VOLUNTARY ANNOUNCEMENT
UPDATE ON BUSINESS DEVELOPMENT

This announcement is made by iMotion Automotive Technology (Suzhou) Co., Ltd. (the "**Company**", together with its subsidiaries, the "**Group**") on a voluntary basis to keep the shareholders ("**Shareholders**") and potential investors of the Company informed of the latest business development of the Group.

The board (the "**Board**") of directors (the "**Directors**", and each a "**Director**") of the Company is pleased to announce that, the Company recently received a letter of nomination from a Korean automotive group (the "**New Customer**"). The Company has been selected by the New Customer as a supplier of advanced driving assistance systems ("**ADAS**") solutions for its four vehicle models, providing integrated parking-and-driving ADAS solutions based on the Horizon Robotics' Journey® series computing platform. The expected sales volume of such ADAS solutions over the entire lifecycle of the four vehicle models (from 2026 to 2033) is anticipated to reach one million units, with nearly half of them to be sold in overseas markets. This cooperation with the Korean automotive group not only represents a key breakthrough in the Company's internationalization strategy, but also demonstrates the Company's systematic capabilities in meeting the high standards of the global market, further consolidating and enhancing the Company's market competitiveness.

The Company will actively promote the above-mentioned research and development projects. Due to the risks and uncertainties in the research and development of ADAS systems, the Company will actively work on product research and development. Meanwhile, the Company will strengthen risk management and control to minimize the risks that may arise from market fluctuations.

Shareholders and potential investors are advised to exercise caution when dealing in the securities of the Company.

By order of the Board
iMotion Automotive Technology (Suzhou) Co., Ltd.
