The Company has complied with the applicable code provisions as set out in the CG Code during the Reporting Period except for deviation from code provisions C.2.1 and B.2.2 of part 2 of the CG Code.

## OTHER INFORMATION

Code provision C.2.1 requires that the roles of chairman and chief executive officer should be separate and should not be performed by the same individual. Mr. Yang Tan, general manager of the Company (exercising the same powers as chief executive officer), acted as the chairman of the Board from 15 March 2023, and was appointed as the chairman of the Board on 7 June 2023. Since Mr. Yang Tan is familiar with the Company's development strategy, Board functioning and operating management, the Board believes that vesting the roles of chairman of the Board and general manager concurrently into Mr. Yang Tan may guarantee consistent leadership of the Group, improve its decision-making process and implementation efficiency, and effectively grasp business opportunities. In addition, the responsibilities of the chairman of the Board and general manager of the Company have been clearly separated and defined in written form to ensure efficient duty performance and clear division of powers and responsibilities. Therefore, such arrangement will not undermine the checks and balances between the Board and the management of the Group. On 23 January 2025, Mr. Yang Tan tendered his resignation to the Board to resign as the general manager of the Company due to work arrangement with effect from 23 January 2025. On the same date, the Board resolved to appoint Mr. Ding Dapan as the general manager of the Company with effect from 23 January 2025. In light of the above, the roles of chairman of the Board and the general manager of the Company have been separated.

Code provision B.2.2 requires that every director, including those appointed for a specific term, should be subject to retirement by rotation at least once every three years. As disclosed in the announcement of the Company dated 9 June 2023, the term of office of the second session of the Board and the Supervisory Committee expired on 11 June 2023. Given that nomination for members of a new session of the Board and the Supervisory Committee has not been finalised, to ensure continuity in duty performance of the Board and the Supervisory Committee, election of a new session of the Board and the Supervisory Committee will be postponed. The term of office of each special committee of the second session of the Board and the senior management members appointed by the Board will be accordingly extended. The postponed election of a new session of the Board and the Supervisory Committee will not have any impact on the normal operation of the Company. The Company will proactively expedite relevant process to complete election of a new session of the Board and the Supervisory Committee as soon as practicable, and will fulfill information disclosure obligations in a timely manner.
