PROFIT WARNING

This announcement is made by Trio Industrial Electronics Group Limited (the "**Company**", together with its subsidiaries, the "**Group**") pursuant to Rule 13.09 of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited ("**Listing Rules**") and the Inside Information Provisions (as defined in the Listing Rules) under Part XIVA of the Securities and Futures Ordinance (Chapter 571, Laws of Hong Kong).

The board (the "**Board**") of directors (the "**Directors**") of the Company wishes to inform the shareholders of the Company (the "**Shareholders**") and potential investors that, based on the preliminary review by the Board on the unaudited consolidated management accounts of the Group for the year ended 31 December 2025 and the information currently available to the Board, the Group is expected to record a loss attributable to owners of the Company of not more than HK$38 million for the year ended 31 December 2025 (the "**Expected Loss**") as compared to a profit attributable to owners of the Company of approximately HK$8.6 million for the year ended 31 December 2024. Based on the information currently available to the Board, the Expected Loss was mainly due to the following reasons:

(i) a decline in the Group's revenue due to softened demand for the Group's smart vending systems, smart chargers, switch-mode power supplies and electro-mechanical products in the European market amid macroeconomic uncertainties, including the relatively high interest rate environment, ongoing geopolitical tensions and the implementation of revised U.S. tariff policies;

(ii) the increase in administrative expenses related to the restructure, expansion and optimisation of the Group's Electronics Manufacturing Services (EMS) sales team and overseas operations, which is a key driver of the Group's overall business strategic reform in the manufacture of more high value-added products and in developing new customers with high profit contribution; and

(iii) increased operating costs associated with the development of new business projects in the new energy sector in emerging markets as part of the Group's overall business strategic reform.

As at the date of this announcement, the Company is in the process of finalising the unaudited consolidated financial results of the Group for the year ended 31 December 2025. The information contained in this announcement is only based on the information currently available to the Company and the preliminary review by the Board on the unaudited consolidated management accounts of the Group for the year ended 31 December 2025, which have not been reviewed or audited by the independent auditors and/or the audit committee of the Company, and are subject to possible adjustment and finalisation. The actual financial results of the Group for the year ended 31 December 2025 may differ from the information disclosed in this announcement.
