REASONS FOR AND BENEFITS OF THE DISPOSAL

From time to time, the Group explores strategic investment opportunities within its extensive hospitality industry network to maximise Shareholders' value. The Group acquired the Land and the Building at JPY358.4 million on 17 April 2025 with a view to further expand its hospitality business. However, considering the prevailing property market conditions and the consideration offered by the Purchaser, the Board is of the opinion that the Disposal represents a good opportunity for the Group to realise the value of the Trust Real Estate at a reasonable price. In addition, the proceeds from the Disposal will strengthen the financial position of the Group and increase the general working capital of the Group. The Board considers the Disposal a prudent and strategic investment decision, enabling the Group to capitalise on favorable market conditions and realise a substantial financial gain. This transaction aligns with the Group's strategy to leverage its industry expertise and market insights to generate value for Shareholders.

The Group intends to use the net sale proceeds from the Disposal as general working capital or for future investment should such opportunities arise.

Taking into account the above factors, the Directors (including the independent non-executive Directors) consider that the terms of the Disposal are fair and reasonable and in the interests of the Shareholders and the Company as a whole.

None of the Directors has any material interests in the Disposal and therefore, none of them has abstained from voting on the Board resolution(s) approving the Trust Beneficial Interest Assignment Agreement and the transactions contemplated thereunder.

FINANCIAL EFFECT OF THE DISPOSAL

Subject to the final audit, it is expected that the Group will record an unaudited gain on the Disposal of approximately JPY100.0 million. Such unaudited gain is estimated after taking into account the transfer price of the Trust Beneficial Interest of JPY600.0 million, the acquisition cost of JPY358.4 million and other related expenses.
