VOLUNTARY ANNOUNCEMENT APPROVAL FOR MICROCATHETER V-OTTER BY PRC NATIONAL MEDICAL PRODUCTS ADMINISTRATION

This announcement is made by Acotec Scientific Holdings Limited (the "**Company**", together with its subsidiaries, the "**Group**") on a voluntary basis to provide the shareholders of the Company and potential investors with updated information in relation to the latest business and new product development progress of the Group.

The board of directors (the "**Board**") of the Company is pleased to announce that on December 1, 2025, the Group received the registration approval from the PRC National Medical Products administration for Microcatheter V-otter. V-otter is indicated for percutaneous interventional procedures in peripheral and coronary vasculature to deliver diagnostic, embolic, or therapeutic materials upon reaching the target vascular site. V-otter is a microcatheter designed for Transarterial Chemoembolization (TACE) procedures. It features a large-lumen design that effectively prevents intraoperative catheter occlusion. Offering three tip configuration options – straight, 45° single-curve, and multi-curve – it can readily accommodate branch vessels of various angles based on clinical needs, thereby enabling precise and stable access to the target vessel for subsequent procedures. The Company will carry out marketing activities in PRC market when appropriate.

THE COMPANY MAY NOT BE ABLE TO ULTIMATELY MARKET THE MICROCATHETER V-OTTER SUCCESSFULLY. SHAREHOLDERS OF THE COMPANY AND POTENTIAL INVESTORS ARE ADVISED TO EXERCISE DUE CARE WHEN DEALING IN THE SHARES OF THE COMPANY.

By Order of the Board
Acotec Scientific Holdings Limited
Jing LI
