

- 3.5 (*Post-Closing Adjustments*) of this Agreement and paragraph 1.1 of Part D (*Financial Adjustments*) of Schedule 14 (*Post-Closing Financial Adjustments*)) to the Purchaser, the Purchaser's Group, any of their direct or indirect shareholders or the Purchaser's EB Arrangement shall be reduced by such Tax Benefit and increased by any Tax detriment connected, in each case, to the payment or to the underlying matter giving rise to the payment
- 3.2 If the Seller and the Purchaser (or their respective actuaries) do not agree on the determination, valuation or agreement of any matter to be specifically agreed under this Schedule 10 (*Long Term Employee Benefits*) within the specified time limit, or if no time limit is specified, within six (6) months after the dispute is first notified in writing by one party to the other, the matter shall be referred for a determination of the issue to an independent actuary or accountant agreed by the Seller and Purchaser or, if they do not agree, appointed by the president for the time being of an appropriate recognised independent actuarial or accounting body in the relevant jurisdiction at the request of the party who applies first (in each case, the *Independent Adjudicator*). In any such case, the Independent Adjudicator shall be a competent person who has appropriate expertise in relation to the jurisdiction and issues in respect of which the disagreement has arisen.
- 3.3 The Seller and the Purchaser shall provide the Independent Adjudicator with:
- (a) joint written instructions relating to the issues in dispute (which instructions shall request that a written determination setting out the Independent Adjudicator's decision should be issued in writing to both the Seller and the Purchaser no later than three (3) months after the date of the joint instructions); and
 - (b) any other information he reasonably requires in order to give his determination.
- 3.4 The Independent Adjudicator shall act as an expert and not as an arbitrator. His determination shall be final and binding on the Parties and his expenses shall be borne equally by the Seller and Purchaser, unless the Independent Adjudicator directs otherwise.
- 3.5 The Seller and the Purchaser Group agree that where any Transferred Employee has accrued defined contribution benefits prior to Closing in a Seller's EB Arrangement then:
- (a) the Seller shall use reasonable efforts to procure the vesting of those benefits (if they would otherwise lapse as a result of Closing); and
 - (b) the Seller and the Purchaser Group shall cooperate in good faith to procure a transfer of the account balances of such Transferred Employee from that Seller's EB Arrangement to a Purchaser Group arrangement.
- 3.6 Nothing in this Schedule 10 (*Long Term Employee Benefits*) confers or is intended to confer any rights or remedies upon any person other than the parties to this Agreement.
- 3.7 This Schedule 10 (*Long Term Employee Benefits*) shall apply separately in relation to each Employee Benefit Arrangement and Purchaser's EB Arrangement (as appropriate), unless otherwise stated.
- 3.8 To the extent that giving effect to the provisions of this Schedule 10 (*Long Term Employee Benefits*) would be expressly prohibited by the requirements of Applicable Law or any applicable Collective Agreement, the latter shall prevail. However, if this applies, or to the extent that any circumstances arise which are not expressly envisaged by this Schedule 10 (*Long Term Employee Benefits*), the Seller and the Purchaser Group shall each use reasonable endeavours to agree arrangements which are, as far as legally possible, consistent with the principles and objectives set out in this Schedule 10 (*Long Term Employee Benefits*). Subject to this, the mechanics of giving effect to this Schedule 10 (*Long Term Employee Benefits*) shall be determined by and shall be consistent with the requirements of Applicable Law and any applicable Collective Agreement.

SCHEDULE 11

REORGANISATIONS AND ACTIONS TO BE UNDERTAKEN IN PARTICULAR JURISDICTIONS

Part A Preliminary

1.1 **Sellers' obligations.** Unless explicitly stated otherwise in this Schedule 11 (*Reorganisations and Actions to be Undertaken in Particular Jurisdictions*), the Seller and the relevant Designated Sellers shall use their commercially reasonable efforts to complete (or procure that commercially reasonable efforts by the relevant Target Companies or other members of the Seller Group are used to complete) any and all of the steps and actions set out in (i) Part B (*Germany*) to Part L (*Japan*) (inclusive) of this Schedule 11 (*Reorganisations and Actions to be Undertaken in Particular Jurisdictions*) (collectively, the **Local Reorganisation Steps** and each a **Local Reorganisation Step**) as well as in (ii) Part M (*Export Model EMEA*), Part N (*Export Model APAC*), Part O (*Dealer Model Taiwan*) and Part P (*Dealer Model India*) (inclusive) of this Schedule 11 (*Reorganisations and Actions to be Undertaken in Particular Jurisdictions*) (collectively, the **Export Model Steps** and each an **Export Model Step**), in each case prior to or at the Closing Date at the latest. The Seller shall keep the Purchaser reasonably informed about the progress of the Local Reorganisation Steps as well as the Export Model Steps via the Transition Group and shall inform the Purchaser as soon as reasonably possible after any Local Reorganisation Step and/or Export Model Step has been completed (including by providing the Purchaser with copies of contractual and/or corporate documentation executed to complete the Local Reorganisation, and Export Model Steps). For the avoidance of doubt, nothing in this paragraph 1.1 shall require the Seller and the relevant Designated Sellers to consult with or obtain consent from the Purchaser or the Designated Purchasers with regard to the preparation or execution of any document, application or other act implementing the Local Reorganisation Steps and Export Model Steps.

1.2 **Purchasers' obligations.** The Purchaser and the Designated Purchasers shall, and shall procure that the other members of the Purchaser Group (including, after Closing, the Target Companies) shall, use their respective commercially reasonable efforts to co-operate with the Seller and the relevant Designated Sellers (or any other members of the Seller Group) in the preparation and implementation of the Local Reorganisation Steps and the Export Model Steps.

1.3 Modifications to the Local Reorganisation Steps and Export Model Steps.

- (a) If in the reasonable opinion of the Seller, it is preferable to structure or implement the (i) Local Reorganisation Steps other than as described in Part B (*Germany*) to Part L (*Japan*) (inclusive) and/or (ii) Export Model Steps other than as described in Part M (*Export Model EMEA*) to Part N (*Export Model APAC*) (inclusive) of this Schedule 11 (*Reorganisations and Actions to be Undertaken in Particular Jurisdictions*), the Seller and the relevant Designated Sellers may structure or implement any Local Reorganisation Step and/or Export Model Step in any alternative manner, provided that such alternative steps or their outcome (i) are substantially economically equivalent for the Purchaser Group (as a whole and including, for the avoidance of doubt, the Target Companies after Closing) and (ii) the Seller has informed the Purchaser Group about such alternative steps (including the reasons why they are required) in reasonable detail and outlined their economic equivalence for the Purchaser Group before their implementation.
- (b) The Seller shall consider in good faith any proposals regarding the Local Reorganisation Steps and/or Export Model Steps (including modifications) made by the Purchaser if and to the extent any such proposal will not adversely affect the Seller or any of its Affiliates (as reasonably determined by the Seller). If the Seller determines that such proposal made by the Purchaser shall be implemented, the relevant Parties and the Parties' relevant Affiliates shall use commercially reasonable efforts to do so, provided that any additional costs and any Taxes relating to or resulting from the implementation of such proposal shall be borne by the Purchaser.
- (c) Without prejudice to paragraph 1.3(a), in the event that amendments to the provisions of this Schedule 11 (*Reorganisations and Actions to be Undertaken in Particular Jurisdictions*) are required by the Seller in order to enable the full implementation of the Local Reorganisation Steps and/or the Export Model Steps by Closing or to achieve the commercial, operational, tax and legal purpose of the Local Reorganisation Steps and/or the Export Model Steps, the Global Parties shall negotiate in good faith to agree (such consent by the Purchaser not to be unreasonably conditioned, withheld or delayed) any such amendments to the provisions

of this Schedule 11 (*Reorganisations and Actions to be Undertaken in Particular Jurisdictions*) without undue delay and in any event prior to Closing.

1.4 Scope of Local Reorganisation Steps and Export Model Steps. The assets and liabilities to be sold and transferred by the relevant Designated Seller to the relevant Target Company pursuant to the relevant Local Reorganisation Steps and Export Model Steps shall be the assets set out in clause 2.1 (*Composition of the Businesses*) and the liabilities set out in clause 2.3 (*Assumed Liabilities*) at the time the relevant transfer becomes effective in accordance with this Schedule 11 (*Reorganisations and Actions to be Undertaken in Particular Jurisdictions*). No Designated Seller shall be required to transfer any Excluded Assets or Excluded Liabilities to any Target Company in connection with the relevant Local Reorganisation Step or Export Model Step unless the respective Designated Seller determines at its sole discretion that the transfer of specific Excluded Assets or Excluded Liabilities would be required to meet any local Tax conditions of a transfer of a going concern or to meet other Tax requirements, in which case the respective Designated Seller shall be entitled to also transfer any such Excluded Assets or Excluded Liabilities to any Target Company in connection with the relevant Local Reorganisation Step or Export Model Step (it being understood that, following the transfer, any such assets and liabilities are no longer allocated to or owed by a Business Seller and, therefore, shall no longer qualify as Excluded Assets and/or Excluded Liabilities). For the avoidance of doubt, the effect of all Local Reorganisation Steps and Export Model Steps completed prior to or at the Effective Time shall be taken into account for purposes of the Financial Adjustments pursuant to Schedule 14 (*Post-Closing Financial Adjustments*) and the other adjustments in Schedule 10 (*Long Term Employee Benefits*) and Schedule 12 (Tax).

1.5 Actions to be taken after Closing in connection with the Local Reorganisation Steps and Export Model Steps. From Closing, the following shall apply with regard to the Target Companies that are transferees of any asset, property or rights of every kind and description, wherever located, whether real, tangible or intangible pursuant to a Local Reorganisation Step or Export Model Step:

- (a) the provisions of paragraphs 1.3 through 1.12 of Schedule 6 (*Contracts*) shall apply *mutatis mutandis* (in each case as if the relevant Target Company were a Business Purchaser) to any Transferring Contract which is transferring to the relevant Target Company pursuant to the Local Reorganisation Steps and Export Model Steps and in relation to which the relevant Third Party Consents have not been obtained by Closing;
- (b) the provisions of paragraphs 1.3, 1.4, and 1.6 of Schedule 7 (*Other Assets*) shall apply *mutatis mutandis* (in each case as if the relevant Target Company were a Business Purchaser) to any Transferring Asset which is transferring to the relevant Target Company pursuant to the Local Reorganisation Steps and Export Model Steps and in relation to which the relevant Third Party Consents have not been obtained by Closing;
- (c) the provisions of clauses 27.3 (*Transfer of Transferring Business Data*), 27.4 (*Compliance with Legal Requirements*), 27.5 (*Treatment of Business Data at Seller Group*), 27.8 (*Seller Access to Purchaser Group Information and Employees*) shall apply *mutatis mutandis* (in each case as if the relevant Target Company were a Business Purchaser) to any Transferring Business Data which is transferring to the relevant Target Company pursuant to the Local Reorganisation Steps and Export Model Steps; and
- (d) the provisions of clause 35.3 (*Transfer of all of the Worldwide Business to the Purchaser*) shall apply *mutatis mutandis* to any property, right or asset forming part of the Worldwide Business (other than any property, right or asset expressly excluded from the sale under this Agreement) that has not but should have been transferred to the relevant Target Company pursuant to the Local Reorganisation Steps and Export Model Steps and the provisions of clause 35.4 (*Wrong-Pocket Item*) shall apply *mutatis mutandis* to any property, right or asset forming part of the Worldwide Business (other than any property, right or asset expressly included in the sale under this Agreement) that is found to have but should not have been transferred to the relevant Target Company pursuant to the Local Reorganisation Steps and Export Model Steps.

1.6 Employees and Long-Term Employee Benefits in connection with the Local Reorganisation Steps and Export Model Steps: For any Business Employee whom are envisaged to transfer to a Target Company in connection with the Local Reorganisation Steps and Export Model Steps (incl. for the avoidance of doubt, the Business Employees who reject the transfer of their employment relationship), the provisions of paragraph 2 (*General Provisions*), paragraph 3 (*Wrong-Pocket Arrangements*) and paragraph 4 (*Employment Liabilities*) of Schedule 9 (*Employees*) and the provisions of paragraph 1 (*Part One: Transfer of Employee Benefits for Transferred Employees to the Purchaser Group*) and paragraph 3 (*Part Three: Miscellaneous*) of Schedule 10 (*Long-Term Employee Benefits*) shall apply

mutatis mutandis (in each case (i) as if the relevant Target Company to which the Business Employee is envisaged to transfer were a Business Purchaser and (ii) as if the relevant date of the full implementation of the Local Reorganisation Step or Export Model Step in the relevant jurisdiction were the Closing Date).

1.7 Outstanding Schedule 11 Steps. Without prejudice to the obligations of the Seller and the Designated Sellers pursuant to paragraph 1.1 of this Part A (*Preliminary*) of this Schedule 11 (*Reorganisations and Actions to be Undertaken in Particular Jurisdictions*), if the Seller determines in good faith that any of the Local Reorganisation Steps or Export Model Steps cannot be (fully or partially) implemented between the date of this Agreement and the Closing Date (each an **Outstanding Schedule 11 Step**) for reasons other than a Local Condition in accordance with clause 4.12 (*Local Condition*) not having been fulfilled or waived, the Seller shall notify the Purchaser of such Outstanding Schedule 11 Step as soon as reasonably practicable and in any event no later than five (5) Business Days after the Seller has become aware that the Unconditional Date has occurred. If and only to the extent an Outstanding Schedule 11 Step results in the applicable portion of the Worldwide Business (or parts thereof) not being transferred to a Target Company as envisaged in this Schedule 11 (*Reorganisations and Actions to be Undertaken in Particular Jurisdictions*) before Closing, the relevant Seller's obligation to sell and transfer the applicable portion of the Worldwide Business (or parts thereof) to the Purchaser Group and the Purchaser's obligation to purchase and acquire, or to cause a Designated Purchaser nominated in accordance with clause 5.4(b) (*Escrow Release Amount and Release*) to purchase and acquire, such applicable portion of the Worldwide Business (or parts thereof) shall continue to apply subject to and in accordance with the provisions of this Agreement and the Parties shall discuss in good faith any alternative steps to enable the transfer *in rem* of the relevant portion of the Worldwide Business to the Purchaser or such Designated Purchaser. If Closing occurs despite the existence of certain Outstanding Schedule 11 Steps (either because the Condition in clause 4.1(a)(iv) (*Conditions of all Parties' obligations*) was satisfied despite the existence of such Outstanding Schedule 11 Steps or because such Condition was waived), the Purchaser shall nevertheless be obligated to pay to the Seller the full Debt Free / Cash Free Price allocated to the relevant portion of the Worldwide Business as set out in clause 3.4 (*Local Reorganisation Pre-Closing Adjustments*).

1.8 Local Condition. In the event that the implementation of a Local Reorganisation Step or Export Model Step is subject to the satisfaction or waiver of a Local Condition and such Local Condition has not been satisfied or waived by the Unconditional Date in accordance with clause 4.13 (*Local Conditions*), the provisions of clause 9 (*Delayed Closing*) shall apply *mutatis mutandis* to the relevant Reorganisation Step or Export Model Step.

1.9 Costs. Without prejudice to specific cost allocations otherwise set out in this Agreement or any of the Ancillary Agreements, the Global Parties agree that the allocation of any costs (for the avoidance of doubt, other than transfer Taxes which shall in each case be owed by the Purchaser in accordance with clause 36.2 (*Transfer Taxes*)) relating to the implementation of the Local Reorganisation Steps and Export Model Steps shall be governed by clause 30 (*Separation and Implementation Costs*).

1.10 Relationship between this Agreement and any agreements relating to a Local Reorganisation Step or Export Model Steps. Clause 7.5 (*Inconsistencies with Local Transfer Agreements*) through clause 7.8 (*Purchaser Local Transfer Agreement Claims*) shall apply *mutatis mutandis* to any agreements entered into for purposes of implementing a Local Reorganisation Step or Export Model Step, and the Purchaser shall procure that the relevant Target Companies also comply with the obligations set out in this paragraph 1.10 with effect as of Closing (or, in case of a Delayed Closing, as of the Delayed Closing).

- 1.3 The abovementioned warranties are the only ones given in relation to Tax or any related claims, liabilities or other matters (*Tax Matters*) and no other warranty is given in relation to Tax Matters.

Part C Tax Indemnification

- 1.1 Subject to paragraph 1.2 of this Part C (*Tax Indemnification*), the Seller shall pay to the Purchaser an amount equal to Pre-Effective Date Taxes paid or payable after the Closing Date by the Target Companies (*Indemnifiable Tax*).
- 1.2 The covenant contained in paragraph 1.1 of this Part C (*Tax Indemnification*) shall not encompass any Indemnifiable Tax to the extent that:
- (a) the aggregate amount of all Indemnifiable Taxes paid by a Target Company after the Closing Date (having applied the exclusions set out in sub-paragraphs (b) to (h) of this paragraph 1.2) is less than the aggregate amount of Tax liabilities and Tax accruals or provisions included in the Closing Statement to the extent such liabilities, accruals or provisions have reduced the Final Price (irrespective of their denomination in the Closing Statement);
 - (b) the Indemnifiable Tax has been paid or discharged on or prior to the Closing Date;
 - (c) the Indemnifiable Tax arises or is increased as a result of (i) changes of circumstances occurring after the Closing Date or (ii) changes of law, guidelines, decrees, or practices of any Tax Authority or of the view of the German Federal Tax Court or comparable foreign court, in each case published after the Closing Date;
 - (d) any of the Target Companies or any member of the Purchaser Group has received a corresponding indemnification payment after the Closing Date or has a claim for indemnification, reimbursement or any other kind of recovery (including a relieve from liability, e.g. in case of payments on account of a third party) against a party other than a Target Company with respect to the Indemnifiable Tax;
 - (e) the Indemnifiable Tax is directly or indirectly caused or triggered by (i) a measure initiated or executed by the Purchaser, a Designated Purchaser, any of their direct or indirect shareholders or other Affiliates or, after the Closing Date, by any Target Company or (ii) by non-compliance of the Purchaser or a Designated Purchaser or, after the Closing Date, of any Target Company with a covenant undertaken in this Schedule 12 (*Tax*) or with a specific instruction given by the Seller or a Designated Seller in respect of a Relevant Tax Proceeding;
 - (f) the Indemnifiable Tax can or could be avoided by offsetting taxable profits or gains against any Tax loss carry-backs or Tax loss carry-forwards created in the Pre-Effective Date Period; any use or reduction of a Tax loss carry-back or Tax loss carry-forward by the Purchaser, a Designated Purchaser or any of their direct or indirect shareholders or other Affiliates or, after the Closing Date, by any Target Company shall be

disregarded for the purpose of the existence of such offsetting opportunity within the meaning of this paragraph 1.2 ("as-if-calculation");

- (g) the Indemnifiable Tax or the circumstances underlying or triggering the relevant Pre-Effective Date Tax have led or could lead to a Tax Benefit which is (i) related to a time or time period after the Closing Date and (ii) occurring at the level of a Target Company, the Purchaser, a Designated Purchaser or any of their present or future direct or indirect shareholders or other Affiliates; it being understood that the amount of the Tax Benefit, by which the Indemnifiable Tax shall be reduced, shall be equal to the aggregate of:
 - (i) the amount of all Tax Benefits (without discounting) that have already been received (including, but not limited to, by way of set-off, deduction or Tax credit) by Target Companies when the claim for an Indemnifiable Tax would in principle fall due pursuant to paragraph 1.4 of this Part C (*Tax Indemnification*) (***Tax Indemnification Due Date***); plus
 - (ii) the net present values of all Tax Benefits that will likely be realised after the Tax Indemnification Due Date; the net present value shall be determined (a) by applying a discount rate of two per cent (2%) for the period commencing on the Tax Indemnification Due Date until the time when the respective Tax Benefit is likely to occur, and (b) by assuming that the respective Target Company, the Purchaser, the Designated Purchaser or the present or future direct or indirect shareholders or other Affiliates (as the case may be) is taxed on a stand-alone basis, is sufficiently profitable (including always in a Tax-paying position) and that Tax rates as applicable on the Tax Indemnification Due Date apply for the entire relevant period;
 - (h) this Agreement sets out otherwise that the Tax shall be borne by the Purchaser.
- 1.3 The Purchaser shall bear the burden of proof that the requirements set out in paragraph 1.2(a) - (h) of this Part C (*Tax Indemnification*) do not apply in respect of a claim made under paragraph 1.1 of this Part C (*Tax Indemnification*).
- 1.4 Any claim under paragraph 1.1 of this Part C (*Tax Indemnification*) (***Tax Indemnification Claim***) shall become due and payable twenty (20) Business Days after the Seller has been notified in writing (e-mail sufficient) by the Purchaser about the payment obligation and the corresponding payment date and has received a copy of the underlying Tax assessment or payment order of the Tax Authority and the bank account details of the competent Tax Authority, but in no case earlier than the date at which the Tax to be indemnified is due and payable to the Tax Authority. The Seller is entitled but not obliged to make the indemnification payment directly to the bank account of the Tax Authority.

Part D Overstated Tax Refund Claims

- 1.1 The Seller shall pay to the Purchaser an amount equal to the Tax receivable of a Target Company that has (i) been included in the Closing Statement as an asset (irrespective of its denomination in the Closing Statement) and (ii) increased the Final Price, if and to the extent that the relevant Tax receivable (i) is not recoverable (including by way of set-off or otherwise) from the relevant Tax Authority and needs to be reduced as a consequence of such overstatement after the Closing Date in accordance with IFRS and (ii) no Tax Benefit results from the reduction of such Tax receivable for a Target Company, the Purchaser, a Designated Purchaser, any present or future direct or indirect shareholder of the Purchaser or a Designated Purchaser or any of the Purchaser's or Designated Purchasers' Affiliates. The Purchaser and each Designated Purchaser shall use reasonable best efforts to recover any Tax receivable relating to the Pre-Effective Date Period. Any Tax receivable and any Tax asset that has intentionally (*vorsätzlich*) or negligently (*fahrlässig*) not been recovered shall be deemed as having been recovered as a Tax Refund for purposes of this Part D (*Overstated Tax Refund Claims*) (***Deemed Tax Refund***).
- 1.2 The payment obligation under this Part D (*Overstated Tax Refund Claims*) shall become due and payable twenty (20) Business Days after the Seller has been notified by the Purchaser in writing (e-mail sufficient). The notice shall contain reasonable sufficient details about the claim, the underlying Tax receivable as well as copies of any applicable assessment, notice or other document received from any Tax Authority in relation to such claim and Tax receivable.

Part E Understated Tax Refunds, Overprovisions, Over-Indemnifications, Tax Benefits and Group Taxes

- 1.1 The Purchaser shall pay to the Seller an amount equal to:
- (a) any Pre-Effective Date Tax Refund received or any Deemed Tax Refund after the Closing Date by or for a Target Company unless the refund has increased the Final Price as an asset (irrespective of their denomination in the Closing Statement) (*Pre-Effective Date Tax Refund Excess*);
 - (b) the difference between (i) the higher payment on Indemnifiable Taxes made by the Seller in accordance with Part C (*Tax Indemnification*) and (ii) the lower amount at which this Indemnifiable Tax is subsequently assessed or otherwise recovered (*Over-Indemnification*);
 - (c) any provision, accrual or liability in respect of a Pre-Effective Date Tax that has (i) reduced the Final Price and (ii) been (partly) written off under IFRS (other than for reasons of payment after the Closing Date) (*Overprovision*);
 - (d) any Tax Benefit (calculated in accordance with paragraph 1.2(g) of Part C (*Tax Indemnification*)) (i) which is (x) related to a time or time period after the Closing Date and (y) occurs at the level of a Target Company, the Purchaser, a Designated Purchaser or any of their present or future direct or indirect shareholders or other Affiliates and (ii) to the extent such Tax Benefit (x) directly corresponds to an Indemnifiable Tax and (y) has not already reduced such Indemnifiable Tax pursuant to paragraph 1.2(g) of Part C (*Tax Indemnification*), or ; and
 - (e) any Taxes of the Seller, a Designated Seller, or, in each case, any of their present or former direct or indirect shareholders or any of their Affiliates based on the existence of or related to a non-recognition or (retroactive) elimination of a Tax Group provided that the Purchaser or a Designated Purchaser failed to comply with its obligations under Part H (*Tax Returns*), Part I (*Tax Proceedings After Closing*) or Part J (*Profit and Loss Pooling Agreements*), unless (and to the extent that) such non-compliance has not impaired the Seller's, the relevant Designated Seller's or, in each case, any of their present or former direct or indirect shareholder's or any of their Affiliate's capability to defend its underlying Tax position or the relevant Tax (*Group Tax*).
- 1.2 The payment obligations set out in this Part E (*Understated Tax Refunds, Overprovisions, Over-Indemnifications, Tax Benefits and Group Taxes*) shall become due and payable as follows:
- (a) any Pre-Effective Date Tax Refund Excess, any Over-Indemnification and any Tax Benefit twenty (20) Business Days after the relevant Pre-Effective Date Tax Refund Excess, Over-Indemnification or Tax Benefit has been received (in cash, by way of set-off or otherwise); and
 - (b) any Overprovision three (3) months after the relevant accrual, provision or liability has been written off under IFRS; and
 - (c) any Tax Benefit twenty (20) Business Days after any part of the relevant Tax Benefit has materialized for the first time; and
 - (d) any Group Tax twenty (20) Business Days after the Seller has informed the Purchaser in writing of the relevant claim.
- 1.3 The Purchaser shall notify the Seller in writing (e-mail sufficient) of any Pre-Effective Date Tax Refund within twenty (20) Business Days after the receipt, and of any Over-Indemnification and of any Overprovision at the latest on the due date of the relevant payment obligation set out in paragraph 1.2 of this Part E (*Understated Tax Refunds, Overprovisions, Over-Indemnifications, Tax Benefits and Group Taxes*).
- 1.4 Upon request with reasonable notice and at its own expense, the Seller or any Designated Seller may, during ordinary working hours, review any documents relating to Indemnifiable Taxes, Pre-Effective Date Tax Refunds, Overprovisions, Over-Indemnifications and Tax Benefits. The Seller or the relevant Designated Seller may elect to have the documents reviewed by an advisor of its choice (and on its own costs) who is bound by the professional duties for tax advisors or certified public accountants. If this review reveals that the Purchaser or any Designated Purchaser has not complied with its obligation to inform the Seller pursuant to paragraph 1.3 of this Part E (*Understated Tax Refunds, Overprovisions, Over-Indemnifications, Tax*

Benefits and Group Taxes) the Purchaser shall bear reasonable costs of the advisor related to the review of the relevant documents.

Part F Covenants of Purchaser and Designated Purchasers

1.1 The Purchaser and the Designated Purchasers shall not and shall procure that, after the Closing Date, each of the Target Companies and any of their direct and indirect shareholders or other Affiliates shall not:

- (a) take or omit any action (including any declaration) if and to the extent that the action or omission does cause or increase a Tax liability, or a loss or a reduction of any Tax Benefit of the Seller, a Designated Seller, any other present or former direct or indirect shareholder or other Affiliate of a Target Company or a Target Company itself; and
- (b) (i) exercise or change any Tax election right for any Target Company, (ii) change any (commercial or tax) financial statements or accounting practice of any Target Company, (iii) amend any Tax Return filed for any Target Company, (iv) change any transfer pricing scheme of any Target Company which is in place at the Closing Date, (v) enter into any transaction, merger, conversion or any other kind of restructuring, or (vi) omit an action, declaration or notification required to obtain or maintain a Tax Benefit, in each case unless it does not and could not, in respect of a Target Company, give rise to, or result in a Pre-Effective Date Tax liability, taxable income or reduction of Tax losses for the Pre-Effective Date Period, or any reduction of a Pre-Effective Date Tax Refund,

in each case, unless (i) the action is required by mandatory law and the Purchaser and the relevant Designated Purchaser has given sufficient opportunity to the Seller and the relevant Designated Seller to intervene or (ii) the Seller has given its prior consent to the Purchaser.

1.2 The Purchaser shall pay to the Seller an amount equal to any Tax and any loss or reduction of any Tax Benefit and other kind of costs which are directly or indirectly caused by a breach of a covenant or any other kind of commitment under paragraph 1.1 of this Part F (*Covenants of Purchaser and Designated Purchaser*) and which are suffered by a Seller, a Designated Seller or any of their present or former direct or indirect shareholders or other Affiliates. The payment obligation of the Purchaser under this paragraph 1.2 shall become due and payable twenty (20) Business Days after the Purchaser (i) has been notified by the Seller about the payment obligation and (ii) has received a copy of the underlying Tax assessment or payment order (if applicable). If the underlying Tax is subsequently reduced, the difference between the higher amount paid and the lower Tax amount shall be reimbursed by the Seller to the Purchaser within twenty (20) Business Days after the reduction has become effective. Paragraph 1.3 of Part E (*Understated Tax Refunds, Overprovisions, Over-Indemnifications, Tax Benefits and Group Taxes*) shall apply *mutatis mutandis*.

1.3 If and to the extent that:

- (a) the income or a capital gain of a Target Company or its direct or indirect shareholders, in each case for a Pre-Effective Date Period, is increased (or a Tax loss is reduced) resulting in a corresponding adjustment of the income or gain that is:
 - (i) taxable for (corporate) income tax (*Einkommensteuer, Körperschaftsteuer*) and/or trade tax (*Gewerbesteuer*) purposes of the Seller or a Designated Seller or any of their present or former direct or indirect shareholders, for example (x) based on the assumption of a Tax Group for corporate income and trade tax purposes, (y) due to a Target Company being treated as fiscally transparent or (z) due to a reorganisation implemented prior to Closing; and
 - (ii) connected to an amendment of a Tax assessment after the Closing Date; or
- (b) the income that is taxable for (corporate) income tax (*Einkommensteuer, Körperschaftsteuer*) and/or trade tax (*Gewerbesteuer*) purposes of the Seller or a Designated Seller or any of their present or former direct or indirect shareholders for a Pre-Effective Date Period is increased due to the non-recognition of a Tax Group; and

- (c) in each case (a) and (b) such adjustment of the taxable income or gain of the Seller, the Designated Seller or their present or former direct or indirect shareholders has led or could lead to a Tax Benefit related to a time or periods after the Closing Date of a Target Company or the Purchaser or a Designated Purchaser or any of their present, former or future direct or indirect shareholders or other Affiliates,

the Purchaser shall pay an amount equal to such Tax Benefit (calculated in accordance with paragraph 1.2(g) of Part C (*Tax Indemnification*)) to the Seller. The payment pursuant to this paragraph 1.3 shall be due and payable within twenty (20) Business Days after the Seller has notified the Purchaser about the relevant increase of the taxable income.

- 1.4 If and to the extent that adjustments after the Closing Date (including on the basis of a Tax audit) of the consideration for transactions between a member of the Seller Group and a Target Company consummated before the Closing Date have led or could lead to a Tax Benefit of the Purchaser or a Designated Purchaser or any of their present, former or future direct or indirect shareholders or other Affiliates or, for periods after the Closing Date, a Target Company, the Purchaser shall pay an amount equal to such Tax Benefit (calculated in accordance with paragraph 1.2(g) of Part C (*Tax Indemnification*)) to the Seller. The payment pursuant to this paragraph 1.4 shall be due and payable within twenty (20) Business Days after the Seller has notified the Purchaser about the relevant adjustment.
- 1.5 The Purchaser warrants that it is, and each Designated Purchaser is, an entrepreneur under applicable VAT law.

Part G VAT Allocation

- 1.1 The Parties acknowledge that Merck Surface Solutions GmbH and Merck Gernsheim Holding GmbH are treated as subsidiaries of a VAT group (*umsatzsteuerliche Organschaft*) (each of them a **VAT Group Subsidiary**) with Merck KGaA as the top entity of this VAT group (**VAT Group Parent**) for time periods up to and including the Closing Date.
- 1.2 The following principles apply to VAT allocation:
- (a) as a general principle (the **Commercial VAT Allocation**):
- (i) VAT on VATable supplies (such as goods or services) provided by (or, in a reverse charge situations, to) a VAT Group Subsidiary with respect to a Pre-Effective Date Period are to be borne by such VAT Group Subsidiary; and
- (ii) any input VAT (*Vorsteuer*) on VATable supplies received by a VAT Group Subsidiary with respect to a Pre-Effective Date Period shall be for the benefit of such VAT Group Subsidiary;
- (b) for each VAT Group Subsidiary, the aggregate amount of VAT may be higher than the aggregate amount of input VAT for a relevant period (such difference between the aggregate amount of VAT and the aggregate amount of input VAT being, the **VAT Excess Amount**) or lower than the aggregate amount of input VAT for a relevant period (such difference between the aggregate amount of VAT and the aggregate amount of input VAT being, the **Input VAT Excess Amount**); if and to the extent that the actual VAT or input VAT is by operation of VAT law (and contrary to the Commercial VAT Allocation) owed by or refundable to the VAT Group Parent rather than the relevant VAT Group Subsidiary:
- (i) the relevant VAT Group Subsidiary shall pay an amount equal to any VAT Excess Amount to the VAT Group Parent twenty (20) Business Days after the underlying VAT has been assessed; and
- (ii) the VAT Group Parent shall pay an amount equal to any Input VAT Excess Amount to the respective VAT Group Subsidiary twenty (20) Business Days after the underlying VAT has been assessed,

in each case, to the extent such VAT Excess Amount or Input VAT Excess Amount has not already been taken into account when determining the Final Price (irrespective of their denomination in the Closing Statement);

- (c) if and to the extent that the basis for the calculation of VAT changes (including due to correction of figures, the non-recognition of a VAT group or the treatment as a VAT group) the payment obligations under paragraph 1.2(b) shall be adjusted accordingly.
- 1.3 If a VAT group is not recognised (retroactively) and transactions among a VAT Group Subsidiary on the one hand and the VAT Group Parent or any other VAT Group Subsidiaries on the other hand are VATable, the VAT Group Parent and the VAT Group Subsidiaries shall, as the case may be, (i) cooperate to issue invoices with respect to such transactions in compliance with applicable VAT law; and (ii) settle any claims they may have against each other (in particular set-off VAT on supplies against counter-claims under paragraph 1.2 of this Part G (*VAT Allocation*) or a VAT allocation agreement or, to the extent possible, by way transfer of VAT refund claims against a Tax Authority).
- 1.4 The Purchaser and the relevant Designated Purchaser shall procure that, after the Closing Date, the relevant VAT Group Subsidiary shall comply with all its obligations as stipulated under this Part G (*VAT Allocation*). The Purchaser and the relevant Designated Purchaser shall, and shall procure that the VAT Group Subsidiaries shall cooperate with the Seller and the VAT Group Parent with respect to the VAT group, provide any information and documents necessary for the VAT Group Parent to satisfy any VAT compliance obligations, including filing of VAT returns, for the period up to (and including) the Closing Date, and notify the Seller (e-mail sufficient) without undue delay of any matter relevant in connection with the VAT group.

Any Tax Returns relating to any Relevant Tax Proceeding shall be subject to the review of the Seller. The Purchaser and the relevant Designated Purchasers shall procure that no such Tax Return is submitted to any Tax Authority without approval of the Seller. The Purchaser and the relevant Designated Purchaser shall ensure that any Tax Return to be reviewed and approved by the Seller will be sent to the Seller no later than thirty (30) Business Days (or five (5) Business Days in case of a monthly Tax Return) before the filing due date of the relevant Tax Return and that all Taxes payable under such Tax Returns shall be paid in a timely manner. The Seller shall be deemed to have given its consent to any Tax Return furnished to it in a timely manner for review if the Seller has not provided any comment with respect to the respective Tax Return to Purchaser, the relevant Designated Purchaser or the Target Company within twenty (20) Business Days (or three (3) Business Days in case of a monthly Tax Return) following the receipt (*Zugang*) of the respective Tax Return. Paragraph 1.4 of Part I (*Tax Proceedings After Closing*) shall apply. - 1.9 If and to the extent feasible under the Pillar 2 Rules, the Seller and/or any Designated Seller shall have the right (e.g., by way of causing that a member of the Seller Group is designated as a *designated filing entity* or that such election rights are otherwise designated to a member of the Seller Group) to make any elections on account of the Target Companies under the Pillar 2 Rules or otherwise relating to Pillar 2 Tax Matters, neither the Purchaser and the relevant Designated Purchaser(s) nor the Target Companies shall make any elections pursuant to the Pillar 2 Rules which may give rise to Taxes or reporting or filing requirements at the level of the Seller and/or any Designated Seller pursuant to Pillar 2 Rules.
- 1.10 If an election on account of the Target Companies in accordance with the foregoing paragraph 1.9 of this Schedule 12 (*Tax*) is not feasible under the applicable Pillar 2 Rules, the Purchaser and the relevant

For the avoidance of doubt, paragraph 1.4 below applies to the execution of the requisite *DPLTA Termination Agreements*.

If the Seller does not agree with the DPLTA Financial Statements, paragraphs 1.4 through 1.10 of Part C of Schedule 14 (*Post-Closing Financial Adjustments*) shall apply *mutatis mutandis*. The Purchaser shall, without undue delay, cause the DPLTA Financial Statements as agreed between the Purchaser and the Seller or determined pursuant to this paragraph 1.5 of this Part J to be audited (the ***Audited DPLTA Financial Statements***) and to be approved at shareholder meetings of MGH and MSS, respectively. The amounts (if any) owed to Merck Electronics KGaA and Merck KGaA by MGH and MSS, respectively, under the DPLTA for the transfer of profits accrued in the fiscal year ending on the DPLTA Fiscal Year End Date according to the Audited DPLTA Financial Statements shall each be referred to as a ***Profit Transfer Payable***. - 1.9 The Estimated DPLTA Amounts, the Estimated Closing Profit Transfer Payables and the DPLTA Amounts shall not impact the amounts to be paid pursuant to Schedule 14 (*Post-Closing Financial Adjustments*). - 1.13 If and to the extent that, after the Closing Date, the changes to the financial statements of MGH and/or MSS pursuant to paragraph 1.12 of this Part J (*Profit and Loss Pooling Agreements*) lead to an additional payment obligation of MGH or MSS under the DPLTAs to Merck Electronics KGaA or Merck KGaA, MGH or MSS (as applicable) shall make such payment without undue delay and the Seller shall make a corresponding compensation payment to the Purchaser without undue delay. If and to the extent that, after the Closing Date, changes to the financial statements of MGH and/or MSS pursuant to paragraph 1.12 of this Part J (*Profit and Loss Pooling Agreements*) lead to an additional payment obligation of Merck Electronics KGaA or Merck KGaA under the DPLTAs to MGH or MSS, respectively, Merck Electronics KGaA or Merck KGaA (as applicable) shall make such payment without undue delay and the Purchaser shall make a corresponding compensation payment to the Seller without undue delay. - 1.14 The Parties shall cooperate in good faith and take all actions reasonably necessary in order to maintain the tax groups between Merck Electronics KGaA and MGH on the one hand and Merck KGaA and MSS on the other hand for the time periods until and including the Closing Date.

The Preliminary Closing Statement shall be prepared in good faith and on a basis consistent with the provisions of Part A (*Preliminary*) and Part B (*Specific Accounting Policies*) of this Schedule 14 (*Post-Closing Financial Adjustments*).

- 1.2 For the purposes of finally determining the External Debt, Cash, Inter-Company Non-Trading Net Debt and Working Capital as well as any costs owed by the Purchaser (if any) to the Seller in connection with clause 30 (*Separation and Implementation Costs*), the Seller shall, or shall procure that the Seller's accountants shall, after Closing prepare a draft statement (the **Draft Closing Statement**) showing the External Debt, Cash, Inter-Company Non-Trading Net Debt and Working Capital as well as costs owed by the Purchaser (if any) to the Seller in connection with clause 30 (*Separation and Implementation Costs*).
- 1.3 The Draft Closing Statement shall be prepared in good faith in the form set out in Exhibit 5 (*Financial Adjustments*) setting out the calculation of the External Debt, Cash, Inter-Company Non-Trading Payables or Inter-Company Non-Trading Receivables and Working Capital. The Seller shall deliver the Draft Closing Statement to the Purchaser within ninety (90) Business Days after Closing.
- 1.4 The Purchaser shall notify the Seller in writing (an **Objection Notice**) within forty (40) Business Days after receipt (the **Purchaser Review Period**) whether or not it accepts the Draft Closing Statement for the purposes of this Agreement. An Objection Notice shall set out in detail the Purchaser's reason for each item of non-acceptance and specify the amount of each adjustment which, in the Purchaser's opinion, should be made to the Draft Closing Statement in order for it to comply with the requirements of this Agreement. Except for the matters specifically set out in the Objection Notice, the Purchaser shall be deemed to have agreed the Draft Closing Statement in full.
- 1.5 If the Purchaser serves an Objection Notice in accordance with paragraph 1.4 of Part C of this Schedule 14 (*Post-Closing Financial Adjustments*), the Seller and the Purchaser shall use all reasonable efforts to meet and discuss the objections of the Purchaser and to agree to the adjustments (if any) required to be made to the Draft Closing Statement, in each case within forty (40) Business Days after receipt by the Seller of the Objection Notice (the **Objection Settlement Period**).
- 1.6 If the Purchaser is satisfied with the Draft Closing Statement (either as originally submitted or after adjustments agreed between the Purchaser and the Seller pursuant to paragraph 1.5 of Part C of this Schedule 14 (*Post-Closing Financial Adjustments*)) or if the Purchaser fails to issue an Objection Notice within the Purchaser Review Period, then the Draft Closing Statement (incorporating any agreed adjustments) shall be deemed final and binding and, at such time, shall constitute the final closing statement (the **Closing Statement**) for the purposes of this Agreement.
- 1.7 If the Purchaser and the Seller do not resolve all of such objections within the Objection Settlement Period, at the election of either party, the Purchaser and Seller shall submit (on the application of either the Purchaser or the Seller) all matters that remain in dispute and which were included in the Objection Notice (the **Unresolved Objections**) to an independent firm of chartered accountants of international standing as the Purchaser and the Seller shall agree or, failing agreement, appointed by the chairman of the executive board (*Sprecher des Vorstands*) of the Institute of Public Auditors in Germany (*Institut der Wirtschaftsprüfer in Deutschland e.V.*) (the **Firm**). The Firm shall be requested to make its decision regarding only the Unresolved Objections within thirty (30) Business Days (or such later date as the Purchaser, the Seller and the Firm agree in writing) of confirmation and acknowledgement by the Firm of its appointment. The following provisions shall apply once the Firm has been appointed:
- (a) the Purchaser and the Seller shall promptly provide to the Firm any information of such Party that the Firm reasonably requests for purposes of resolving the Unresolved Objections, including making available books and records, and work papers, and facilitating access to such Party's representatives, as applicable; *provided*, that each Party shall provide the Seller or the Purchaser (as applicable) with a simultaneous copy of any materials provided to the Firm, and no Party shall have any *ex parte* communications with the Firm regarding any Unresolved Objection. The Purchaser and the Seller shall instruct the Firm to
- (i) resolve any Unresolved Objection using only presentations and supporting materials provided by the Seller and the Purchaser and applying the provisions of this Agreement;
- (ii) limit the scope of its review and authority to resolving the Unresolved Objections,

- (iii) not assign a value to any item greater than the greatest value claimed for such Unresolved Objection in the Objection Notice or less than the smallest value for such Unresolved Objection claimed by the Purchaser in the Objection Notice; and
 - (iv) to issue, within thirty (30) days of delivery of the Unresolved Objections, a ruling in the English language that sets forth the resolution of each such Unresolved Objection, the Closing Statement and the components of the Initial Cash Price contained therein, reflecting the Firm's resolution of such Unresolved Objections and the reasoning therefore;
- (b) subject to paragraph (c) below, the resolution by the Firm of the Unresolved Objections shall be final and binding and, at such time, the Draft Closing Statement, as modified to reflect such resolution and any matters resolved in accordance with paragraph 1.5 of Part C of this Schedule 14 (*Post-Closing Financial Adjustments*), shall be deemed the Closing Statement and the amounts shown in the Closing Statement as the External Debt, Cash, Inter-Company Non-Trading Net Debt and Working Capital shall be final and binding for the purposes of this Agreement; and
- (c) the Firm shall act as an expert (and not as an arbitrator) in making its determination which shall, in the absence of manifest error (§ 319 of the German Civil Code), be final and binding on the Parties and, without prejudice to any other rights which they may respectively have under this Agreement, the Parties expressly waive, to the extent permitted by law, any rights of recourse they may otherwise have to challenge it.
- 1.8 The allocation of the fees and expenses of the Firm to the Purchaser and the Seller shall, together with the Firm's ruling on the subject-matter, be finally determined by the Firm in proportion to their respective success and defeat in accordance with the principles set forth in §§ 91 et seq. of the German Procedural Code (ZPO).
- 1.9 To enable the Seller to meet its obligations under this Schedule 14 (*Post-Closing Financial Adjustments*), where relevant, the Purchaser shall provide to the Seller and the Seller's accountants full access to the books and records, any other information reasonably required to prepare the Draft Closing Statement, employees and premises of the Target Companies or the Businesses and, where relevant, of the Purchaser for the period from the Closing Date to the date that the Draft Closing Statement is agreed or determined. If the Purchaser serves an Objection Notice, it shall ensure that the Seller and the Seller's accountants shall be given reasonable access to the Purchaser's working papers relating to the adjustments proposed in the Objection Notice and any other submissions by or on behalf of the Purchaser in relation to the Closing Statement. The Purchaser shall cooperate fully with the Seller and shall permit the Seller and/or the Seller's accountants to take copies (including electronic copies) of the relevant books and records and shall provide all assistance reasonably requested by the Seller to facilitate the preparation of the Closing Statement.
- 1.10 The Seller and the Purchaser agree that, subject to the limitations of § 319 of the German Civil Code which shall, however, be applicable only to the Firm's ruling in accordance with paragraph 1.7(c) of this Part C of this Schedule 14 (*Pre-Closing Financial Adjustments*), the procedure set forth in this Part C of this Schedule 14 (*Pre-Closing Financial Adjustments*) for resolving disputes with respect to the Draft Closing Statement shall be the exclusive method for resolving any disputes with respect to Cash, Inter-Company Non-Trading Receivables, Inter-Company Non-Trading Payables, External Debt and Working Capital.

- (d) except as set out in this Schedule 17 (*Delayed Closing*), the terms of this Agreement, other than the terms of Schedule 12 (*Tax*) to the extent relating to a Delayed Company (it being understood that for such Delayed Companies for purposes of Schedule 12 (*Tax*), the definition of Affiliate shall be interpreted in a manner that a Delayed Company shall be deemed to constitute an Affiliate of the Seller only up to the Closing Date and an Affiliate of the Purchaser thereafter), shall apply to the relevant Delayed Interest save that references to "Closing Date" shall be read as references to the relevant Delayed Closing Date and references to "Closing"

shall be read as references to the relevant Delayed Closing in so far as such terms and conditions are applicable to the relevant Delayed Interest.

1.4 At a Delayed Closing:

 - (b) the nature, extent and terms of any cooperation, support, access (including the supply of products, the supply of services and access to the Transferring Business Data) and other assistance by and from the Purchaser Group that may be reasonably necessary from Closing to allow the Seller or its Affiliates to continue to operate such Delayed Business in accordance with this Schedule 17 (*Delayed Closing*).

Company, with effect from Closing and not from the relevant Delayed Closing. No Party shall be liable to make payment in respect of a Claim relating to any Assumed Liabilities or Excluded Liabilities relating to a Delayed Company prior to the relevant Delayed Closing.

- 1.3 The time periods in clause 16.1 (*Time Limits*) shall be unaffected in respect of a Warranty Claim that relates to a Delayed Company, except that neither the Seller nor its Affiliates shall be liable to make payment in respect of such a Warranty Claim prior to the relevant Delayed Closing Date.

Relocation Concepts

- **Brazil – Office & lab:** Move of lab (cosmetic applications) and office personnel into a new rented space (~380 sqm) in a new SPACE dedicated location. Lab construction work of low complexity (only a few suction nozzles, no gases and no special media needed). Lab area will be separated off by glass walls from office area. EHS clearance and new registrations for permits needed. Employees will be transferred to a new union of the new location and will transfer with the NewCo Brazil.
- **GER (Höchst) – lab:** Move of labs (all applications) into a new rented space (~3900 sqm) in the Industrial Park Höchst nearby Darmstadt. Floor 0 + 1 + 2 pre-equipped and can largely be used as-is with small to medium adaption needs (e.g. setting up meeting rooms, IT infrastructure). Floor 4 needs full re-construction to host Coatings lab incl. spray cabin with access to roof-top exhaust ventilation. All constructions which are eligible for 3rd party usability after termination of rent are executed by Höchst and the invest is covered via the investment rent surcharge in addition to the monthly rent. Constructions which are not eligible for 3rd party usability are executed by Merck (e.g. roof-top installation for Coatings exhaust ventilation). Employees will be covered under the Darmstadt works council (new location Höchst) and will transfer with the NewCo Germany.
- **CN (Shanghai) – Office & lab:** Move of lab (all applications) and office personnel into a new rented space (~3000 sqm) in a new location nearby current location.

Part C

Separation Concept for Gernsheim

The separation will follow the guiding principles:

- For Merck RemainCo's dedicated production facilities and laboratories, an electronic access control system will be implemented using badge readers on all access points. Additionally, doors within office buildings will be lockable. For Merck RemainCo's warehouses & offices no access control systems on access points required as doors already lockable.
- The majority of shared buildings, which include production facilities, laboratories, and offices belonging to both Merck RemainCo and SPICE, will be converted into dedicated buildings for Merck RemainCo or SPICE. This will involve the relocation of employees, machinery, and laboratory equipment. Where a clear division is not possible, physical separation of production facilities, laboratories, and offices will be implemented within the buildings. This may include construction measures and access controls. Furthermore, the lease agreement will ensure contractual separation for warehouses and the tank farm.
- Common areas within the Gernsheim industry park, such as parking areas, the canteen, and smoking areas, will be utilized by both Merck RemainCo and SPICE under the same rules applying to other tenants of the Gernsheim industry park. Locker rooms within common areas will be converted into dedicated rooms for Merck RemainCo or SPICE.
