PROFIT WARNING

This announcement is made by EGL Holdings Company Limited (the "**Company**", and together with its subsidiaries, the "**Group**") pursuant to Rule 13.09(2) of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the "**Listing Rules**") and the Inside Information Provisions (as defined in the Listing Rules) under Part XIVA of the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong).

The board of directors of the Company (the "**Board**") wishes to inform the shareholders of the Company (the "**Shareholders**") and potential investors that, based on information currently available to the Board, it is expected that the Group will record an unaudited consolidated net profit attributable to owners of the Company of approximately HK$6 million for the six months ended 30 June 2025, representing a decrease of approximately 82% as compared to an unaudited consolidated net profit attributable to owners of the Company of approximately HK$34 million for the corresponding period in 2024.

The substantial decrease in net profit is caused by various factors. With geopolitical tensions and international trade disputes on the rise, the global economy has faced multiple challenges in the first half of 2025. Uncertainties fueled by constantly evolving tariffs caused significant disruption to global trade and investments. Furthermore, rumours of a large-scale earthquake in Japan in July 2025, which stemmed from a Japanese manga from 30 years ago, was widespread and overblown on various social media platforms. Despite the enduring popularity as a travel destination among Hong Kong residents, the rumours caused Japan to suffer an abrupt and extensive contraction in travel demand. As the Group's strategic emphasis has always been Japan-focused travel products and services, a substantial decrease in both revenue and gross profit from its travel related business was recorded in the first half of 2025. Notwithstanding the satisfactory performance of its hotel business, the Group still recorded a substantial decrease in net profit in the first half of 2025.

The earthquake rumoured to occur on 5 July 2025 did not materialise, and the widespread rumours have been proved baseless. Over the coming months of 2025, the management of the Group anticipates a gradual recovery in travel volume from Hong Kong to Japan. Furthermore, the Group's hotel business is expected to continue performing satisfactorily. The Group is optimistic that its travel related business will improve in the second half of 2025.

The information contained in this announcement is only based on the information available to the Board up to the date of this announcement and the preliminary assessment by the Company's management with reference to the unaudited consolidated management accounts of the Group for the six months ended 30 June 2025. Such information has not been finalised, audited or reviewed by the Company's independent auditor, and has not been reviewed or confirmed by the audit committee of the Board, and is thus subject to change. Shareholders and potential investors are advised to refer to the details in the results announcement of the Company for the six months ended 30 June 2025, which is expected to be published in late August 2025.

Shareholders and potential investors are advised to exercise caution when dealing in the shares of the Company.
