VOLUNTARY ANNOUNCEMENT
HONG KONG'S FIRST INTELLIGENT TRANSPORT ROBOT
EMPOWERS EVERYDAY COMMUNITY APPLICATIONS

The board of directors (the “**Director(s)**”) of Novautek Technologies Group Limited (the “**Company**”, together with its subsidiaries, the “**Group**”) hereby make this announcement on a voluntary basis to provide shareholders and potential investors of the Company with the latest update of the Group.

The Group is pleased to announce that its intelligent transport robot has successfully achieved innovative deployment in Hong Kong public housing estates, focusing on smart logistics services for daily-life scenarios, such as automated bin collection and other practical applications. Deeply integrating Level 4 autonomous driving technology with the specific needs of daily-life scenarios, this intelligent transport robot effectively addresses key pain points in material logistics through robust technical capabilities and high adaptability. In recognition of these achievements, it has been awarded the “Commercial Application Benchmark Award (商業應用標桿獎)”, delivering transformative solutions across multiple dimensions, including operational efficiency, cost reduction, safety enhancement, and management optimization, to drive forward the intelligent upgrade of public housing estates.
