The issue price shall not be lower than 80% of the average trading price of the Shares of the Company for the 20 trading days preceding the pricing benchmark date (exclusive, the same below), and the net assets per Share attributable to ordinary shareholders of the parent company^{note} as shown in the latest audited annual accounts of the Company before the Issuance, whichever is higher (i.e. the “base issue price”, with two decimal places according to the “round up method”). The average trading price of Shares for the 20 trading days preceding the pricing benchmark date = total trading amount of Shares for the 20 trading days preceding the pricing benchmark date/total trading volume of Shares for the 20 trading days preceding the pricing benchmark date.

In the event of any ex-entitlement, ex-dividend activities or changes in share capital of the Company’s Shares during the period from the pricing benchmark date and the issuance date, the base issue price will be adjusted accordingly.

The final issue price under the Issuance shall be determined by the general meeting by authorizing the Board to negotiate with the sponsor (the lead underwriter) of the Issuance based on the results of the bidding in accordance with the relevant regulations of the CSRC and the Shanghai Stock Exchange after obtaining the approval of the Shanghai Stock Exchange and the decision of the CSRC for consent to registration.

LETTER FROM THE BOARD

(6) Investment of the Proceeds

The proposed gross amount of proceeds to be raised by the Issuance of A Shares to Target Subscribers shall not exceed RMB4,600,000,000 which, after deducting the issuance expenses, is intended to be used for the project below^{Notes 1&2}:

Unit: RMB0'000

No.	Project name	Total amount of investment	Amount of proceeds to be invested
1	Shandong Gold Mining (Laizhou) Co., Ltd. Jiaojia Mining Area (Integration) Gold Resources Development Project	827,313.10	460,000.00

Note 1: The Company expects to utilize the proceeds within five years from the date of receipt. The Company will disclose and update (if any) the utilization of proceeds (including the expected timetable) in its periodic reports.

Note 2: According to the Shandong SASAC's Reply on the Non-public Issuance of Shares by Shandong Gold Mining Co., Ltd. (《山東省國資委關於山東黃金礦業股份有限公司非公開發行股票的批覆》) (Lu Guo Zi Shou Yi Zi [2022] No. 34) issued by the State-owned Assets Supervision and Administration Commission of People's Government of Shandong Provincial (the "Shandong SASAC"), the Shandong SASAC "agreed in principle to the Shandong Gold Mining Co., Ltd.'s plan of non-public issuance of no more than 624,427,935 A Shares". Such 624,427,935 A Shares represent the maximum number of Shares to be issued, and the actual number of Shares to be issued will be finalized at the issuance stage based on the results of market enquiries and the total amount of proceeds actually raised. Such maximum number of Shares to be issued has been approved and confirmed by the Shandong SASAC, and therefore the maximum number of Shares to be issued will not be adjusted notwithstanding the adjustment to the total amount of proceeds to be raised.

As for the 14 mineral rights included into the scope of integration, after taking into account factors such as the size of proceeds, the development arrangements of each mining area, the location of mining sections and the construction cycle, the Company will invest and construct three deep mineral rights including the original Jiaojia deep and peripheral southern parts, Jincheng Gold Mine and Qianchen - Shangyangjia with its own funds or through other financing channels, and will no longer use the proceeds for such investment and construction.

If the actual amount of net proceeds of the Issuance (after deducting the issuance expenses) is less than the above amount of proceeds to be invested, the Company will, based on the actual amount of net proceeds and subject to relevant laws and regulations, have the insufficient portion of proceeds to be funded by the Company's own funds or through other financing channels.

In order to ensure the smooth progress of the project to be funded with the proceeds and safeguard the interests of all Shareholders, before receiving the proceeds from the Issuance, the Company may invest in the project with self-raised funds according to the actual circumstances of the project to be funded with the proceeds and replace such funds in accordance with the procedures of relevant laws and regulations after receiving the proceeds.

LETTER FROM THE BOARD

(7) Arrangement relating to the Accumulated Profits prior to the Issuance

The Company's undistributed profits as of the date of the Issuance that are accumulated before the Issuance will be shared by the new and old Shareholders upon completion of the Issuance in proportion to the Shares after Issuance.

(8) Lock-up Period

The Shares subscribed for by subscribers of the Issuance shall not be transferred during 6 months from the date of completion of Issuance. In the event that the Shares are derived from circumstances such as bonus issue and conversion of capital reserve into share capital by the listed company, the above share lock-up arrangement shall also be complied with.

(9) Place of Listing

The Shares to be issued under the Issuance to Target Subscribers will be listed on the main board of the Shanghai Stock Exchange.

(10) Validity period of the Resolution on the Issuance

The validity period of the Resolution on the Issuance of Shares to Target Subscribers shall be 12 months^{Note 3} from the date of consideration and approval by the general meeting of the Company.

Note 3: According to the Guidelines for the Application of Regulatory Rules — Issuance No. 6 (《監管規則適用指引—發行類第6號》) issued by the CSRC, “if a listed company intends to apply for refinancing, the refinancing matter shall be tabled at the general meeting for approval. The validity period shall be specified in the resolution of the general meeting, and in practice, it shall generally be one year except for the installment issuance of preferred shares”. According to the above guidelines, the validity period of the Shareholders' Resolution in the Company's plan of Issuance of A Shares to Target Subscribers is fixed at 12 months. The extension of the Validity Period of the Shareholders' Resolution on the Issuance of A Shares to Target Subscribers to 29 July 2026 is an extension of the original 12-month validity period and therefore such 12-month validity period in the plan of Issuance has not been changed.

LETTER FROM THE BOARD

3. REASONS FOR AND BENEFITS OF THE ISSUANCE

Impact of the Issuance to Target Subscribers on the Company's financial position and profitability

Upon completion of the Issuance, the Company's total assets and net assets will increase accordingly, and its gearing ratio will also decrease accordingly, which is conducive to further improving the Company's capital strength, optimizing the capital structure, and enhancing the ability to resist risks.

All the proceeds raised by the Issuance will be used for the Shandong Gold Mining (Laizhou) Co., Ltd. Jiaojia Mining Area (Integration) Gold Resources Development Project. Upon investment of the proceeds, it will further improve the market competitiveness of the Company and enhance its ability of returns to the Shareholders.

Upon completion of the Issuance, as the economic benefits of the projects to be funded with the proceeds will take some time to materialize, it may lead to a certain degree of decline in financial indicators such as return on equity and earnings per share in the short term. However, in the long term, with the implementation and advancement of the projects to be funded with the proceeds, the income and profitability of the Company will be further enhanced in the future.

Implement the requirements of governments at all levels in Shandong Province in respect of resource integration and overall development to enhance the profitability of the Company

Shandong Province is the largest gold producing province in the PRC, and Shandong Gold is one of the major producers of mine-produced gold in the PRC, ranking among the top in gold production volume for many consecutive years. The Company focuses on the development and utilization of gold mineral resources. By adopting the gold production model of scattered mining and beneficiation and centralized smelting, the Company has been able to better enhance its scale advantage of gold resources in the Laizhou region of the Jiaodong Peninsula with the modern gold production level of the Company.

The proposed "Shandong Gold Mining (Laizhou) Jiaojia Mining Area (Integration) Gold Resources Development Project" intends to integrate 14 mineral rights, including Jiaojia Gold Mine, into one mining right, on which basis to consolidate and develop the resources within the integration scope of Jiaojia mining area in a unified manner, with the total investment amount of RMB8,273,131,000 and the construction period of six years. It is expected that the project will have an ore production and processing capacity of 6,600,000 tonnes per year. The implementation entity will have an annual operating income of RMB5,373,430,600 and an annual average net profit after tax of RMB2,113,063,700, with an internal rate of return (after tax) of 20.55% and a payback period of 8.71 years (including the construction period after tax). Therefore, the project has good economic feasibility.

On 24 March 2023, the SSE issued SSE Review (Refinancing) [2023] No. 154, “Review Inquiry Letter regarding the Application Documents of Shandong Gold Mining Company Limited for Issuance of Shares to Target Subscribers” (the “**Review Inquiry Letter**”), and on 14 April 2023, the Company submitted the data update of the Annual Report of 2022 to the SSE, the update of the response to the CSRC’s First Feedback, and the documents in response to the inquiry letter from the SSE.

The 41st meeting of the sixth session of the Board and the 23rd meeting of the sixth session of the Supervisory Committee were held by the Company on 16 June 2023, at which relevant resolutions such as the “Resolution on the Reduction of the Gross Amount of Proceeds Raised by the Company’s Issuance of A Shares to Target Subscribers and Adjustment to the Plan of Issuance” were considered and passed, and in accordance with the “Opinions on the Application of the Relevant Provisions of Articles 9, 10, 11, 13, 41, 57 and 60 of the Administrative Measures for the Issuance and Registration of Securities by Listed Companies – Opinion No. 18 on the Application of Securities and Futures Law (《上市公司證券發行註冊管理辦法第九條、第十條、第十一條、第十三條、第四十一條、第五十七條、第六十條有關規定的適用意見 – 證券期貨法律適用意見第18號》)” issued by the CSRC in February 2023, the financial investments newly made and to be made from six months prior to the resolution date of the Board of the Issuance to Target Subscribers (2 June 2022) up to the date of the Issuance to Target Subscribers shall be deducted from the total amount of proceeds raised from the Issuance to Target Subscribers and, at the same time considering the Company’s financial situation, foreign investment and other factors, the remaining proceeds will be adjusted to repay bank loans, and it is proposed that the total amount of proceeds will be adjusted to a total of not more than RMB7,382,866,900, and after the aforesaid adjustments, all the proceeds from the Issuance to Target Subscribers will be utilized for the project of “Shandong Gold Mining (Laizhou) Co., Ltd. Jiaojia Mining Area (Integration) Gold Resources Development Project”.

On 3 September 2023, the 2023 fourth extraordinary general meeting, the 2023 second A Shares class meeting and the 2023 second H Shares class meeting of the Company considered and passed the Resolution on the Extension of the Validity Period of the Shareholders’ Resolution in relation to the Issuance of A Shares to Target Subscribers.

On 12 September 2023, the Company filed with the SSE the reply to the Review Inquiry Letter updated according to the financial data of the 2023 interim report in respect of the Issuance of A Shares to Target Subscribers, the updated prospectus and other application documents.

LETTER FROM THE BOARD

On 27 December 2023, the Company convened the 53rd meeting of the sixth session of the Board, at which it considered and passed the “Resolution on the Reduction of the Gross Amount of Proceeds Raised by the Company’s Issuance of A Shares to Target Subscribers and Adjustment to the Plan of Issuance” and other related resolutions. In accordance with the provisions of relevant laws, regulations and normative documents, and in view of changes in the prevailing market condition and the Company’s actual situation, the Company reduces the gross amount of proceeds to no more than RMB4,600,000,000. All the proceeds from the Issuance will be used for the project of “Shandong Gold Mining (Laizhou) Co., Ltd. Jiaojia Mining Area (Integration) Gold Resources Development Project”.

On 10 January 2024, the Company received the “Implementation Letter of the Review Center’s Opinion regarding Shandong Gold Mining Co., Ltd.’s Issuance of Shares to Target Subscribers” (SSE Review (Refinancing) [2024] No. 12) issued by the Shanghai Stock Exchange. The SSE review body examined the Company’s application documents for Issuance of Shares to Target Subscribers and issued the implementation letter of the review center’s opinion.

On 29 January 2024, the Company convened the 2024 first extraordinary general meeting and the 2024 first A Shares and H Shares class meetings, at which the “Resolution on the Extension of the Validity Period of the Shareholders’ Resolution in relation to the Issuance of A Shares of the Company to Target Subscribers” and the “Resolution on the Extension of the Validity Period of the Authorization by the Shareholders’ Meeting to the Board and its Authorized Persons with Full Discretion to Deal with the Relevant Matters relating to the Issuance of A Shares to Target Subscribers” were considered and approved. Consequently, the validity period of the Shareholders’ resolution in relation to the Issuance of A Shares to Target Subscribers and relevant authorizations were extended to 29 July 2024.

On 15 April 2024, the Company filed with the SSE the reply to the Review Inquiry Letter updated according to the financial data of the 2023 annual report in respect of the Issuance of A Shares to Target Subscribers, the updated prospectus and other application documents.

On 28 May 2024, the Company filed with the SSE the reply to the implementation letter of the review center’s opinion in respect of Shandong Gold Mining Co., Ltd.’s Issuance of Shares to Target Subscribers, the updated prospectus and other application documents.

On 29 July 2024, the Company convened the 2024 fourth extraordinary general meeting and the 2024 second A Shares and H Shares class meetings, at which the “Resolution on the Extension of the Validity Period of the Authorization by the Shareholders’ Meeting to the Board and its Authorized Persons with Full Discretion to Deal with the Relevant Matters relating to the Issuance of A Shares to Target Subscribers” and the “Resolution on the Extension of the Validity Period of the Shareholders’ Resolution in relation to the Issuance of A Shares of the Company to Target Subscribers” were considered and approved. Consequently, the validity period of the Shareholders’ resolution in relation to the Issuance of A Shares to the Target Subscribers and relevant authorizations were extended to 29 July 2025.

The CSRC, giving full consideration to A-Share capital market conditions, implemented arrangements to improve the counter-cyclical adjustment mechanism between primary and secondary markets by rationally regulating the pace of IPOs and refinancing. On 27 August 2023, it issued the “CSRC Arrangement on Coordinating Primary-Secondary Market Balance and Optimizing IPO/Refinancing Regulation” (the “**Regulatory Arrangement**”). Following the release of the Regulatory Arrangement, official data on refinancing review progress indicates the approval pace has moderated compared to the pre-issuance period.

LETTER FROM THE BOARD

Since the Company has not yet obtained the SSE's examination opinion for the Issuance, it is anticipated that the Issuance of A Shares to Target Subscribers will not be completed by 29 July 2025. Consequently, the Company proposes to extend the Validity Period of the Shareholders' Resolution on the Issuance of A Shares to Target Subscribers and the Validity Period of the Authorization by the General Meeting by 12 months.

5. SUBSEQUENT PROCEDURES AFTER THE EXTENSION OF VALIDITY PERIOD

Following the approval of the resolution on the extension of the Validity Period of the Authorization by the General Meeting and the Validity Period of the Shareholders' Resolution on the Issuance of A Shares to Target Subscribers at the EGM and the Class Meetings, the major follow-ups in relation to the Issuance are set out below:

- (1) The SSE issues its examination opinion on whether the listed company that issues A Shares to Target Subscribers complies with the conditions of issuance and disclosure requirements;
- (2) The SSE submits registration application documents to the CSRC after fulfilling internal procedures;
- (3) Upon receipt of the examination opinions and relevant information from the SSE, the CSRC shall, based on examination opinions of the SSE, fulfill the issuance registration procedures in accordance with the law, and make a decision on whether or not to register the listed company's application for registration within fifteen working days. If the CSRC finds that there are new matters affecting the conditions of issuance, it may request the stock exchange to make further inquiries and form an examination opinion on the new matters. The time taken by the Company to supplement or amend the application documents for registration in accordance with the requirements, or the time taken by the sponsor, securities service provider or others to verify the relevant matters and request the listed company to supplement or amend the application documents shall not be counted;
- (4) After the successful registration with CSRC, the Company will complete the Issuance to Target Subscribers based on the market conditions within the validity period of CSRC's registration approval.

As mentioned above, the Company has replied to the "Implementation Letter of the Review Center's Opinion" issued by the SSE and maintains close communication with the SSE's review department. Taking into comprehensive consideration of the "Rules Governing the Review of Issuance and Listing of Stocks on the Shanghai Stock Exchange" promulgated by the SSE, the relevant CSRC regulations on the registration procedures, the Company's ongoing dialogue with regulatory review authorities, and the current overall situation of the A-Share refinancing market, the Issuance is subject to a certain degree of uncertainty arising from the influence of multiple factors such as the regulatory review policies and the market environment. Therefore, the Company will continue to monitor the regulatory review process and fulfill its information disclosure obligations in accordance with the regulatory requirements.
