RENEWAL OF CONTINUING CONNECTED TRANSACTIONS WELLNESS CONTENT COOPERATION AGREEMENTS

WELLNESS CONTENT COOPERATION AGREEMENTS

Reference is made to the prospectus of the Company dated 18 December 2024 in relation to the 2024 Wellness Content Cooperation Agreements and the announcement of the Company dated 23 September 2025 in relation to the 2025 Wellness Content Cooperation Agreements.

The Board hereby announces that, as the term of the 2025 Wellness Content Cooperation Agreements will expire on 31 December 2025, the 2026 Wellness Content Cooperation Agreements were entered into on 30 December 2025 to continue the provision of wellness content by the Group to Baidu for a term commencing from 1 January 2026 to 31 December 2026.

LISTING RULES IMPLICATIONS

As at the date of this announcement, Baidu is a substantial shareholder of the Company. Accordingly, the Transactions under the 2026 Wellness Content Cooperation Agreements constitute continuing connected transactions of the Company under Chapter 14A of the Listing Rules.

Since one or more of the applicable percentage ratios as defined in the Listing Rules calculated with reference to the Annual Cap for the Transactions are more than 0.1% but less than 5% and the total transaction amount for the year ending 31 December 2025 exceeds HK$3 million, the Transactions are subject to the reporting, announcement and annual review requirements but exempt from the independent shareholders' approval requirement under Chapter 14A of the Listing Rules.

WELLNESS CONTENT COOPERATION AGREEMENTS

Reference is made to the prospectus of the Company dated 18 December 2024 in relation to the 2024 Wellness Content Cooperation Agreements and the announcement of the Company dated 23 September 2025 in relation to the 2025 Wellness Content Cooperation Agreements. As the term of the 2025 Wellness Content Cooperation Agreements will expire on 31 December 2025, on 30 December 2025, the 2026 Wellness Content Cooperation Agreements have been respectively entered into between (i) Fujian Health Road and Baidu Netcom, and (ii) Fuzhou Kangzhi and Baidu Netcom, for the provision of wellness content by the Group to Baidu for a term commencing from 1 January 2026 to 31 December 2026.

Subject Matter

Pursuant to the 2026 Wellness Content Cooperation Agreements, the Group shall provide wellness content (including but not limited to wellness content related articles, photos, audio clips, videos/short video clips, live-streaming lectures, medical encyclopedias and health Q&As) to Baidu Netcom for it to display on its online platforms as search results.

Pricing Basis

The Transactions contemplated under the 2026 Wellness Content Cooperation Agreements are priced based on the CPM model, whereby we charge Baidu Netcom a certain amount of service fee for every 1,000 page views. Such amount of service fee is determined based on the real-time quotation provided by Baidu to all content providers, which fluctuates from time to time. Historically, such amount of service fee we received ranged from RMB2.25 every 1,000 page views to RMB27.04 every 1,000 page views. CPM model is a common pricing model adopted in the industry. Under CPM model, the unit price for every 1,000 page views is calculated and decided solely by Baidu based on its big data analysis, which fluctuates from time to time. Such pricing mechanism offered by Baidu to us is consistent with the pricing mechanism offered by Baidu to its other content providers (including independent content providers) and is in line with market practice. We will obtain and review market prevailing price in similar transactions from public sources (including obtain quotes from at least two other independent third party search engines) as well as the price offered by Baidu to its other content providers, and compare those with the unit price offered by Baidu to us. We will also regularly review the wellness content provided by us to Baidu during the contract period, and compare with that of last year, including the nature of the wellness content, authors, quantities and click rates. Our Directors (including the independent non-executive Directors) consider that such pricing mechanism is fair and reasonable, on normal commercial terms and in the interests of the Company and its shareholders as a whole.

Historical Transaction Amounts

Set out below are the service fees paid/payable to us by Baidu Netcom for the provision of wellness content for each of the two years ended 31 December 2024 and the eleven months ended 30 November 2025 (the "**Historical Amount(s)**"):

	For the year ended 31 December		For the eleven months ended 30 November
	2023	**2024**	**2025**
RMB *(million)*	12.83	11.63	10.97*(Note)*

Note: The Company expects that the actual transaction amount for the year ending 31 December 2025 will not exceed the established annual cap of RMB16 million.

Annual Cap

It is proposed that the service fees payable to us by Baidu Netcom for the provision of wellness content by us under the 2026 Wellness Content Cooperation Agreements for the year ending 31 December 2026 shall not exceed RMB15 million (the "**Annual Cap**").

The Annual Cap was determined with reference to the followings: (i) the Historical Amounts; and (ii) the percentage of wellness content provided by us to Baidu in 2025 as to Baidu's total expenses related to wellness content during the same year and Baidu's total estimated budget of expenses related to wellness content for the year ending 31 December 2026. In addition, since July 2025, a new strategy has been implemented following strategic discussions between the Group and Baidu, and we started to engage in the multi-channel network (MCN) model on Baidu's "Baijiahao" (百家號) platform to strengthen our presence on Baidu and enhance the visibility of our content on Baidu's search results. With this new strategy and effort, we expect that the display ranking of our content on Baidu would further improve in 2026, thereby increasing the page views and hence the service fees payable to us.

REASONS FOR AND BENEFITS OF ENTERING INTO THE TRANSACTIONS

Baidu Netcom is a subsidiary of Baidu, which is a leading search engine in China, offering various website accesses to a vast base of potential consumers. By cooperating with Baidu Netcom, we are able to further broaden our customer base, diversify our services, enhance marketing of our brand and ultimately generate income from our wellness content services business. The Transactions contemplated under the 2026 Wellness Content Cooperation Agreements are entered into in the ordinary and usual course of our business and are on normal commercial terms.

Save for our non-executive Director Mr. Zhang Xiangming, who was nominated by Baidu, none of the other Directors has any material interest in the Transactions or is required to abstain from voting on the board resolutions of the Company for considering and approving the 2026 Wellness Content Cooperation Agreements.

The Directors (including the independent non-executive Directors) consider that the terms of the 2026 Wellness Content Cooperation Agreements and the Annual Cap are fair and reasonable, and the Transactions are on normal commercial terms and in the ordinary and usual course of business of the Group, and in the interests of the Company and its shareholders as a whole.
