CONNECTED TRANSACTION FURTHER ACQUISITION OF SHARES OF JIANGSU SHENTONG

THE ACQUISITION

On 22 December 2025, Jinxi Heavy Industry, a subsidiary of the Company, effected on-market trade on the Shenzhen Stock Exchange to acquire 2,000,000 shares of Jiangsu Shentong (representing approximately 0.39% of the issued shares of Jiangsu Shentong as of the date of this announcement) at an average price of approximately RMB15.46 per share (equivalent to approximately HK$17.10 per share) for an aggregate consideration of approximately RMB30.91 million (equivalent to approximately HK$34.20 million). The aggregate consideration of the Acquisition will be settled in cash and fully funded by internal resources of the Group.

As the Acquisition was conducted on-market, the price of each trade for the Acquisition represented the then market price of the relevant Target Shares subject to such trade, and the Company is not aware of the identity of the sellers of the Target Shares. Therefore, to the best of the Directors' knowledge, information and belief having made all reasonable enquiry, the sellers of the Target Shares and their respective ultimate beneficial owner(s) (where applicable) are third parties independent of the Company and its connected persons (as defined under the Listing Rules).

Reference is made to the announcements of the Company dated 2 December 2025, 9 December 2025 and 11 December 2025 in relation to the previous acquisitions by the Group of shares of Jiangsu Shentong. REASONS FOR AND BENEFITS OF THE ACQUISITION

As disclosed in the 2025 interim report of the Company, the Group will continuously and actively explore business opportunities that are in line with its corporate strategy, including opportunities for horizontal and vertical corporate mergers and acquisitions, to broaden revenue sources, enhance profitability and achieve sustainable growth.

Jiangsu Shentong is a supplier of valves and a provider of equipment maintenance services to the Group. In addition to supplying metallurgical valves to steel manufacturers, Jiangsu Shentong has developed a valve information management system utilising 5G Internet of Things technology, which records detailed lifecycle and maintenance data for each valve. This system enables steel manufacturers, including the Group, in optimising maintenance planning and reducing unnecessary inventory levels. Jiangsu Shentong has also successfully implemented several key energy-saving technological upgrades for multiple blast furnaces operated by the Group. Through this deep integration into the Group's core production processes, Jiangsu Shentong and the Group have jointly developed an integrated technical solutions capability combining production technology with specialised equipment.

Given Jiangsu Shentong's long-standing role as an upstream supplier to the Group, the Acquisition constitutes a vertical acquisition of a minority equity stake by Jinxi Heavy Industry. This minority investment enables the Group to strengthen the stability of its existing commercial relationship with Jiangsu Shentong. It is also expected to facilitate deeper cooperation between the Group and Jiangsu Shentong and create a foundation for potential future strategic initiatives. In addition, as a strategic customer, the Group seeks to benefit from Jiangsu Shentong's continued growth and technological development. Jiangsu Shentong has achieved solid and sustained growth over the past three years. Compared with the year 2022, its revenue and net profits attributable to the shareholders for the year 2024 increased by approximately 9.6% and 29.6%, respectively.

The Group's equity investment in Jiangsu Shentong may also provide financial benefits, including potential appreciation in share value and dividends. Jiangsu Shentong has consistently declared and distributed cash dividends since its listing on the Shenzhen Stock Exchange in 2010. Over the past three financial years, Jiangsu Shentong's dividend payout has exhibited a clear upward trajectory, rising from RMB0.5 per 10 shares of Jiangsu Shentong for the year 2022 to RMB1.6 per 10 shares of Jiangsu Shentong and RMB1.75 per 10 shares of Jiangsu Shentong for the years 2023 and 2024, respectively.

Having taken into account the above factors, the Directors (including all independent nonexecutive Directors, but excluding (i) Mr. HAN Li, Mr. HAN Jingyuan and Mr. SHEN Xiaoling, who shall abstain from voting on the relevant resolutions of the Board, and (ii) Mr. Sanjay SHARMA and Mr. Ondra OTRADOVEC, who did not vote on the relevant resolutions of the Board) consider that the terms of the Acquisition are fair and reasonable, the Acquisition is on normal commercial terms or better (although it is not conducted in the ordinary and usual course of business of the Group), and the Acquisition is in the interests of the Company and the Shareholders as a whole.

IMPLICATIONS UNDER THE LISTING RULES

As of the date of this announcement, Mr. HAN Li, an executive Director of the Company, controls approximately 18.2% of shares of Jiangsu Shentong in aggregate through (a) his direct interests in Jiangsu Shentong; and (b) Juyuan Ruili, of which he is the general partner. Accordingly, the Acquisition constitutes a connected transaction of the Company under Rule 14A.28 of the Listing Rules.

As the highest applicable percentage ratio calculated in accordance with Rule 14.07 of the Listing Rules in respect of the Acquisition, on a standalone basis and when aggregated with previous acquisitions by the Group of shares of Jiangsu Shentong within the last 12 months, is more than 0.1% but less than 5%, the Acquisition is subject to the reporting and announcement requirements but is exempt from the circular and independent Shareholders' approval requirements under Chapter 14A of the Listing Rules.

As Mr. HAN Li is a substantial shareholder (as defined under the Listing Rules) and chairman of the board of Jiangsu Shentong, Mr. HAN Jingyuan is the father of Mr. HAN Li and the brother of a Juyuan Ruili Investor, and Mr. SHEN Xiaoling is the father of another Juyuan Ruili Investor, they have abstained from voting on the relevant resolutions of the Board approving the Acquisition. Save as disclosed above, none of the other Directors is regarded as having a material interest in, and therefore none of them is required to abstain from voting on, the relevant resolutions of the Board approving the Acquisition.
