POSITIVE PROFIT ALERT

This announcement is made by Mount Everest Gold Group Company Limited (the “**Company**”, and together with its subsidiaries, the “**Group**”) pursuant to Rule 13.09 of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited and Part XIVA of the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong).

The board of directors of the Company (the “**Board**”) wishes to inform the shareholders of the Company and potential investors that, based on the Group’s unaudited consolidated management accounts for the year ended 31 December 2025 (“**FY2025**”) (which have not been confirmed, reviewed or audited by the Company’s auditors or audit committee, and may be subject to adjustment) and other information currently available to the Group, the Group expects to record a net profit attributable to owners of the Company of RMB95 million to RMB110 million for FY2025, as compared to a net loss attributable to owners of the Company of approximately RMB23 million for the year ended 31 December 2024 (“**FY2024**”). Excluding the impact of the employee share option related expenses as disclosed below, the Group would have expected to record a net profit attributable to owners of the Company of RMB151 million to RMB166 million for FY2025.

Such expected turnaround from net loss to net profit is mainly attributable to the following factors:

- (i) The Group's revenue from sales of gold and silver products increased significantly in FY2025. As most of the gold products sold by the Group in FY2025 were inventories with relatively low procurement costs, coupled with the significant increase in gold prices in FY2025, the gross profit margin of the Group's sales of gold products increased substantially, leading to an increase in overall gross profit. Accordingly, the net profit of the Group's New Jewellery Retail segment for FY2025 is expected to record a significant increase as compared with that for FY2024; and
- (ii) As disclosed in the Company's announcements dated 5 November 2024 and 15 January 2025, the Company completed the disposal of the Group's Fresh Food Retail segment on 13 January 2025, and the relevant disposal generated a gain of approximately RMB41 million for the Group.

The aforementioned factors were partially offset by the following factor:

- (iii) As disclosed in the Company's announcement dated 31 March 2025, the Group recorded expenses of approximately RMB56 million (carried at the fair value of the granted share options) in FY2025 due to the grant of share options to its employees.

The Company is still in the process of finalizing its annual results for FY2025. Detailed financial information and performance of the Group for FY2025 will be disclosed in the Company's annual results announcement for FY2025 which is expected to be published by the end of March 2026.

Shareholders of the Company and potential investors are advised to exercise caution when dealing in the securities of the Company.
