NOTES TO INTERIM FINANCIAL STATEMENTS

For the six months ended 30 June 2025

1. GENERAL INFORMATION AND BUSINESS OPERATION

TechStar Acquisition Corporation (the “**Company**”) was incorporated in the Cayman Islands as an exempted company with limited liability on 11 April 2022. The Company is a special purpose acquisition company (“**SPAC**”) and at an early stage, as such, the Company is subject to all of the risks associated with early stage companies. The Company is incorporated for the purpose of an acquisition of, or a business combination with a target of a De-SPAC transaction (“the “**De-SPAC Target**”) by the Company that results in the listing of a successor company (the “**De-SPAC Transaction**”). On 20 December 2024, the Company announced that it has entered into a business combination agreement with Seyond Holdings Ltd. (the “**Successor Company**”) for De-SPAC Transaction. The Successor Company has submitted a new listing application to the Main Board of The Stock Exchange of Hong Kong Limited (the “**Stock Exchange**”) on 12 February 2025 for the listing of, and permission to deal in, the Successor Company’s shares and Successor Company’s listed warrants in accordance with the requirements for new listing applicants as set out in Chapter 9 of the Rules Governing the Listing of Securities on the Stock Exchange (the “**Listing Rules**”).

The address of the Company’s registered office is PO Box 309, Ugland House, Grand Cayman, KY1-1104, Cayman Islands.

The Company has not had any other business operations than administration related to establishing SPAC entity and identifying acquisition target. The Company is not expected to generate any operating revenue other than interest income until after the completion of the De-SPAC Transaction, at the earliest.

The Company has 100,100,000 Class A shares (the “**Class A Shares**”) and 50,050,000 listed warrants (the “**Listed Warrant**”) issued and outstanding as at 30 June 2025, which are listed on the Stock Exchange since 23 December 2022 (the “**Listing Date**”) (the “**Listing**”). The Company also has 25,000,000 Class B Shares (the “**Class B Shares**”) and 40,000,000 promoter warrants (the “**Promoter Warrants**”) issued and outstanding as at 30 June 2025 that are not listed on the Stock Exchange.

As at 30 June 2025, 35%, 15%, 15%, 10%, 20% and 5% of the Class B Shares of the Company are held indirectly by CNCB (Hong Kong) Capital Limited, Zero2IPO Consulting Group Co., Ltd, Zero2IPO Capital Limited, Ni Zhengdong, Li Zhu and Lau Wai Kit, respectively, as the promoters (the “**Joint Promoters**”) of the Company.

The Class B Shares contain conversion feature (the “**Conversion Right**”) such that the Class B Shares are convertible into Class A Shares on a one-for-one basis at or following the completion of the De-SPAC Transaction.

The Listed Warrants shall become exercisable 30 days after the date on which the Company completes a De-SPAC Transaction and will expire on the date that is five years after the date on which the Company completes the De-SPAC Transaction or earlier upon redemption or liquidation.

The Promoter Warrants may not be transferred except in the very limited circumstances permitted by the Listing Rules and subject to compliance with the requirements thereof. The Promoter Warrants are not exercisable until 12 months after the completion of the De-SPAC Transaction as required by the Listing Rules. Except as describe above, the Promoter Warrants have terms and provisions that are identical to those of the Listed Warrants.

1. GENERAL INFORMATION AND BUSINESS OPERATION (CONTINUED)

The gross proceeds of HK\$1,001,000,000 from the Listing are placed in a ring-fenced escrow account domiciled in Hong Kong (the “**Escrow Account**”). The proceeds from the Listing will not be released from the Escrow Account (including all interest and other income earned from the funds held in the Escrow Account) other than to:

- (i) complete a De-SPAC Transaction. The funds held in the Escrow Account will be released from the Escrow Account and, will be used, firstly, to pay amounts due to the holders of Class A Shares (the “**Class A Shareholders**”) who exercise their redemption rights, and then, to pay all or a portion of the consideration payable to the De-SPAC Target or the owners of the De-SPAC Target, to repay any loans drawn under the loan facility, and to pay other expenses associated with completing the De-SPAC Transaction;
- (ii) meet redemption requests of Class A Shareholders in accordance with the articles of association of the Company and Rule 18B.59 of the Listing Rules;
- (iii) return funds to the Class A Shareholders pursuant to the articles of association of the Company within one month after the date that trading in the Class A Shares is suspended by the Stock Exchange if the Company: (1) fails to obtain the requisite approvals in respect of the continuation of the Company following a material change referred to in Rule 18B.32 of the Listing Rules; or (2) fails to meet any of the deadlines (extended or otherwise) to: (A) publish an announcement of the terms of a De-SPAC Transaction within 24 months of the Listing Date; or (B) complete a De-SPAC Transaction within 36 months of the Listing Date; or
- (iv) return funds to Class A Shareholders prior to the liquidation or winding up of the Company.

The Class A Shareholders will be entitled to redeem their Class A Shares for a pro rata portion of the amount then in the Escrow Account of an amount not less than HK\$10.00 per Class A Shares, plus any pro rata interest then in the Escrow Account, net of taxes payable. Both the Listed Warrants and Promoter Warrants have no redemption right.

Under the Listing Rules, at the time of the Company’s entry into a binding agreement for a De-SPAC Transaction, a De-SPAC Target must have a fair market value representing at least 80% of the funds raised by the Company from the Listing (prior to any redemptions). If less than 100% of the equity interests or assets of a De-SPAC Target is acquired by the Company, the portion of such De-SPAC Target that is acquired will be taken into account for the purposes of the 80% of proceeds test described above, provided that in the event that the De-SPAC Transaction involves more than one De-SPAC Target, the 80% of proceeds test will be applied to each of the De-SPAC Targets being acquired. However, the Company will only complete a De-SPAC Transaction if the post-transaction company owns or acquires 50% or more of the outstanding voting securities of the De-SPAC Target. There is no assurance that the Company will be able to successfully effect a De-SPAC Transaction.

The Company has only 36 months from the Listing Date (the “**De-SPAC Period**”) to complete the De-SPAC Transaction. If the Company is unable to complete the De-SPAC Transaction within the De-SPAC Period (or within the extension period, if any), the Company will:

- (i) cease all operations except for the purpose of winding up of the Company;
- (ii) suspend the trading of the Class A Shares and Listed Warrants, and as promptly as reasonably possible but no more than one month thereafter, redeem the Class A Shares and distribute the funds held in the Escrow Account to the Class A Shareholders on a pro rata basis, in an amount per Class A Share of not less than HK\$10.00; and
- (iii) liquidate and dissolve, subject in the case of clauses (ii), to the Company’s obligations under Cayman Islands law to provide for claims of creditors and in all cases subject to the other requirements of applicable laws.

1. GENERAL INFORMATION AND BUSINESS OPERATION (CONTINUED)

There will be no redemption rights or liquidating distributions with respect to the Listed Warrants and Promoter Warrants, which will expire worthless if the Company fails to announce a De-SPAC Transaction within 24 months of the Listing Date or complete the De-SPAC Transaction within the De-SPAC Period, or if the Company fails to obtain the requisite approvals in respect of the continuation of the Company following a material change referred to in Rule 18B.32 of the Listing Rules.

The Joint Promoters have agreed to irrevocably waive their rights, title, interest or claims of any kind in or to any money in the Escrow Account in all circumstances, including their rights to liquidating distributions from the Escrow Account with respect to their Class B Shares.

The underwriters have agreed to waive their rights to their deferred underwriting commission payable upon the completion of a De-SPAC Transaction in the event that (i) the Company does not announce a De-SPAC Transaction within 24 months of the Listing Date or is unable to complete the De-SPAC Transaction within 36 months of the Listing Date (or within the extension period (if any)), or (ii) the Company fails to obtain the requisite approvals in respect of the continuation of the Company following a material change referred to in Rule 18B.32 of the Listing Rules.

2. BASIS OF PREPARATION

(a) Statement of compliance

The unaudited interim financial statements (the “**Interim Financial Statements**”) for the six months ended 30 June 2025 have been prepared in accordance with International Accounting Standard 34 (“**IAS 34**”), Interim Financial Reporting, issued by the International Accounting Standards Board (“**IASB**”) and the applicable disclosures required by the Listing Rules. The Interim Financial Statements should be read in conjunction with the annual financial statements for the year ended 31 December 2024, which have been prepared in accordance with International Financial Reporting Standards (“**IFRSs**”).

The accounting policies applied and the significant judgements made by the management are consistent with those described in the annual financial statements for the year ended 31 December 2024, except for the adoption of amendments to IFRSs effective for the financial year ending 31 December 2025.

The IASB has issued a number of new or amended IFRSs that are first effective for the accounting period beginning on 1 January 2025. All new or amended HKFRSs that are effective from 1 January 2025 did not have any material impact on the Company’s accounting policies. The Company has not early adopted any new standard, interpretation or amendment that has been issued but is not yet effective for the current accounting period.

(b) Basis of measurement

The Interim Financial Statements has been prepared under the historical cost basis, except for warrant liabilities (note 12(b)), which are measured at fair value.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of IFRS 2 Share-based Payment, leasing transactions that are accounted for in accordance with IFRS 16, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in IAS 2 Inventories or value in use in IAS 36 Impairment of Assets.

A fair-value measurement of a non-financial asset takes into account a market participant’s ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

2. BASIS OF PREPARATION (CONTINUED)

(b) Basis of measurement (Continued)

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

(c) Going concern basis

As at 30 June 2025, the Company had net current liabilities of HK\$54,208,000. The Company incurred loss of HK\$59,535,000 and net cash used in operating activities of HK\$4,078,000. The Company's ability to continue as a going concern is dependent upon the continuing support of its Joint Promoters and/or upon the completion of the De-SPAC Transaction or on the approval of an extension of the permitted timeframe should the De-SPAC Transaction not be completed by 22 December 2025. There can also be no assurance that we will be successful in completing the De-SPAC Transaction. In the event a De-SPAC Transaction does not complete, the Class A Shareholders will be entitled to redeem their Class A Shares for a pro rata portion of the amount then in the Escrow Account of an amount not less than HK\$10.00 per Class A Share, plus any pro rata interest then in the Escrow Account, net of taxes payable. The Joint Promoters will have no rights to liquidating distribution from Escrow Account with respect to their Class B Shares in all circumstances.

These indicate the existence of a material uncertainty that may cast significant doubt about the Company's ability to continue as a going concern and, therefore, it may be unable to discharge its liabilities in the normal course of business. Nevertheless, the Interim Financial Statements are prepared on the basis that the Company will continue as a going concern. These Interim Financial Statements do not include any adjustments that would have to be made to provide for any further liabilities which might arise should the Company be unable to continue as a going concern.

3. SEGMENT INFORMATION

The Company does not have separately reportable segments. The Company is incorporated for the purpose of effecting the De-SPAC Transaction.

4. REVENUE

The Company did not generate any revenue during the six months ended 30 June 2025 (Six months ended 30 June 2024: Nil).

5. LOSS BEFORE INCOME TAX EXPENSE

Loss before income tax expense is arrived at after charging:

	For the six months ended	
	30 June 2025	30 June 2024
	(unaudited)	(unaudited)
	HK\$'000	HK\$'000
Auditor's remuneration	<u>120</u>	<u>120</u>
Staff costs including directors' remuneration comprise:

	<u>46,790</u>	<u>47,047</u>

6. INCOME TAX EXPENSE

No income tax expense has been recognised as the Company is not currently subjected to income tax in the Cayman Islands and in the opinion of the directors, the Company has no assessable profits in any other jurisdictions.

7. DIVIDEND

No dividend was paid or proposed during the six months ended 30 June 2025 (Six months ended 30 June 2024: Nil), nor any dividend has been proposed since the end of the reporting period.

8. LOSS PER SHARE

The basic loss per share was calculated by dividing the loss for the period of HK\$59,535,000 (Six months ended 30 June 2024: HK\$48,878,000), by the weighted average number of 25,000,000 (Six months ended 30 June 2024: 25,000,000) ordinary shares outstanding during the periods.

Diluted loss per share is calculated by adjusting the weighted average number of ordinary shares outstanding to assume conversion of all dilutive potential ordinary shares. The redeemable Class A Shares, Listed Warrants and Promoter Warrants outstanding were not included in the calculation of diluted loss per share, as their inclusion would be anti-dilutive. Accordingly, diluted loss per share is the same as the basic loss per share for the periods.

9. RESTRICTED BANK DEPOSIT

Restricted bank deposit consists of the gross proceeds of HK\$1,001,000,000 from the issuance of Class A Shares in the Listing which are deposited in the Escrow Account. The proceeds held in the Escrow Account are held in the form of cash or cash equivalents. Except for certain condition as mentioned in note 1, the proceeds (including all interest earned from the funds held in the Escrow Account) from the Listing will not be released from the Escrow Account. The Company has to complete the De-SPAC Transaction before 23 December 2025 and therefore the proceeds deposited on the Escrow Account have been classified as current assets (31 December 2024: Current asset).

10. ACCRUALS AND OTHER PAYABLES

	As at 30 June 2025 (unaudited) HK\$'000	As at 31 December 2024 (audited) HK\$'000

Interest payable (note b)	123,868	103,112
	<u>159,055</u>	<u>141,212</u>

a. Accruals mainly comprise of deferred underwriting commission of HK\$35,035,000, which would be payable to the promoters of the Company upon completion of the De-SPAC transaction.

b. The interest payable will be paid in according to the terms of the Escrow Account as mentioned in note 1.

11. AMOUNTS DUE TO PROMOTERS

The amounts due to promoters were unsecured, interest free and repayable no later than the earliest to occur of (i) the date on which the Company completes a De-SPAC Transaction; (ii) the date falling 36 months from the Listing Date if the Company has not completed a De-SPAC Transaction, unless such date is extended by a vote of the shareholders and in compliance with the Listing Rules, in which case, by such extended date; (iii) the date on which the Company fails to obtain the requisite approvals in respect of the continuation of the Company following a material change in the promoters or directors as provided for in the Listing Rules; and (iv) the date on which the Company commences steps for its winding-up or liquidation.

12. FINANCIAL LIABILITIES

The Company offered 100,100,000 Class A Shares for subscription in the Listing and every two Class A Shares subscribed in the Listing offered one Listed Warrant. The Company has 100,100,000 Class A Shares and 50,050,000 Listed Warrants issued and outstanding as at 30 June 2025 and 31 December 2024.

(a) Redeemable Class A Shares

The carrying amounts of the redeemable Class A Shares are as follows:

	As at 30 June 2025 (unaudited) HK\$'000	As at 31 December 2024 (audited) HK\$'000
Redeemable Class A Shares	<u>1,001,000</u>	<u>1,001,000</u>

12. FINANCIAL LIABILITIES (CONTINUED)

(b) Warrant liabilities

Each Listed Warrant entitles its holder to subscribe for one Class A Share at an exercise price of HK\$11.50. Redemption threshold price of HK\$20.00 and fair value market cap of HK\$20.00 have been applied on the Listed Warrants. The Listed Warrants are only exercisable on a cashless basis, subject to customary anti-dilution adjustments.

Listed Warrants will become exercisable 30 days after the completion of the De-SPAC transaction. Listed Warrants will expire on the date falling five years after the completion of the De-SPAC Transaction, or earlier upon redemption or liquidation. The Company may redeem Listed Warrants upon at least 30 days' notice at a redemption price of HK\$0.01 per Listed Warrant if the closing price of the Class A Shares equals to or exceeds HK\$20.00 for any 20 out of the 30 consecutive trading days ending on the third trading day immediately prior to the date on which the notice of redemption is sent. Holders of Listed Warrant may exercise them after the redemption notice is given. A warrant holder has no right to participate in any distributions and/or offer of further securities made by the Company.

As at 30 June 2025, the fair value of Listed Warrants was approximately HK\$14,265,000 (31 December 2024: approximately HK\$2,503,000) which was based on its quoted market price. Loss on change in fair value of warrant liabilities of HK\$11,762,000 was recognised during the six months ended 30 June 2025 (Six months ended 30 June 2024: Nil). The movements of Listed Warrants during the six months ended 30 June 2025 are as follows:

	Level 2 HK\$'000
Balance at 31 December 2024 (audited) and 1 January 2025	2,503
Change in fair value	11,762
	<hr/>
Balance at 30 June 2025 (unaudited)	14,265
	<hr/> <hr/>

Due to the use of quoted price in an inactive market, the fair value of Listed warrants was categorised into level 2 of fair value measurement hierarchy. There were no transfers between levels for the six months ended 30 June 2025.

13. SHARE CAPITAL

	Number of shares	Nominal value HK\$'000

14. SHARE-BASED PAYMENT

The Company has issued 25,000,000 of Class B Shares and 40,000,000 of Promoter Warrants at the aggregated subscription price of approximately HK\$3,000 and HK\$40,000,000 respectively. The Conversion Right of Class B Shares and Promoter Warrants are classified as share-based payment in according to the Company's accounting policies.

The difference between the fair value of the Conversion Right of Class B Shares and the Promoter Warrants and the subscription price paid by the Joint Promoters are expensed on a straight-line basis over the vesting period. The directors of the Company identified the completion of a De-SPAC Transaction within the De-SPAC period as the vesting condition.

Valuation of share-based payment

Equity-settled share-based payment expenses related to the Conversion Right of Class B Shares and Promoter Warrants of approximately HK\$41,286,000 and HK\$5,324,000 respectively were recognised during the six months ended 30 June 2025 (Six months ended 30 June 2024: HK\$41,514,000 and HK\$5,353,000 respectively).

An independent valuation firm, Avista Valuation Advisory Limited, is engaged to determine the fair value of the Conversion Right of Class B Shares and the Promoter Warrants at the grant date.

(a) Conversion Right of Class B Shares

Movements of the number of Conversion Right of Class B Shares outstanding during the period are as follows:

	Number of Conversion Right of Class B Shares
Granted on 23 December 2022 and outstanding at 31 December 2024 (audited) and 30 June 2025 (unaudited)	25,000,000

The fair value of the Conversion Right of Class B Shares was estimated to be HK\$10.0 each, which was determined based on the unit issue price of the Class A Share at HK\$10.0 each. The valuation has taken into consideration that Class B Shares are convertible into Class A Shares on a one-for-one basis at or following the completion of the De-SPAC Transaction.

(b) Promoter Warrants

Movements of the number of Promoter Warrants outstanding during the period are as follows:

	Weight average exercise price	Number of Promoter Warrants
Granted on 23 December 2022 and outstanding at 31 December 2024 (audited) and 30 June 2025 (unaudited)	11.50	40,000,000
Exercisable at 31 December 2024 and 30 June 2025	N/A	N/A

The Promoter Warrants outstanding at 30 June 2025 had an exercise price of HK\$11.50 (31 December 2024: HK\$11.50) and a weighted average remaining contractual life of 0.48 years (31 December 2024: 0.98 years).

14. SHARE-BASED PAYMENT (CONTINUED)

(b) Promoter Warrants (Continued)

The fair value was HK\$1.8059 per Promoter Warrant based on Monte Carlo simulation model. Under the valuation model, multiple scenarios were used to arrive a probability-weighted value per Promoter Warrant. The key inputs into the valuation model were as follows:

Key inputs	Ranged between
Expected De-SPAC date	December 2023 to December 2024
Expected maturity date	5 years after the expected De-SPAC date
Exercise price	HK\$11.50

A Monte Carlo simulation model is often used when modeling systems with a large number of inputs and where there is significant uncertainty in the future value of inputs and where the movement of the inputs can be independent of each other. In view of the complicated features of the Promoter Warrants, the directors of the Company consider that the application of Monte Carlo simulation model is reasonable.

The Company has been monitoring its expenses on an ongoing basis and endeavors to keep the costs within the Company's primary sources of liquidity other than the funds deposited in the Escrow Account, including the proceeds from the sale of Class B Shares and the Promoter Warrants and the Loan Facility. By leveraging the business insights, investment advisory experience, deal sourcing and execution expertise of the Promoters and Directors of the Company, the Company believes that it is well positioned to manage the operating expenses when conducting negotiations and performing due diligence review on the Target Company.

Prior to the completion of the De-SPAC Transaction, the following primary sources of liquidity will be utilized to satisfy the Company's capital requirements and the funds from these sources will be held outside the Escrow Account:
