中國交通建設股份有限公司

CHINA COMMUNICATIONS CONSTRUCTION COMPANY LIMITED

(A joint stock limited company incorporated in the People's Republic of China with limited liability)

(Stock Code: 1800)

ANNOUNCEMENT
CONTINUING CONNECTED TRANSACTIONS WITH CERTAIN CONNECTED SUBSIDIARIES:
(1) ENTERING INTO OF THE SUPPLEMENTAL AGREEMENT TO THE LEASING FRAMEWORK AGREEMENT; AND
(2) ENTERING INTO OF THE SUPPLEMENTAL AGREEMENT TO THE MUTUAL PROJECT CONTRACTING FRAMEWORK AGREEMENT

Reference is made to the announcement of the Company dated 31 December 2024, in relation to, among others, the Company and Certain Connected Subsidiaries entered into: (i) the Leasing Framework Agreement, pursuant to which, for the three financial years ending 31 December 2027, each party agreed to lease the Leased Assets to the other party for its production and operation use. The Leased Assets mainly include certain buildings, plants and auxiliary equipment and facilities for production and operation owned by themselves; and (ii) the Mutual Project Contracting Framework Agreement, pursuant to which, for the three financial years ending 31 December 2027, each party agreed that the Group may, from time to time, provide construction, management and other services for a specific project undertaken by Certain Connected Subsidiaries in accordance with the requirements of the development and construction of such project; Certain Connected Subsidiaries may, from time to time, provide labour and subcontracting services for a specific project undertaken by the Group in accordance with the requirements of the development and construction of such project.

On 30 October 2025, the Company and Certain Connected Subsidiaries entered into the Supplemental Agreement to the Leasing Framework Agreement and the Supplemental Agreement to the Mutual Project Contracting Framework Agreement to revise the existing annual cap for the year ending 31 December 2025 thereunder. In addition, ZhongBo Green Energy Co., Ltd.* (中博綠色能源有限責任公司) is no longer a party to such agreements as it ceased to be a connected subsidiary of the Company.

As at the date of this announcement, all Certain Connected Subsidiaries are subsidiaries of the Company, and CCCG (a controlling Shareholder of the Company holding approximately 59.53% interests in the issued ordinary shares of the Company) indirectly holds more than 10% interest in each of certain subsidiaries through its subsidiaries. Therefore, these subsidiaries are connected subsidiaries of the Company under Rule 14A.16 of the Hong Kong Listing Rules. As such, the transactions contemplated under the Supplemental Agreement to the Leasing Framework Agreement and the Supplemental Agreement to the Mutual Project Contracting Framework Agreement constitute continuing connected transactions of the Company under Chapter 14A of the Hong Kong Listing Rules.

As the highest applicable percentage ratio of the revised annual caps for each of (i) the leasing of the Leased Assets by Certain Connected Subsidiaries to the Group contemplated under the Supplemental Agreement to the Leasing Framework Agreement; and (ii) the transactions contemplated under the Supplemental Agreement to the Mutual Project Contracting Framework Agreement exceeds 0.1% but is less than 5%, such transactions contemplated thereunder are subject to reporting, announcement and annual review requirements, but are exempt from the independent Shareholders' approval requirement under Chapter 14A of the Hong Kong Listing Rules.

As the highest applicable percentage ratio of the revised annual cap for the leasing of the Leased Assets by the Group to Certain Connected Subsidiaries contemplated under the Supplemental Agreement to the Leasing Framework Agreement is less than 0.1%, such transactions contemplated thereunder are exempt from reporting, announcement, annual review and the independent Shareholders' approval requirements under Chapter 14A of the Hong Kong Listing Rules.

I. BACKGROUND

Reference is made to the announcement of the Company dated 31 December 2024, in relation to, among others, the Company and Certain Connected Subsidiaries entered into: (i) the Leasing Framework Agreement, pursuant to which, for the three financial years ending 31 December 2027, each party agreed to lease the Leased Assets to the other party for its production and operation use. The Leased Assets mainly include certain buildings, plants and auxiliary equipment and facilities for production and operation owned by themselves; and (ii) the Mutual Project Contracting Framework Agreement, pursuant to which, for the three financial years ending 31 December 2027, each party agreed that the Group may, from time to time, provide construction, management and other services for a specific project undertaken by Certain Connected Subsidiaries in accordance with the requirements of the development and construction of such project; Certain Connected Subsidiaries may, from time to time, provide labour and subcontracting services for a specific project undertaken by the Group in accordance with the requirements of the development and construction of such project.

II. ENTERING INTO OF THE SUPPLEMENTAL AGREEMENT TO THE LEASING FRAMEWORK AGREEMENT

According to the business development, the Board estimates that the rents to be received by the Group for leasing the Leased Assets to Certain Connected Subsidiaries pursuant to the Leasing Framework Agreement, and those to be received by Certain Connected Subsidiaries for leasing the Leased Assets to the Group pursuant to the Leasing Framework Agreement will probably exceed the existing annual caps for the year ending 31 December 2025. Therefore, on 30 October 2025, the Company and Certain Connected Subsidiaries entered into the supplemental agreement to revise (i) the existing annual cap of rents to be received by the Group for leasing the Leased Assets to Certain Connected Subsidiaries for the year ending 31 December 2025 from RMB47.42 million to RMB51.05 million; (ii) the existing annual cap of rents to be received by Certain Connected Subsidiaries for leasing the Leased Assets to the Group for the year ending 31 December 2025 from RMB400.00 million to RMB422.23 million under the existing Leasing Framework Agreement. In addition, ZhongBo Green Energy Co., Ltd.* (中博綠色能源有限責任公司) is no longer a party to such agreement as it ceased to be a connected subsidiary of the Company.

Revision of the Existing Annual Caps

As all the leases entered into under the Leasing Framework Agreement are short-term leases, and pursuant to the Leasing Framework Agreement, the rents received by the Group for leasing the Leased Assets to Certain Connected Subsidiaries shall be recognized as revenues in the Group's consolidated statement of profit or loss, while the rents received by Certain Connected Subsidiaries for leasing the Leased Assets to the Group shall be recognized as expenses in the Group's consolidated statement of profit or loss. The revised annual caps are detailed as follows:

Unit: RMB million

Transaction	**Actual amount for the six months ended 30 June 2025**	**Existing annual caps for the year ending 31 December 2025**	**Revised annual caps for the year ending 31 December 2025**
Leasing the Leased Assets by the Group to Certain Connected Subsidiaries	10.57	47.42	51.05
Leasing the Leased Assets by Certain Connected Subsidiaries to the Group	186.46	400.00	422.23

The revised annual cap of rents to be received by the Group for leasing the Leased Assets to Certain Connected Subsidiaries under the Leasing Framework Agreement is determined with reference to the following factors: (i) Certain Connected Subsidiaries' demands for the relevant Leased Assets owned by the Group for the year of 2025, which are based on their existing projects and current business operation and development. Based on the existing orders and contracts, (a) CCCC E-commerce intends to additionally lease vehicles and the Group's property(ies) located in Wuhan from the Group, with an estimated transaction amounts of the rent totaling RMB0.72 million, (b) CCCC Haifeng needs to additionally lease certain Leased Assets of the Group for implementing the Shandong Zhaoyuan Photovoltaic Project and the Fujian Ningde Photovoltaic Project, with an estimated transaction amounts of the rent of RMB2.58 million; (ii) the prevailing prices of the relevant Leased Assets; (iii) the fact that the leasing was highly related to the projects undertaken by the Group with seasonal nature, the majority of which occur in the second half of the year; and (iv) a buffer of approximately 10% for other Certain Connected Subsidiaries' unexpected demands to lease Leased Assets from the Group.

The revised annual cap of rents to be received by Certain Connected Subsidiaries for leasing the Leased Assets to the Group under the Leasing Framework Agreement is determined with reference to the following factors: (i) the Group's additional demands for the Leased Assets owned by Certain Connected Subsidiaries, which are based on its existing projects and current business operation and development, with an estimated increase of RMB20 million in rental transactions by the end of 2025 for vessels leased by the Group from CCCC Haifeng; (ii) the prevailing prices of the relevant Leased Assets; and (iii) a buffer of approximately 10% for the Group's unexpected demands to lease Leased Assets from other Certain Connected Subsidiaries.

The Board further confirms that, as at the date of this announcement, the existing annual cap of rents to be received by the Group for leasing the Leased Assets to Certain Connected Subsidiaries and the existing annual cap of rents to be received by Certain Connected Subsidiaries for leasing the Leased Assets to the Group under the Leasing Framework Agreement has not yet been exceeded. The Company will continue to closely monitor the implementation of the Leasing Framework Agreement and where any further adjustments to the annual caps under the Leasing Framework Agreement are foreseeable (if any), the Company will re-comply with the applicable requirements of the Hong Kong Listing Rules and fulfill its disclosure obligations pursuant thereto in a timely manner (if necessary).

Save as disclosed above, all the other terms of the Leasing Framework Agreement remain unchanged.

III. ENTERING INTO OF THE SUPPLEMENTAL AGREEMENT TO THE MUTUAL PROJECT CONTRACTING FRAMEWORK AGREEMENT

According to the business development, the Board estimates that the fees to be received by Certain Connected Subsidiaries for the provision of labour and subcontracting services to the Group pursuant to the Mutual Project Contracting Framework Agreement will probably exceed the existing annual caps for the year ending 31 December 2025. Therefore, on 30 October 2025, the Company and Certain Connected Subsidiaries entered into the supplemental agreement to revise the existing annual cap of fees to be received by Certain Connected Subsidiaries for the provision of labour and subcontracting services to the Group for the year ending 31 December 2025 under the Mutual Project Contracting Framework Agreement from RMB240.52 million to RMB342.78 million. ZhongBo Green Energy Co., Ltd.* (中博綠色能源有限責任公司) is no longer a party to such agreement as it ceased to be a connected subsidiary of the Company.

Revision of the Existing Annual Cap

The revised annual cap is detailed as follows:

Unit: RMB million

Transaction	Actual amount for the six months ended 30 June 2025	Existing annual caps for the year ending 31 December 2025	Revised annual caps for the year ending 31 December 2025
Labour and subcontracting services to be provided by Certain Connected Subsidiaries to the Group	0.00	240.52	342.78

The revised annual cap of fees to be received by Certain Connected Subsidiaries for the provision of labour and subcontracting services to the Group under the Mutual Project Contracting Framework Agreement is determined with reference to the following factors: (i) the Group's plan for project construction and daily operations and its additional need for labour and subcontracting services for the year of 2025. Based on the existing orders and contracts, (a) the Group requires CCCC E-commerce to provide additional consultation and management services for the new "three chains" trading sharing platform project; (b) the Group needs CCCC Haifeng to provide additional professional services for implementing the

Tianjin Nangang Project as well as Yangjiang Qingzhou Five and Seven Projects, with an estimated aggregate new transaction amount of RMB100 million; (ii) the prevailing market price of labour and subcontracting services; (iii) the current capacity of Certain Connected Subsidiaries; (iv) given the seasonality of the infrastructure construction business, a majority of the service fees receivable from Certain Connected Subsidiaries are expected to be collected in the second half of the year, which is common in the infrastructure industry; and (v) a buffer of approximately 10% for the Company's unexpected demands for the labour and subcontracting services provided by other Certain Connected Subsidiaries.

The Board further confirms that, as at the date of this announcement, the existing annual cap of fees to be received by Certain Connected Subsidiaries for the provision of labour and subcontracting services to the Group under the Mutual Project Contracting Framework Agreement has not yet been exceeded. The Company will continue to closely monitor the implementation of the Mutual Project Contracting Framework Agreement and where any further adjustments to the annual caps under the Mutual Project Contracting Framework Agreement are foreseeable (if any), the Company will re-comply with the applicable requirements of the Hong Kong Listing Rules and fulfill its disclosure obligations pursuant thereto in a timely manner (if necessary).

Save as disclosed above, all the other terms of the Mutual Project Contracting Framework Agreement remain unchanged.

IV. REASONS FOR AND BENEFITS OF THE TRANSACTIONS

1. Entering into of the Supplemental Agreement to the Leasing Framework Agreement

The Group may from time to time lease properties owned by Certain Connected Subsidiaries as its office and other properties and auxiliary facilities situated at several locations owned by Certain Connected Subsidiaries for its production and operation. In addition, for the operation of principal businesses, the Group leases products auxiliary to production and operation such as engineering ships and machine from Certain Connected Subsidiaries from time to time. Compared with independent third parties, Certain Connected Subsidiaries have more understanding of the Company's business requirements, and the Company also can benefit from their relatively competitive offers, which facilitates the Company's business development.

Meanwhile, Certain Connected Subsidiaries may from time to time rent premises and other facilities situated at several locations owned by the Group for its production and operation which are requisite for their daily production and operations. The leasing arrangements under the Leasing Framework Agreement will improve the occupancy rate of the premises owned by the Group as well as the utilisation rate of the self-owned facilities and equipment of the Group, which facilitates continuous and stable use of such premises and facilities and provides greater flexibility for the Group to leasing arrangements, and therefore helps to realise the interests of the Company and its Shareholders as a whole.

2. Entering into of the Supplemental Agreement to the Mutual Project Contracting Framework Agreement

As the Group is mainly engaged in the transportation infrastructure industry, it may require labour and subcontracting services from time to time in the course of its ordinary business. By selecting Certain Connected Subsidiaries as a provider of such services, the Directors are of the view that the Group can benefit from its relatively low quotations, its understanding of the Group's business and its extensive experience and expertise in providing such services, and accordingly receive professional and high-quality services at a reasonable cost, which will be conducive to the Group's business operation.

V. HONG KONG LISTING RULES IMPLICATIONS

As at the date of this announcement, all Certain Connected Subsidiaries are subsidiaries of the Company, and CCCG (a controlling Shareholder of the Company holding approximately 59.53% interests in the issued ordinary shares of the Company) indirectly holds more than 10% interest in each of certain subsidiaries through its subsidiaries. Therefore, these subsidiaries are connected subsidiaries of the Company under Rule 14A.16 of the Hong Kong Listing Rules. As such, the transactions contemplated under the Supplemental Agreement to the Leasing Framework Agreement and the Supplemental Agreement to the Mutual Project Contracting Framework Agreement constitute continuing connected transactions of the Company under Chapter 14A of the Hong Kong Listing Rules.

As the highest applicable percentage ratio of the revised annual caps for each of (i) the leasing of the Leased Assets by Certain Connected Subsidiaries to the Group contemplated under the Supplemental Agreement to the Leasing Framework Agreement; and (ii) the transactions contemplated under the Supplemental Agreement to the Mutual Project Contracting Framework Agreement exceeds 0.1% but is less than 5%, such transactions contemplated thereunder are subject to reporting, announcement and annual review requirements, but are exempt from the independent Shareholders' approval requirement under Chapter 14A of the Hong Kong Listing Rules.

As the highest applicable percentage ratio of the revised annual cap for the leasing of the Leased Assets by the Group to Certain Connected Subsidiaries contemplated under the Supplemental Agreement to the Leasing Framework Agreement is less than 0.1%, such transactions contemplated thereunder are exempt from reporting, announcement, annual review and the independent Shareholders' approval requirements under Chapter 14A of the Hong Kong Listing Rules.

VI. CONFIRMATION BY THE DIRECTORS

Mr. Song Hailiang, Mr. Zhang Bingnan and Mr. Liu Xiang, being the Directors, are also directors or senior management of CCCG, and therefore are deemed to have a material interest in the above-mentioned continuing connected transactions and have abstained from voting on the relevant Board resolution. Save for the said Directors, none of the other Directors of the Company has or is deemed to have a material interest in the above-mentioned continuing connected transactions.

Having made all reasonable and due inquiries, the Directors (including the independent non-executive Directors) are of the view that the above-mentioned continuing connected transactions are entered into on normal commercial terms in the ordinary or usual course of business of the Company, are fair and reasonable and in the interests of the Company and its Shareholders as a whole.

VII. GENERAL INFORMATION

(1) The Company

The Company is a leading global mega-infrastructure integrated service provider, focusing on "five wholes, four bigs and five types (五全四大五型)", providing integrated system solutions and its core businesses covering infrastructure construction, infrastructure design and dredging. Its business covers the investment, design, construction, operation and management of port, waterway, road and bridge, railway, urban rail transit, municipal infrastructure, land reclamation, river basin management, water conservancy, construction and environmental protection and related projects at home and abroad. The Company is engaged in providing customers with integrated solutions services throughout the full cycle of the infrastructure projects leveraging on its extensive operating experience, expertise and known-how accumulated from projects undertaken in a wide range of areas over the decades as well as its comprehensive and integrated advantages across the entire industry chain.

(2) CCCC Haifeng

CCCC Haifeng is a subsidiary of the Company incorporated in the PRC, which is mainly engaged in services such as wind power technology, information technology consultation and ship leasing, etc., and the sales of equipment related to offshore wind power, water transport equipment, offshore wind turbines and components. As at the date of this announcement, CCCC Haifeng is indirectly owned as to 37% by the Company through its subsidiary, CCCC Third Harbor Engineering Co., Ltd.* (中交第三航務工程局有限公司); as to 20% by CCCG, the controlling Shareholder of the Company through its subsidiary, China Urban and Rural Holding Group Co., Ltd.* (中國城鄉控股集團有限公司); and as to 20%, 10%, 10% and 3% by CTGR, Datang Power, Guohua Investment and Envision Energy, respectively. As at the date of this announcement, CTGR is a joint-stock company incorporated in the PRC with limited liability (the A shares of which are listed on the Shanghai Stock Exchange (stock code: 600905)), Datang Power is a sino-foreign joint stock limited company incorporated in the PRC (the A shares of which are listed on the Shanghai Stock Exchange (stock code: 601991), and the H shares of which are listed on the Hong Kong Stock Exchange (stock code: 00991) and the London Stock Exchange (stock code: DAT)), Guohua Investment is directly held as to 100% by China Energy Investment Corporation Co., Ltd. (wholly-owned by the State Council), and Envision Energy is directly held as to 99.99% equity interests by Envision Energy International Limited. To the Company's best knowledge, Envision Energy is beneficially owned by several shareholders, and only one shareholder, Mr. Zhang Lei (張雷先生), owns more than 30% equity interests and no other shareholders own 10% or more equity interests.

To the best of the Directors' knowledge, information and belief, having made all reasonable enquiries, as at the date of this announcement, CTGR, Datang Power, Guohua Investment and Envision Energy and their ultimate beneficial owners are third parties independent of the Company and its connected persons.

(3) CCCC E-commerce

CCCC E-commerce is a subsidiary of the Company incorporated in the PRC, which is mainly engaged in Internet sales, information technology consulting services, software development, information system integration and consulting services, Internet of Things application services and supply-chain management services. As at the date of this announcement, CCCC E-commerce is owned as to 57% by the Company through its subsidiary, CCCC Materials & Equipment, and as to 43% by CCCG, the controlling Shareholder through its subsidiary, China Communications Information & Technology Group Co., Ltd.* (中國交通信息科技集團有限公司).

(4) Qilianshan Cement

Qilianshan Cement is a subsidiary of the Company incorporated in the PRC, which is mainly engaged in cement production, lime and gypsum manufacturing, asbestos cement products manufacturing, manufacturing and sales of cement products, as well as manufacturing and sales of concrete structural components. As at the date of this announcement, the Company holds 85% equity interests in Qilianshan Cement and CCCG, the controlling Shareholder, holds 15% equity interests in Qilianshan Cement through its subsidiary, China Urban and Rural Holding Group Co., Ltd.* (中國城鄉控股集團有限公司).

(5) CCCC Hairun

CCCC Hairun is a subsidiary of the Company incorporated in the PRC, which is mainly engaged in businesses such as urban renewal and integrated urban development. As at the date of this announcement, the Company holds 49.5% equity interests in CCCC Hairun through its subsidiary, CCCC Urban Investment; CCCG, the controlling Shareholder, holds 49.5% equity interests in CCCC Hairun through its subsidiary, China National Real Estate Development Group Co., Ltd.* (中國房地產開發集團有限公司); and Guiyang Yunyan Urban Renewal Development Co., Ltd.* (貴陽雲岩城市更新發展有限公司) (wholly-owned by the State-owned Assets Management Service Center of Yunyan District* (雲岩區國有資產管理服務中心)), holds 1% equity interests in CCCC Hairun.

To the best of the Directors' knowledge, information and belief, having made all reasonable enquiries, as at the date of this announcement, Guiyang Yunyan Urban Renewal Development Co., Ltd.* (貴陽雲岩城市更新發展有限公司) and its ultimate beneficial owner are third parties independent of the Company and its connected persons.

(6) Xi'an Sci-tech City

Xi'an Sci-tech City is a subsidiary of the Company incorporated in the PRC, which is mainly engaged in the construction, investment promotion and operation of industrial parks. As at the date of this announcement, the Company holds 36% and 19% equity interests in Xi'an Sci-tech City respectively through its subsidiaries, CCCC Investment and CCCC Northwest Investment and Development Co., Ltd.* (中交西北投資發展有限公司); CCCG, the controlling Shareholder, holds 15% equity interests in Xi'an Sci-tech City through its subsidiary, CCCG Real Estate Management Group Co., Ltd.* (中交房地產管理集團有限公司); and Xi'an Caijin Chuang'an Investment Partnership (Limited Partnership)* (西安財金創安投資合夥企業(有限合夥)) (wholly-owned by the Xi'an Finance Bureau* (西安市財政局)), holds 30% equity interests in Xi'an Sci-tech City.

To the best of the Directors' knowledge, information and belief, having made all reasonable enquiries, as at the date of this announcement, Xi'an Caijin Chuang'an Investment Partnership (Limited Partnership)* (西安財金創安投資合夥企業(有限合夥)) and its ultimate beneficial owner are third parties independent of the Company and its connected persons.

(7) Guizhou Airport

Guizhou Airport is a subsidiary of the Company incorporated in the PRC, which is mainly engaged in the construction, investment promotion and operation of airports and supporting service facilities. As at the date of this announcement, the Company holds 51% equity interests in Guizhou Airport through its subsidiary, CCCC Investment; Guizhou Civil Aviation Construction and Investment holds 34% equity interests in Guizhou Airport; and CCCG, the controlling Shareholder, holds 15% equity interests in Guizhou Airport through its subsidiary, CCCC Airport Co., Ltd.* (中交航空港有限公司). The ultimate beneficial owners of Guizhou Civil Aviation Construction and Investment are the State-owned Assets Supervision and Administration Commission of the People's Government of Guizhou Province (貴州省人民政府國有資產監督管理委員會) and the Guizhou Provincial Finance Bureau (貴州省財政廳).

To the best of the Directors' knowledge, information and belief, having made all reasonable enquiries, as at the date of this announcement, Guizhou Civil Aviation Construction and Investment and its ultimate beneficial owners are third parties independent of the Company and its connected persons.

(8) CCCG

CCCG is a state-owned enterprise established under the laws of the PRC and the controlling Shareholder of the Company holding approximately 59.53% interests in the issued ordinary shares of the Company as at the date of this announcement. CCCG is primarily engaged in real estate development and property management, shipbuilding, ship chartering and maintenance, ocean engineering, technical consultation services for ships and corollary equipment of harbours, import and export business, investment in and management of transportation industry and other businesses.
