VOLUNTARY ANNOUNCEMENT
MEMORANDUM OF AGREEMENT IN RELATION TO INVESTMENT IN SOLAR POWER SYSTEM FOR DIGITAL HUB

This announcement is published by Acme International Holdings Limited (the "**Company**", together with its subsidiaries, the "**Group**") on a voluntary basis to keep the shareholders of the Company (the "**Shareholders**") and potential investors informed of the latest business development of the Group.

Reference is made to the announcement of the Company dated 10 October 2024 (the "**Announcement**") in relation to the memorandum of understanding entered into between Blooming Power Limited ("**BPL**"), a wholly-owned subsidiary of the Company, and DCH Investment and Construction JSC (currently known as DCH Technology Group Joint Stock Company) ("**DCH**"), pursuant to which BPL and DCH has agreed to establish a framework for cooperation in the investment, development and operation of renewable energy projects in the Digital Hub in Vietnam. Unless otherwise defined, capitalised terms used in this announcement shall have the same meanings in those defined in the Announcement.

The Board is pleased to provide an update on the progress of the cooperation with DCH. On 28 October 2025, BPL and DCH entered into a further memorandum of agreement (the "**MOA**") to reaffirm and agree on, among other things, the rights and obligations of the parties. Upon entering into of the MOA, the Cooperation MOU dated 10 October 2024 has been superseded.

Pursuant to the MOA, among other things:

- BPL shall invest 100% of the cost for a ground-mounted and rooftop solar power system with a total capacity in the range of 70MW to 100MW, and shall provide both power and computing resources for the Digital Hub; and

- DCH shall irrevocably commits to purchase the full electricity output generated by the Project at a fixed price of US$0.055 per kWh, for a period of 20 years from the commercial operation date of the Project.

The parties will continue to negotiate and agree on the investment structure, implementation schedule and definitive transaction documents, taking into account applicable laws and the parties' respective commercial objectives.

REASONS FOR AND BENEFITS OF THE MOA

The Board believes the agreement pursuant to the MOA represents the parties' continued effort and commitment toward collaboration in the green power energy segment of the Group, which is fully in line with the business objectives of the Group to support leading artificial intelligence ("**AI**") users and next-generation applications by providing reliable power and computing resources critical to AI-driven infrastructures. The Board believes progress and advancement in this renewable energy partnership serves both the Company's long-term growth strategy and global sustainability objectives.

The terms of the MOA are non-binding and serve to set forth the general intentions of the parties regarding the cooperation, and does not create any obligation for either party to proceed with or complete the transactions contemplated thereunder unless and until definitive and legal binding agreements are entered into between the parties, and there is no assurance that the formal agreements will be entered into or the Project will materialise or eventually be consummated.

As at the date of this announcement, BPL and DCH have not entered into any formal agreement regarding the cooperation as stated in the MOA. Further announcement(s) in respect of entering into any formal cooperation agreement will be made by the Company as and when appropriate and in compliance with the Listing Rules.

Shareholders and potential investors of the Company are advised to exercise caution when dealing in the shares of the Company.

By Order of the Board
