INSIDE INFORMATION
ESTIMATED DECREASE IN LOSS
FOR THE YEAR ENDED 31 DECEMBER 2025

This announcement is made by Beijing Capital International Airport Company Limited (the “**Company**”) pursuant to Rule 13.09(2)(a) of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the “**Listing Rules**”) and the Inside Information Provisions (as defined in the Listing Rules) under Part XIVA of the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong).

The board of directors (the “**Board**”) of the Company hereby informs the shareholders and potential investors of the Company that, based on the preliminary assessment of the latest unaudited management accounts of the Company and other information currently available to the Board, it is anticipated that the Company will record loss before income tax and loss for the year ended 31 December 2025 (the “**Year 2025**”), together with the comparative figures for the year ended 31 December 2024 (the “**Year 2024**”), as follows:

	Preliminary estimate for the Year 2025	Amount for the Year 2024
Loss before income tax	Approximately RMB0.48 billion to approximately RMB0.56 billion, representing a year-on-year decrease ranging from approximately 11.1% to approximately 23.8%	Approximately RMB0.63 billion
Loss for the year	Approximately RMB0.60 billion to RMB0.76 billion, representing a year-on-year decrease ranging from approximately 45.3% to approximately 56.8%	Approximately RMB1.39 billion

As indicated above, benefiting from the continuous recovery of demand in the aviation market and further enhancement of the Company's cost control, the Company's loss before income tax for the Year 2025 is expected to be narrowed continuously as compared with the Year 2024, consolidating the continuous improvement trend of its operation quality. The Company strictly implemented accounting standards and reviewed the carrying amount of the deferred income tax assets as at the balance sheet date. Accordingly, a portion of deferred income tax assets was reversed for the Year 2025, resulting in an increase in income tax expenses and widening the estimated loss for the Year 2025.

Given that the reversal of deferred income tax assets is a non-cash item, the Company is of the view that such reversal does not have direct impact on the Company's cash flows for the Year 2025 and its daily operations.

The information contained in this announcement is only based on the preliminary assessment by the Board with reference to the information currently available including the unaudited management accounts of the Company for the Year 2025, which have not been audited or reviewed by the Company's auditors or the audit and risk management committee of the Board. Such information will be subject to finalisation and necessary adjustments. The annual results announcement of the Company for the Year 2025 is expected to be published by the end of March 2026 in accordance with the requirements of the Listing Rules and the corresponding annual report will be published subsequently in accordance with the requirements of the Listing Rules.

Shareholders and potential investors of the Company are reminded to exercise caution when dealing in the shares of the Company.

By order of the Board
