VOLUNTARY ANNOUNCEMENT
CONTINUE ENTERING INTO CENTRALIZED CONCRETE SUPPLY CONTRACTS IN RELATION TO THE MAJOR AIRPORT PROJECT

This announcement is made by YCIH Green High-Performance Concrete Company Limited (the "**Company**", together with its subsidiaries, the "**Group**") on a voluntary basis.

The board of directors of the Company (the "**Board**") announces that the Group has continuously entered into the concrete supply contracts in relation to the Kunming Changshui International Airport Renovation and Expansion Project (or the "**Project**"). As of the date of this announcement, the Group has entered into centralized concrete supply contracts in respect of the Project with an cumulative contract amount of approximately RMB283 million covering a concrete demand of approximately 1.6821 million cubic meters. The specific projects involved mainly include the Terminal 2 Project (South Section, North Section), the Ground Road and Comprehensive Utility Tunnel Project in the North Working Area of the Airport, etc. Additionally, depending on the Project's future needs, relevant contracts will be signed in due course.

Kunming Changshui International Airport Renovation and Expansion Project is a major infrastructure project implemented by Yunnan Province to accelerate the construction of a radiation center facing South Asia and Southeast Asia and an international aviation hub, and to proactively serve and integrate into the Belt and Road Initiative and the development of the Yangtze River Economic Belt. According to the information publicly disclosed by the official websites of the Yunnan Provincial Development and Reform Commission and the Transportation Bureau of Kunming City, the Project, as designed, targets 2030 as its operational year, with forecasted passenger throughput of 95 million, cargo and mail throughput of 1 million tonnes, and 633,000 aircraft take-offs and landings annually. The total estimated investment for the airport project is RMB64.07 billion.

This announcement includes forward-looking statements in respect of the expectation for the Group's supply of concrete. Such forward-looking statements shall not constitute a guarantee for the Group's performance in the future. The Group's supply of concrete is largely dependent on the progress of customers' projects. There is no guarantee that the backlog of the supply of concrete will eventually be recognized as revenue according to the Group's expected progress.

By Order of the Board
YCIH Green High-Performance Concrete Company Limited
Li Zhangjian
Chairman

Kunming, China, July 30, 2025
