### STOCK CODE

1633

The board (the “**Board**”) of directors (the “**Directors**”) of Sheung Yue Group Holdings Limited (the “**Company**”) is pleased to present the unaudited interim results of the Company and its subsidiaries (collectively the “**Group**”) for the six months ended 30 September 2025 (the “**Period**”), together with the comparative figures for the corresponding Period in 2024.

## **MANAGEMENT DISCUSSION AND ANALYSIS**

### **BUSINESS REVIEW**

During the Period, the Group was engaged in the provision of foundation works in Hong Kong and Macau. The scope of foundation works undertaken by us mainly includes piling construction, ELS works, pile cap construction, site formation and ancillary services (such as loading test and construction machinery leasing services).

As at 30 September 2025, there were five projects on hand with total contract sum amounting to approximately HK\$227,126,000. Five projects are expected to be completed in the forthcoming financial year. Subsequent to the Period end, the Group was awarded one foundation project with contract sum of approximately HK\$360,203,000.

### **FUTURE PROSPECTS**

Looking forward, the global economic landscape is expected to remain uncertain, with persistent challenges such as geopolitical tensions, trade disruptions, and inflationary pressures continuing to impact growth. These factors contribute to a cautious outlook for global trade and investment in the near term. Despite these headwinds, the Hong Kong government's proactive initiatives, including talent attraction programs and labor importation schemes, are anticipated to enhance the city's competitiveness and capacity. Additionally, the successful attraction of strategic enterprises is expected to bring in capital and talent, thereby supporting housing demand in Hong Kong. Furthermore, the implementation of significant government-led infrastructure projects, such as the Northern Metropolis, is poised to drive demand for construction and foundation works, creating a conducive environment for the Group to sustain and grow its core businesses in the coming years.

Despite the immediate challenges, the Directors believe that the Group is well-positioned to capitalise on new project opportunities in the upcoming year, leveraging the favorable policy environment. The Group will remain vigilant in monitoring market developments, adopt a prudent approach in assessing potential business opportunities, and strive to drive continuous business growth, diversify revenue streams, and maximise returns for our shareholders.

## FINANCIAL REVIEW

### *Revenue*

The Group's total revenue for the Period was approximately HK\$129,414,000 representing a decrease of approximately HK\$4,780,000, or 3.6% from approximately HK\$134,194,000 for the six months ended 30 September 2024. The decline in our revenue was because the Group undertook less foundation works projects during the Period.

### *Gross Profit and Gross Profit Margin*

The Group's gross profit amounted to approximately HK\$9,393,000 for the Period, compared to a gross profit of approximately HK\$11,379,000 for the six months ended 30 September 2024. The Group's gross profit margin during the Period was approximately 7.3% (six months ended 30 September 2024: approximately 8.5%).

The decrease in gross profit and gross profit margin were mainly due to the decrease in revenue and relative increase of subcontracting cost involved during the Period.

### *Other Income*

The Group's other income for the Period were approximately HK\$869,000 (for the six months ended 30 September 2024: approximately HK\$2,728,000), representing a decrease of approximately 68.1% over the six months ended 30 September 2024. This was mainly due to the decrease in rental income.

### *Other Gain, Net*

The Group's other gain, net for the Period were HK\$Nil (for the six months ended 30 September 2024: other gain, net approximately HK\$357,000).

### *Administrative Expenses*

The Group's administrative expenses for the Period were approximately HK\$8,350,000, representing a decrease of approximately HK\$3,115,000 or 27.2% from approximately HK\$11,465,000 for the six months ended 30 September 2024. This was mainly due to the absence of depreciation of right-of-use assets.

*Income Tax Expense*

No provision for Hong Kong Profits Tax has been provided for the Period as the Group had cumulative tax losses which can fully offset the taxable profit for the Period (for the six months ended 30 September 2024: nil).

*Net Profit for the Period*

For the Period, the Group recorded a net profit of approximately HK\$173,000 (for the six months ended 30 September 2024: approximately HK\$346,000).

*Liquidity, Financial Resources and Capital Structure*

As at 30 September 2025, the Group had bank balances of approximately HK\$13,128,000 (as at 31 March 2025: approximately HK\$13,108,000). The interest-bearing debts of the Group as at 30 September 2025 was approximately HK\$65,705,000 (as at 31 March 2025: approximately HK\$69,485,000). The Group manages its capital to ensure that entities in the Group will be able to continue as a going concern while maximising the return to the shareholders of the Company through the optimisation of the debt and equity balance. The Group monitors its capital by using a gearing ratio, which is calculated based on the amount of bank loans and lease liabilities divided by total equity. The gearing ratio of the Group as at 30 September 2025 was approximately 38.2% (as at 31 March 2025: approximately 40.5%), which is attributable to the decrease in bank loans and lease liabilities during the Period.

*Pledge of Assets*

As at 30 September 2025, banking facilities amounting to approximately HK\$2,000,000 were secured by the Group's bank deposit (as at 31 March 2025: HK\$2,000,000).

*Foreign Exchange Risk*

The Group mainly operates in Hong Kong and most of the operating transactions such as revenue, expenses, monetary assets and liabilities are denominated in Hong Kong dollars. As such, the Directors are of the view that the Group's risk in foreign exchange is insignificant and that we should have sufficient resources to meet foreign exchange requirements as and if they arise. Therefore, the Group has not engaged in any derivative contracts to hedge its exposure to foreign exchange risk during the Period.

*Significant Investment*

The Group did not have any significant investments during the Period.

#### *Material Acquisitions and Disposals*

The Group did not have any material acquisitions and disposals of subsidiaries, associates and joint ventures during the Period.

#### *Future Plans for Material Investments or Capital Assets*

Total remuneration costs including Directors' emoluments for the Period, amounted to approximately HK\$11,196,000 (for the six months ended 30 September 2024: approximately HK\$24,480,000). The salary and benefit levels of the employees of the Group are competitive and individual performance is rewarded through the Group's salary and bonus system. The Group conducts annual review on salary increase, discretionary bonuses and promotions based on the performance of each employee.

During the Period, the Group has not experienced any significant labour disputes with its employees nor has it experienced any difficulty in the recruitment and retention of experienced staff.

#### *Capital Commitments*

As at 30 September 2025, the Group did not have capital commitments in respect of acquisition of plant and equipment (as at 31 March 2025: Nil).

#### *Performance Bonds*

As at 30 September 2025, the Group did not have given guarantees on performance bonds issued by financial institutions (31 March 2025: HK\$11,439,000) in respect of (31 March 2025: 2) construction contracts of the Group in its ordinary course of business. These performance bonds are expected to be released in accordance with the terms of the respective construction contracts.

The unaudited condensed consolidated interim financial statements have neither been audited nor reviewed.

### 2. BASIS OF PREPARATION

The unaudited condensed consolidated interim financial statements for the six months ended 30 September 2025 have been prepared in accordance with the Hong Kong Accounting Standard (“HKAS”) 34 “Interim Financial Reporting” issued by the Hong Kong Institute of Certified Public Accountants (the “HKICPA”) and the applicable disclosure provisions required by the Rules Governing the Listing of Securities on the Stock Exchange (the “Listing Rules”).

The unaudited condensed consolidated interim financial statements of the Group are presented in Hong Kong dollars (“HK\$”), which is also the functional currency of the Company, and all values are rounded to the nearest thousand except when otherwise indicated. Each entity in the Group maintains its books and records in its own functional currency.

The preparation of the unaudited condensed consolidated interim financial statements in compliance with HKAS 34 requires management to make judgments, estimates and assumptions that affect the application of accounting policies and reported amounts of assets, liabilities, income and expenses on a year to date basis. Actual results may differ from these estimates.

The unaudited condensed consolidated interim financial statements contain condensed consolidated financial statements and selected explanatory notes. The notes include an explanation of events and transactions that are significant to an understanding of the changes in financial position and performance of the Group since the consolidated financial statements for the year ended 31 March 2025. The unaudited condensed consolidated interim financial statements and notes do not include all of the information required for a complete set of annual financial statements prepared in accordance with HKASs, Hong Kong Financial Reporting Standards and interpretations (collectively the “HKFRSs”) and should be read in conjunction with the consolidated financial statements for the year ended 31 March 2025.

### 3. PRINCIPAL ACCOUNTING POLICIES AND APPLICATION OF NEW AND AMENDMENTS TO HKFRSs

The accounting policies adopted are consistent with those of the annual financial statements of the Group for the year ended 31 March 2025 except for those that relate to new standards or interpretations effective for the first time for periods beginning on or after 1 April 2025.

#### Amendments to HKFRSs that are mandatorily effective for the current period

Amendments to HKAS 21 and HKFRS 1      Lack of Exchangeability

The application of the amendments to HKFRSs in the current period has had no material impact on the Group's financial positions and performance for the current and prior periods and/or on the disclosures set out in these condensed consolidated financial statements.

### 4. SEGMENT INFORMATION

#### Operating segments

The chief operating decision maker ("CODM") has been identified as the executive directors who review the Group's internal reporting in order to assess performance and allocate resources. The CODM has determined the operating segments based on these reports.

The CODM assesses the performance based on a measure of profit after income tax and considers all businesses to be included in a single operating segment.

The Group was principally engaged in provision of foundation works including piling construction, ELS works, pile cap construction, site formation and ancillary services in Hong Kong and Macau. Information reported to the Group's CODM, for the purpose of resources allocation and performance assessment, focuses on the operating results of the Group as a whole, as the Group's resources are integrated and no discrete operating segment financial information is available. Accordingly, no operating segment information is presented.

#### Geographical information

All of the Group's revenue was derived from Hong Kong, based on the location of the customers, and all of its non-current assets were located in Hong Kong, based on the location of assets. Therefore, no geographical information is presented.

- (i) Pursuant to the rules and regulations of the Cayman Islands, the Group is not subject to any income tax in the Cayman Islands.
- (ii) Under the two-tiered profits tax rate regime of Hong Kong Profits Tax, the first HK\$2 million of profits of a qualifying group entity will be taxed at 8.25%, and profits above HK\$2 million will be taxed at 16.5%. The profits of group entities not qualifying for the two-tiered profits tax rates regime will continue to be taxed at a flat rate of 16.5%. Accordingly, the Hong Kong Profits Tax of the qualifying group entity is calculated at 8.25% on the first HK\$2 million of the estimated assessable profits and at 16.5% on the estimated assessable profits above HK\$2 million.

For the six months ended 30 September 2025, Hong Kong Profits Tax is calculated at 8.25% on the first HK\$2,000,000 of the estimated assessable profits of one of the subsidiaries of the Company and at 16.5% on the estimated assessable profits above HK\$2,000,000 of that subsidiary. Diluted earnings per share is the same as the basic earnings per share during the periods ended 30 September 2025 and 2024. There was no potential dilutive ordinary shares.

**11. PLANT AND EQUIPMENT**

During the six months ended 30 September 2025, the Group did not incur capital expenditures in plant and equipment (six months ended 30 September 2024: incurred approximately HK\$930,000 in plant and machinery and approximately HK\$14,000 in furniture and equipment).

Items of plant and equipment with net book value amounting to approximately HK\$16,000 were disposed of during the six months ended 30 September 2024, resulting in a gain on disposal of approximately HK\$231,000. During the six months ended 30 September 2025, the Group did not dispose any plant and equipment.

**12. RIGHT-OF-USE ASSETS**

The Group leases office and warehouse for its operations. Lease contracts are entered into for fixed term of 2 years to 3 years. Lease terms are negotiated on an individual basis and contain different terms and conditions. In determining the lease term and assessing the length of the non-cancellable period, the Group applies the definition of a contract and determines the period for which the contract is enforceable.

During the six months ended 30 September 2025, there was no addition of right-of-use assets with underlying assets of properties leased for own use of the Group (six months ended 30 September 2024: approximately HK\$2,878,000).

**13. CONTRACT ASSETS**

The contract assets primarily relate to the Group's right to consideration for work completed and not billed as receipt of consideration is conditional on successful completion of work.

	<b>As at 30 September 2025 HK\$ '000 (Unaudited)</b>	<b>As at 31 March 2025 HK\$ '000 (Audited)</b>
Arising from performance under construction contracts	<b>103,000</b>	97,541
Less: allowance for credit loss	<b>(1,332)</b>	(1,300)
	<b>101,668</b>	96,241

Included in carrying amount of contract assets comprises retention receivables of approximately HK\$32,373,000 as at 30 September 2025 (31 March 2025: approximately HK\$31,644,000).

The remaining amount of the contract assets primarily relate to the Group's right to consideration for work completed but not billed as receipt of consideration is conditional on successful completion of work and the work is pending for the certification by the customers.

### **Construction contracts**

The Group's construction contracts include payment schedules which require stage payments over the construction period once certain specified milestones are reached. Upon completion of work and acceptance by the customers, the amounts recognised as contract assets are reclassified to trade receivables.

The Group also typically agrees to a 2 years retention period of the total contract value. This amount is included in contract assets until the end of the retention period as the Group's entitlement to this final payment is conditional on the Group's work satisfactorily passing inspection.

Retention receivables included in contract assets represents the Group's right to receive consideration for work performed and not yet billed because the rights are conditional on the satisfaction of the service quality by the customers over a certain period as stipulated in the contracts. The contract assets are transferred to the trade receivables when the rights become unconditional, which is typically at the expiry date of the period for the provision of assurance by the Group on the service quality of the construction work performed by the Group. For retention receivables in respect of construction contracts, the due dates are usually 2 years after completion of the construction work.

The amount of contract assets (net of allowance for credit losses) that is expected to be recovered after more than one year is approximately HK\$32,373,000 (31 March 2025: HK\$31,644,000), all of which relates to retention receivables.

The Group classifies these contract assets under current assets because the Group expects to realise them in its normal operating cycle.

Notes:

- (a) Trade receivables were mainly derived from provision of foundation works, including piling construction, ELS works, pile cap construction, site formation and ancillary services, and are non-interest bearing. The Group does not hold any collateral or other credit enhancements over these balances.
