Notes:

1. *The Company consolidated the financial statements of Shandong Energy Group Northwest Mining Co., Ltd. in the third quarter of 2025. In accordance with Chinese Accounting Standards, this constitutes a business combination under common control, and the Company has retrospectively adjusted the relevant data for prior periods.*
2. *Sales volume of saleable coal refers to the total of self-produced coal and traded coal sold to external markets, excluding coal sales to the Company's internal chemical and power segments.*
3. *The production and sales volume of glycol, caprolactam and polyformaldehyde in the third quarter increased year-on-year, mainly due to the fact that the plant underwent a system overhaul in the same period of the previous year.*
4. *Shaanxi Future Energy Chemicals Company Limited has actively responded to changes in the market environment, carried out flexible production and continuously optimized its product structure, which affected changes in the production and sales of its chemical products, causing year-on-year changes in production and sales of full distribution liquid paraffin, crude liquid wax and other chemical products.*
5. *During the first three quarters of 2025,the production and sales volume of urea increased year-on-year, mainly due to the commencement of production of the 400,000-tonne-per-annum urea facilities of Yankuang Lunan Chemicals Co., Ltd. in the second quarter of 2024.*
6. *The production and sales volume set out in the table above were rounded, but the increase or decrease is calculated according to the original data before rounding.*

As the operational data is influenced by various factors (including but not limited to the adjustment of the macroeconomic policy of the state, changes in domestic and overseas market conditions, seasonality, bad weather and disasters, equipment maintenance and safety inspection), the operational data for each quarter may differ substantially. The operational data may differ from the data disclosed in the periodical reports for the relevant period. The operational data disclosed in periodical reports shall prevail if there is any discrepancy. **Investors should be aware of the**

investment risks associated therewith.
