The board (the "**Board**") of directors (the "**Directors**") of Smoore International Holdings Limited (the "**Company**", together with its subsidiaries, the "**Group**") hereby announces that on 31 December 2025 (the "**Date of Grant**"), the Company granted a total of 915,000 share options (the "**Share Option(s)**") under the Amended post-IPO share option scheme approved by the shareholders of the Company on 18 February 2025 (the "**Amended Share Option Scheme**") to 5 eligible participants of the Group (the "**Grantees**"). Under the Amended Share Option Scheme, each of the Grantees is required to pay HK$1 as consideration for the acceptance of the grant of the options within such period (not exceeding 30 days inclusive of, and from, the Date of Grant) as the Board may determine and notify to the Grantee concerned.

Performance targets:	The number of Options granted to the Grantees is based on the positions, job tenures and performance evaluation results of the Grantees. The Group has in place a performance evaluation mechanism for its employees to comprehensively evaluate their performance and contribution to the Group. Based on their performance evaluation results, the Grantees receive different levels of ratings which may affect the vesting period and the number of Options to be vested of each individual Grantee.
Clawback mechanism:	The Share Options granted were subject to the clawback mechanism as set out in the terms of the Amended Share Option Scheme, in particular, the lapse of the Share Options upon cessation of employment of the Grantee.

None of the grant will be subject to approval by the shareholders of the Company. To the best knowledge of the Directors, as at the date of this announcement, (i) none of the Grantees is a Director, chief executive or substantial shareholder of the Company or an associate (as defined under the Listing Rules) of any of them; (ii) none of the Grantees is a participant with options and awards granted and to be granted exceeding the 1% individual limit under Rule 17.03D(1) of the Listing Rules; (iii) none of the Grantees is related entity participant or service provider (as defined in the Listing Rules) with options and awards granted and to be granted in any 12-month period exceeding 0.1% of the total issued Shares; and (iv) no financial assistance has been provided by the Group to the Grantees for the purchase of Shares under the Amended Share Option Scheme.

NUMBER OF SHARES AVAILABLE FOR FUTURE GRANT

After the above grant of Share Options, a total of 551,022,627 Shares will be available for future grant under the scheme mandate limit (the "**Scheme Mandate Limit**"). The Scheme Mandate limit of 10% is calculated by reference to the number of issued Shares as at the Company's extraordinary general meeting held on 18 February 2025 (the "**EGM**") approving it, and is applicable to both the Amended Share Option Scheme and the amended share award scheme adopted at the EGM (the "**Amended Share Award Scheme**"). However, awards granted under the Amended Share Award Scheme can be satisfied by the issue of new Shares (including transfer of treasury Shares) or by existing Shares purchased by the trustee ("**Trustee**") for the administration of the Amended Share Award Scheme from the market. Purchases of existing Shares by the Trustee from the market will not reduce the number of new Shares (including treasury Shares) which may be the subject of the Scheme Mandate Limit. Assuming, for illustration purposes only, all outstanding awards granted under the Amended Share Award Scheme after the EGM (including the awards granted by the Company today) are to be satisfied by allotment of new Shares (including transfer of treasury Shares), a total of 547,193,627 Shares will be available for future grant under the Scheme Mandate Limit.
