VALUATION

Finance Lease Arrangement (Hengqin)

The valuation price of the Leased Assets (Hengqin) amounts to RMB60,908,532.14. The valuation benchmark date of the Leased Assets (Hengqin) was 23 December 2025. The valuation for the appraised value of the Leased Assets (Hengqin) was conducted by Beijing Zhongheyuan Asset Appraisal Co., Ltd.(北京中和苑資產評估有限公司), an independent and qualified valuer in the PRC, based on the cost approach, which is the typical valuation method for finance lease involving similar type of assets. The cost approach considers the cost to reproduce or replace the Leased Assets (Hengqin) by multiplying the replacement cost of the Leased Assets (Hengqin) (based on the purchase price of similar assets in brand new state) by a newness rate(成新率).

The newness rate = useful life newness rate × 50% + observed newness rate × 50%.

The useful life newness rate = remaining useful life/(remaining useful life + years already used) × 100%. The observed newness rate was determined with reference to the asset conditions of the Leased Assets (Hengqin) based on on-site inspection.

The valuation was prepared by taking into account, including but not limited to, the following assumptions:

(i) the subject assets are already in the process of a transaction, and the appraiser estimates the value by simulating the market according to the transaction conditions of the assets.

(ii) the trading market for the subject assets is a competitive market where the sole purpose of the trading parties is to maximize their respective economic interests. The market trading conditions are open and non-exclusive, allowing all market entities to participate freely and equally. It assumes that the participating parties possess necessary market information, have sufficient time, and possess the necessary professional knowledge regarding the traded assets.

(iii) there will be no significant changes in national macroeconomic policies and the socio-economic environment of the region where the assets are located; that there will be no significant changes in industry policies, management systems, and relevant regulations; and that there will be no significant changes in tax policies, credit interest rates, etc., involved in the business operations.

(iv) the subject enterprise or assets will continue to operate and, as factors of production, will be utilized based on their current status or with minor modifications. It emphasizes that the utility and profitability embodied by the subject assets – based on their current purpose, method of use, usage environment, scale, frequency, and status of utilization – will continue normally in the foreseeable future.

(v) the relevant economic behavior documents, asset ownership documents (including certificates, accounting vouchers, and relevant explanatory materials), legal documents, and situation explanations provided.

(vi) the subject assets are permitted to be traded in the open market, that the property rights are complete and legal, that the current usage is legal, and that there are no disputes regarding property rights or debts.

(vii) It is assumed that the on-site investigation by the appraisers corresponds to the actual condition of the subject assets; that the physical parameters of the subject assets conform to the data recorded in ownership certificates, technical data, drawings, and asset schedules provided by the client and relevant parties; and that their quality status conforms to the prescribed usage.

(viii) the subject assets are not subject to seizure by judicial or administrative organs, nor are they subject to any circumstances that would prohibit transfer or mortgage.

Finance Lease Arrangement (Guosheng)

The valuation price of the Leased Assets (Guosheng) amounts to RMB57,674,729.82. The valuation benchmark date of the Leased Assets (Guosheng) was 4 January 2026. The useful life newness rate = remaining useful life/(remaining useful life + years already used) × 100%. The observed newness rate was determined with reference to the asset conditions of the Leased Assets (Guosheng) based on on-site inspection.

The valuation was prepared by taking into account, including but not limited to, the following assumptions:

(viii) the subject assets are not subject to seizure by judicial or administrative organs, nor are they subject to any circumstances that would prohibit transfer or mortgage.

BASIS OF DETERMINATION OF THE CONSIDERATION

Finance Lease Arrangement (Hengqin)

In determining the sale price and the lease payments under the Finance Lease Arrangement (Hengqin), Heilongjiang College of Business and Technology conducted arm's length negotiations with Hengqin Leasing based on its financing needs and the valuation of the leased assets as requested by Hengqin Leasing, taking into account the loan-to-value ratio (the "**LTV Ratio**") for comparable transactions. The LTV Ratio represents the financing amount as a percentage of the appraised value of finance lease assets pledged as collateral. A higher LTV Ratio is generally more favourable to the borrower, as it enables the borrower to obtain a corresponding level of financing with a relatively lower amount of finance lease assets, thereby enhancing capital efficiency.

The consideration for the Finance Lease Arrangement (Hengqin) (i.e. the sale price of RMB50,000,000) was determined based on arm's length negotiation with reference (i) the financing nature of the Finance Lease Arrangement (Hengqin); (ii) the current financial position and future needs of Heilongjiang College of Business and Technology; (iii) the valuation price of the Leased Assets (Hengqin) as at 23 December 2025 of RMB60,908,532.14 and the loan-to-value ratio of approximately 82.1% applicable to the Finance Lease Arrangement (Hengqin); and (iv) the prevailing market practice for finance lease transactions of similar nature, especially the recent comparable transactions of the Group, including (a) the finance lease arrangement on 25 April 2025 between Heilongjiang College of Business and Technology and Licheng Financial Leasing (Shanghai) Co., Ltd.*(利程融資租賃(上海)有限公司) with a loan-to-value ratio of approximately 81.0%; and (b) the finance lease arrangement on January 2025 between Heilongjiang College of Business and Technology and Chengtay Finance Lease Shanghai Co., Ltd.*(誠泰融資租賃(上海)有限公司) with a loan-to-value ratio of approximately 87.8%.

The effective interest rate for the Finance Lease Arrangement (Hengqin) is 6.8%.

Considering (i) the prevailing market interest rates and trading terms of the similar finance lease arrangements, including (a) the effective interest rate of 8.3% for the finance lease arrangement entered into with Licheng Financial Leasing (Shanghai) Co., Ltd.*(利程融資租賃(上海)有限公司) on 25 April 2025; and (b) the effective interest rate of 7.6% for the finance lease arrangement entered into with Jiangsu Financing Leasing Co., Ltd.*(江蘇金融租賃股份有限公司) on 9 May 2025; (ii) the specific physical status and depreciation condition of the Leased Assets (Hengqin); and (iii) the fact that the transaction enables the Group to secure financing efficiently without transfer of possession or use of the Leased Assets (Hengqin), the Directors are of the view that the consideration and the effective interest rate for the Finance Lease Arrangement (Hengqin) are fair and reasonable and in the interest of the Company and the Shareholders as a whole.

Finance Lease Arrangement (Guosheng)

In determining the sale price and the lease payments under the Finance Lease Arrangement (Guosheng), Heilongjiang College of Business and Technology conducted arm's length negotiations with Qingdao Guosheng based on its financing needs and the valuation of the leased assets as requested by Qingdao Guosheng, taking into account the loan-to-value ratio (the "**LTV Ratio**") for comparable transactions. The LTV Ratio represents the financing amount as a percentage of the appraised value of finance lease assets pledged as collateral. A higher LTV Ratio is generally more favourable to the borrower, as it enables the borrower to obtain a corresponding level of financing with a relatively lower amount of finance lease assets, thereby enhancing capital efficiency.

The consideration for the Finance Lease Arrangement (Guosheng) (i.e. the sale price of RMB50,000,000) was determined based on arm's length negotiation with reference (i) the financing nature of the Finance Lease Arrangement (Guosheng); (ii) the current financial position and future needs of Heilongjiang College of Business and Technology; (iii) the valuation price of the Leased Assets (Guosheng) as at 4 January 2026 of RMB57,674,729.82 and the loan-to-value ratio of approximately 86.7% applicable to the Finance Lease Arrangement (Guosheng); and (iv) the prevailing market practice for finance lease transactions of similar nature, especially the recent comparable transactions of the Group, including (a) the finance lease arrangement on 25 April 2025 between Heilongjiang College of Business and Technology and Licheng Financial Leasing (Shanghai) Co., Ltd.*(利程融資租賃(上海)有限公司) with a loan-to-value ratio of approximately 81.0%; and (b) the finance lease arrangement on January 2025 between Heilongjiang College of Business and Technology and Chengtay Finance Lease Shanghai Co., Ltd.*(誠泰融資租賃(上海)有限公司) with a loan-to-value ratio of approximately 87.8%.

The effective interest rate for the Finance Lease Arrangement (Guosheng) is 7.5%.

Considering (i) the prevailing market interest rates and trading terms of the similar finance lease arrangements, including (a) the effective interest rate of 8.3% for the finance lease arrangement entered into with Licheng Financial Leasing (Shanghai) Co., Ltd.*(利程融資租賃(上海)有限公司) on 25 April 2025; and (b) the effective interest rate of 7.6% for the finance lease arrangement entered into with Jiangsu Financing Leasing Co., Ltd.*(江蘇金融租賃股份有限公司) on 9 May 2025; (ii) the specific physical status and depreciation condition of the Leased Assets (Guosheng); and (iii) the fact that the transaction enables the Group to secure financing efficiently without transfer of possession or use of the Leased Assets (Guosheng), the Directors are of the view that the consideration and the effective interest rate for the Finance Lease Arrangement (Guosheng) are fair and reasonable and in the interest of the Company and the Shareholders as a whole.

BOOK VALUES OF AND NET PROFITS ATTRIBUTABLE TO THE LEASED ASSETS (HENGQIN) AND THE LEASED ASSETS (GUOSHENG)

The book values of the Leased Assets (Hengqin) and Leased Assets (Guosheng) as of 31 August 2024 and 31 August 2025 are as follows:

	As of 31 August	
	2024	**2025**
	(RMB)	*(RMB)*
Leased Assets (Hengqin)	78,162,203	94,122,223
Leased Assets (Guosheng)	72,093,412	72,093,412

Net profit/loss is not applicable to the Leased Assets (Hengqin) or Leased Assets (Guosheng).

REASONS FOR AND BENEFITS OF ENTERING INTO THE FINANCE LEASE ARRANGEMENT (HENGQIN) AND THE FINANCE LEASE ARRANGEMENT (GUOSHENG)

By entering into the Finance Lease Arrangement (Hengqin) and the Finance Lease Arrangement (Guosheng), the Group would gain access to financial resources to fund the construction of the campus of the Group and support its general working capital needs while the Group's operation would not be affected by the sale of the Leased Assets (Hengqin) or Leased Assets (Guosheng), because such assets are immediately leased back to the Group. There is no transfer of possession or use of the assets to Hengqin Leasing or Qingdao Guosheng under the Finance Lease Arrangement (Hengqin) and the Finance Lease Arrangement (Guosheng). According to the International Financial Reporting Standards, the transactions contemplated under the Finance Lease Arrangement (Hengqin) and the Finance Lease Arrangement (Guosheng) do not constitute a disposal of assets and will not give rise to any gain or loss to be recorded in the Group's income statement. Upon expiry of the lease term, the Group could pay the nominal retention money to have the Leased Assets (Hengqin) and Leased Assets (Guosheng) transferred back to the Group. Therefore, in substance and in terms of accounting treatment, the Finance Lease Arrangement (Hengqin) and the Finance Lease Arrangement (Guosheng) are in effect the largely similar to borrowing a secured loan.

Taking into account the reasons set out above, the Directors are of the opinion that the terms and conditions of the Finance Lease Arrangement (Hengqin) and the Finance Lease Arrangement (Guosheng) are on normal commercial terms, fair and reasonable and in the interests of the Company and its Shareholders as a whole. Accordingly, if a general meeting was convened for the purpose of approving the Finance Lease Arrangement (Hengqin) and the Finance Lease Arrangement (Guosheng), the Board would recommend the Shareholders to vote in favour of the resolutions to approve the Finance Lease Arrangement (Hengqin) and the Finance Lease Arrangement (Guosheng) at the relevant general meeting.

FINANCIAL EFFECTS OF ENTERING INTO THE FINANCE LEASE ARRANGEMENT (HENGQIN) AND THE FINANCE LEASE ARRANGEMENT (GUOSHENG)

Under the Finance Lease Arrangement (Hengqin), it is expected that (i) the total assets of the Group will be increased to reflect the cash to be received from the sale proceeds of the Leased Assets (Hengqin) of RMB50,000,000 and (ii) the total liabilities of the Group will be increased by the amount of such proceeds, being RMB50,000,000 for the Leased Assets (Hengqin), to reflect the liability of the Group.

Under the Finance Lease Arrangement (Guosheng), it is expected that (i) the total assets of the Group will be increased to reflect the cash to be received from the sale proceeds of the Leased Assets (Guosheng) of RMB50,000,000 and (ii) the total liabilities of the Group will be increased by the amount of such proceeds, being RMB50,000,000 for the Leased Assets (Guosheng), to reflect the liability of the Group.

The Group intends to use the proceeds from the Finance Lease Arrangement (Hengqin) and the Finance Lease Arrangement (Guosheng) to fund the construction of the campus of the Group and support its general working capital needs.

The Company is a large private formal higher education service provider in Heilongjiang Province, the PRC, ranking top in the private education sector of the province. It has been growing rapidly over the last few years. Since 2021, the Company has successively invested in the establishment of two vocational schools in the Yangtze River Delta and Beijing-Tianjin-Hebei region respectively, forming an education group with four campuses in three places.

As of 31 August 2025, the State had successively issued many policy documents to support and encourage the development of education, including vocational and private education.

Policy documents that were published in recent years included the CPS's Overall Plan for Coordinately Advancing the Construction of World-Class Universities and First-class Disciplines, Implementation Plan for the Reform on National Vocational Education, Proposal of the Central Committee of the Communist Party of China and the State Council on Comprehensively Deepening the Reform of Teacher Force Construction in the New Era and China's Education Modernization 2035, which have established the top-level design and strategic deployment for the development of higher education in China.

In particular, a number of favorable policies for private and vocational education have been rolled out since 2021:

In June 2021, the Vocational Education Law of the People's Republic of China (Revised Draft) was submitted to the National People's Congress for deliberation. The draft stated that "vocational education and general education have the same importance" and supported social forces to run schools.

Decree No. 741 of the Implementing Regulations of the Law of the People's Republic of China on the Promotion of Private Education, which came into effect on 1 September 2021, expressly encourages enterprises to organise or participate in organising private vocational schools through sole proprietorship, joint venture and cooperation in accordance with relevant laws. It also grants all private schools the right to change their sponsors regardless of their nature.

On 26 January 2024, "The Notice of Silver Age Teacher Action Plan in Support of Private Education" promulgated by the General Office of MOE (《教育部辦公廳關於做好銀齡教師支持民辦教育行動實施工作的通知》) stated that "To give full play to the advantages of retired teachers, strengthen the establishment of the private faculty team, and help the high-quality development of private education".

In the future, the Company will develop systematic, multi-tiered and multi-dimensional operation of education services, scale up schooling step by step, and create values for Shareholders.

Development Plan

Firstly:	We will establish in-depth cooperation with international education groups to improve the dual education and talent training model.
Secondly:	We will invest in vocational education and establish vocational colleges, education groups and school-enterprise integration bases in the Yangtze River Delta and Beijing-Tianjin-Hebei, gradually forming a new schooling model of school-enterprise integration.
Thirdly:	We will launch the construction of new medical science-related majors.
Fourthly:	We will develop a digital lifelong learning system, and create a ''future learning centre'' and a website featuring a wide selection of digital education.
Fifthly:	We will combine our leading majors with the Belt and Road Initiative, and actively promote education for foreign students.

In the future, the Company will develop systematic, multi-tiered and multi-dimensional operation of education services, scale up schooling step by step, and create values for Shareholders.

Progress of Transforming into a For-profit Private School

In accordance with the Implementation Rules for the Classification and Registration of Private Schools issued by the Ministry of Education and other four agencies and relevant documents, as well as the implementation opinion on ''encouraging social forces to engage in education to promote the healthy development of private schools'' announced successively in various provinces, Heilongjiang College of Business and Technology has been approved by the Ministry of Education in its transformation into a for-profit school. In compliance with relevant documents and policies to be issued by the competent education authorities, the school will firmly protect the legal rights and interests of students during the transition period, complete the transfer of assets from non-profit to for-profit school, and enforce the property rights of legal entities.
