VOLUNTARY ANNOUNCEMENT ENTERING INTO STRATEGIC COOPERATION WITH CAIJING CHUANGFU TO CREATE AN AI+ TECHNOLOGY PARK BENCHMARK

The board of directors (the "**Director(s)**") of Novautek Technologies Group Limited (the "**Company**", together with its subsidiaries, the "**Group**") hereby make this announcement on a voluntary basis to provide shareholders and potential investors of the Company with the latest update of the Group. The Group is pleased to announce that Jiangsu Novautek Autonomous Driving Technology Co., Ltd*（江蘇諾科達智駕科技有限公司）("**Jiangsu Novautek**"), a subsidiary of the Company, signed a strategic cooperation framework agreement with Shanghai Caijing Chuangfu Technology Group Co., Ltd.*（上海財景創服科技集團有限公司）("**Caijing Chuangfu**") to jointly create an artificial intelligence+ ("**AI+**") technology park benchmark through comprehensive solutions and intelligent robots.

I. Main Cooperation Content

Adhering to the principle of mutual benefit and win-win cooperation, both parties will carry out in-depth cooperation in the following areas around the implementation of intelligent robot scenarios, industrial ecosystem synergy and industrial chain extension:

1. Implementation of Smart Park Scenarios: Based on the site resources and operational needs of Caijing Chuangfu's parks, Jiangsu Novautek will provide comprehensive intelligent robot solutions covering security, cleaning, logistics, etc., and conduct scenario verification within the parks. Subsequently, both parties will further expand the cooperation to the entire park and gradually roll it out to other parks.

2. Jointly Building an AI RaaS (Robotics-as-a-Service) Intelligent Entity and a Global Expansion Center: Jiangsu Novautek will provide technical support and consultancy, while Caijing Chuangfu will integrate demand, connect resources and seek policy support. Leveraging Jiangsu Novautek's global sales network, one-stop services including overseas docking and operational implementation will be provided for park enterprises.

3. Linkage of Industrial Ecosystem and Investment Incubation: Both parties will share project resources, and Jiangsu Novautek will have priority investment rights for high-potential incubated enterprises in the parks. Resource supports including technologies of AI RaaS intelligent entity, industrial mentors as well as supply chain partners will be provided to empower incubated enterprises.

II. Impact on the Group

This collaboration will facilitate the pilot verification and large-scale promotion of the Group's intelligent robotics technology within the science and technology innovation park. By jointly establishing a product globalization center, it will strengthen the Group's competitive edge in international business and enhance its brand influence both domestically and overseas. Simultaneously, through investment and incubation synergies, it will accumulate high-quality resources for long-term development.

III. Information on the Partner

Caijing Chuangfu operates multiple cultural innovation and technology industrial parks, among which, Caijing Technology Park is a national-level technology business incubator with years of experience in park operations and business incubation. It has cumulatively served over 3,000 technology and cultural innovation enterprises, possessing extensive park scenario resources, policy coordination capabilities, and a relatively complete industrial incubation service system. Additionally, it offers comprehensive enterprise services including technology finance, intellectual property, and market expansion.
