VOLUNTARY ANNOUNCEMENT

LATEST BUSINESS DEVELOPMENTS

This announcement is made by Unisound AI Technology Co., Ltd. (the "**Company**") on a voluntary basis to inform the shareholders and potential investors of the Company of its latest business developments.

The board of directors (the "**Board**") of the Company is pleased to announce that, the Company has made substantial progress in the commercialization of foundational large models and intelligent agent platforms. Recently, the Company has deepened its cooperation with partners such as well-known domestic companies, and the Company has implemented and deployed the foundational large models and intelligent agent projects of its own proprietary intellectual property computing scheduling platform, UniGPT and the Beast Tooth Agent Intelligent Agent platform, with the value of nearly RMB200 million, and the delivery is scheduled to be completed by the end of 2025.

Such development implies that the Company has taken a solid step forward in the commercialization process of foundational large models and intelligent agent platforms, and also represents the further recognition of the Company's leading position in foundational large model and intelligent agent platform technology. The Company will further deepen its R&D and commercialization of large models and intelligent agents in the smart life fields in which it has its extensive advantages.

By Order of the Board
Unisound AI Technology Co., Ltd.
Dr. Huang Wei
