VOLUNTARY ANNOUNCEMENT
INCLUSION AS A CONSTITUENT STOCK OF THE CSI HK CONNECT ROBOTICS THEMATIC INDEX

This announcement is made by AK Medical Holdings Limited (the "**Company**" or "**AK Medical**", together with its subsidiaries, collectively referred to as the "**Group**") on a voluntary basis to provide the Shareholders (the "**Shareholder(s)**") of the Company and potential investors with updated information in relation to the latest development of the Group.

The board (the "**Board**") of directors (the "**Directors**") of the Company is pleased to announce that the ordinary shares of the Company (the "**Shares**"), which are traded and listed on the main board of The Stock Exchange of Hong Kong Limited (the "**Stock Exchange**"), have been selected and are included as constituent stocks of the CSI HK Connect Robotics Thematic Index (Code: 932599) by China Securities Index Co., Ltd. (CSI) with effect from 27 February 2026.

CSI HK Connect Robotics Thematic Index ("**HK Connect Robotics**") selects 30 securities of listed companies which are engaged in the manufacturing of robotic bodies, the provision of software and hardware products required for robotic intelligence as well as computing power resources that support intelligent decision-making and control under the Hong Kong Stock Connect as the index constituents. The index is designed to reflect the overall performance of robotics-related companies under the Hong Kong Stock Connect.

The inclusion of the Shares as constituent stocks of the HK Connect Robotics not only reflects investors' recognition of AK Medical's value and growth potential, but also demonstrates the market's validation of the Group's strategic layout and development in surgical robotics. This marks a significant achievement of the Group's dedicated efforts and continuous breakthroughs in the surgical robotics field. The Group anticipates that such inclusion will enhance the liquidity of the Shares, broaden its investor base, and diversify its shareholder structure, thereby further elevating the reputation and investment value of AK Medical's robotics business in the capital market, which will contribute to the Company's long-term stable development while bringing additional positive impacts to the Group.

The Board would like to express its sincere gratitude to all Shareholders, investors and partners for their long-standing trust and support. Going forward, the Group will continue to adhere to its innovation-driven development philosophy, focusing on the two core sectors of surgical robots and overseas business to expand its global footprint. Meanwhile, the Group will promote the continuous transformation of its innovation achievements and enhance its commercialization capabilities, and work hand in hand with all Shareholders, investors and partners to continuously create greater value for Shareholders.

ABOUT AK MEDICAL

AK Medical (01789. HK) is an innovative leader in orthopedic implants in China and has been committed to promoting orthopedic medical development through cutting-edge technologies since its establishment in 2003. Its Shares have been listed and traded on the main board of the Stock Exchange since 2017. It is one of the few enterprises in China to have commercialized 3D-printing technology for used in orthopedic implants.

From December 2024 to January 2026, the robot independently developed by the Company won bids of several large Class III hospitals. On 15 January 2026, the navigation and positioning system for joint replacement surgery (K3+ intelligent surgical robot) independently developed by the Company successfully obtained Class III medical device certification by the National Medical Products Administration (NMPA), becoming one of the companies having total joint replacement surgical robot capable of revision surgery in China, covering hip, knee and single condyle indications, marking a major breakthrough in the field of intelligent surgery.

In line with the dual-brand strategy of "AK +JRI", the Company is actively expanding overseas markets and realizing large-scale application in the domestic high-end medical market. Looking ahead, AK Medical will continue to deepen its digital and international strategy and remains committed to providing more accurate and reliable orthopedic holistic solutions for doctors and patients around the world.

Shareholders and potential investors of the Company are advised to exercise caution when dealing in the securities of the Company.

By Order of the Board
AK Medical Holdings Limited
Li Zhijiang
Chairman
