VOLUNTARY ANNOUNCEMENT IN RELATION TO POTENTIAL BUSINESS DEVELOPMENT

This announcement is made by Lvji Technology Holdings Inc. (the "**Company**", together with its subsidiaries, the "**Group**") on a voluntary basis.

The Company is currently in discussion with a research team that possesses a carbon dioxide capture technology and has applied it to industrial-level mosquito trap devices, primarily targeting mosquito infestation in outdoor environment (the "**Potential Business Development**").

After consulting with relevant experts and conducting on-site investigation, the Company is of the view that such technology may be an effective solution for enhancing the user experience at tourist attractions and other outdoor venues. It is reported that the team has already implemented two industrial-level mosquito trap products in pilot operation in several high-incidence areas of the People's Republic of China (the "**PRC**").

Given the recent public health incidents caused by mosquito infestation in an economically developed province in the PRC, the Company is of the view that the relevant incident further highlights the urgent demand for efficient outdoor mosquito control equipment in the market.

The Company wishes to emphasize that, as of the date of this announcement, the Potential Business Development is still under preliminary stage, and the details of the collaboration and the final business model are subject to further negotiation and finalization. The Company also confirms that both parties have not reached any specific terms nor signed any definitive agreement regarding the Potential Business Development. The Company will make further announcements as and when necessary in accordance with the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited and other applicable laws and regulations.

By Order of the Board
Lvji Technology Holdings Inc.
Zang Weizhong
Chairman and Executive Director
