PROFIT WARNING

This announcement is made by Rego Interactive Co., Ltd (the “**Company**”, together with its subsidiaries, the “**Group**”) pursuant to the Inside Information Provisions (as defined under the Rules Governing the Listing of Securities (the “**Listing Rules**”) on The Stock Exchange of Hong Kong Limited) under Part XIVA of the Securities and Futures Ordinance (Cap 571 of the Laws of Hong Kong) and Rule 13.09 of the Listing Rules.

The board (the “**Board**”) of directors (the “**Directors**”) of the Company wishes to inform the shareholders and potential investors of the Company that based on the preliminary assessment of the unaudited consolidated management accounts of the Group for the six months ended 30 June 2025 and the information currently available to the Board, the Group is expected to record a net loss after tax for the six months ended 30 June 2025 of not less than RMB17.3 million, representing a decrease of 740.7% or approximately RMB20.0 million as compared with the net profit after tax of approximately RMB2.7 million for the six months ended 30 June 2024. The Group is also expected to record an adjusted net loss (i.e. defined as (loss)/profit for the period adjusted by the foreign exchange differences and change in fair value of financial assets at fair value through profit or loss) for the six months ended 30 June 2025 of not less than RMB15.7 million, representing a decrease of 492.5% from the adjusted net profit of approximately RMB4.0 million for the six months ended 30 June 2024. The Board considers that the decrease is mainly attributable to:

- (i) as the consumer market sentiment in China in 2025 has remained subdued, many enterprises have reduced the marketing budgets and the overall level of advertisement. Together with the adjustment of agency policies of communication operations, there has been a decrease in the revenue derived from virtual goods sourcing and delivery services of the Group; and
- (ii) in light of the uncertain market environment, the Group has continued with its prudent policy on the selection of high quality customers to manage the exposure to credit risks.

In 2025, the worldwide economic climate continues to be challenging with persistent sluggish growth. In light of this, our strategy is to closely monitor the economic trends and shifts in the competitive market landscape. We aim to concentrate on and bolster our primary business areas and the development of AI digital lottery store (AI數字彩票門店) modelling, streamline the distribution of capital, and enhance the efficiency of our operations. Simultaneously, we plan to heighten our awareness of potential risks and stick to cautious risk management strategies. This approach will help ensure the Company's steady progress amidst the complexities of the ever-evolving economic scenario. Furthermore, we intend to proactively expand our strategic vision, keenly identify and capitalise on new opportunities within our "corporate digitalisation solutions services" (企業數字化服務) and "industry digitalisation solutions services" (行業數字化服務) as the core, to achieve the "cross-industry empowerment solutions services" (異業賦能服務) in the future. By adopting adaptable business strategies, we aim to boost the energy and resilience of the Company's growth and foster its continuous and stable development.
