The board (the “**Board**”) of directors (the “**Directors**”) of the Company wishes to inform the shareholders of the Company (the “**Shareholders**”) and potential investors that, based on the preliminary assessment of the unaudited consolidated management accounts of the Group for the six months ended 30 June 2025 (the “**Current Period**”) and the information currently available to the Company, it is expected that the Group may record a loss for the period between RMB33 million and RMB38 million for the six months ended 30 June 2025, as compared to the loss for the period of approximately RMB19.5 million for the six months ended 30 June 2024 (the “**Corresponding Period**”).

The Board believes that the decline in the Group’s results was mainly due to, among other things,

- a significant decrease in revenue of the Group as compared to the Corresponding Period, which was mainly due to the operating lifecycle of the existing games has come to an end, and new games are yet to be launched. Hence, there was a significant decline in revenue generated from the Group’s mobile games segment; and the Group has devoted all the resources to the development of new games, hence there was a decline in revenue generated from digital media; and
- an increase in the provision for impairment of trade receivables, due to the unfavourable macroeconomic environment.

As the Company is still in the process of preparing and finalising the interim results for the Current Period, the information contained in this announcement is only a preliminary assessment made by the Board and the Company's management based on a preliminary review of the unaudited consolidated management accounts of the Group for the Current Period and the information currently available to the Group, which have not yet been confirmed or reviewed by the auditors or the audit committee of the Company, and is subject to further changes and adjustments.
