VOLUNTARY ANNOUNCEMENT
BUSINESS UPDATE

This is a voluntary announcement made by YSB Inc. (the "**Company**") to provide its Shareholders and potential investors with certain business updates of the Company and its subsidiaries and consolidated affiliated entities (the "**Group**"). Unless otherwise defined herein, capitalised terms used in this announcement shall have the same meanings as those defined in the annual report of the Company published on 25 April 2025 (the "**Annual Report**").

Reference is made to the Company's voluntary announcement on business update dated 14 May 2025. The Targeted Product Launch Business is an important strategy for the Group's "upward growth" plan, falling under high-margin businesses and thereby playing a significant role in boosting profitability. As disclosed in the Annual Report, based on the insight that the Company gained from other business operations, the Company actively sought to establish in-depth cooperation with pharmaceutical companies, aiming to promote their products customised for downstream needs to a broader market, thereby turning potential market opportunities into sales performance. On the other hand, leveraging the brand influence and channel advantages the Company has built, it strategically promoted the expansion of its own brand products, and committed to launching its own brand products with high-quality and diverse categories that closely meet the market demand in order to meet the diversified needs of a wider range of downstream users.

The Board is pleased to announce that the following table sets forth the unaudited total transaction amounts with respect to the Targeted Product Launch Business (inclusive of the Group's own brand business) and the Group's own brand business for the periods indicated:

	For the three months ended 30 September		Change
	2024	2025	
	(RMB in million)		(%)
Targeted Product Launch Business (inclusive of the Group's own brand business)	250.3	658.4	163.0
The Group's own brand business	113.2	491.5	334.2

The information contained in this announcement is based solely on the Company's preliminary assessment of its business operations, with reference to the unaudited operational information of the Group for the three months ended 30 September 2024 and 30 September 2025 respectively, and is not based on the financial data or other information that has been audited or reviewed by the Company's independent auditor or the Audit Committee. As such, the relevant figures are strictly for information only and not for any other purposes.

Shareholders and potential investors are advised not to place undue reliance on the information disclosed herein and are advised to exercise caution when dealing in the securities of the Company.
