Hong Kong

Hong Kong's retail sector experienced a substantial decline during the year under review, reflecting unstable internal and external business conditions. According to the Census and Statistics Department, for the entirety of 2024, the total value of retail sales in Hong Kong was estimated at \$376.8 billion, which represents a decrease of 7.3% compared to 2023. The value of online retail sales was also down by 2.6% to \$31.7 billion. Our Hong Kong beauty, slimming, and wellness service operations were not immune to these pressures. Nevertheless, management is confident in the long-term outlook, underpinned by our robust service management practices that ensure high quality.

Revenue in Hong Kong during FY2025 increased by 1.4%. Revenue from services rendered and receipts from prepaid beauty packages during FY2025 were HK\$375.6 million and HK\$378.2 million respectively (FY2024: HK\$372.7 million and HK\$386.1 million), representing an edged increase of 0.8% and decrease of 2.0% respectively. Revenue from sales of skincare and wellness products was HK\$29.4 million in FY2025 (FY2024: HK\$26.7 million). Our customers in Hong Kong amounted up to a total of approximately 440,400 during the year under review, representing an edged increase of 0.8% as compared to approximately 437,000 in the same period last year.

Our Group has managed to reshuffle the portfolio of shops in Hong Kong and retain our staff as much as we can, and strive to enhance the operational efficiency in order to achieve long term healthy development for the Group. We will continue to ensure the safety and quality of the services and products offered in our beauty and wellness centres.

In terms of the sales of skincare and wellness products, as of 31 March 2025, the Group had a total of 8 stores under the names of "be Beauty Shop", located across Hong Kong, Kowloon and New Territories. More than 100 varieties of products are available for sale under different series of skincare service, including "Y.U.E", "Advanced Natural", "be", "Care Plus", "Cellnoc", "Malu Wilz", "Dr Plus", "Castille", "Eclat du teint", "p.e.n", "FERRECARE", "Byotea", "Mu-lan Spa", "Natural Care", "Veribel" which can fulfil the needs of customers with different skin types.

Mainland China

Before the end of FY2024, our two wholly owned foreign enterprises operating a total of 3 service centres in Shanghai and Guangzhou were disposed to a third party. The past performance of our China salon business has long been unsatisfactory in particular during and after the COVID-19 pandemic. The Group will focus our resources on the Hong Kong and Singapore market.

Singapore

During FY2025, the Group operated a total of 8 beauty and wellness service centres in Singapore (FY2024: 7). During FY2025, the revenue from operations in Singapore was HK\$47.5 million, as compared with HK\$50.0 million for the same period last year. Revenue recognised for provision of beauty and wellness services and receipts from sales of prepaid beauty packages in Singapore amounted to HK\$40.5 million and HK\$39.3 million respectively, as compared with HK\$42.5 million and HK\$42.3 million for the same period last year.

Management will closely monitor the risk exposures faced by the Group, and will take necessary actions to minimise potential risks and strike a balance between our exposure and return so as to properly hedge such exposures.

Human resources and training

The Group had a workforce of 793 staff as of 31 March 2025 (31 March 2024: 844 staff), including 644 front-line service centre staff in Hong Kong and 60 in Singapore. Outlook

Facing a widely expected Hong Kong's ongoing economic weakness, retail and consumer sentiment deteriorated, adversely affecting the beauty and wellness services industry and related product sales. Nonetheless, we have prioritized operating cost control and sustaining a robust cash position. We maintain prudent optimism regarding the Group's future prospects despite the weakened business climate.

Top Care Corporate Services (Hong Kong) Limited ("Top Care"), our wholly owned subsidiary, received its Hong Kong trust or company service provider license from the Companies Registry on 30 May 2024. This license enables Top Care to partner with our family offices management team in offering integrated wealth management and protection services to family office clients.

SFC data highlights the growth potential: Hong Kong's asset and wealth management Assets Under Management ("AUM") surpassed HK\$31 trillion in 2023 (up 2.1%). Crucially, family office and private trust AUM under private banking/wealth management soared 76% since 2017 to HK\$1.45 trillion in 2023 – vastly outperforming the global sector's 29% growth. The increasing number of high-net-worth individuals positions trust and family office services as increasingly critical within Hong Kong's private wealth management industry.

Looking ahead, the Group is restructuring its retail portfolio, closing certain shops and establishing new ones. The reconfigured service center network is anticipated to improve customer accessibility, thereby aiding the expansion of customer reach, brand promotion, and business development. While Hong Kong premises rentals depressed due to economic factors, the network is expected to enhance the Group's occupancy cost management. Additionally, the Group will continue proactive, stringent cost control in all areas, provided service and product standards are upheld.

Concurrently with our business development efforts, we are dedicated to continuously enhancing the Group's risk management framework, capabilities, and culture, thereby securing our long-term business sustainability and growth.
