On September 20, 2025, NIO Day 2025 was held in Hangzhou. For the first time, this event took place in autumn, celebrating the theme "Grow with the Light," and showcasing NIO's latest products and innovations to global users.

Outside the main event venue, the panoramic artwork featuring the G318 Sichuan-Xizang Power Swap Route made its debut, capturing the uniqueness of this journey. In addition, all proceeds from the user marketplace will be donated to the Zhejiang Charity Federation. At the event, NIO launched the Horizon Edition of its smart electric executive flagship, the ET9, with deliveries expected to start at the end of September 2025. The ET9 Horizon Edition features a two-tone body design inspired by the NIO logo. The upper half represents the sky and vision, while the lower half symbolizes the earth and action. This seamless fusion conveys a sense of effortless command. Integrating artistry, exquisite craftsmanship, and top-notch technology, the ET9 Horizon Edition stands as a flagship of design, technology, and executive luxury, built for pioneers with vision, action, and taste.

At the event, NIO's flagship premium SUV, the All-New ES8, was officially launched. NIO ES8 is a trailblazer among China's large three-row battery electric SUVs. As the first smart EV evolving to its third generation, the All-New ES8 represents NIO's decade-long technological innovation, ushering premium large three-row SUVs into the electric era.
