VOLUNTARY ANNOUNCEMENT

ACCELERATING THE IMPLEMENTATION OF LAYOUT IN IP RWA, WEB3 AGGREGATED PAYMENT AND WEB3 E-SPORTS GAMING PLATFORM

This announcement is made by CMGE Technology Group Limited (the "**Company**", together with its subsidiaries and consolidated operating entities in the People's Republic of China, the "**Group**") on a voluntary basis for keeping the shareholders and potential investors of the Company informed of the latest business development of the Group.

The board of directors of the Company (the "**Board**") is pleased to announce that the Group is in the process of accelerating the implementation of a series of strategic measures with milestone significance, including accelerating the implementation of RWA (Real World Assets) tokenisation plan of the top IP (Intellectual Property), the *Legend of Sword and Fairy* (仙劍奇俠傳), launching the Web3 aggregated payment tool, and self-developing and self-operating a decentralised Web3 e-sports gaming platform.

The Board is of the view that the breakthroughs in key areas, including RWA and stablecoins, are strongly promoting the use of Web3 in large-scale commercial applications by bridging the concept chasm, which demonstrate their huge potential in reshaping asset values and technology landscapes. Such strategic measures are aimed at grasping historic opportunities brought by Web3 policies in Hong Kong, leading a new paradigm for unlocking IP value and circulation model by Web3 technology, perfecting Web3 aggregated payment system, expanding the global

gaming ecosystem, and exploring a new growth curve for the Group. Each of the strategic measures is set out as follows:

I. Accelerating the Implementation of RWA Plan of the Top IP, the *Legend of Sword and Fairy* (仙劍奇俠傳)

The Group is deeply engaged in the IP operation of the *Legend of Sword and Fairy* (仙劍奇俠傳), whose long-term and abundant physical contents and commercial activities have demonstrated the commercial value of this super IP, and its overall brand value and huge fan base accumulated over the past 30 years. The Group will accelerate the implementation of the RWA plan of the *Legend of Sword and Fairy* (仙劍奇俠傳) IP, so as to unearth its infinite vitality and commercial value.

II. Launching the Web3 Aggregated Payment Tool and Deeply Embedding the Group's Gaming Ecosystem and Overseas Business Scenarios

Based on the Group's profound experience in the game publishing field, the Group plans to launch a Web3 aggregated payment tool for aggregating payments in fiat currencies, global mainstream virtual currencies and stablecoins (the issuance of which will be regulated under the new legislation in Hong Kong). The Web3 aggregated payment tool will be deeply embedded in the Group's gaming ecosystem and overseas business scenarios. It will optimise the cross-border payment process based on Web3 technology by shortening the settlement period and reducing settlement costs, thereby better supporting the development of overseas businesses of the Group and partners.

The Group is actively seeking to collaborate with proposed stablecoins issuers which will submit the licensing applications to the Hong Kong Monetary Authority, with a view to allowing stablecoins to be used as a key payment currency and jointly promoting the application scenarios of stablecoins in the global gaming sector.

III. Planning to Launch "KKFun Esports", a Self-developed, Self-operating and Decentralised Web3 E-Sports Gaming Platform

To further enhance the Group's overseas business development and layout in Web3 gaming sector, the Group has set up a project to self-develop and self-operate a decentralised Web3 e-sports gaming platform named "KKFun Esports". The platform is expected to be officially launched in overseas markets from the end of 2025 to the beginning of 2026.

"KKFun Esports" is positioned as a Web3 e-sports gaming platform, enabling more users to join a new generation of decentralised Web3 e-sports platform with competitiveness, fairness, fun and security in a healthy way. "KKFun Esports" will integrate the Group's Web3 aggregated payment tool and will support payment in global mainstream virtual currencies and stablecoins.

Instead of isolated technical applications, the series of Web3 strategic measures adopted by the Group are a systematic expansion of the Group's IP value chains and global gaming ecosystem. The Group will grasp historic opportunities based on the principles of compliance and transparency as to steadily develop the above series of Web3 strategic measures to create new growth momentum for the Group and long-term value for shareholders.

Shareholders and potential investors of the Company are advised to exercise caution when dealing in the shares of the Company.
