Annex – Additional Disclosure

On 1 August 2025, the Issuer announced the unaudited interim results of the Group for the six months ended 30 June 2025, together with the comparative figures for the six months ended 30 June 2024 on the website of HKSE. Such announcement contains the full text of the 2025 interim report of the Issuer (which was further published on 29 August 2025 on the website of HKSE) and the interim consolidated financial statements contained therein are incorporated by reference into the Offering Circular pursuant to the section titled "*Documents Incorporated by Reference*" on page xi of the Offering Circular.

Overall, in the first half of 2025, in response to domestic and international environment with increasing uncertainty, the Group fully leveraged its advantages in internationalisation, marketisation and specialisation to strengthen its strategic upgrading in all aspects while adhering to its mission of "Integrating global resources and promoting industry development" and its "finance + industry" strategy, to align its operations and management with market fluctuations. In particular:

- *Financial Services*: In the first half of 2025, financial services achieved stable performance by staying focused on the "Five Key Areas of Finance" while serving the upgrading ambition of industries and cities as the two key priorities;
- *Industrial Operation*: In the first half of 2025, Horizon Construction Development's extensive service network comprised a total of 567 outlets worldwide, including 504 outlets across more than 230 cities in mainland China and Hong Kong of China, as well as 63 overseas outlets across seven countries. However, its revenue and profit for the relevant period declined compared to the same period in 2024 due to unfavourable domestic market conditions; and
- *Healthcare*: In the first half of 2025, Horizon Healthcare maintained overall stable operating performance.

The following table sets forth net interest-earning assets of the Group by industry as of the dates indicated^(Notes).

- (1) Interest-earning assets for culture & tourism, machinery, chemical & medicine, public consuming and other industries among the target industries of the Group maintained faster growth in the first half of 2025, which was attributable to (i) the Group's business expansion and in-depth exploration of their respective industries, expanding the customer base in the above industries and increasing the introduction of high-quality customers in the above industries; (ii) the Group's adaptation to the changes in the macro-economy and the trend of the industrial

environment and adjustments to the layout of key industries; and (iii) the Group's continuous maintenance of quality industries and customers and exploration of their needs for financial services.
