Dear Shareholders,

On behalf of the board (the "Board") of directors (the "Directors") of Sino-Entertainment Technology Holdings Limited (the "Company"), I hereby present the interim report of the Company and its subsidiaries (collectively referred as the "Group") for the six months ended 30 June 2025 (the "Period").

We strive to bringing quality and interactive gameplay experience to game players by drawing upon our experience and expertise in the mobile game industry together with our sound understanding with our publishing partners and game players gained over the years of our operations. During the Period, the Group also commenced to engage in developing and providing technical support for mobile app on SocialFi with blockchain technology. SocialFi is a new concept combining social media and decentralized finance which allows everyone to earn benefits while participating in social media interactions. We consider that SocialFi will reshape the business model of social media with high business development potentials.

The Group achieved a total revenue of approximately RMB23,115,000 for the Period, of which revenue of RMB9,200,000 was generated from publishing of third party games and revenue of RMB13,915,000 was generated from the development and technical support for mobile app on SocialFi with blockchain technology. The Group did not have any revenue from publishing self-developed games nor from development and sales of games during the Period. With the new income source generated from the development and technical support for the mobile app on SocialFi, the Group was able to improve its financial performance by reducing the net loss from approximately RMB5,984,000 recorded in the corresponding period last year to approximately RMB1,756,000 for the Period.

Looking ahead, we will continue to focus on developing businesses with blockchain technology with high growth potential, increasing game development and publishing capacities, strengthening the relationships with existing customers and developing relationships with new customers. We will continue to drive our business growth in order to maximise the return for our Shareholders.

# MANAGEMENT DISCUSSION AND ANALYSIS

#### **Financial Overview**

#### Revenue

For the Period, the Group's revenue amounted to approximately RMB23,115,000, representing a decrease of approximately 23.8% from that of approximately RMB30,323,000 for the six months ended 30 June 2024.

#### Provision of digital services with blockchain technology

During the Period, the Group generated revenue of approximately RMB13,915,000 from developing and providing technical support for mobile app on SocialFi with blockchain technology (for the six months ended 30 June 2024: Nil).

#### Publishing of self-developed games

During the Period, the Group did not publish any in-house mobile game with its own proprietary title, therefore, no publishing revenue was generated (for the six months ended 30 June 2024: Nil).

#### Publishing of third party games

During the Period, the Group as a co-publisher provided publishing services for 13 third-party games, contributing co-publishing revenue of approximately RMB9,200,000 (for the six months ended 30 June 2024: 20 third-party games contributing co-publishing revenue of approximately RMB16,172,000).

#### Development and sales of mobile games

During the Period, the Group did not have any sales of mobile games (for the six months ended 30 June 2024: sales of 3 customised software and games to third parties, contributing sales revenue of approximately RMB14,151,000).

#### **Administrative expenses**

Administrative expenses mainly included consumables costs, depreciation and auditor's remuneration. For the Period, the Group's administrative expenses amounted to approximately RMB9,203,000 (for the six months ended 30 June 2024: approximately RMB21,050,000). The decrease was mainly attributable to the decrease in amortisation of intangible asset and the expenses on share-based payments.

#### Research and development expenses

Research and development expenses mainly consisted of expenses for the development of live streaming platforms for gaming services during the period amounting to approximately RMB12,038,000 (for the six months ended 30 June 2024: RMB267,000).

#### **Taxation**

Under the current laws of the Cayman Islands, the Group is not subject to income tax or capital gains tax in the Cayman Islands. Additionally, dividend payments made by the Group are not subject to withholding tax in the Cayman Islands.

Hong Kong profits tax has been provided at the rate of 16.5% on the estimated assessable profit for the Period.

## Management Discussion and Analysis

Under the Law of the PRC on Enterprise Income Tax (the "EIT Law") and the Implementation Regulations of the EIT Law, the tax rate of the PRC companies is 25%.

Pursuant to Cai Shui [2023] No. 7 issued by Ministry of Finance, enterprise engaging in research and development activities are entitled to claim 200% of their research and development expenses so incurred as tax deductible expenses when determining their assessable profits for that year. The Group has made its best estimate for such deduction to be claimed for the Group's entities in ascertaining the assessable profits for the Period.

For the Period, income tax expense was approximately RMB990,000 (for the six months ended 30 June 2024: approximately RMB1,440,000).

#### Loss for the Period

The Group's loss for the Period was approximately RMB1,756,000 (for the six months ended 30 June 2024: approximately RMB5,984,000). The decrease in loss for the Period was the combined results of: (i) the increase in revenue from developing and providing technical support for mobile app on SocialFi with blockchain technology, (ii) the reversal of impairment losses under the expected credit loss model previously recognised, (iii) the decrease in administrative expenses as a result of the decrease in amortisation of intangible assets and expenses on share-based payment, and (iv) the increase in research and development expenses as a result of increase in expenses for the development of live streaming platforms for gaming services.

#### Interim Dividend

The Board does not recommend any distribution of interim dividend for the Period.

#### **Gearing Ratio**

The Group's gearing ratio as at 30 June 2025, calculated on the basis of total debts divided by total equity at the end of the Period, was 6.1% (31 December 2024: 10.7%).

#### **Liquidity and Financial Resources**

The operations of the Group are mainly financed by the cash generated from its operations. As at 30 June 2025, the net current assets of the Group amounted to approximately RMB72,824,000 (31 December 2024: approximately RMB69,482,000) and cash and cash equivalents as at 30 June 2025 amounted to approximately RMB9,508,000 (31 December 2024: approximately RMB29,715,000).

As at 30 June 2025, the Group had no bank or other borrowings (31 December 2024: Nil).

#### **Credit Risk**

The Group uses provision matrix to calculate expected credit loss (the "ECL") for the trade receivables and calculates the ECL for the other receivables by grouping the counterparties with similar nature under general approach. The provision of ECL is sensitive to changes in estimates. Significant credit-impaired receivables are identified and assessed individually; the remaining debtors are grouped into different categories and the basis of expected loss rates in each category is determined with reference to historical default rates and forward-looking information. Impairment losses for the Period are recognised as a result of the expected loss assessment, which has considered the expected timing of collection and the quality of debtors, including their credit worthiness and repayment history.

#### **Currency Risk**

The functional currency of the Group's main operating subsidiaries is Renminbi as their substantial revenue is in Renminbi. However, certain subsidiaries of the Group have their assets and liabilities denominated in currencies other than Renminbi. The Group is subject to foreign exchange rate risk with respect to recognised assets and liabilities which are denominated in currencies other than Renminbi. The Group currently does not have a foreign exchange hedging policy. However, the management of the Group will continue to monitor foreign exchange exposure and will consider hedging significant foreign exchange exposure should the need arise.

#### **Capital Commitments**

As at 30 June 2025, other than the unpaid registered capital for the Group's subsidiaries, the Group did not have any significant capital commitments (31 December 2024: Nil).

#### **Capital Structure**

The Company's capital structure remained unchanged after the listing of the Company's Shares on the Stock Exchange on 15 July 2020. The capital structure of the Group comprises equity interest attributable to the owners of the Company (including issued share capital and reserves). The Directors regularly review the capital structure of the Group. As part of the review, the Directors have considered the cost of capital and the associated risks of various types of capital.

#### **Material Acquisitions and Disposals**

Pursuant to the reorganisation, the Company became the holding company of the Group after the reorganisation. The details of the reorganisation are set out in the paragraph headed "Reorganisation" under the section headed "History, Reorganisation and Corporate Structure" in the Prospectus.

On 12 February 2025, Sino-Entertainment (HK) International Holdings Limited (an indirect whollyowned subsidiary of the Company, "SEHKIHL"), Time Entertainment International Limited (an indirect non-wholly owned subsidiary of the Company, "TEIL") and Time Is Money Co., Limited ("TIMCL") entered into the Shareholders' Agreement to govern, among other things, the relationship between SEHKIHL and TIMCL as shareholders of TEIL and the commitment by each of SEHKIHL and TIMCL to TEIL. Pursuant to the Shareholders' Agreement, SEHKIHL shall inject capital in the amount of HK\$20.0 million into TEIL, and TIMCL shall procure the transfer of the core source code of the SocialFi mobile app developed by TIMCL and the other relevant intellectual properties related to the SocialFi mobile app, such as the data of the software framework, user interface design and programs, to TEIL. The source code will be developed as a SocialFi mobile app. As such, the amount of Capital Injection was in substance the consideration for the acquisition of the core source code of the SocialFi mobile app developed by TIMCL and the other relevant intellectual properties related to the SocialFi mobile app. TIMCL also guarantees to SEHKIHL that the aggregate audited net profit after tax of TEIL for the years ending 31 December 2025, 2026 and 2027 will not be less than HK\$40.0 million. If the aggregate audited net profit is less than HK\$40.0 million, TIMCL agrees to transfer such number of shares of TEIL held by TIMCL to SEHKIHL as calculated according to an agreed formula and if TEIL records aggregate audited loss for the years ending 31 December 2025, 2026 and 2027, TIMCL will transfer the entire number of shares of TEIL held by it to SEHKIHL.

#### Management Discussion and Analysis

The transactions under the Shareholders' Agreement constitute an acquisition (through contribution in kind) under the Listing Rules. As one or more of the applicable percentage ratios (as calculated under Rule 14.07 of the Listing Rules) in respect of the acquisition (through contribution in kind) contemplated under the Shareholders' Agreement exceed 25% but less than 100%, the entering into of the Shareholders' Agreement constitutes a major transaction of the Company under Chapter 14 of the Listing Rules and are therefore subject to reporting, announcement, circular and Shareholders' approval requirements under Chapter 14 of the Listing Rules.

The Company's option (the "**Option**") to acquire the equity interests of TEIL under the profit guarantee clause of the Shareholders' Agreement is treated as a transaction and classified by reference to the percentage ratios pursuant to Rules 14.04(1)(b) and 14.73 of the Listing Rules. Since the exercise of the Option is at the discretion of the Company, according to Rule 14.75(1) of the Listing Rules, on the grant of the Option, only the premium (which is nil) will be taken into consideration for calculating the percentage ratios. The Company will comply with the relevant Listing Rules on the exercise of the Option (where required).

On 9 April 2025, an extraordinary general meeting of the Company was held at which the Shareholders' Agreement and the transactions contemplated thereunder were approved, confirmed and ratified by the Shareholders. For more details, please refer to the circular and the poll results announcement issued by the Company dated 21 March and 9 April 2025 respectively.

During the Period, other than the major transaction mentioned above, the Group did not have any material acquisitions or disposals of subsidiaries, associates or joint ventures.

#### **Employees and Remuneration Policy**

As at 30 June 2025, the Group employed 25 (30 June 2024: 28) employees. Remunerations of the Group's employees were determined with reference to factors such as market terms, their qualification, responsibility, contribution and experience.

#### Pledged Assets and Contingent Liabilities of the Group

As at 30 June 2025, there were no charges on the Group's assets and the Group did not have any contingent liabilities (31 December 2024: nil).

### **Prospects**

The Group continues to navigate the dynamic mobile gaming industry in the PRC and enhance the business by investing in development of live streaming platforms. At the same time, the Group is optimistic on developing and providing technical support on SocialFi mobile app with blockchain technology which has demonstrated its profitability during the Period. The Group would adhere to the prevailing applicable policies and review the Group's business strategy regularly to capture business opportunities in the PRC and abroad.

The operations of the Listing Business are conducted by Luocheng Mulao Autonomous County Dinglian Technology Company Limited ("Dinglian Technology") and its subsidiaries (the "Operating Entities") while Dinglian Technology is legally owned by the Registered Shareholders.

The Company's shares are listed on the Main Board of The Stock Exchange of Hong Kong Limited (the "Stock Exchange") on 15 July 2020.

The condensed consolidated financial statements are presented in Renminbi ("RMB"), which is also the functional currency of the Company.

#### 2. BASIS OF PREPARATION

The condensed consolidated financial statements have been prepared in accordance with Hong Kong Accounting Standard ("HKAS") 34 "Interim Financial Reporting" issued by the Hong Kong Institute of Certified Public Accountants (the "HKICPA") as well as the applicable disclosure requirements of Appendix D2 to the Rules Governing the Listing of Securities on the Stock Exchange.

The directors of the Company (the "Directors") have, at the time of approving the condensed consolidated financial statements, a reasonable expectation that the Group has adequate resources to continue in operational existence for the foreseeable future. Thus they continue to adopt the going concern basis of accounting in preparing the condensed consolidated financial statements.

#### **Contractual arrangements**

Due to the restrictions imposed by Law of the People's Republic of China (the "PRC Law") on foreign ownership of companies engaged in the Listing Business carried out by the Group, the Group conducts a substantial portion of the Listing Business through the Operating Entities. On 7 November 2018, Khorgos Entertainment Information Technology Company Limited ("Khorgos Entertainment"), Dinglian Technology and the Registered Shareholders entered into a series of contractual agreements (collectively, the "Contractual Arrangements"), which enable Khorgos Entertainment and the Group to:

#### Other Information

Having considered that the past performance and contributions to the Group of the Selected Participants, the Remuneration Committee and the Board consider that the grant of such Awarded Shares with a short vesting period:

- (i) aligns the interests of the Selected Participants with those of the Company and the shareholders of the Company as a whole;
- (ii) rewards and recognises the contribution of the Selected Participants to the Group; and
- (iii) provides incentive to the Selected Participants to continue to work for the success and improved performance of the Group. All of these are consistent with the purpose of the Old Share Award Plan.

The fair value of the Awarded Shares was calculated based on the closing price of the Company's shares at the respective grant dates.

#### **NEW SHARE SCHEME**

Pursuant to an ordinary resolution passed by the Shareholders on 9 April 2025 (the "Adoption Date"), the Company adopted a new share scheme (the "New Share Scheme") to comply with the requirements of the amended Chapter 17 of the Listing Rules.

The purpose of the New Share Scheme is, through an award of Shares, to: (A) recognise and reward the contribution of Eligible Participants to the growth and development of the Group, to give incentives to Eligible Participants in order to retain them for the continual operation and development of the Group; and (B) attract suitable personnel for further development of the Group.

Eligible Participants include (A) the Employee Participants (directors and employees (including full-time and part-time employees) of the Group (including persons who are granted awards as an inducement to enter into employment contracts with the Group); (B) the Service Provider Participants (persons or entities (other than Employee Participants or Related Entity Participants), providing goods and/or services to the Group on a continuing or recurring basis in the ordinary and usual course of business of the Group which are in the interests of the long-term growth of the Group); and (C) the Related Entity Participants (any persons who are employees (whether full-time or part-time or other employment relationship), directors or officers of the holding companies, fellow subsidiaries or associated companies of the Company).

An award (the "Award") granted under the New Share Scheme by the Board may take the form of a Share Option or a Share Award.

As at the Adoption Date, (i) the maximum number of Shares which may be issued and the number of treasury Shares which may be transferred in respect of all awards under the New Share Scheme and other share schemes of the Company that involve the issuance of new Shares and transfer of treasury Shares (if any) would be no more than 41,483,781 Shares, representing approximately 10% of the total number of Shares in issue (excluding the treasury Shares) as at the Adoption Date (the "Scheme Mandate Limit"); and (ii) within the Scheme Mandate Limit, the maximum number of Shares that may be issued and the number of treasury Shares which may be transferred under the New Share Scheme and other share schemes of the Company that involve the issuance of new Shares and transfer of treasury Shares (if any) to the Service Provider Participants would be no more than 4,148,378 Shares, representing approximately 1% of the total number of Shares in issue (excluding the treasury Shares) as at the Adoption Date (the "Service Provider Sublimit"). For the avoidance of doubt, the Scheme Mandate Limit and the Service Provider Sublimit do not apply to Share Awards that are funded by existing Shares to be held by the Trustee, and there is no upper limit for Share Awards in this regard. Awards lapsed in accordance with the terms of the New Share Scheme will not be regarded as utilised for the purpose of calculating the Scheme Mandate Limit or the Service Provider Sublimit. The Board shall not instruct the Trustee to subscribe for and/or purchase any Shares for the purpose of the New Share Scheme when such subscription and/or purchase will result in the Scheme Mandate Limit or the Service Provider Sublimit being exceeded.

## Other Information

The maximum number of Shares, in a 12-month period up to and including the date of award, which may be issued (and, together with treasury Shares which may be transferred, as applicable) in respect of an Award or Awards to a Selected Participant together with any Shares to be issued under any options and awards granted to such Selected Participant under any share schemes of the Company shall not (i) in aggregate exceed 1% of the issued share capital (excluding treasury Shares) of the Company; and (ii) exceed any limits applicable to such Selected Participant under the Listing Rules. Any further grant of Awards must be separately approved by the Shareholders in general meeting with such Eligible Participant and his or her close associates (or his or her associates if the Eligible Participant is a connected person) abstaining from voting. The Company must then send a circular to its Shareholders and the circular must disclose the identity of the Eligible Participants, the number and terms of the Awards to be granted and Awards previously granted to such Eligible Participant and the information required under the Listing Rules. The number and terms of the Awards to be granted to such Eligible Participant must be fixed before Shareholders' approval.

The Trustee may, at any time during the continuation of the New Share Scheme and the Trust Deed, set aside the appropriate number of Award Shares out of a pool of issued Shares, fully paid or credited as fully paid, for the time being and from time to time held by the Trustee pursuant to the Trust Deed (the "Shares Pool"). In the event that the Trustee effects any purchases by off-market transactions, the purchase price for such purchases shall not be higher than the lower of (a) the closing market price on the date of such purchase, and (b) the average closing market price for the five preceding trading days on which the Shares were traded on the Stock Exchange.

Subject to early termination, the New Share Scheme shall be valid and effective for a term of 10 years commencing from the Adoption Date. Upon termination, no further Award (including Awards granted under the New Share Scheme but not yet exercised or in respect of which Award Shares are not yet issued to the Eligible Participant(s)) shall be granted but in all other respects the provisions of the New Share Scheme shall remain in full force and effect. The Award Shares granted and subsisting prior to the termination shall continue to be in full force and effect.

At the beginning of the Period, no share is available to be granted under the New Share Scheme as the same has not been adopted. At the end of the Period and as of the date of this report, after the grant of the Awards involving 13,165,000 Award Shares on 23 April 2025, 28,318,781 Shares will be available for future grants for awards under the New Share Scheme, of which 414,837 Shares will be available for future grants to the Service Providers.

#### Note:

A period of more than two years upon satisfaction of the vesting conditions each year with (1) 20% of the Award Shares shall be vested on 28 November 2025; (2) 30% of the Award Shares shall be vested on 28 November 2026; and (3) 50% of the Award Shares shall be vested on 28 November 2027.

Since (i) the Award Shares are to be vested in batches; (ii) the first batch accounts for 20% only; (iii) the total vesting period lasts for more than two years; (iv) the Awards are granted to Employee Participants and are subject to the fulfilment of performance targets; (v) it is permissible under the terms of the New Share Scheme; and (vi) the reasons for and the benefits of the Award is to recognise the Employee Participants for their contribution to the Group and to offer competitive packages to retain such individuals to strive for the future development of the Group by providing them with the opportunity to own equity interests in the Company, the Remuneration Committee and the Board are of the view that the less than 12 months for the period between the date of grant and the first vesting date is appropriate and aligns with the purpose of the Share Scheme.

The Awarded Shares are either newly issued or are purchased from the open market. The net consideration paid, including any directly attributable incremental costs, is presented as "share held under share award scheme reserve" and deducted from equity. The fair value of shares granted to employees is recognised as share-based payment expenses with a corresponding increase in sharebased payment reserve within equity. The fair value is based on the closing price of the Company's shares on grant date plus any directly attributable incremental costs. Where the employees have to meet vesting conditions before becoming unconditionally entitled to the shares, the total fair value of the shares is spread over the vesting period, taking into account the probability that the shares will vest. During the vesting period, the number of shares that is expected to vest is reviewed. Any resulting adjustment to the cumulative fair value recognised in prior years is charged/ credited to profit or loss for the year of the review, unless the original employee expenses qualify for recognition as an asset, with a corresponding adjustment to the share-based payment reserve. On vesting date, the amount recognised as an expense is adjusted to reflect the actual number of shares that vest with corresponding adjustment to the share-based payment reserve.
