VOLUNTARY ANNOUNCEMENT STRATEGIC COOPERATION WITH XFUSION INTERNATIONAL PTE. LTD.

This announcement is made by Edensoft Holdings Limited (the "**Company**", together with its subsidiaries, the "**Group**") on a voluntary basis to keep the shareholders (the "**Shareholders**") and potential investors of the Company informed of the latest business developments of the Group.

The board (the "**Board**") of directors (the "**Director(s)**") of the Company is pleased to announce that Eden Information Service Limited ("**Eden Information**"), a subsidiary of the Company, and xFusion International Pte. Ltd. ("**xFusion**") formally entered into a strategic cooperation agreement (the "**Strategic Cooperation Agreement**") on 18 March 2026.

I. BASIC INFORMATION ON THE PARTIES

1. xFusion is a provider of information and communication solutions, with a well-established R&D system for computing power products and a corresponding product ecosystem. With a portfolio comprising computing hardware, as well as ICT solutions and services, its business areas are synergistic with our digital intelligence operations.

2. Eden Information is a national high-tech enterprise that has been deeply engaged in the digital intelligence sector for over two decades, focusing on software R&D and the deployment of AI applications. It owns core self-developed products such as eCopilot Office AI, which enable enterprises across various industries to achieve intelligent office and digital operations.

II. SALIENT POINTS OF THE STRATEGIC COOPERATION AGREEMENT

1. Core directions of the cooperation: the parties shall collaborate across three main areas: computing hardware, all-scenario AI applications, and ecosystem co-development. By leveraging their respective industry strengths, they shall build an integrated system encompassing computing hardware + AI application + end-to-end services to promote the integration of computing power with application of enterprise AI.

2. Particulars of the cooperation: the parties shall engage in in-depth collaboration in technology R&D, market development, and resource sharing, and shall jointly establish an innovation mechanism. Focusing on key industries, they shall co-develop the Edensoft eCopilot Hub, an integrated solution featuring local computing power + AI applications + local large models + OpenClaw. This will deeply integrate xFusion's advanced computing power with Edensoft's self-developed AI applications to achieve local inference and eliminate the need for data to be uploaded to the cloud, thereby addressing enterprises' concerns over data security and barriers during AI adoption.

3. Product and service capabilities: such co-developed product will provide clients with local deployment capabilities for OpenClaw and local large models which integrate software and hardware and are compliant and secure, helping client manage data security, reduce associated costs, and ensure effective adoption of AI applications.

III. REASONS FOR AND BENEFITS OF ENTERING INTO THE STRATEGIC COOPERATION AGREEMENT

The strategic partnership represents an important step in the Group's strategic layout in the AI application and enterprise digital intelligence sectors, aligning with industry development trends. By leveraging their respective strengths in software R&D, AI application deployment, and computing hardware, the parties will form a complementary and synergistic cooperation model. This partnership is expected to have a positive impact on the Group's business layout and market expansion in the digital intelligence sector. It will further create a complete product chain from AI application software to integrated hardware terminals, forming a differentiated competitive advantage with the "software-hardware integration". The collaboration will also enable local inference and eliminate the need for data to be uploaded to the cloud, effectively resolving enterprises' concerns over data security and barriers during AI adoption, and empowering the Group to provide clients with more comprehensive digital intelligence solutions.

IV. RISK WARNING

The performance and results under the Strategic Cooperation Agreement are subject to industry development trends, market changes, and other factors, and there may be uncertainties in promoting and implementing the cooperation projects. The Company will, subject to the progress of the cooperation and in strict compliance with the requirements under the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited and relevant laws and regulations, fulfil its disclosure obligations in a timely manner.

Shareholders and potential investors of the Company are advised to exercise caution when dealing in the shares in the Company.

By order of the Board
Edensoft Holdings Limited
Ms. Ding Xinyun
Chairman, Executive Director and Chief Executive Officer

Hong Kong, 18 March 2026

As at the date of this announcement, the Board comprises Ms. Ding Xinyun (Chairman and Chief Executive Officer) and Ms. Li Yi as the executive Directors, and Mr. Leung Chu Tung, Ms. Zhu Weili and Mr. Cai Jiong as the independent non-executive Directors.
