MANAGEMENT DISCUSSION AND ANALYSIS

For the Three Months Ended 30 September 2025

Revenue

Revenue for the third quarter of 2025 decreased by 17% year-on-year and increased by 5% quarter-on-quarter to RMB2,419.2 million. Revenue from the office software and services business, and online games and others business represented 63% and 37% of the Group's total revenue for the third quarter of 2025, respectively.

Revenue from the office software and services business for the third quarter of 2025 increased by 26% year-on-year and 12% quarter-on-quarter to RMB1,521.3 million. The increases were mainly attributable to the growth of WPS software, WPS 365 and WPS individual businesses of Beijing Kingsoft Office Software, Inc. ("Kingsoft Office") and its subsidiaries (collectively, "Kingsoft Office Group"). The remarkable increase of WPS software business was primarily driven by the robust orders of localization projects. The rapid growth of WPS 365 business was mainly due to our continuous improvement in collaboration and artificial intelligence ("AI") products, as well as expansion of our customer base among private and local state-owned enterprises. The steady growth of WPS individual business was primarily attributable to increased number of paying subscribers, supported by our active promotion of AI features and refined operations.

Revenue from the online games and others business for the third quarter of 2025 decreased by 47% year-on-year and 6% quarter-on-quarter to RMB897.9 million.
