VOLUNTARY ANNOUNCEMENT
JANUARY 2026 DELIVERY UPDATE

On February 1, 2026, Li Auto Inc. ("**Li Auto**" or the "**Company**") (Nasdaq: LI; HKEX: 2015), a leader in China's new energy vehicle market, announced that the Company delivered 27,668 vehicles in January 2026. As of January 31, 2026, Li Auto's cumulative deliveries reached 1,567,883.

In January, Li Auto rolled out OTA update version 8.2 to users, introducing 40 new features and 25 experience optimizations, delivering comprehensive upgrades to its assisted driving, smart space, and smart electric experiences. The reinforced VLA Driver large model launched alongside the system update has significantly improved its ability to reason about and understand the physical world, enabling more human-like navigation through complex urban traffic.

As of January 31, 2026, the Company had 547 retail stores in 159 cities, 547 servicing centers and Li Auto-authorized servicing shops operating in 221 cities. The Company also had 3,966 super charging stations in operation equipped with 21,945 charging stalls in China.

About Li Auto Inc.

Li Auto Inc. is a leader in China's new energy vehicle market. The Company designs, develops, manufactures, and sells premium smart electric vehicles. Its mission is: Be Proactive, Change the World (主動積極, 改變世界). Through innovations in product, technology, and business model, the Company provides families with safe, convenient, and comfortable products and services. Li Auto is a pioneer in successfully commercializing extended-range electric vehicles in China. While firmly advancing along this technological route, it builds platforms for battery electric vehicles in parallel. The Company leverages technology to create value for users. It concentrates its in-house development efforts on proprietary range extension systems, innovative electric vehicle technologies, and smart vehicle solutions. The Company started volume production in November 2019. Its current model lineup includes a high-tech flagship family MPV, four Li L series extended-range electric SUVs, and two Li i series battery electric SUVs. The Company will continue to expand its product lineup to target a broader user base.
