ANGELALIGN TECHNOLOGY INC.
時代天使科技有限公司

(Incorporated in the Cayman Islands with limited liability)

(Stock Code: 6699)

POSITIVE PROFIT ALERT

This announcement is made by Angelalign Technology Inc. (the "**Company**", together with its subsidiaries, the "**Group**") pursuant to the Inside Information Provisions (as defined in the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the "**Listing Rules**")) under Part XIVA of the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong) and Rule 13.09 of the Listing Rules.

The board of directors of the Company (the "**Board**") is happy to inform the shareholders of the Company (the "**Shareholders**") and potential investors of the Company that based on the preliminary assessment of the Group's unaudited management accounts and the latest information available to the Company, it is expected that the Group's net profit for the six months period ended 30 June 2025 ("**2025 H1**") is projected to be from approximately USD13.4 million to USD14.8 million, representing an increase of approximately 538.1% to 604.8% as compared to approximately USD2.1 million for the six months period ended 30 June 2024 ("**2024 H1**").

The Board considers the above operating results changes are primarily due to the following reasons: (1) the Group's core China business benefited from strategic pricing adjustments in response to intense competition, while non-China revenue continued to grow; (2) delay in the progress of setting up non-China manufacturing facilities that led to a lower investment and operating expenditure in 2025 H1; and (3) the low base of net profits for comparison in 2024 H1.

As at the date of this announcement, the Company is in the process of finalizing the interim results of the Group for 2025 H1. The information contained in this announcement is only based on a preliminary assessment by the management of the Company with reference to the information currently available including the unaudited management accounts of the Group which have not been audited or reviewed by the Company's auditors or the audit committee of the Company, and the actual results of the Group for 2025 H1 may be different from what is disclosed in this announcement, and are subject to further amendments and adjustments as required. Shareholders and potential investors are advised to read carefully the Group's interim results announcement for 2025 H1, which is expected to be published before the end of August 2025 pursuant to the requirements of the Listing Rules.

In addition, the Shareholders and potential investors are also advised that the historical results may not be indicative of future performance. In response to the growing complexity of the global markets, the Group remains focused on driving long-term growth and may increase short-term operating expenditure to expand geographic coverage and customer segments. In the non-China global markets, the Group is aiming to grow its presence and build a stronger, more resilient global supply chain. This may involve increased investment going forward, in part to manage the developing tariff situation in Brazil. In China, regulatory uncertainties still persist and may also continue to affect the clear aligner pricing. Nevertheless, the Group is committed to managing these challenges and delivering a steady, sustainable growth by closely monitoring its business developments and adjusting its strategy as needed.

Shareholders and potential investors are advised to exercise caution when dealing in the shares of the Company.

By Order of the Board
Angelalign Technology Inc.
Mr. FENG Dai
Chairman
