Chairman's Statement

Dear Shareholders,

On behalf of Financial Street Property Co., Limited ("**Financial Street Property**" or the "**Company**") and its subsidiaries (collectively the "**Group**" or "**we**"), I am pleased to present the consolidated results of the Group for the year ended 31 December 2025 (the "**Reporting Period**").

In 2025, the property management industry underwent a critical period of deep adjustment and value reshaping. Demands from the property owners became increasingly diversified and refined, with rising expectations for service quality and experience. The Group remained steadfast in its strategic direction, adhered to prioritize customer satisfaction, and coordinated the advancement of various operational and management activities. During the year, we achieved steady growth in business scale, continuous improvement in service quality, and further enhancement of our comprehensive competitiveness.

FOCUSING ON HIGH-QUALITY EXPANSION TO CONTINUOUSLY OPTIMIZE THE BUSINESS STRUCTURE

During the Reporting Period, the Group adhered to targeted and in-depth expansion, deepening its strategic footprint in core regions and advantageous sectors. Leveraging its competitive edge and extensive management experience in the commercial office and public construction sectors, the Group recorded steady growth in its area under management. As at 31 December 2025, the Group's area under management exceeded 50 million square meters, representing a year-on-year increase of 7.6%. During the Reporting Period, the Group successfully signed a series of representative high-quality projects, including China Mobile Southern Base (中國移動南方基地), the Party School of China Development Bank (國家開發銀行黨校), the People's Liberation Army Naval Museum (中國人民解放軍海軍博物館) and Hong Kong Ching Wah Court (香港青華苑). Among the newly added area under management for the year, area under management in first-tier and strong second-tier cities accounted for 68.2%, and area under management from independent third parties accounted for 96.7%. This further optimized the Group's business structure and reinforced its competitive advantages in non-residential sectors such as the commercial office and public construction, as well as its ability to independently acquire projects.

STRENGTHENING THE FOUNDATION OF QUALITY TO DEEPEN MUTUAL TRUST IN CUSTOMER RELATIONSHIPS

Service quality is the lifeline of property service enterprises. In 2025, the Group launched a special "quality breakthrough" initiative across its entire system, guided by the actual needs of customers, to systematically promote service innovation and experience improvement. During the Reporting Period, the Group further reinforced its commitment to high-quality and refined service delivery through implementing a series of targeted service measures covering service process optimization, equipment and facility upgrades, community environment beautification, and community culture construction. Meanwhile, focusing on the environmental quality of commercial buildings, the Group further refined its service enhancement plans and promoted their comprehensive application, thereby continuously strengthening its service and brand advantages in the commercial office sector. Through regular flight inspections, third-party satisfaction surveys, and the efficient operation and maintenance of its proprietary national customer service hotline and new media matrix platforms, the Group consistently listened to customer feedback, responded promptly, and resolved issues in a timely manner, driving the renewal of service concepts and striving to provide property owners and customers with more comfortable and efficient living and working environments.

PURSUING INNOVATIVE AND DIVERSIFIED OPERATIONS TO IMPROVE THE VALUE-ADDED SERVICE MATRIX

While solidifying its foundational property services, the Group continuously built and improved its value-added service matrix in response to customer needs, constructing a diversified service ecosystem and developing a "1+N" business structure with property services as the core and value-added businesses operating in synergy. During the Reporting Period, the Group accelerated the development of real estate agency and lifestyle services. Its "IZEE Lifestyle" (怡己生活) brand initially established a specialty agricultural product supply chain platform covering hundreds of counties nationwide, and successfully held the "Xi YUAN Premium Products" (西YUAN優品) specialty agricultural product exhibition and sales event, attracting over 30,000 participants. The "IZEE Brokerage" (怡己經紀) business reinforced its presence in core areas of Beijing while actively extending into national markets, gradually enhancing its market-oriented business development capabilities. In terms of conference and business event support services, the Group provided comprehensive services including tea breaks for over 90 high-end conferences and events, such as the 2025 Financial Street Forum. The Group's diversified service capabilities were further consolidated, and customer stickiness was further enhanced.

STRENGTHENING TECHNOLOGICAL EMPOWERMENT TO PRACTICE GREEN AND LOW-CARBON OPERATIONS

The Group places high importance on technological innovation. In 2025, by strengthening the dual-engine drive of technology and management, the Group systematically advanced energy conservation, consumption reduction and digital transformation, achieving a year-on-year decrease in carbon emissions of 10% for the year, with an annual quota surplus of 6,427 tons and a cumulative consumption of 32.76 million kWh of green electricity. During the Reporting Period, the Group piloted several technological applications such as elevator energy feedback, intelligent upgrade of power distribution rooms, and automated control of equipment and facilities, thereby effectively enhancing project operational efficiency, and driving the Group's high-quality and sustainable development through technological innovation.

In 2025, the Group ranked 14th among the "2025 Top 100 Property Management Companies in China", with its brand value increasing to approximately RMB4.738 billion. It also received multiple honors, including "2025 China Property Top 100 High-Quality Development Excellent Enterprise", "2025 China Excellent Office Property Outstanding Companies" and "2025 Beijing Top 100 Service Companies". Several projects under management were awarded the title of demonstration base. The Group's brand influence and customer recognition continued to strengthen.

Looking ahead to 2026, the Group ushers in the inaugural year of the "15th Five-Year" strategic plan. We will further focus on customer experience and service refinement, enhance our market-oriented expansion capabilities, continuously improve service quality, deepen the construction of the value-added service ecosystem matrix, and strengthen technological innovation and green operations, so as to actively seize new opportunities in industry development and promote the Company's long-term stable growth.

Chairman's Statement (Continued)

Last but not least, on behalf of the board of directors (the "**Board**") of the Company, I would like to express my heartfelt gratitude to all our shareholders (the "**Shareholders**") and stakeholders for their continuous support and trust, as well as to all employees for their contribution to the development of the Group.

Sun Jie
Chairman

Management Discussion and Analysis

BUSINESS REVIEW

Overview

As one of the leading comprehensive property management service providers for commercial and business properties in China, the Group focuses on mid-to-high-end property management services. The Group's business model focuses on basic property management services and diversified operations. Leveraging our professional management team, high-standard service quality and long-term trust relationships established with customers and property owners, we promote steady business development and sustainable growth. The Group has been providing property management services for over 31 years since 1994, and since then has expanded the property management business across seven regions (namely Northern China, Southwestern China, Eastern China, Southern China, Northeastern China, Central China and Northwestern China), covering a wide range of properties and providing property owners and residents with tailored quality services through a one-stop service platform to improve the quality and satisfaction of their living and working space.

The Group has continued to focus on enhancing its market competitiveness. Guided by the principle of "Quality First, Focus on Core Business Focus and Deepen Advantages", the Group consistently targets first-tier and second-tier cities with high capacities and key regional markets. With commercial property and public building properties as the two core directions of expansion, the Group has expanded into a number of representative projects including commercial office buildings, government authorities, industrial parks, and cultural and sports venues. As at 31 December 2025, the Group had a business presence in 25 provinces, municipalities, autonomous regions and special administrative regions, and the GFA under management amounted to approximately 50.62 million sq.m., representing a year-on-year growth of 7.65%. In particular, the GFA under the management from non-residential sector accounted for 56.96%.

Types of Properties under Management

The Group manages a diversified portfolio of properties covering commercial and business properties, including office buildings, complexes, retail buildings and hotel; and non-commercial properties, including residential properties, public properties, hospitals, educational properties and others. Regarding the property management services, the Group employs the lump-sum basis and commission basis as the two revenue models under which property management fees are charged. On a lump-sum basis, the Group records all the fees as revenue and all the expenses incurred in connection with providing the property management services as cost of services. On a commission basis, the Group essentially acts as the agent of the property owners and therefore records only a pre-determined percentage of the property management fees or cost of services as set out in the property management service contracts as revenue. By adopting these two revenue models, the Group is able to cover the expenses incurred in connection with the provision of property management services.

The table below sets forth the breakdowns of (i) the GFA under management; and (ii) the number of properties under management by type of properties as at the dates indicated:

	As at 31 December 2025			As at 31 December 2024

Management Discussion and Analysis (Continued)

The table below sets forth the breakdowns of the GFA under management by revenue models as at the dates indicated:

	As at 31 December 2025		As at 31 December 2024	
	GFA under management *(' 000 sq.m.)*	**Percentage *(%)***	GFA under management *(' 000 sq.m.)*	Percentage *(%)*

Property management services (commission basis)	**4,306**	**8.51**	4,434	9.43
Total	**50,618**	**100**	47,022	100

It is important to note that on a commission basis, the Group recorded only a pre-determined fixed percentage of the property management fees, as set out in the property management service contracts as revenue, while all the property management fees are recorded as revenue on a lump-sum basis.

Nature of the Property Developers Served

The properties under the Group's management include properties developed by the Beijing Financial Street Investment (Group) Co., Ltd. (北京金融街投資(集團)有限公司, "**Financial Street Group**"), a state-owned enterprise established in the PRC and is one of the controlling Shareholders of the Company, and its affiliates (the "**Financial Street Affiliates Group**") and independent third parties. As at 31 December 2025, the GFA of the properties developed by the Financial Street Affiliates Group under the management of the Group was approximately 20.80 million sq.m. At the same time, the scale of business from independent third parties continued to expand in 2025. The Group's GFA under management from properties developed by independent third parties was approximately 29.82 million sq.m. as at 31 December 2025, representing an increase of approximately 11.66% from approximately 26.71 million sq.m. as at 31 December 2024. Furthermore, the number of projects developed by independent third parties also increased from 223 as at 31 December 2024 to 258 as at 31 December 2025.

The table below sets forth the breakdowns of (i) the GFA under management; and (ii) the number of properties under management of the Group by property developers as at the dates indicated:

Diversified Operations

The Group conducts its diversified operations primarily through its self-owned diversified operation brand "IZEE" (怡己), aiming to provide customers with comprehensive and diversified services to meet their in-depth needs. The Group's diversified operations encompass property brokerage, community operations, catering services and other diversified operations. The "IZEE Brokerage" (怡己經紀) business integrates resources from managed projects and market resources to provide customers with services such as leasing, sales and trusteeship of residential and commercial assets. The "IZEE Lifestyle" (怡己生活) business connects with high-quality supply chain resources, building an online and offline platform matrix to provide customers with various products and services. The "IZEE" catering series focuses on the catering needs of commercial districts, providing various catering services to the surrounding community, as well as conference services and customized services for various mid-to-high-end conference events. Furthermore, the Group is also actively exploring opportunities in other diversified operations, such as elderly care services, group catering and consulting services. The Group has built up and continued to enhance "Financial Street Property Living Online" platform to realise offerings of intelligence operation and value-added services, strengthen touchpoints for value-added services and reinforce the linkage of property services with value-added services. By focusing on customers' diversified derivative needs, the Group consistently innovated the service portfolio to enhance customer retention.

FUTURE PROSPECTS

Currently, the property service industry is undergoing profound value reshaping. Although the market competition landscape is increasingly intense, pursuit of a high-quality living environment by property owners and residents continues to foster broad growth opportunities for the industry. Leveraging its rich operational experience, superior service quality, sound financial structure and excellent market reputation, the Group has built a solid foundation for risk resistance and sustainable development.

In terms of scale development, we will remain committed to focusing on first and second-tier high-energy cities and core economic regions, further consolidate our competitive advantages in the commercial office and public construction segments, optimize resource allocation, enhance the quality and efficiency of expansion, and promote steady, high-quality growth in business scale.

In terms of service quality, we will adhere to a customer-centric approach, continuously optimize service processes across all scenarios, prepare the "One Step Forward" Quality Service Specification Manual and the "Excellent Service" Quality Enhancement Initiative Checklist, so as to further strengthen quality inspection standards and efforts, and drive the implementation of "Quality Services". Meanwhile, we will comprehensively enhance our innovation awareness and persistently carry out the "Service Micro-Innovation" initiative to promote a further upgrade in refined services.

In terms of diversified operations, we will continue to deepen the construction of the diversified value-added service matrix. Leveraging the value added service brand, namely "IZEE" (怡己), we will further expand the business channels for property brokerage, lifestyle services and community operations. Concurrently, we will explore and develop more services centered on the diversified and in-depth needs of our customers.

In terms of social responsibility, we will actively assume the social responsibility of state-owned enterprises, continue to participate in and support social welfare activities, show concern for vulnerable groups, and put the spirit of public welfare into practice through tangible actions. At the same time, we will strengthen the production safety work and strive to provide customers with a reassuring and safe living and working space.

Management Discussion and Analysis (Continued)

In terms of corporate governance, we will continue to optimize and improve the corporate governance structure, strengthen internal control and risk management, continuously improve the quality and transparency of information disclosure, enhance communication with Shareholders, ensure compliance in business operations, and promote operational efficiency.

The Group believes that the above initiatives will effectively solidify the Group's core competitiveness and contribute to the long-term and stable development of the Group's business.

FINANCIAL REVIEW

Revenue

The Group derives revenue mainly from: (i) property management and related services; and (ii) diversified operations. Revenue of the Group increased by approximately 14.14% from approximately RMB1,751.56 million for the year ended 31 December 2024 to approximately RMB1,999.24 million for the year ended 31 December 2025.

The following table sets forth the breakdown of revenue by our services provided for the periods indicated:

	For the year ended 31 December					
	2025		2024		Changes	
	RMB'000	***Percentage (%)***	*RMB'000*	*Percentage (%)*	*RMB'000*	*Percentage (%)*

Total	**1,999,238**	**100.00**	1,751,562	100.00	247,676	14.14

- Revenue generated from our property management and related services mainly includes: (i) customer services; (ii) security services; (iii) cleaning and gardening services; (iv) engineering, repair and maintenance services; (v) car park management services; and (vi) other related services, which increased from approximately RMB1,677.23 million for the year ended 31 December 2024 to approximately RMB1,923.52 million for the year ended 31 December 2025, representing an increase of approximately 14.68%. The increase in managed projects has driven growth in property management revenue.

- Revenue from diversified operations mainly includes the following: (i) property brokerage; (ii) community operations; (iii) catering services; (iv) elderly care services; (v) group catering; and (vi) consulting services etc. Our revenue from diversified operations increased from approximately RMB74.33 million for the year ended 31 December 2024 to approximately RMB75.72 million for the year ended 31 December 2025.

Note: During the Reporting Period, the Group changed the identification of its reportable operating segments, adjusting the "catering services" segment in the previous year to the "diversified operations" segment. The reason for this segment adjustment was primarily due to the Group's efforts to more accurately reflect its business direction and internal management during the Reporting Period.

Management Discussion and Analysis (Continued)

FINANCIAL POLICY

The Group has adopted prudent financial management policies and maintained a healthy liquidity position throughout the year. To manage liquidity risk, the Board closely monitors the Group's liquidity position to ensure that the liquidity structure of the Group's assets, liabilities and commitments can meet its funding requirements from time to time.

FOREIGN EXCHANGE RISK AND OTHER RISKS

The Group's business operations are primarily conducted in Chinese Mainland and Hong Kong, with its revenue and expenses mainly denominated in Renminbi and Hong Kong dollars.

As at 31 December 2025, the Group's operations were not exposed to any significant foreign exchange risk. As the directors considered the Group's foreign exchange risk to be minimal, the Group did not use any financial instruments for hedging purposes during the year.

The Group is principally engaged in property management business in the Chinese Mainland and Hong Kong Special Administrative Region. The property management industry is closely related to China's macroeconomic development and real estate industry. The Group may be affected by the uncertainties of the aforementioned external environment. In 2025, the property management industry continued the process of transformation and upgrading, and the market competition became more intensified. The Group continued to strengthen its service quality and enhance its competitiveness to minimize the impact of such external risks on the Company's operations.

EMPLOYEES AND WELFARE POLICIES

As at 31 December 2025, the Group had 5,540 employees. Employee remuneration is determined based on employee performance, skills, knowledge, experience and market trends. The Group regularly reviews compensation policies and programs, and will make necessary adjustments in order to be in line with remuneration levels within industry norms. In addition to basic salaries, employees may be granted discretionary bonus based on individual performance. The remunerations of the Directors are determined based on a variety of factors such as market conditions and responsibilities assumed by each Director. The Group offers training to its employees so as to enable the new joiners to acquire basic skills to perform their duties and to upgrade or improve their productivity.

Corporate Governance Report (Continued)

An updated list of Directors and their roles and functions is posted on the websites of the Stock Exchange and the Company. Their biographical details are set out in the "Biographies of Directors and Senior Management" section of this report. The Board has the responsibility for the overall management of the Company's operations, as well as for overseeing and formulating the overall business strategy.

Apart from the information disclosed in the section headed "Biographies of Directors and Senior Management" of this report, there is no financial, business, family or other material or relevant relationships among the respective Directors, the chairman and the general manager of the Company.

For the year ended 31 December 2025, the Board consistently complied with Rules 3.10(1) and (2) of the Listing Rules regarding the appointment of at least three independent non-executive Directors and at least one independent non-executive. Director who shall have appropriate professional qualifications or accounting and financial management expertise. The three independent non-executive Directors account for at least one-third of the Board, which meets the requirements of Rule 3.10A of the Listing Rules, that is, the independent non-executive Directors of the listed issuer must make up at least one-third of the Board. The Board believes that the Board has sufficient independence to safeguard the interests of the Shareholders.

With the consent of the Board, the Directors may seek independent professional advice, at the Company's expense. On an annual basis, the Board will review the implementation and effectiveness of such mechanism. No member of the Board sought such advice in 2025.

Chairman and General Manager

According to the code provision of C.2.1 of the Corporate Governance Code, roles of the chairman and the general manager of a company should not be performed by the same individual. The positions of Chairman and general manager of the Company are held by Mr. Sun Jie and Mr. Song Ronghua, respectively. The Chairman, Mr. Sun Jie, is responsible for the effective operation of the Board and the overall development strategies, business planning and major operational decisions of our Group, while the general manager, Mr. Song Ronghua, is responsible for the implementation of development of strategies of our Group and corporate management and specific business operations.

The responsibilities between the Chairman and the general manager are separate and are clearly established and set out in writing.

Duties of Directors

The Board is responsible for overseeing all major matters of the Company, including formulating and approving all policy matters, overall strategy, internal control and risk management systems, and supervising the performance by senior management of their duties. Directors shall make objective decisions based on the Company's overall interests. As at the date of this report, the Board consists of nine Directors, including two executive Directors, three non-executive Directors, three independent non-executive Directors and an employee representative Director. The names and biographical details of the Directors are listed in the section headed "Biographies of Directors and Senior Management" of this report.

Corporate Governance Report (Continued)

The liability insurance of the Directors and senior management of the Company is maintained by the Company to prevent and cover certain legal liabilities that may arise in the course of performing their duties. The insured amount is RMB50.00 million with the insurance policy period from 1 July 2025 to 30 June 2026, the insurance premium amounted to RMB86,500 and representing a premium rate of 1.73‰. The liabilities of insurance contain the losses incurred due to indemnification claim suffered by the insured during the insurance period together with the cost of legal representation arising from the investigation.

Board Authorisation

The management consisting of executive Directors and other senior management is authorised to implement the strategies and guidelines approved by the Board from time to time and is responsible for the day-to-day management and operations of the Group. The executive Directors and senior executives meet regularly to review the performance of the Group's overall business, coordinate overall resources, and make financial and operating decisions. The Board also gives clear instructions on its management powers (including circumstances where the management should report to it) and will regularly review the authorisation arrangements to ensure that they are suitable for the needs of the Group.

Directors' Responsibility for the Financial Statements

The Directors acknowledge their responsibility to prepare the Group's consolidated financial statements in accordance with statutory requirements and applicable accounting standards. The Directors also acknowledge their responsibilities to ensure the timely release of the Group's consolidated financial statements. The Directors are not aware of any significant uncertainties related to events or conditions which may have a significant impact on the Company's ability to continue as a going concern. Therefore, the Directors have prepared the consolidated financial statements of the Group in accordance with the going concern standard.

Independent Non-executive Director

Independent non-executive Directors play an important role in the Board by virtue of their independent judgements, and their views exert great significance over the decisions of the Board. The functions of independent non-executive Directors include holding impartial views and judgements on such issues as the Company's strategy, performance and control; and reviewing the Company's performance and monitoring performance reports.

All independent non-executive Directors have extensive academic, professional, industry knowledge and management experience, and have made positive contributions to the Company's development by providing professional advice to the Board. Each independent non-executive director does not concurrently hold directorships in more than six issuers listed on the Main Board or GEM.

The Company has established a mechanism to ensure that independent views and inputs are available to the Board. Also, official and unofficial channels have been established for the independent non-executive Directors to express their opinions in open, frank and confidential manners (if necessary). This mechanism ensures independent views and input are available to the Board, and its implementation and effectiveness are reviewed on an annual basis.

The Company will ensure that there are channels (in addition to independent non-executive directors) where independent views are available, including but not limited to the availability of access by the Directors to external independent professional advice to assist with their performance of duties.

Corporate Governance Report (Continued)

Confirmation of Independence

The independence of the independent non-executive Directors has been assessed in accordance with the applicable Listing Rules, and the Company has received from each independent non-executive Director an annual written confirmation of his/her independence in accordance with Rule 3.13 of the Listing Rules. The Company considers that all independent non-executive Directors meet the guidelines for assessing independence set out in Rule 3.13 of the Listing Rules and are independent for the year ended 31 December 2025, with a term of office not longer than 9 years.

Diversity Policy

Our Board has adopted a board diversity policy ("**Board Diversity Policy**") on 9 June 2020 setting out the approach to achieve diversity on our Board. The Company recognises and embraces the benefits of a diversified Board, and considers board-level diversity to be an important element in supporting the achievement of the Company's strategic goals and sustainable development. Pursuant to the Board Diversity Policy, the Company seeks to make decisions based on the strengths of the candidates and their contribution to the Board through the consideration of a number of factors, including but not limited to gender, age, cultural and educational background, professional qualification, experience, independence, skills, and knowledge, as well as the Company's business characteristics and future development needs. The Company will select potential Board candidates based on merit and his/her potential contribution to our Board while taking into account the Board Diversity Policy and other factors of the Company. Our Company will also take into consideration our own business model and specific needs from time to time. All Board appointments will be based on meritocracy and candidates will be considered against objective criteria, having due regard to the benefits of diversity on our Board.

The Board reflects the current management of our Group and comprises nine members, including two female independent non-executive Directors and one female employee representative Director. The number of female Directors amounted to three, accounting for one-third of the Board members, which further increased Board diversity. The Directors have a balanced mix of experiences, including property management, administration management, investment, finance, auditing and accounting experiences. Furthermore, the ages of the Directors range from 36 years old to 59 years old. The Company has taken and will continue to take steps to promote gender diversity at all levels of our Company, including but without limitation at our Board and senior management levels.

Taking into account the business model and specific needs of the Company as well as the presence of three female Directors out of a total of nine Board members, the age range of the Directors and their respective background, the Company considers that the composition of our Board satisfies the Board Diversity Policy. The Company has also taken and will continue to take measures to enhance diversity at all levels of the Company, including, but not limited to, the Board and management levels. Although the Company recognises that the existing composition of the Board can enhance the diversity of the Board, it will continue to refer to the Board Diversity Policy and apply the rules of appointment based on the actual situation.

With regards to gender diversity on our Board, the Board Diversity Policy further provides that our Board shall take opportunities to increase the proportion of female members when selecting and making recommendations on suitable candidates for Board appointments. The Group will also ensure that there is a gender diversity when recruiting staff at the mid to senior levels so that there are female senior management and potential successors to our Directors going forward.

Corporate Governance Report (Continued)

In addition, our Company has adopted a diversity policy covering all employees of our Group (including senior management). Our Group is committed to creating an equal, inclusive and supportive working environment for employees, promoting employee diversity (including but not limited to gender, age, cultural and educational background, professional qualifications and experience, skills and knowledge), and providing equal opportunities in recruitment, training and development, remuneration, promotion and other aspects, and from time to time provides employees with diversity training. As at 31 December 2025, among the eleven senior management members of our Group, there were six male members and five female members, accounting for approximately 54.55% and 45.45%, respectively; and among full-time employees (excluding senior management), males accounted for approximately 61.9% and females accounted for approximately 38.1%. Given that some of the positions in the Company (such as security guard) are traditionally male-dominated occupations, during the recruitment process of the Group, the aim of the Group is to maintain an appropriate balance between gender diversity among employees and the actual situation of the Company, with reference to stakeholders' expectations and international and local recommended best practices.

The Nomination Committee will review the structure, size and composition of the Board once a year to ensure the effective implementation of the Board Diversity Policy. The Nomination Committee will also review the Board Diversity Policy from time to time to ensure its continued effectiveness.

During the year ended 31 December 2025 the Board, through the Nomination Committee, reviewed the Board Diversity Policy and concluded that such policies were effective and adequate.

Appointment, Re-election and Removal of Directors

According to the articles of association of the Company as amended from time to time (the "**Articles of Association**"), Directors shall be elected by general meeting and the term of office of the Directors (including non-executive Directors) is from the date of passing the resolutions at the general meeting to the expiry date of the term of office of the Board of that session. The term of each session of the Board is three years, and the Directors are eligible for re-election upon expiry of the term.

At any time before the expiration of the Director's term, the Shareholders may dismiss any Director by an ordinary resolution at any general meeting convened and held in accordance with the Articles of Association, despite the contrary in the Articles of Association or the existence of any agreement reached between the Company and the Director (but without prejudice to any claim for damages under that agreement).

Director Training and Professional Development

Each director participates in continuous professional development, and each newly appointed Director receives formal training at the first occasion of his/her appointment. Subsequently, the Directors will obtain the latest developments regarding the Listing Rules, legal and other regulatory requirements, as well as the Group's business development. For the year ended 31 December 2025, according to the records provided by the Directors, all Directors participated in continuous professional development activities. Mr. Meng Chunying, Mr. Han Fengxiang and Ms. Lyu Min also received training upon their appointment as Directors of the Company, and obtained the legal advice stipulated under Rule 3.09D of the Listing Rules on 22 May 2025, confirming that they understand their obligations as Directors of the Company.

Nomination Policy

The Nomination Committee adopts a variety of methods to qualify candidates for Directors, including recommendations from Board members, the management and professional intermediaries. In addition, the Nomination Committee will consider Director candidates appropriately submitted by Shareholders. The evaluation of the Nomination Committee on Director candidates may include, but is not limited to, review of resumes and work experience, personal interviews, verification of professional and personal recommendation letters, and performing background checks. The Board will consider the recommendations of the Nomination Committee and be responsible for designating candidates for Directors to be elected by Shareholders at the Company's general meeting, or appointing suitable candidates to serve as Directors to fill Board vacancies or as supplements to Board members, and to comply with the Articles of Association. All Director appointments should be confirmed through a letter of appointment and/or service contract, which should state the main terms and conditions of Director appointment.

The Nomination Committee shall consider the following qualification requirements of a candidate for recommendation of potential new Directors to the Board or for re-election of existing Directors:

- personal and professional conduct and integrity;
- nominees' proven personal achievements and abilities and their ability to make reasonable business judgements;
- skills that complement the existing Board;
- ability to assist and support management and make significant contribution to the success of the Company; and
- understand the time and effort required for Board members to be trusted and to perform their duties diligently.

Candidates for independent non-executive Directors should meet the "independence" criteria set out in the Listing Rules and the composition of the Board needs to comply with the provisions of the Listing Rules.

The Nomination Committee shall consider other factors as it considers to be in the best interest of the Company and Shareholders.

Corporate Governance Report (Continued)

COMPLIANCE WITH THE MODEL CODE FOR DIRECTORS' AND SUPERVISORS' SECURITIES TRANSACTIONS

The Company has adopted the Model Code for Securities Transactions by Directors of Listed Issuers (the "**Model Code**") as set out in Appendix C3 to the Listing Rules as the code of conduct and rules governing dealings by all the Directors and Supervisors of the Company in the securities of the Company. Having made specific enquiry of all the Directors and Supervisors, they have confirmed that they have complied with the required standards set out in the Model Code during the year ended 31 December 2025 (for the period from 1 January 2025 to 5 June 2025 for Supervisors).

According to the Company's requirements, the relevant management personnel and employees are also subject to the Model Code, which prohibits them from dealing in the Company's securities whenever they possess inside information related to the securities. The Company was not aware of any incidents of noncompliance with the Model Code by relevant personnel and employees.

REMUNERATION OF SENIOR MANAGEMENT

Details of emoluments of the Directors and chief executive and the remuneration of each of the five highest paid individuals are set out in note 15 to the consolidated financial statements for the year ended 31 December 2025.

The remuneration of the senior management of the Company by band for the year ended 31 December 2025 is as follows:

Remuneration band (RMB)	Number of individuals
0–1,000,000	7
1,000,001–1,500,000	4

DIVIDEND POLICY

The payment and amount (if any) of dividends depend on the Group's operating results, cash flow, financial position, legal and regulatory restrictions on dividends, future prospects and other relevant factors. Shareholders will be entitled to receive dividends on a pro-rata basis based on their respective paid-up shares of the Company or paid-up capital which has been credited to the Shares (the "**Shares**"). The Company determines the declaration, payment and amount of dividends at its sole discretion. The proposed payment of dividends must also be at the discretion of the Board, and any declaration of final dividend is subject to Shareholders' approval. The Board will conduct annual review on the dividend policy and does not guarantee any declaration or payment of dividends in any specific amount for any specific period. The Company intends to declare and pay an annual dividend for each financial year at an amount not less than 30% of the profits of such year. For the year ended 31 December 2025, all decisions made by the Board in respect of dividends were in compliance with the Company's dividend policy.

Corporate Governance Report (Continued)

WHISTLEBLOWING MANAGEMENT AND ANTI-CORRUPTION POLICY

The Company has developed and adopted whistleblowing management measures and is committed to maintaining high standards of integrity and ethical business conduct. The whistleblowing management measures guide the Company's employees and business counterparts (such as customers and suppliers) in taking appropriate actions to combat corruption.

Any employees of the Company and its business counterparts (such as customers and suppliers) may raise concerns, in confidence and anonymously, with the Audit Committee about possible improprieties in any matter related to the Company.

CORPORATE GOVERNANCE FUNCTIONS

The Board is responsible for performing corporate governance duties, including:

- to develop and review the policies and practices on corporate governance and make recommendations to the Board;
- to review and monitor the training and continuous professional development of the Directors and senior management;
- to review and monitor the Company's policies and practices on compliance with legal and regulatory requirements;
- to develop, review and monitor the code of conduct and compliance manual for employees and the Directors; and
- to review the Company's compliance with the Corporate Governance Code and disclosures in the Corporate Governance Report.

During the year ended 31 December 2025, the Board has performed the above duties.

BOARD COMMITTEES

The Board has established three committees with respective written terms of reference to oversee related business of the Group.

Corporate Governance Report (Continued)

AUDIT COMMITTEE

The Company has established the Audit Committee in accordance with Rules 3.21 to 3.23 of the Listing Rules and has established its written terms of reference in accordance with the Corporate Governance Code. The main responsibilities of the Audit Committee are, among others:

(1) to review and supervise the Group's financial reporting procedures and internal control system, risk management and internal audit;

(2) to provide advice to the Board; and

(3) to perform other duties that the Board may delegate.

As at the date of this report, the Audit Committee consists of three members, namely Ms. Tong Yan and Mr. Song Baocheng, being independent non-executive Directors, and Mr. Guo Mingming, being a non-executive Director. The Audit Committee is chaired by Ms. Tong Yan, an independent non-executive Director with appropriate accounting and related financial management expertise, which meets the requirements of Rule 3.21 of the Listing Rules.

In accordance with the requirements under code provision D.3.3(e)(i) of the Corporate Governance Code, the Audit Committee shall meet at least twice a year with the auditors of the Company. For the year ended 31 December 2025, the Audit Committee held four meetings with the senior management and the independent auditors of the Company: (i) to consider the independence of the independent auditors and the scope of their audit; (ii) to review and discuss the risk management and internal control system of the Group, the effectiveness of the internal audit and risk control management function of the Company; (iii) to review the 2025 interim results of the Group and the opinions and reports of the independent auditors, and submit the interim results to the Board for approval; (iv) to review the qualifications of the new financial controller of the Company; and (v) to consider the 2024 annual results of the Group and listen to the opinions and report of the independent auditors, and submit the annual results to the Board for approval.

REMUNERATION COMMITTEE

The Company has established the Remuneration Committee in accordance with the Corporate Governance Code and has established its written terms of reference. The main responsibilities of the Remuneration Committee are to advise the Board on remuneration of Director and senior management, and among others:

(1) to establish, review and provide advice to our Board on our policy and structure concerning remuneration of our Directors and senior management and transparent procedure for developing policies concerning such remuneration;

(2) to determine the terms of the specific remuneration package of each Director and member of senior management;

(3) to review and approve remuneration by reference to corporate goals and objectives resolved by our Directors from time-to-time; and

(4) to review and/or approve matters relating to share schemes under Chapter 17 of the Listing Rules.

Corporate Governance Report (Continued)

As at the date of this report, the Remuneration Committee consists of three members, namely Ms. Lu Qing and Mr. Song Baocheng, being independent non-executive Directors and Mr. Meng Chunying, a non-executive Director. Ms. Lu Qing, an independent non-executive Director, is the chairwoman of the Remuneration Committee.

During the year ended 31 December 2025, the Remuneration Committee held four meetings, to review the remuneration of Directors and senior management and the performance bonuses for key posts in the Group and review the relevant matters relating to the remuneration policy and assessment and incentive mechanism for senior management.

NOMINATION COMMITTEE

The Company has established the Nomination Committee in accordance with the Corporate Governance Code, and has established its terms of reference. The main responsibilities of the Nomination Committee are, among others:

(1) to review the structure, size and composition of our Board on a regular basis and make recommendations to our Board regarding any proposed changes to the composition of our Board;

(2) to identify, select or make recommendations to our Board on the selection of individuals nominated for directorship, and ensure the diversity of our Board members; and

(3) to assess the independence of our independent non-executive Directors and make recommendations to our Board on relevant matters relating to the appointment, reappointment and removal of our Directors and succession planning of our Directors.

As at the date of this report, the Nomination Committee consists of three members, namely Mr. Sun Jie, an executive Director, and Mr. Song Baocheng and Ms. Tong Yan, independent non-executive Directors. Mr. Sun Jie is the chairman of the Nomination Committee.

During the year ended 31 December 2025, the Nomination Committee held six meetings to review matters relating to the structure, size, composition and diversity of the Board and the nomination policy (which includes the nomination procedures adopted for director candidates and the selection and recommendation criteria), diversity policy and independence of independent non-executive Directors and review and propose candidates for proposed Directors, Deputy General Managers and financial controller of the Company.

In addition, the Nomination Committee has evaluated the Board's contribution for the year ended 31 December 2025 to ensure that it performs its duties effectively. The evaluation process has taken into account factors including, but not limited to, the following:

— Directors' attendance at meetings of the Board and various board committees: each Director carefully reviewed meeting materials and fully understood the relevant circumstances prior to attending meetings, and participated in meetings both online and offline. Each Director actively participated in meeting discussions and expressed views based on the Company's actual conditions as well as their own professional capabilities and experience. Directors who were unable to attend meetings in person due to objective reasons had authorised alternate directors/committee members to attend meetings on their behalf and vote on resolutions in accordance with their authorised instructions.

Corporate Governance Report (Continued)

— Degree of familiarity and understanding of the Company and its business among Directors: each Director maintained familiarity and understanding of the Company and its business through means including, but not limited to, communication with executive Directors and senior management, review of the Company's information, and participation in continuous professional development. For Directors newly appointed during the year, dedicated briefings were conducted with the Company to enable them to expeditiously understand the industry landscape, business model and strategic objectives of the Company.

— Time commitment required for Directors' other external affairs: Save for executive Directors, other Directors are involved in other external affairs, and the time commitment required for such external affairs is within a reasonable range and does not materially affect the Directors' performance of their duties. Meanwhile, the professional capabilities, experience or information gained from their involvement in other external affairs assist the Board in considering the Company's affairs from multiple perspectives, thereby making scientific and rational decisions.

— Qualifications required for Directors to perform their duties: each Director recognises and actively practises the Company's corporate culture, acts with integrity, strictly complies with the confidentiality and disclosure obligations under the Listing Rules, maintains effective communication with the Company's management and relevant departments, and listens to and understands views or suggestions.

Based on the above evaluation process and considerations, the Nomination Committee is of the view that the time commitment and contribution of all Directors to the Board during the reporting period were sufficient, and that they were able to perform their duties diligently and responsibly. The professional background, experience and commitment of each Director have effectively supported the operation of the Board and the strategic development of the Company.

FINANCIAL REPORTING SYSTEM

The Board, with the support of the finance department, is responsible for the preparation of financial statements of the Group. In preparation of the financial statements, the Group adopted HKFRS and consistently used and applied appropriate accounting policies. The purpose of the Board is to make a clear and balanced assessment of the Group's results in its annual and interim reports to the Shareholders, and to make appropriate disclosures and announcements in a timely manner. Under code provision D.1.1 of the Corporate Governance Code, the management will provide explanations and necessary information to the Board to enable it to make an informed assessment of financial and other information submitted to the Board for approval.

The scope of work and reporting responsibilities of Grant Thornton Hong Kong Limited, the Company's external auditor, are set out in the "Independent Auditor's Report" of this report.

RISK MANAGEMENT AND INTERNAL CONTROL SYSTEMS

The Board acknowledges its overall responsibility for maintaining appropriate and effective risk management and internal control systems of the Group on an ongoing basis and reviewing their effectiveness at least once annually.

The Board and senior management are responsible for establishing, reviewing and implementing the Group's risk management and internal control systems. The internal control system covers all major aspects of the Group's operations, including sales, procurement, financial reporting, asset management, budget and accounting processes. The Group's risk management and internal control systems are designed to manage rather than eliminate the risk of failure to achieve business objectives, and can only provide reasonable but not absolute assurance against material misstatement or loss. The Group also has internal audit and risk control functions, which mainly analyze and independently evaluate the adequacy and effectiveness of risk management and internal control systems, and report its findings to the senior management and the Board at least once annually. If serious internal control deficiencies are identified, the Group will initiate a special rectification process, analyze the causes of the internal control deficiencies, formulate corrective measures, clarify the persons responsible for rectification and the completion time for rectification, and report the rectification progress to the senior management and the Board to ensure timely remedial actions are taken.

Regarding the Group's risk management and internal control measures, the Group has formulated a comprehensive set of policies and guidelines, which detail all aspects of internal control standards, processes used to identify, evaluate and manage significant risks, division of responsibilities, approval procedures, and personnel accountability. The Group has implemented procedures and internal controls to process and disclose inside information. In particular, the Group:

— has handled in strict accordance with the disclosure requirements of the Listing Rules and "the Inside Information Disclosure Guidelines" issued by the Securities and Futures Commission of Hong Kong in June 2012;

— has established its own disclosure obligation procedures, including the Information Disclosure Management Measures and the Inside Information Management System, which set out procedures and controls for assessing potential internal information and for processing and disseminating internal information;

— has established the whistleblowing management measures to allow employees or third parties to report to the Audit Committee suspected or actual serious misconduct related to the Group, its employees and other stakeholders who may be affected by such misconduct;

— the procedures have been communicated to the Company's senior management and employees and the Company monitors its implementation; and

— made extensive, non-exclusive information disclosure to the public in financial reports, announcements and through channels such as websites.

Corporate Governance Report (Continued)

During the year ended 31 December 2025, the Board of Directors has received a report on the internal control and risk management work of the Group prepared by the Company's Compliance and Audit Center. The report covers the period from 1 January 2025 to 31 December 2025, and the covered entities include the Company and its subsidiaries. During the reporting period, the main risks faced by the Group were external objective risks and risks related to the improvement of internal competitiveness. Specific response measures have been implemented, including consolidating the construction of service standardization and improving service quality. In addition, no other material risk events, material control failures or weaknesses were identified. After review, the Board of Directors is of the view that the Company's internal control and risk management systems are effective and adequate.

The risk management and internal control systems are continuously reviewed and evaluated by the Audit Committee and executive Directors, and will be further reviewed and evaluated by the Board at least once annually, covering all material controls, including financial, operational and compliance controls. During the year ended 31 December 2025, the Board, through the Audit Committee, reviewed the Company's internal control and risk management systems and considered the systems to be effective and adequate in meeting the requirements set forth in Principle D2 of the Corporate Governance Code.

AUDITOR'S REMUNERATION

The Audit Committee is responsible for reviewing and supervising independence of auditors and objectiveness and effectiveness of audit procedures. The Audit Committee receives letters from the auditors, confirms their independence and objectiveness, and holds meetings with the auditors for the purpose of consideration of the audit scope offered by them, and consideration of and approval for the fees charged by them and the scope and appropriateness of non-audit services (if any). The Audit Committee also advises the Board on appointment and retention of independent auditors.

Grant Thornton Hong Kong Limited was appointed as auditors of the Company to hold office until the conclusion of the 2025 annual general meeting of the Company. The remuneration paid or payable for audit services and non-audit services (consulting services) of Grant Thornton Hong Kong Limited for the year ended 31 December 2025 is as follows:

Remuneration paid or payable	**For the year ended 31 December**	
	2025	2024
	RMB millions	*RMB millions*
Audit services	**2.34**	2.19

DIVIDEND TAX

According to the Law on Enterprise Income Tax of the People's Republic of China (《中華人民共和國企業所得税法》) which came into effect on 1 January 2008 and amended on 24 February 2017 and 29 December 2018, respectively, and its implementing rules, the Notice on the Issues Concerning Withholding and Paying Enterprise Income Tax on the Dividends Paid by PRC Resident Enterprises to H Shareholders which are Overseas Non-resident Enterprises (Guo Shui Han [2008] No. 897) (《關於中國居民企業向境外H股非居民企業股東派發股息代扣代繳企業所得税有關問題的通知》(國税函[2008]897號)), which was promulgated by the State Administration of Taxation and came into effect on 6 November 2008, etc., where a PRC domestic enterprise distributes dividends for 2008 and subsequent years for financial periods beginning from 1 January 2008 to non-resident enterprise shareholders, it is required to withhold and pay 10% enterprise income tax for such non-resident enterprise shareholders. Therefore, as a PRC domestic enterprise, the Company will withhold 10% of the annual dividend as enterprise income tax, before distributing the annual dividend to non-resident enterprise Shareholders whose names appear on the Register of Members of H Shares, i.e. any Shareholders who hold H Shares in the name of non-individual Shareholders, including but not limited to HKSCC Nominees Limited, other nominees, trustees, or holders of H Shares registered in the name of other organisations and groups. After receiving dividends, the non-resident enterprises Shareholders may apply to the competent tax authorities for enjoying treatment of tax treaties (arrangement) in person or by proxy or by the Company, and provide information to prove that it is an actual beneficiary under the requirements of such tax treaties (arrangement). After having verified that there is no error, the competent tax authorities shall refund tax difference between the amount of tax levied and the amount of tax payable calculated at the tax rate under the requirements of the relevant tax treaties (arrangement).

Report of Directors (Continued)

Pursuant to the Notice on the Issues Regarding Levy of Individual Income Tax after the Abolishment of Guo Shui Fa [1993] No. 045 Document (Guo Shui Han [2011] No. 348) (《關於國税發[1993]045號文件廢止後有關個人所得税徵管問題的通知》(國税函[2011]348號)), the Company shall withhold and pay individual income tax for individual holders of H Shares. If the individual holders of H Shares are Hong Kong or Macau residents or residents of other countries or regions that have a tax rate of 10% under the tax treaties with the PRC, the Company will withhold and pay individual income tax at the rate of 10% on behalf of such Shareholders.

If the individual holders of H Shares are residents of countries or regions that have a tax rate lower than 10% under the tax treaties with the PRC, the Company will withhold and pay individual income tax at the rate of 10% on behalf of such Shareholders. If such Shareholders wish to claim refund of the amount in excess of the individual income tax payable under the relevant tax treaties, the Company may apply, on behalf of such Shareholders and according to the relevant tax treaties, for the relevant agreed preferential tax treatment, provided that the relevant Shareholders submit the relevant documents and information in a timely manner required by the Administrative Measures on Enjoying Treatment under Tax Treaties by Non-resident Taxpayers (State Administration of Taxation Announcement 2015, No. 60) (《非居民納税人享受税收協議待遇管理辦法》(國家税務總局公告2015年第60號)) and the provisions of the relevant tax treaties. The Company will assist with the tax refund of any overwithheld taxes subject to the approval of the competent tax authorities.

If the individual holders of H Shares are residents of countries or regions that have a tax rate higher than 10% but lower than 20% under the tax treaties with the PRC, the Company will withhold and pay individual income tax at the applicable tax rates stated in such tax treaties on behalf of such Shareholders.

If the individual holders of H Shares are residents of countries or regions that have a tax rate of 20% under the tax treaties with the PRC, or that have not entered into any tax treaties with the PRC, or otherwise, the Company will withhold and pay individual income tax at the rate of 20% on behalf of such Shareholders. Shareholders are recommended to consult their tax advisors regarding the ownership and disposal of H Shares in the PRC and in Hong Kong and other tax effects.

Report of Directors (Continued)

2. 2023 Property Management Services Framework Agreement

On 11 November 2022, the Company entered into a property management services framework agreement (the "**2023 Property Management Services Framework Agreement**") with Financial Street Group, our controlling Shareholder and a connected person of our Company, for a term from 1 January 2023 to 31 December 2025, and the annual caps under such framework agreement were approved at the extraordinary general meeting of the Company held on 9 January 2023. Pursuant to the 2023 Property Management Services Framework Agreement, the Company, either directly, or indirectly through subsidiaries, agreed to provide property management services and related services ("**Property Management Services**") to Financial Street Group and its associates with respect to the following types of properties:

(i) properties owned by, or with respect to which Financial Street Group and its associates have the right of use; and

(ii) properties already developed by Financial Street Group and its associates but unsold, or properties already developed and sold but undelivered by Financial Street Group and its associates.

The property management fees to be charged pursuant to the 2023 Property Management Services Framework Agreement shall be determined after arm's length negotiations taking into account the location of the projects, the expected operational costs (including, amongst others, labour costs, material costs and administrative costs) with reference to the property management fees for similar services and similar types of projects in the market. The property management fees shall be on normal commercial terms, and at prices no more favourable than those provided to our customers who are independent third parties.

For the three years ended 31 December 2025, the maximum annual fees payable by Financial Street Group and its associates to the Group in relation to the Property Management Services provided by our Group under the 2023 Property Management Services Framework Agreement shall not exceed RMB431.8 million, RMB455.4 million and RMB505.4 million respectively.

On 1 December 2025, the Company entered into the 2026 Property Management Services Framework Agreement with Financial Street Group to renew the 2023 Property Management Services Framework Agreement. The annual caps under the relevant framework agreement were approved at the extraordinary general meeting of the Company held on 29 December 2025, with a term from 1 January 2026 to 31 December 2028.

4. Healthcare Protection Entrusted Management Contract

On 24 December 2024, the Company and certain subsidiaries entered into a healthcare protection entrusted management contract (the "**Entrusted Management Contract**") with Greatwall Life Insurance Co., Ltd. ("**Greatwall Life Insurance Co., Ltd.**"). Financial Street Group is the controlling Shareholder of Greatwall Life Insurance Co., Ltd. and our Company, thus Greatwall Life Insurance Co., Ltd. is a connected person of our Company. Pursuant to the Entrusted Management Contract, Greatwall Life Insurance Co., Ltd. provides healthcare protection entrusted management services to the employees of the Company and certain subsidiaries. The Entrusted Management Contract came into effect on the date of signing and the coverage period runs from 1 January 2024 to 31 December 2024. Within 30 days prior to the expiry of the contract, if neither of the contracting parties has proposed in writing to the other to terminate it, the Entrusted Management Contract can be automatically renewed for one year, provided that it shall not be renewed automatically for more than two terms.

The entrusted management fund (the "**Entrusted Management Fund**") payable by the Company to Greatwall Life Insurance Co., Ltd. pursuant to the Entrusted Management Contract will constitute the annual caps for the Entrusted Management Contract for each of the years ended 31 December 2024, 2025, and 2026, respectively. The annual caps for the Entrusted Management Fund payable by the Group under the Healthcare Protection Entrusted Management Contract for the three years ending 31 December 2026 shall be approximately RMB3.37 million, RMB4.50 million and RMB4.50 million, respectively.

For the year ended 31 December 2025, the fund entrusted by the Group to Greatwall Life Insurance Co., Ltd. for management under the Healthcare Protection Entrusted Management Contract amounted to approximately RMB3.32 million, which did not exceed the annual caps of approximately RMB4.50 million for the year ended 31 December 2025.

REVIEW AND APPROVAL OF CONTINUING CONNECTED TRANSACTIONS BY INDEPENDENT NON-EXECUTIVE DIRECTORS

Pursuant to Rule 14A.55 of the Listing Rules, all independent non-executive Directors have reviewed the continuing connected transactions and have confirmed that such continuing connected transactions were:

(1) entered into in the ordinary and usual course of business of the Group;

(2) conducted on normal commercial terms or better terms; and

(3) carried out pursuant to the agreements of relevant transactions, the terms of which are fair and reasonable, and in the interests of the Company and its Shareholders as a whole.

REVIEW AND APPROVAL OF CONTINUING CONNECTED TRANSACTIONS BY THE AUDITOR

Pursuant to Rule 14A.56 of the Listing Rules, the Company's external auditor, Grant Thornton Hong Kong Limited, was engaged to report on the Group's continuing connected transactions.

Below was set out in the letter from the auditor containing their findings and conclusions of the review in respect of the disclosed continuing connected transactions:

(1) nothing has come to the auditor's attention that causes the auditor to believe that the disclosed continuing connected transactions have not been approved by the Board;

(2) as for the transactions that involve the provision of goods or services by the Group, nothing has come to the auditor's attention that causes the auditor to believe that the transactions were not, in all material respects, in accordance with the pricing policies of the Group;

(3) nothing has come to the auditor's attention that causes the auditor to believe that the transactions were not entered into, in all material respects, in accordance with the relevant agreements governing such transactions; and

(4) with respect to the aggregate amount of each of the continuing connected transactions, nothing has come to the auditor's attention that causes the auditor to believe that the disclosed continuing connected transactions have exceeded the total annual caps as set by the Company.

RELATED PARTY TRANSACTIONS

Save as disclosed above, none of the related party transactions of our Company constitutes connected transactions or continuing connected transactions (as defined under the Listing Rules) that is subject to reporting, announcement or independent shareholders' approval requirements under Chapter 14A of the Listing Rules. Details of significant related party transactions entered into by the Group during the year ended 31 December 2025 are set out in note 37 to the consolidated financial statements. Save as disclosed above, these transactions do not constitute connected transactions or continuing connected transactions of the Company, or fall within the scope of connected transactions nor continuing connected transactions exempt from disclosure. The Directors confirm that the Company has complied with the disclosure requirements under Chapter 14A of the Listing Rules in relation to the relevant transactions.

The Board confirms that the signing and implementation of the specific agreements under the aforesaid continuing connected transactions for the year ended 31 December 2025 have been conducted in accordance with the pricing principles of such continuing connected transactions and have complied with the disclosure requirements of the Listing Rules.

DISCLOSURE PURSUANT TO RULE 14.36B OF THE LISTING RULES

Acquisition of 70% equity interest in Top Property Services Company Limited (置佳物業服務有限公司) (the "**Target Company**")

On 21 March 2023, the Company entered into a share sale and purchase agreement with Ms. Cheng PuiYi (the "**Vendor**") and the Target Company, pursuant to which the Vendor conditionally agreed to sell and the Company conditionally agreed to acquire (the "**Acquisition**"), 70% of the equity interests of the Target Company for a maximum total consideration of HK$154 million, subject to the terms and conditions as set out in the share sale and purchase agreement. The consideration for the Acquisition was financed by the net proceeds from the listing of the H Shares of the Company on the Stock Exchange on 6 July 2020.

On 26 July 2023, the Company received approval from the competent state-owned assets supervision and management authority for the results of the valuation of the assets of the Target Company and the conditions precedent of the share sale and purchase agreement dated 21 March 2023 in relation to the acquisition of the Target Company have been fulfilled. The parties completed the acquisition in accordance with the terms of the share sale and purchase agreement on 1 October 2023. The Target Company has then become a direct subsidiary of the Company and its financial information has been consolidated into the financial statements of the Group since 1 October 2023.

For details of the Acquisition, please refer to the announcements of the Company dated 21 March 2023, 4 May 2023, 4 July 2023 and 26 July 2023, respectively.

The Vendor undertakes to the Company that the performance targets for the four years ended/ending 31 December 2022, 2023, 2024 and 2025 (the "**Four-Year Commitment Period**"), in accordance with the applicable accounting standards adopted by the Target Company in the respective year, are as follows:

	For the year ended/ending 31 December				
	2022 *(HK$)*	**2023** *(HK$)*	**2024** *(HK$)*	**2025** *(HK$)*	**Total** *(HK$)*
Audited revenue	127,726,200	143,478,261	165,217,391	188,695,652	625,117,504
Audited net profit excluding non-recurring gains (after tax)	15,192,183	15,579,909	19,484,369	22,203,958	72,460,419

Both the Company and the Target Company will review annually the financial performance of the Target Company against the agreed performance targets.

If the Target Company fails to meet the agreed performance targets during the four-year performance commitment period, the Company has the right to make one-off valuation adjustment which the Vendor shall pay the Purchaser in full as compensation according to the result of such calculation in the manner set out below (whichever is higher), in the following year after the expiry of the four-year performance commitment period:

(i) $$\text{Compensation amount} = \text{Total consideration} \times \frac{(\text{HK\$625,117,504} - \text{the accumulated actual revenue for 2022-2025})}{\text{HK\$625,117,504}}$$; or

(ii) $$\text{Compensation amount} = \text{Total consideration} \times \frac{(\text{HK\$72,460,419} - \text{the accumulated actual net profit excluding non-recurring gains after tax for 2022-2025})}{\text{HK\$72,460,419}}$$

The Company adopts a cumulative approach in assessing the performance of the Target Company and makes one-off valuation adjustment after the expiry of the four-year performance commitment period.

As of 31 December 2025, the four-year performance commitment period of the Target Company has expired. As of the date of this report, the relevant performance of the Target Company (including audited revenue and audited net profit excluding non-recurring gains after tax) are still under review. Upon finalization of the review results, the Company will, if required, publish an announcement in accordance with Rule 14.36B of the Listing Rules and disclose in the next annual report whether the actual performance of the Target Company meets the guarantee.

NON-COMPETITION UNDERTAKING LETTER

Regarding the non-competition undertaking letter (the "**Non-competition Undertaking Letter**") entered into between the Company and Financial Street Group on 9 June 2020, the Company confirms that:

(1) the Company has made reasonable enquiries and Financial Street Group has confirmed in writing that it has complied with the Non-competition Undertaking Letter for the year ended 31 December 2025.

(2) the independent non-executive Directors have conducted an annual review on the performance of the Non-competition Undertaking Letter, and have confirmed that the controlling Shareholders have fully complied with the Non-competition Undertaking Letter, without any breach of the undertakings.

PRE-EMPTIVE RIGHTS AND TAX RELIEF OR EXEMPTION

As of the date of this report, there is no arrangement for pre-emptive rights in accordance with PRC laws and the Articles of Association. The Company is not aware of any tax relief or exemption available to any existing Shareholder by reason of his/her holding of the securities of the Company.

LOAN AGREEMENTS WITH COVENANTS RELATING TO SPECIFIC PERFORMANCE OF THE CONTROLLING SHAREHOLDERS

As at the date of this report, the Company did not enter into any new loan agreement, which contained any covenant relating to specific performance of the controlling Shareholders and shall be disclosed as required by Rule 13.18 of the Listing Rules.

Independent Auditor's Report

Grant Thornton
致同

To the members of Financial Street Property Co., Limited
(incorporated in the People's Republic of China with limited liability)

OPINION

We have audited the consolidated financial statements of Financial Street Property Co., Limited (the "Company") and its subsidiaries (together, the "Group") set out on pages 80 to 179, which comprise the consolidated statement of financial position as at 31 December 2025, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including material accounting policy information.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 December 2025, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with HKFRS Accounting Standards as issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and have been properly prepared in compliance with the disclosure requirement of Hong Kong Companies Ordinance.

BASIS FOR OPINION

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAs") issued by the HKICPA. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the HKICPA's Code of Ethics for Professional Accountants (the "Code"), as applicable to audits of financial statements of public interest entities. We have also fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independent Auditor's Report (Continued)

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Provision for expected credit losses ("ECL") allowance of trade receivables

Refer to note 4, note 23 and note 41.3 to the consolidated financial statements and the accounting policies note 2.11

The Key audit matter	How our audit addressed the key audit matter
We identified the impairment assessment of trade receivables as a key audit matter due to the significance of the balance to the consolidated financial statements, combined with the significant degree of estimations by the management of the Group, in evaluating the ECL allowance of trade receivables which may affect the carrying value of the Group's trade receivables at the end of the reporting period. As disclosed in note 4 to the consolidated financial statements, the management calculate the ECL of trade receivables based on internal credit ratings of debtors and their ageing, and taken into consideration the historical recovery rates, probability of default by its customers and the forward-looking information. As disclosed in note 23 to the consolidated financial statements, the carrying amount of trade receivables is approximately RMB349,296,000 as at 31 December 2025, after netting-off the ECL allowance of approximately RMB46,206,000.	We performed the following procedures in relation to ECL of trade receivables: • understanding and evaluating the management's internal control and assessment process of ECL of trade receivables and assessing the inherent risk of material misstatement by considering the degree of estimation uncertainty and level of other inherent risk factors such as complexity, subjectivity, changes and susceptibility to management bias or fraud; • understanding and assessing management's rationale for distinguishing individual impaired and collectively impaired trade receivables; • checking the mathematical accuracy of the calculation of the ECL; • testing, on a sample basis, the accuracy of ageing analysis of trade receivables prepared by the management; • performing analytical review procedures by analysing the fluctuations of major customers' outstanding balances and trade receivable turnover days; and • evaluating the appropriateness of the expected average loss rates applied by reference to the historical recovery rates, probability of default by its customers and forward-looking information, with the assistance of our internal specialists.

OTHER INFORMATION

The directors are responsible for the other information. The other information comprises all the information in the 2025 annual report of the Company, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITIES OF DIRECTORS FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRS Accounting Standards as issued by the HKICPA and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

The directors assisted by the Audit Committee are responsible for overseeing the Group's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. We report our opinion solely to you, as a body, in accordance with our agreed terms of engagements, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

Independent Auditor's Report (Continued)

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

As part of an audit in accordance with HKSAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.

- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.

- conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

- plan and perform the group audit to obtain sufficient appropriate audit evidence regarding the financial information of the entities or business units within the Group as a basis for forming an opinion on the group financial statements. We are responsible for the direction, supervision and review of the audit work performed for purposes of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Audit Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Independent Auditor's Report (Continued)

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

We also provide the Audit Committee with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the Audit Committee, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Notes to the Consolidated Financial Statements

for the year ended 31 December 2025

1. GENERAL INFORMATION

Financial Street Property Co., Limited (the "Company", formerly known as "Beijing Financial Street Property Management Co., Ltd.") was incorporated in the People's Republic of China (the "PRC") as a limited liability company on 20 May 1994. On 19 September 2019, the Company was converted into a joint stock company with limited liability under the Company Law of the PRC. The address of the Company's registered office is No. 33, Financial Street, Xicheng District, Beijing, the PRC.

The Company's H shares were listed on the Main Board of the Stock Exchange of Hong Kong Limited on 6 July 2020.

The Company's immediate holding company is Beijing Huarong Zonghe Investment Co., Ltd. (the "immediate holding company"), an investment company established in the PRC. The ultimate holding company of the Company is Beijing Financial Street Investment (Group) Co., Ltd. (the "ultimate holding company"), a limited liability company incorporated in the PRC, which is under the control of the State-owned Assets Supervision and Administration Commission of Beijing Xicheng District Municipal Government.

The Company and its subsidiaries (together, the "Group") are primarily engaged in the provision of property management and related services in the PRC and Hong Kong.

The consolidated financial statements for the year ended 31 December 2025 were approved for issue by the board of directors on 26 March 2026.

2. SUMMARY OF MATERIAL ACCOUNTING POLICIES

2.1 Basis of preparation

These annual consolidated financial statements have been prepared in accordance with Hong Kong Financial Reporting Standards as issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA"), which collective term includes all applicable individual HKFRS accounting standards, Hong Kong Accounting Standards and Interpretations ("HKFRS Accounting Standards") and the accounting principles generally accepted in Hong Kong.

The consolidated financial statements also comply with the applicable disclosures requirements of the Hong Kong Companies Ordinance and include the applicable disclosure requirements of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited ("Listing Rules").

The material accounting policies that have been used in the preparation of these consolidated financial statements are summarised below. These policies have been consistently applied to all the years presented unless otherwise stated. The adoption of new or amended HKFRS Accounting Standards and the impacts on the Group's consolidated financial statements, if any, are disclosed in note 3.

Notes to the Consolidated Financial Statements (Continued)

for the year ended 31 December 2025

2. SUMMARY OF MATERIAL ACCOUNTING POLICIES (CONTINUED)

2.1 Basis of preparation (Continued)

The consolidated financial statements have been prepared on the historical cost basis. The measurement bases are fully described in the accounting policies below.

It should be noted that accounting estimates and assumptions are used in preparation of the consolidated financial statements. Although these estimates are based on management's best knowledge and judgement of current events and actions, actual results may ultimately differ from those estimates. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the consolidated financial statements are disclosed in note 4.

2.2 Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and its subsidiaries made up to 31 December each year.

Subsidiaries are entities controlled by the Group. The Group controls an entity when the Group is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. When assessing whether the Group has power over the entity, only substantive rights relating to the entity (held by the Group and others) are considered.

The Group includes the income and expenses of a subsidiary in the consolidated financial statements from the date it gains control until the date when the Group ceases to control the subsidiary.

Intra-group transactions, balances and unrealised gains and losses on transactions between group companies are eliminated in preparing the consolidated financial statements. Where unrealised losses on sales of intra-group asset are reversed on consolidation, the underlying asset is also tested for impairment from the Group's perspective. Amounts reported in the financial statements of subsidiaries have been adjusted where necessary to ensure consistency with the accounting policies adopted by the Group.

Non-controlling interests represent the equity on a subsidiary not attributable directly or indirectly to the Company, and in respect of which the Group has not agreed any additional terms with the holders of those interests which would result in the Group as a whole having a contractual obligation in respect of those interests that meets the definition of a financial liability. For each business combination, the Group can elect to measure any non-controlling interests either at fair value or at their proportionate share of the subsidiary's net identifiable assets.

Notes to the Consolidated Financial Statements (Continued)

for the year ended 31 December 2025

2. SUMMARY OF MATERIAL ACCOUNTING POLICIES (CONTINUED)

2.2 Basis of consolidation (Continued)

Non-controlling interests are presented in the consolidated statement of financial position within equity, separately from the equity attributable to the owners of the Company. Non-controlling interests in the results of the Group are presented on the face of the consolidated statement of profit or loss and other comprehensive income as an allocation of the total profit or loss and total comprehensive income for the year between non-controlling interests and the owners of the Company.

When the Group loses control of a subsidiary, the profit or loss on disposal is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the previous carrying amount of the assets (including goodwill), and liabilities of the subsidiary and any non-controlling interests. Where certain assets of the subsidiary are measured at revalued amounts or fair values and the related cumulative gain or loss has been recognised in other comprehensive income and accumulated in equity, the amounts previously recognised in other comprehensive income and accumulated in equity are accounted for as if the Company had directly disposed of the related assets (i.e., reclassified to profit or loss or transferred directly to retained earnings).

In the Company's statement of financial position, subsidiaries are carried at cost less any impairment loss unless the subsidiary is held for sale or included in a disposal group. Cost also includes direct attributable costs of investment.

The results of subsidiaries are accounted for by the Company on the basis of dividends received and receivable at the end of reporting period. All dividends whether received out of the investee's pre- or post-acquisition profits are recognised in the Company's profit or loss.

2.3 Business combinations

Acquisitions of subsidiaries and businesses which are not under common control are accounted for using the acquisition method. The consideration transferred in a business combination is measured at fair value, which is calculated as the sum of the acquisition-date fair values of the assets transferred by the Group, liabilities incurred by the Group to the former owners of the acquiree and the equity interests issued by the Group in exchange for control of the acquiree. Acquisition-related costs are recognised in profit or loss as incurred.

The Group determines that it has acquired a business when the acquired set of activities and assets include an input and a substantive process that together significantly contribute to the ability to create outputs. The acquired process is considered substantive if it is critical to the ability to continue producing outputs, and the inputs acquired include an organised workforce with necessary skills, knowledge, or experience to perform that process or it significantly contributes to the ability to continue producing outputs and is considered unique or scarce or cannot be replaced without significant cost, effort, or delay in the ability to continue producing outputs.

Notes to the Consolidated Financial Statements (Continued)

for the year ended 31 December 2025

2. SUMMARY OF MATERIAL ACCOUNTING POLICIES (CONTINUED)

2.3 Business combinations (Continued)

Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date.

Goodwill is measured as the excess of the sum of the consideration transferred, the amount of any non-controlling interests in the acquiree, and the fair value of the acquirer's previously held equity in the acquiree (if any) over the net of the acquisition-date amounts of the identifiable assets acquired and liabilities assumed. If, after assessment, the net of the acquisition-date amounts of the identifiable assets acquired and liabilities assumed exceeds the sum of the consideration transferred, the amount of any non-controlling interests in the acquiree and the fair value on the acquirer's previously held interest in the acquiree (if any), the excess is recognised immediately in profit or loss as bargain purchase gain.

Where the consideration the Group transferred in a business combination includes assets or liabilities resulting from a contingent consideration arrangement, the contingent consideration is measured at its acquisition-date fair value and considered as part of the consideration transferred in a business combination. Changes in the fair value of the contingent consideration that qualify as measurement period adjustments are adjusted retrospectively, with the corresponding adjustments being made against goodwill or gain on bargain purchase. Measurement period adjustments are adjustments that arise from additional information obtained during the measurement period about facts and circumstances that existed as of the acquisition date. Measurement period does not exceed one year from the acquisition date. The subsequent accounting for changes in the fair value of the contingent consideration that do not qualify as measurement period adjustments depends on how the contingent consideration is classified. Contingent consideration classified as equity is not subsequently remeasured and its subsequent settlement is accounted for within equity. Contingent consideration classified as a financial liability is subsequently remeasured at each reporting dates at fair value with changes in fair value recognised in profit or loss.

Changes in the value of the previously held equity interest recognised in other comprehensive income and accumulated in equity before the acquisition date are reclassified to profit or loss when the Group obtains control over the acquiree.

If the initial accounting for a business combination is incomplete by the end of the reporting period in which the combination occurs, the Group reports provisional amounts for the items for which the accounting is incomplete. Those provisional amounts are adjusted during the measurement period (see above), or additional assets or liabilities are recognised, to reflect new information obtained about facts and circumstances that existed as of the acquisition date that, if known, would have affected the amounts recognised as of that date.

Notes to the Consolidated Financial Statements (Continued)

for the year ended 31 December 2025

2. SUMMARY OF MATERIAL ACCOUNTING POLICIES (CONTINUED)

2.4 Associates and joint ventures

An associate is an entity over which the Group has significant influence, which is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control of those policies.

A joint venture is a type of joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the arrangement. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions relating about relevant activities require the unanimous consent of the parties sharing control.

In consolidated financial statements, an investment in an associate or a joint venture is initially recognised at cost and subsequently accounted for using the equity method. Any excess of the cost of acquisition over the Group's share of the net fair value of the identifiable assets, liabilities and contingent liabilities of the associate or joint venture recognised at the date of acquisition is recognised as goodwill. The goodwill is included within the carrying amount of the investment and is assessed for impairment as part of the investment. The cost of acquisition is measured at the aggregate of the fair values, at the date of exchange, of assets given, liabilities incurred or assumed and equity instruments issued by the Group, plus any costs directly attributable to the investment. Any excess of the Group's share of the net fair value of the identifiable assets, liabilities and contingent liabilities over the cost of acquisition, after reassessment, is recognised immediately in profit or loss in the determination of the Group's share of the associate or joint venture's profit or loss in the period in which the investment is acquired.

Under the equity method, the Group's interest in the associate or joint venture is carried at cost and adjusted for the post-acquisition changes in the Group's share of the associate or joint venture's net assets less any identified impairment loss, unless it is classified as held for sale (or included in a disposal group that is classified as held for sale). The profit or loss for the year includes the Group's share of the post-acquisition, post-tax results of the associate or joint venture for the year, including any impairment loss on the investment in associate or joint venture recognised for the year. The Group's other comprehensive income for the year includes its share of the associate or joint venture's other comprehensive income for the year.

Unrealised gains on transactions between the Group and its associate and joint venture are eliminated to the extent of the Group's interest in the associates or joint venture. Where unrealised losses on assets sales between the Group and its associate or joint venture are reversed on equity accounting, the underlying asset is also tested for impairment from the Group's perspective. Where the associate or joint venture uses accounting policies other than those of the Group for like transactions and events in similar circumstances, adjustments are made, where necessary, to conform the associate or joint venture's accounting policies to those of the Group when the associate or joint venture's financial statements are used by the Group in applying the equity method.

Notes to the Consolidated Financial Statements (Continued)

for the year ended 31 December 2025

2. SUMMARY OF MATERIAL ACCOUNTING POLICIES (CONTINUED)

2.4 Associates and joint ventures (Continued)

When the Group's share of losses in an associate or a joint venture equals or exceeds its interest in the associate or joint venture, the Group does not recognise further losses, unless it has incurred legal or constructive obligations or made payments on behalf of the associate or joint venture. For this purpose, the Group's interest in the associate or joint venture is the carrying amount of the investment under the equity method together with the Group's other long-term interests that in substance form part of the Group's net investment in the associate or joint venture, after applying the expected credit loss ("ECL") model to such other long-term interests where applicable.

After the application of equity method, the Group determines whether it is necessary to recognise an additional impairment loss on the Group's investment in its associate or joint venture. At the end of each reporting period, the Group determines whether there is any objective evidence that the investment in associate or joint venture is impaired. If such indications are identified, the Group calculates the amount of impairment as being the difference between the recoverable amount (i.e. higher of value in use and fair value less costs of disposal) of the associate or joint venture and its carrying amount. In determining the value in use of the investment, the Group estimates its share of the present value of the estimated future cash flows expected to be generated by the associate or joint venture, including cash flows arising from the operations of the associate or joint venture and the proceeds on ultimate disposal of the investment.

2.5 Foreign currency translation

The consolidated financial statements are presented in Renminbi ("RMB"), which is also the functional currency of the Company.

In the individual financial statements of the consolidated entities, foreign currency transactions are translated into the functional currency of the individual entity using the exchange rates prevailing at the dates of the transactions. At the end of reporting period, monetary assets and liabilities denominated in foreign currencies are translated at the foreign exchange rates ruling at that date. Foreign exchange gains and losses resulting from the settlement of such transactions and from the retranslation of monetary assets and liabilities at the end of reporting period are recognised in profit or loss.

Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing on the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated (i.e. only translated using the exchange rates at the transaction date).

Notes to the Consolidated Financial Statements (Continued)

for the year ended 31 December 2025

2. SUMMARY OF MATERIAL ACCOUNTING POLICIES (CONTINUED)

2.5 Foreign currency translation (Continued)

In the consolidated financial statements, all individual financial statements of foreign operations, originally presented in a currency different from the Group's presentation currency, have been converted into Renminbi. Assets and liabilities have been translated into Renminbi at the closing rates at the end of the reporting period. Income and expenses have been converted into the Renminbi at the exchange rates ruling at the transaction dates, or at the average rates over the reporting period provided that the exchange rates do not fluctuate significantly. Any differences arising from this procedure have been recognised in other comprehensive income and accumulated separately in the translation reserve in equity.

Goodwill and fair value adjustments arising on the acquisition of a foreign operation on or after 1 January 2005 have been treated as assets and liabilities of the foreign operation and translated into RMB at the rates prevailing at the end of the reporting period. Goodwill arising on the acquisitions of foreign operations before 1 January 2005 is translated at the foreign exchange rate that applied at the date of acquisition of the foreign operation.

2.6 Property, plant and equipment

Property, plant and equipment (other than cost of right-of-use assets as described in note 2.15) are initially recognised at acquisition cost (including any cost directly attributable to bringing the assets to the location and condition necessary for them to be capable of operating in the manner intended by the Group's management). They are subsequently stated at cost less accumulated depreciation and accumulated impairment losses, if any.

Depreciation is recognised so as to write off the cost less their residual values over their estimated useful lives, using the straight-line method, at the following terms:

Office and operating equipment	2–6 years
Vehicles	4–10 years
Leasehold improvements	Estimated useful lives or over the lease terms, whichever is shorter

Accounting policy for depreciation of right-of-use assets is set out in note 2.15.

Estimates of residual values, depreciation methods and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

Gain or loss arising on retirement or disposal is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised. All other costs, such as repairs and maintenance, are charged to profit or loss during the financial period in which they are incurred.

Notes to the Consolidated Financial Statements (Continued)

for the year ended 31 December 2025

2. SUMMARY OF MATERIAL ACCOUNTING POLICIES (CONTINUED)

2.7 Investment properties

Investment properties are stated at historical cost less depreciation. Investment properties, principally stores, are held for long-term rental yields and are not occupied by the Group.

Investment properties also include right-of-use assets that meet the definition of investment properties. Investment property is initially measured at cost, including related transaction costs and where applicable borrowing costs. Depreciation is recognised so as to write off the cost of investment properties over their estimated useful lives of within 34 years or the leasing period and after taking into account of their estimated residual value, using the straight-line method.

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount (note 2.20).

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised within "other gain/(loss), net" in the consolidated statement of profit or loss and other comprehensive income.

2.8 Goodwill

Set out below are the accounting policies on goodwill arising on acquisition of subsidiaries.

Goodwill arising in a business combination is recognised as an asset at the date that control is acquired (the acquisition date). Goodwill is measured as the excess of the aggregate of the fair value of the consideration transferred, the amount of any non-controlling interests in the acquiree, and the fair value of the acquirer's previously held equity interest in the acquiree (if any) over the Group's interest in the net fair value of the acquiree's identifiable assets and liabilities measured as at the acquisition date.

Goodwill is stated at cost less accumulated impairment losses. Goodwill is allocated to cash-generating units and is tested annually for impairment (see note 2.20).

On subsequent disposal of a subsidiary, the attributable amount of goodwill capitalised is included in the determination of the amount of gain or loss on disposal.

Notes to the Consolidated Financial Statements (Continued)

for the year ended 31 December 2025

2. SUMMARY OF MATERIAL ACCOUNTING POLICIES (CONTINUED)

2.9 Intangible assets (other than goodwill)

Acquired intangible assets are recognised initially at cost. After initial recognition, intangible assets with finite useful lives are carried at cost less accumulated amortisation and any accumulated impairment losses.

Amortisation for intangible assets with finite useful lives is provided on straight-line basis over their estimated useful lives. Amortisation commences when the intangible assets are available for use. The following useful lives are applied:

Software use rights and brand royalty	1–10 years
Customer relationships	4–6 years

The assets' amortisation methods and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

Intangible assets with finite useful lives are tested for impairments as described below in note 2.20.

2.10 Financial instruments

Recognition and derecognition

Financial assets and financial liabilities are recognised when the Group becomes a party to the contractual provisions of the financial instrument.

Financial assets are derecognised when the contractual rights to the cash flows from the financial asset expire, or when the financial asset and substantially all of its risks and rewards are transferred. A financial liability is derecognised when it is extinguished, discharged, cancelled or expires.

Financial assets

Classification and initial measurement of financial assets

Except for those trade receivables that do not contain a significant financing component and are measured at the transaction price in accordance with HKFRS 15 "Revenue from Contracts with Customers", all financial assets are initially measured at fair value, in case of a financial asset not at fair value through profit or loss ("FVTPL"), plus transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at FVTPL are expensed in the profit or loss.

Notes to the Consolidated Financial Statements (Continued)

2. SUMMARY OF MATERIAL ACCOUNTING POLICIES (CONTINUED)

2.10 Financial instruments (Continued)

Financial assets (Continued)

Classification and initial measurement of financial assets (Continued)

Financial assets, other than those designated and effective as hedging instruments, are classified into the following categories:

— amortised cost; or

— FVTPL.

The classification is determined by both:

— the entity's business model for managing the financial asset; and

— the contractual cash flow characteristics of the financial asset.

All income and expenses relating to financial assets that are recognised in profit or loss are presented within finance income, finance costs or other (loss)/gain, net, except for expected credit losses ("ECL") of financial assets which is presented as a separate item in the consolidated statement of profit or loss and other comprehensive income.

Subsequent measurement of financial assets

Debt investments

Financial assets at amortised cost

Financial assets are measured at amortised cost if the assets meet the following conditions (and are not designated as FVTPL):

— they are held within a business model whose objective is to hold the financial assets and collect its contractual cash flows; and

— the contractual terms of the financial assets give rise to cash flows that are solely payments of principal and interest on the principal amount outstanding.

After initial recognition, these are measured at amortised cost using the effective interest method. Interest income from these financial assets is included in finance income in the consolidated statement of profit or loss and other comprehensive income. Discounting is omitted where the effect of discounting is immaterial. The Group's note and trade receivables, other financial assets at amortised cost, bank deposits with the maturity over three months, restricted bank deposits and cash and cash equivalents fall into this category of financial instruments.

2.10 Financial instruments (Continued)

Financial liabilities

Classification and measurement of financial liabilities

The Group's financial liabilities include trade and other payables, lease liabilities and contingent consideration.

Financial liabilities (other than lease liabilities) are initially measured at fair value, and, where applicable, adjusted for transaction costs unless the Group designated a financial liability at FVTPL.

Subsequently, financial liabilities (other than lease liabilities) are measured at amortised cost using the effective interest method except for derivatives which are not designated as hedging instruments in hedge relationships and financial liabilities designated at FVTPL, which are carried subsequently at fair value with gains or losses recognised in profit or loss.

All interest-related charges and, if applicable, changes in an instrument's fair value that are reported in profit or loss are included within finance income and finance costs.

Accounting policies of lease liabilities are set out in note 2.15.

Trade and other payables

Trade and other payables are recognised initially at their fair value and subsequently measured at amortised cost, using the effective interest method.

Contingent consideration

Details of accounting policy of contingent consideration are set out in note 2.12.

2. SUMMARY OF MATERIAL ACCOUNTING POLICIES (CONTINUED)

2.11 Impairment of financial assets

HKFRS 9's impairment requirements use more forward-looking information to recognise expected credit losses ("ECL") — the "ECL model". Instruments within the scope included loans and other debt-type financial assets measured at amortised cost, note and trade receivables recognised and measured under HKFRS 15.

The Group considers a broader range of information when assessing credit risk and measuring ECL, including past events, current conditions, reasonable and supportable forecasts that affect the expected collectability of the future cash flows of the instrument.

In applying this forward-looking approach, a distinction is made between:

— financial instruments that have not deteriorated significantly in credit quality since initial recognition or that have low credit risk ("Stage 1"); and

— financial instruments that have deteriorated significantly in credit quality since initial recognition and whose credit risk is not low ("Stage 2").

"Stage 3" would cover financial assets that have objective evidence of impairment at the end of reporting period.

"12-month ECL" are recognised for the Stage 1 category while "lifetime ECL" are recognised for the Stage 2 category.

Measurement of the ECL is determined by a probability-weighted estimate of credit losses over the expected life of the financial instrument.

Note and trade receivables

For note and trade receivables, the Group applies a simplified approach in calculating ECL and recognises a loss allowance based on lifetime ECL at the end of each reporting period. These are the expected shortfalls in contractual cash flows, considering the potential for default at any point during the life of the financial assets. In calculating the ECL, the Group has established a provision matrix that is based on its historical credit loss experience and external indicators, adjusted for forward-looking factors specific to the debtors and the economic environment.

To measure the ECL, note and trade receivables have been grouped based on shared credit risk characteristics and the days past due.

2. SUMMARY OF MATERIAL ACCOUNTING POLICIES (CONTINUED)

2.11 Impairment of financial assets (Continued)

Other financial assets measured at amortised cost

The Group measures the loss allowance for other receivables equal to 12-month ECL, unless when there has been a significant increase in credit risk since initial recognition, in which case the Group recognises lifetime ECL. The assessment of whether lifetime ECL should be recognised is based on significant increase in the likelihood or risk of default occurring since initial recognition.

In assessing whether the credit risk has increased significantly since initial recognition, the Group compares the risk of a default occurring on the financial assets at the end of reporting period with the risk of default occurring on the financial assets at the date of initial recognition. In making this assessment, the Group considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort.

In particular, the following information is taken into account when assessing whether credit risk has increased significantly:

— an actual or expected significant deterioration in the financial instrument's external (if available) or internal credit rating;

— significant deterioration in external market indicators of credit risk, e.g. a significant increase in the credit spread, the credit default swap prices for the debtor;

— existing or forecast adverse changes in regulatory, business, financial, economic conditions, or technological environment that are expected to cause a significant decrease in the debtor's ability to meet its debt obligations; and

— an actual or expected significant deterioration in the operating results of the debtor.

Irrespective of the outcome of the above assessment, the Group presumes that the credit risk has increased significantly since initial recognition when contractual payments are more than 30 days past due, unless the Group has reasonable and supportable information that demonstrates otherwise.

2. SUMMARY OF MATERIAL ACCOUNTING POLICIES (CONTINUED)

2.11 Impairment of financial assets (Continued)

Other financial assets measured at amortised cost (Continued)

Despite the aforegoing, the Group assumes that the credit risk on a debt instrument has not increased significantly since initial recognition if the debt instrument is determined to have low credit risk at the end of each reporting period. A debt instrument is determined to have low credit risk if it has a low risk of default, the borrower has strong capacity to meet its contractual cash flow obligations in the near term and adverse changes in economic and business conditions in the longer term may, but will not necessarily, reduce the ability of the borrower to fulfill its contractual cash flow obligations.

For internal credit risk management, the Group considers an event of default occurs when (i) information developed internally or obtained from external sources indicates that the debtor is unlikely to pay its creditors, including the Group, in full (without taking into account any collateral held by the Group); or (ii) the financial asset is more than three years past due.

Detailed analysis of the ECL assessment of note and trade receivables and other financial assets measured at amortised cost are set out in note 41.3.

2.12 Contingent consideration

Contingent consideration are recognised at fair value at the end of each reporting period with gain or loss on remeasurement to fair value is recognised immediately in profit or loss, except where the derivatives qualify for hedged accounting under HKFRS 9.

2.13 Cash and cash equivalents

Cash and cash equivalents include cash at bank and in hand, demand deposits with banks and short term highly liquid investments with original maturities of three months or less that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value. Bank deposits which are restricted are included in “restricted bank deposits” of the consolidated statements of financial position.

Bank balances for which use by the Group is subject to third party contractual restrictions are included as part of cash unless the restrictions result in a bank balance no longer meeting the definition of cash. Contractual restrictions affecting use of bank balances are disclosed in note 26.

2. SUMMARY OF MATERIAL ACCOUNTING POLICIES (CONTINUED)

2.14 Contract liabilities

A contract liability is recognised when the customer pays consideration before the Group recognises the related revenue. A contract liability would also be recognised if the Group has an unconditional right to receive consideration before the Group recognises the related revenue. In such cases, a corresponding receivable would also be recognised.

For a single contract with the customer, either a net contract asset or a net contract liability is presented. For multiple contracts, contract assets and contract liabilities of unrelated contracts are not presented on a net basis.

2.15 Leases

(a) Definition of a lease and the Group as a lessee

At inception of a contract, the Group considers whether a contract is, or contains a lease. A lease is defined as 'a contract, or part of a contract, that conveys the right to use an identified asset (the underlying asset) for a period of time in exchange for consideration'. To apply this definition, the Group assesses whether the contract meets three key evaluations which are whether:

* the contracts contain an identified asset, which is either explicitly identified in the contract or implicitly specified by being identified at the time the asset is made available to the Group;

* the Group has the right to obtain substantially all of the economic benefits from use of the identified asset throughout the period of use, considering its rights within the defined scope of the contract; and

* the Group has the right to direct the use of the identified asset throughout the period of use. The Group assess whether it has the right to direct 'how and for what purpose' the asset is used throughout the period of use.

2. SUMMARY OF MATERIAL ACCOUNTING POLICIES (CONTINUED)

2.15 Leases (Continued)

(a) Definition of a lease and the Group as a lessee (Continued)

Measurement and recognition of leases as a lessee

At lease commencement date, the Group recognises a right-of-use asset and a lease liability on the consolidated statement of financial position. The right-of-use asset is measured at cost, which is made up of the initial measurement of the lease liability, any initial direct costs incurred by the Group, an estimate of any costs to dismantle and remove the underlying asset at the end of the lease, and any lease payments made in advance of the lease commencement date (net of any lease incentives received).

The Group depreciates the right-of-use assets on a straight-line basis from the lease commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term unless the Group is reasonably certain to obtain ownership at the end of the lease term. The Group also assesses the right-of-use asset for impairment when such indicator exists.

At the commencement date, the Group measures the lease liability at the present value of the lease payments unpaid at that date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Group's incremental borrowing rate.

Lease payments included in the measurement of the lease liability are made up of fixed payments. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payment of penalties for terminating a lease, if the lease term reflects the Group exercising the option to terminate.

Subsequent to initial measurement, the liability will be reduced for lease payments made and increased for interest cost on the lease liability. It is remeasured to reflect any reassessment or lease modification, or if there are changes in in-substance fixed payments. The variable lease payments that do not depend on an index or a rate are recognised as expense in the period on which the event or condition that triggers the payment occurs.

The Group remeasures lease liabilities whenever:

* there are changes in lease term or in the assessment of exercise of a purchase option, in which case the related lease liability is remeasured by discounting the revised lease payments using a revised discount rate at the date of reassessment.

* the lease payments changes due to changes in market rental rates following a market rent review, in which cases the related lease liability is remeasured by discounting the revised lease payments using the initial discount rate.

2. SUMMARY OF MATERIAL ACCOUNTING POLICIES (CONTINUED)

2.15 Leases (Continued)

(a) Definition of a lease and the Group as a lessee (Continued)

Measurement and recognition of leases as a lessee (Continued)

For lease modification that is not accounted for as a separate lease, the Group remeasures the lease liability based on the lease term of the modified lease by discounting the revised lease payments using a revised discount rate at the effective date of modification.

When the lease is remeasured, the corresponding adjustment is reflected in the right-of-use asset, or profit and loss if the right-of-use asset is already reduced to zero.

The Group has elected to account for short-term leases and leases of low-value assets using the practical expedients. Instead of recognising a right-of-use asset and lease liability, the payments in relation to these leases are recognised as an expense in profit or loss on a straight-line basis over the lease term. Short-term leases are leases with a lease term of 12 month or less. Low-value assets comprise printers and other small items of office equipment.

On the consolidated statement of financial position, right-of-use assets have been included in "property, plant and equipment", the same line as it presents the underlying assets of the same nature that it owns. Right-of-use assets that meet the definition of investment property are presented within "investment properties".

Refundable rental deposits paid are accounted for under HKFRS 9 and initially measured at fair value. Adjustments to fair value at initial recognition are considered as additional lease payments and included in the cost of right-of-use assets.

(b) The Group as a lessor

As a lessor, the Group classifies its leases as either operating or finance leases.

A lease is classified as a finance lease if it transfers substantially all the risks and rewards incidental to ownership of the underlying asset, and classified as an operating lease if it does not.

When the Group is an intermediate lessor, it accounts for the head lease and the sub-leases as two separate contracts. The sub-leases are classified as a finance or operating lease with reference to the right-of-use asset arising from the head lease, not with reference to the underlying asset. If the head lease is a short-term lease to which the Group applies the short-term lease exemption, then the Group classifies the sub-lease as an operating lease.

2. SUMMARY OF MATERIAL ACCOUNTING POLICIES (CONTINUED)

2.15 Leases (Continued)

(b) The Group as a lessor (Continued)

The Group sub-leases some of its properties and the sub-lease contracts are classified as finance lease and operating lease.

The Group also earns rental income from operating leases of its investment properties. Rental income is recognised on a straight-line basis over the term of the lease.

2.16 Provisions and contingent liabilities

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, and it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate of the amount of the obligation can be made. Where the time value of money is material, provisions are stated at the present value of the expenditure expected to settle the obligation.

All provisions are reviewed at the end of each reporting period and adjusted to reflect the current best estimate.

Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Possible obligations, whose existence will only be confirmed by the occurrence or non-occurrence of one or more future uncertain events not wholly within the control of the Group, are also disclosed as contingent liabilities unless the probability of outflow of economic benefits is remote.

Contingent liabilities assumed in a business combination which are present obligations at the date of acquisition are initially recognised at fair value, provided the fair value can be reliably measured. After the initial recognition at fair value, such contingent liabilities are recognised at the higher of the amount initially recognised, less accumulated amortisation where appropriate, and the amount that would be recognised in a comparable provision as described above. Contingent liabilities assumed in a business combination that cannot be reliably fair valued or were not present obligations at the date of acquisition are disclosed as per above.

Probable inflows of economic benefits to the Group that do not yet meet the recognition criteria of an asset are considered as contingent assets.

2.17 Share capital

Ordinary shares are classified as equity. Share capital is recognised at the amount of consideration of shares issued, after deducting any transaction costs associated with the issuing of shares (net of any related income tax benefit) to the extent they are incremental costs directly attributable to the equity transaction.

2. SUMMARY OF MATERIAL ACCOUNTING POLICIES (CONTINUED)

2.18 Revenue recognition

The Group provides property management services and community value-added services. Revenue from providing services is recognised in the accounting period in which the services are rendered.

To determine whether to recognise revenue, the Group follows a 5-step process:

1. Identifying the contract with a customer;

2. Identifying the performance obligations;

3. Determining the transaction price;

4. Allocating the transaction price to the performance obligations; and

5. Recognising revenue when/as performance obligation(s) are satisfied.

In all cases, the total transaction price for a contract is allocated amongst the various performance obligations based on their relative stand-alone selling prices. The transaction price for a contract excludes any amounts collected on behalf of third parties.

When either party to a contract has performed, the Group presents the contract in the consolidated statement of financial position as a contract asset or a contract liability, depending on the relationship between the Group's performance and the customer's payment.

Revenue is recognised either at a point in time or over time, when (or as) the Group satisfies performance obligations by transferring the promised goods or services to its customers.

Further details of the Group's revenue and other income recognition policies are as follows:

Property management and related service income

Revenue from property management and related services (both under lump sum basis and commission basis) is recognised in the accounting period in which the services are rendered as the customer simultaneously receives and consumes the benefits provided by the Group's performance when the Group performs.

For property management and related services, the Group bills a fixed amount for each month of service provided and recognises as revenue in the amount to which the Group has a right to invoice and corresponds directly with the value of performance completed.

Notes to the Consolidated Financial Statements (Continued)

for the year ended 31 December 2025

2. SUMMARY OF MATERIAL ACCOUNTING POLICIES (CONTINUED)

2.18 Revenue recognition (Continued)

Property management and related service income (Continued)

For property management service income from properties managed under lump sum basis, where the Group acts as a principal and is primary responsible for providing the property management services to the property owners, the Group recognises the fee received or receivable from property owners as its revenue and all related property management costs as its cost of services.

For property management service income from properties managed under commission basis, the Group acts as an agent and is primarily responsible for arranging and monitoring the services as provided by other suppliers to the property owners. The Group recognises the commission, which is calculated by certain fixed amount or percentage of the total property management fees received or receivable from the property units.

Catering service income

The control of catering services is transferred at a point in time and revenue is recognised when the related services have been rendered to customers.

If a customer pays consideration or the Group has a right to an amount of consideration that is unconditional, before the Group transfers services to the customer, the Group presents the consideration as a contract liability when the payment is received or a receivable is recorded (whichever is earlier). A contract liability is the Group's obligation to transfer services to a customer for which the Group has received consideration (or an amount of consideration is due) from the customer.

Community value-added services

Community value-added services include mainly value-added services relating to services to property owners, which mainly include management services of car parking, residential property brokerage, resident services and other services, is recognised over the time when the services are rendered. Payment of the transaction is due immediately when the community value-added services are rendered to the customer.

Interest income

Interest income is recognised on a time proportion basis using the effective interest method. For financial assets measured at amortised cost that are not credit-impaired, the effective interest rate is applied to the gross carrying amount of the asset.

Rental income

Accounting policies for rental income are set out in note 2.15.

2. SUMMARY OF MATERIAL ACCOUNTING POLICIES (CONTINUED)

2.19 Government grants

Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the Group will comply with all attached conditions. Government grants relating to costs are deferred and recognised in profit or loss over the period necessary to match them with the costs that they are intended to compensate.

Government grants relating to income is presented in gross under "other income" in the consolidated statement of profit or loss and other comprehensive income.

2.20 Impairment of non-financial assets (other than contract assets)

The following assets are subject to impairment testing:

— Goodwill arising on acquisition of subsidiaries;

— Other intangible assets;

— Property, plant and equipment (including right-of-use assets); and

— The Company's interests in subsidiaries, associates and joint ventures.

Goodwill and other intangible assets with an indefinite useful life or those not yet available for use are tested for impairment at least annually, irrespective of whether there is any indication that they are impaired. All other assets are tested for impairment whenever there are indications that the asset's carrying amount may not be recoverable.

An impairment loss is recognised as an expense immediately for the amount by which the asset's carrying amount exceeds its recoverable amount. Recoverable amount is the higher of fair value, reflecting market conditions less costs of disposal, and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessment of time value of money and the risk specific to the asset.

For the purposes of assessing impairment, where an asset does not generate cash inflows largely independent of those from other assets, the recoverable amount is determined for the smallest group of assets that generate cash inflows independently (i.e. a cash-generating unit). As a result, some assets are tested individually for impairment and some are tested at cash-generating unit level. Corporate assets are allocated to individual cash-generating units, when a reasonable and consistent basis of allocation can be identified, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified. Goodwill in particular is allocated to those cash-generating units that are expected to benefit from synergies of the related business combination and represent the lowest level within the Group at which the goodwill is monitored for internal management purpose and not be larger than an operating segment.

Notes to the Consolidated Financial Statements (Continued)

for the year ended 31 December 2025

2. SUMMARY OF MATERIAL ACCOUNTING POLICIES (CONTINUED)

2.20 Impairment of non-financial assets (other than contract assets) (Continued)

Impairment losses recognised for cash-generating units, to which goodwill has been allocated, are credited initially to the carrying amount of goodwill. Any remaining impairment loss is charged pro rata to the other assets in the cash generating unit, except that the carrying value of an asset will not be reduced below its individual fair value less cost of disposal, or value in use, if determinable.

An impairment loss on goodwill is not reversed in subsequent periods. In respect of other assets, an impairment loss is reversed if there has been a favourable change in the estimates used to determine the asset's recoverable amount and only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

2.21 Employee benefits

Short-term obligations

Liabilities for wages and salaries that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the consolidated statement of financial position.

Post-employment obligations

The Group operates various post-employment schemes, including both defined benefit and defined contribution pension plans.

The liability recognised in the consolidated statement of financial position in respect of defined benefit pension plans is the present value of the defined benefit obligation at the end of the reporting period. The defined benefit obligation is calculated annually by an independent actuary, Towers Watson, using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows using interest rates of high-quality corporate bonds that are denominated in the currency in which the benefits will be paid, and that have terms approximating to the terms of the related obligation. In countries where there is no deep market in such bonds, the market rates on government bonds are used.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation. This cost is included in employee benefit expense in the consolidated statement of profit or loss and other comprehensive income.

2. SUMMARY OF MATERIAL ACCOUNTING POLICIES (CONTINUED)

2.21 Employee benefits (Continued)

Post-employment obligations (Continued)

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in other reserve in the statement of changes in equity and in the consolidated statement of financial position.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service costs.

For defined contribution plans, the Group pays contributions to publicly or privately administered pension insurance plans on a mandatory, contractual or voluntary basis. The Group has no further payment obligations once the contributions have been paid. The contributions are recognised as employee benefit expense when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

Long service payment ("LSP")

The Group's net obligation in respect of LSP to its employees upon the termination of their employment or retirement when the employee fulfills certain circumstances under the Hong Kong Employment Ordinance is the amount of future benefit that employees have earned in return for their services in the current and prior periods.

The obligation is calculated using the projected unit credit method, discounted to present value and reduced by entitlements accrued under the Group's retirement plans that are attributable to contributions made by the Group. The discount rate is the yield at the reporting date on high quality corporate bonds which have terms to maturity approximating the terms of the related liability.

Remeasurement are charged or credited to equity in other comprehensive income in the period in which they arise.

Housing funds, medical insurances and other social insurances

Employees of the Group in the PRC are entitled to participate in various government-supervised housing funds, medical insurances and other social insurance plan. The Group contributes on a monthly basis to these funds based on certain percentages of the salaries of the employees, subject to certain ceiling. The Group's liability in respect of these funds is limited to the contributions payable in each year. Contributions to the housing funds, medical insurances and other social insurances are expensed as incurred.

2. SUMMARY OF MATERIAL ACCOUNTING POLICIES (CONTINUED)

2.21 Employee benefits (Continued)

Bonus plans

The Group recognises a liability and an expense for bonuses, where contractually obliged or where there is a past practice that has created a constructive obligation.

2.22 Accounting for income taxes

Income tax comprises current tax and deferred tax.

Current income tax assets and/or liabilities comprise those obligations to, or claims from, fiscal authorities relating to the current or prior reporting period, that are unpaid at the end of reporting period. They are calculated according to the tax rates and tax laws applicable to the fiscal periods to which they relate, based on the taxable profit for the year. All changes to current tax assets or liabilities are recognised as a component of tax expense in profit or loss.

Deferred tax is calculated using the liability method on temporary differences at the end of reporting period between the carrying amounts of assets and liabilities in the financial statements and their respective tax bases. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are recognised for all deductible temporary differences, tax losses available to be carried forward as well as other unused tax credits, to the extent that it is probable that taxable profit, including existing taxable temporary differences, will be available against which the deductible temporary differences, unused tax losses and unused tax credits can be utilised.

Deferred tax assets and liabilities are not recognised if the temporary difference arises from goodwill or from initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither taxable nor accounting profit or loss and does not give rise to equal taxable and deductible temporary differences.

Deferred tax liabilities are recognised for taxable temporary differences arising on investments in subsidiaries except where the Group is able to control the reversal of the temporary differences and it is probable that the temporary differences will not reverse in the foreseeable future.

For leasing transactions in which the tax deductions are attributable to the lease liabilities, the Group applies the requirements in HKAS 12 to the lease liabilities and the related assets separately. The Group recognises a deferred tax asset related to the lease liabilities to the extent that it is probable that taxable profit will be available against which the deductible temporary difference can be utilised and a deferred tax liability for all taxable temporary differences.

Deferred tax is calculated, without discounting, at tax rates that are expected to apply in the period the liability is settled or the asset realised, provided they are enacted or substantively enacted at the end of reporting period.

2.22 Accounting for income taxes (Continued)

Changes in deferred tax assets or liabilities are recognised in profit or loss, or in other comprehensive income or directly in equity if they relate to items that are charged or credited to other comprehensive income or directly in equity.

Current tax assets and current tax liabilities are presented in net if, and only if,

(a) the Group has the legally enforceable right to set off the recognised amounts; and

(b) intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

The Group presents deferred tax assets and deferred tax liabilities in net if, and only if,

(a) the entity has a legally enforceable right to set off current tax assets against current tax liabilities; and

(b) the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority on either:

  (i) the same taxable entity; or

  (ii) different taxable entities which intend either to settle current tax liabilities and assets on a net basis, or to realise the assets and settle the liabilities simultaneously, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

2.23 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker ("CODM"). The CODM, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the board of directors of the Company that makes strategic decisions.

2.24 Related parties

For the purposes of these consolidated financial statements, a party is considered to be related to the Group if:

(a) the party is a person or a close member of that person's family and if that person:

(i) has control or joint control over the Group;

(ii) has significant influence over the Group; or

(iii) is a member of the key management personnel of the Group or of a parent of the Group.

(b) the party is an entity and if any of the following conditions applies:

(i) the entity and the Group are members of the same group.

(ii) one entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).

(iii) the entity and the Group are joint ventures of the same third party.

(iv) one entity is a joint venture of a third entity and the other entity is an associate of the third entity.

(v) the entity is a post-employment benefit plan for the benefit of employees of either the Group or an entity related to the Group.

(vi) the entity is controlled or jointly controlled by a person identified in (a).

(vii) a person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity).

(viii) the entity, or any member of a group of which it is a part, provides key management personnel services to the Group or to the parent of the Group.

Close members of the family of a person are those family members who may be expected to influence, or be influenced by, that person in their dealings with the entity.

3. ADOPTION OF NEW AND AMENDED HKFRS ACCOUNTING STANDARDS

3.1 Amended HKFRS Accounting Standards that are effective for annual periods beginning on 1 January 2025

In the current year, the Group has applied for the first time the Amendments to HKAS 21 "Lack of Exchangeability" which are effective for the Group's consolidated financial statements for the annual period beginning on 1 January 2025.

The amendments do not have a material impact on the financial statements of the Group.

3.2 Issued but not yet effective HKFRS Accounting Standards

At the date of authorisation of these consolidated financial statements, certain new and amended HKFRS Accounting Standards have been published but are not yet effective, and have not been adopted early by the Group.

3. ADOPTION OF NEW AND AMENDED HKFRS ACCOUNTING STANDARDS (CONTINUED)

3.2 Issued but not yet effective HKFRS Accounting Standards (Continued)

HKFRS 18 "Presentation and Disclosure in Financial Statements" and related amendments to Hong Kong Interpretation 5

HKFRS 18 replaces HKAS 1 "Presentation of Financial Statements". It carries forward many of the existing requirements in HKAS 1, with limited changes, and some HKAS 1 requirements will be moved to HKAS 8 "Accounting Policies, Changes in Accounting Estimates and Errors" and HKFRS 7 "Financial Instruments: Disclosures".

HKFRS 18 will not impact the recognition and measurement of financial statements items but the presentation of them. It introduces three major new requirements, including:

- reporting newly defined subtotals (namely "operating profits" and "profits before financing and income tax"), and classifying items into five newly defined categories (namely "operating", "investing", "financing", "income tax" and "discontinued operation"), depending on the reporting entity's main business activities, in the statement of profit or loss;

- disclosure of management-defined performance measures ("MPMs") in a single note to the financial statements; and

- enhanced guidance of aggregation and disaggregation of information in the financial statements.

Besides, narrow-scope amendments have been made to HKAS 7 "Statement of Cash Flows", which includes:

- using "operating profit or loss" as the starting point for indirect method for the presentation of operating cash flows purposes; and

- the option for classifying interest and dividend cash flows as operating activities is eliminated.

In addition, there are consequential amendments to several other standards.

HKFRS 18, and the amendments to the other HKFRS Accounting Standards, are effective for annual period beginning on or after 1 January 2027 and must be applied retrospectively with specific transition provisions. The directors of the Group are currently working to identify all the impacts of HKFRS 18, particularly with respect to the structure of the Group's consolidated statement of profit or loss and other comprehensive income, the consolidated statement of cash flows and the additional disclosures required for MPMs. The Group is also assessing the impact of how information is grouped in the consolidated financial statements, including the items currently labelled as "other".

4. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

The Group makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below:

Estimation of ECL allowance of trade receivables within the scope of ECL under HKFRS 9

The Group makes allowances on trade receivables subjects to ECL based on assumptions about risk of default and expected loss rates. The Group uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the Group's past history, existing market conditions as well as forward-looking estimates at the end of each reporting period as set out in note 2.11. As at 31 December 2025, the aggregate carrying amounts of trade receivables amounted to RMB349,296,000 (net of ECL allowance of RMB46,206,000) (2024: RMB345,640,000 (net of ECL allowance of RMB33,511,000)). Details of the provision for ECL allowance of trade receivables are set out in note 23.

The provision of ECL is sensitive to changes in estimates. The historical rates are adjusted to reflect current and forward-looking macroeconomic factors affecting the customer's ability to settle the amount outstanding. At the end of each reporting period, the historical default rates are updated and changes in the forward-looking estimates are analysed. However given the short period exposed to credit risk, the impact of these macroeconomic factors has not been considered significant within the reporting period. When the actual future cash flows are different from expected, such difference will impact the carrying amount of trade receivables and other items within the scope of ECL under HKFRS 9 and credit losses in the periods in which such estimate has been changed.

Impairment of non-financial assets (other than goodwill)

The Group performs an impairment review as and when there are impairment indicators to ensure that the carrying amount of non-financial assets, including investment properties, property, plant and equipment, interests in associates, interests in joint ventures and intangible assets do not exceed their recoverable amount. The recoverable amount represents the present value of the estimated future cash flows expected to arise from the cash generating units to which the assets belongs. Therefore, in arriving at the recoverable amount, management exercises judgement in estimating the future cash flows, growth rate and discount rate.

As at 31 December 2025, the carrying amounts of the investment properties, property, plant and equipment, interest in associates, interests in joint ventures and intangible assets are RMB30,114,000, RMB31,018,000, RMB9,513,000, RMB4,152,000 and RMB15,158,000 (2024: RMB30,381,000, RMB52,437,000, RMB7,526,000, RMB2,857,000 and RMB18,917,000) respectively.

Notes to the Consolidated Financial Statements (Continued)

for the year ended 31 December 2025

4. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS (CONTINUED)

Estimation of goodwill impairment

The Group tests annually whether goodwill has suffered any impairment in accordance with the accounting policy stated in note 2.8. The recoverable amounts of cash-generating units have been determined based on value-in-use calculations. These calculations require the use of estimates about future cash flows and discount rates. In the process of estimating expected future cash flows, management makes assumptions about future revenues and profits. These assumptions relate to future events and circumstances. The actual results may vary and may cause a material adjustment to the carrying amount of goodwill within the next financial year. Determining the appropriate discount rate involves estimating the appropriate adjustment for market risk and for asset specific risk factors. Details of the estimates of the recoverable amounts of cash generating units containing goodwill are disclosed in note 21.

5. SEGMENT INFORMATION

The board of directors of the Company is the Group's CODM. The board of directors has determined the operating segments for the purposes of allocating resources and assessing performance.

The Group is principally engaged in the provision of property management and related services in the PRC and Hong Kong, and resources are allocated based on what is beneficial to the Group in enhancing the value as a whole. The board of directors considers the performance assessment of the Group that should be based on the results of the Group as a whole. Therefore, the board of directors considers there to be only one operating segment under the requirement of HKFRS 8.

Investment properties mainly consist of leased properties, which represent right-of-use assets for subleasing that meet the definition of investment properties. The leased properties are commercial buildings located in PRC. They are initially measured based on the initial amount of the relevant lease liability. The lease liability is initially measured at the net present value of lease payments discounted using the implicit interest rate in the lease. The ownership of such leased properties is not transferred to the Group from the lessors. The leased properties are depreciated over the lease term which is shorter than their useful life on a straight-line basis.

As at 31 December 2025, the Group had six lease contracts (2024: five).

18. PARTICULAR OF PRINCIPAL SUBSIDIARIES (CONTINUED)

The above table lists the subsidiaries of the Company which, in the opinion of the directors, principally affected the results for the year or formed a substantial portion of the net assets of the Group. To give details of other subsidiaries would, in the opinion of the directors, result in particulars of excessive length.

[1] The official name of these company is in Chinese. The English translation of the name of the company established in the PRC is for reference only.

[2] Companies not audited by Grant Thornton Hong Kong Limited. The financial statements of the subsidiaries not audited by Grant Thornton Hong Kong Limited reflect total net assets and total revenue constituting approximately 2% and 4% respectively of the related consolidated totals.

[3] Beijing Financial Street Savills Property Management Co., Ltd. holds 51% of the equity interests of the companies.

[4] Beijing Financial Street Savills Property Management Co., Ltd. holds 45% of the equity interests of the company. However, the Group has power over company as the other shareholder has delegated their rights related to appointment of director and full management decision making authority to Beijing Financial Street Savills Property Management Co., Ltd., The management therefore consider that the Group has control over the company and that it is subsidiary of the Group.

[5] During the year 31 December 2024, Chongqing Jiangbeizui ceased to be an associate and has become an indirect non-wholly owned subsidiary of the Group. On 13 December 2024, the Group completed acquisition of additional 11% in Chongqing Jiangbeizui through open market bidding of Chongqing Assets and Equity Exchange at a consideration of RMB6,513,000. Please refer to note 38 for details.

Long term growth rate	0%	0%	0%
Pre-tax discount rates	11.56%	11.05%	11.96%

The following summarised the respective recoverable amounts and related impairment loss of each CGU:

	Recoverable amount *RMB'000*	Impairment loss recognised during the year *RMB'000*
2025		
Top Property Services	**161,917**	**18,828**

The directors of the Group consider that the fair values of trade receivables which are expected to be recovered within one year are not materially different from their carrying amounts because these balances have short maturity periods on their inception.

All note receivables of the Group are bank and commercial acceptance bills and usually collected within sixth to twelve months from the date of issue.

The credit terms given to trade customers are determined on an individual basis with normal credit period ranged from 0–365 days (2024: 0–365 days).

The ageing analysis of the trade receivables before loss allowances as at 31 December 2025 and 2024 based on the invoice date is as follows:

Restricted bank deposits *(note c)*	**69,080**	80,906
	1,695,271	1,639,214

Notes:

(a) The fellow subsidiary is Beijing Financial Street Group Finance Company Limited.

(b) The time deposits in a fellow subsidiary earn 1.40% to 3.50% interest per annum (2024: 1.35% to 3.50%) and have a maturity of half to three years (2024: half to three years).

(c) When the Group is contracted to manage properties under commission basis, the Group essentially acts as an agent of the property owners. Restricted bank deposits represent cash deposited in banks as joint accounts with property owners, including (i) the property management fees the Group collected from the projects under commission basis, and (ii) maintenance services deposits according to the relevant regulations.

As at 31 December 2025, restricted bank deposits mainly represent the cash deposits in banks as performance security for property management services according to the requirements of local government authorities amounting to RMB54,093,000 (2024: RMB67,102,000) and maintenance fund held on behalf of the residents amounting to RMB14,987,000 (2024: RMB13,804,000) respectively.

(d) Included in cash and balances with banks and a fellow subsidiary of the Group is RMB1,657,700,000 (2024: RMB1,607,500,000) of bank balances denominated in RMB placed with banks in the PRC. RMB is not a freely convertible currency. Under the PRC's Foreign Exchange Control Regulations and Administration of Settlement and Sales and Payment of Foreign Exchange Regulations, the Group is permitted to exchange RMB for foreign currencies through banks that are authorised to conduct foreign exchange business.

28. RESERVES

28.1 Capital reserve

The capital reserve of the Group includes the share premium and the consideration in excess of the paid-in capital upon capital injection on and the difference between the consideration and net asset acquired by the Company for the further acquisition of NCI in subsidiaries.

28.2 Statutory reserve

In accordance with the relevant laws and regulations of the PRC and the Articles of Association of the Company, when distributing the net profit of each year, the Company shall appropriate 10% of its profit after taxation (based on the Company's local statutory financial statements) for the statutory surplus reserve fund (except where the reserve balance has reached 50% of the Company's registered capital).

As at 31 December 2025, the Group's retained earnings included PRC subsidiaries' statutory surplus reserve of RMB80,214,000 (2024: RMB69,631,000).

The statutory surplus reserves can be used to make up for the loss or increase the paid in capital after approval from the shareholders and are not distributable as cash dividends.

28.3 Exchange reserve

The exchange reserve comprises all foreign exchange differences arising from the translation of the financial statements of foreign operations whose functional currencies are different from that of the Group's presentation currency. Movements in this account are set out in the consolidated statement of changes in equity.

28.4 Other reserve

The other reserve represents actuarial gains and losses after tax from experience adjustments and changes in actuarial assumptions for the defined benefit plan.

Deferred tax assets	**53,232**	42,100
Deferred tax liabilities	**(848)**	(1,300)
	52,384	40,800

Deferred tax assets are recognised for tax losses and deductible temporary differences carry forward to the extent that realisation of the related tax benefit through the future taxable profits is probable. As at 31 December 2025, the Group had tax losses and deductible temporary differences of RMB42,261,000 (2024: RMB45,130,000) and RMB3,752,000 (2024: RMB4,861,000) to carry forward respectively, which were not recognised as deferred tax assets as the directors of the Group considered that the utilisation of these tax benefit in the foreseeable future is not probable. The tax losses will expire through year 2026 to 2030 (2024: will expire in year 2025 to 2029).

31. RETIREMENT BENEFIT OBLIGATIONS

The Group has implemented a retirement benefit plan to employees in the PRC who were retired on or before 1 January 2020. Such supplementary pension subsidies are considered to be defined benefit plans as the Group is obligated to provide post-employment benefits to these employees.

According to the plans, such employees after retirement can enjoy retirement pension, welfare allowance, part of medical expenses claim, living expenses and insurance and housing fund and other benefits. The employees' lifetime is guaranteed by the plans.

The Group is not obligated to provide post-employment benefits to incumbent employees.

The source of funds for the plan mainly came from the daily working capital of the Group, and the Group has not designated any specific assets for the plan.

The most recent actuarial valuation as at 31 December 2025 and 2024 was performed by an independent qualified actuarial firm, Wills Towers Watson ("**WTW**"). The present value, related current service cost and past service cost of the Group's retirement benefit plan obligation are prepared by WTW using the projected unit credit actuarial cost method.

32. LONG SERVICE PAYMENTS OBLIGATIONS

Pursuant to the Hong Kong Employment Ordinance, Chapter 57, Hong Kong employees that have been employed continuously for at least five years are entitled to long service payment ("LSP") under certain circumstances (e.g. dismissal by employers or upon retirement).

The amount of LSP payable is determined with reference to the employee's last monthly salary (capped at HK$22,500) and the years of service, reduced by the amount of any accrued benefits derived from the Group's contributions to MPF scheme (see note 14), with an overall cap of HK$390,000 per employee. Currently, the Group does not have any separate funding arrangement in place to meet its LSP obligations.

In June 2022, the Hong Kong SAR Government (the "Government") gazetted the Hong Kong Employment and Retirement Schemes Legislation (Offsetting Arrangement) (Amendment) Ordinance 2022 (the "Amendment Ordinance"), which abolishes the use of the accrued benefits derived from employers' mandatory MPF contributions to offset the LSP. The Amendment Ordinance took effect on 1 May 2025 (the "Transition Date"). Separately, the Government implemented a scheme to subsidise a portion of the post-transition LSP payable by an employer up to a certain amount per employee per year for a period of 25 years after the Transition Date (the "LSP Subsidy").

Among other things, upon the abolition of the offsetting mechanism takes effect, an employer can no longer use any of the accrued benefits derived from its mandatory MPF contributions (irrespective of the contributions made before, on or after the Transition Date) to reduce the LSP in respect of an employee's service from the Transition Date. However, where an employee's employment commenced before the Transition Date, the employer can continue to use the above accrued benefits to reduce the LSP in respect of the employee's service up to that date. In addition, the LSP in respect of the service before the Transition Date will be calculated based on the employee's monthly salary immediately before the Transition Date and the years of service up to that date.

The benefit payment under LSP remains capped at HK$390,000 per employee. If an employee's total benefit payment exceeds HK$390,000, the amount in excess of the cap is deducted from the portion accrued from the Transition Date.

The Group has accounted for the offsetting mechanism and its abolition as disclosed in notes 2.21 to the consolidated financial statements and the LSP Subsidy as government grants in accordance with note 2.19 to the consolidated financial statements.

The Group has determined that the Amendment Ordinance primarily impacts the Group's LSP obligations with respect to Hong Kong employees.

The Group was not entitled to any LSP Subsidy during the year ended 31 December 2025.

As there was no financial management and no investment made for the benefit plan, as of 31 December 2025 and 2024, there are no plan assets under the benefit plan.

33. TRADE AND OTHER PAYABLES (CONTINUED)

Notes:

(a) The Group was granted by its suppliers credit periods ranging from 0–180 days (2024: 0–180 days). Based on the invoice dates, the ageing analysis of the trade payables (including amounts due to related parties of trading in nature) were as follows:

	2025 ***RMB'000***	2024 *RMB'000*
Within 1 year	**284,324**	228,868
1–2 years	**7,877**	10,850
Over 2 years	**8,589**	5,347
	300,790	245,065

(b) The balances mainly represent the deposits paid by the property owners, tenants and property developers for property management and refurbishment.

(c) The consideration payable referred to the balance sum of the consideration payable to the existing shareholder of a subsidiary, Top Property Services acquired in 2023. The consideration is payable subject to the subsidiary achieving certain performance targets and will be settled after 2025.

The carrying amounts of trade and other payables are considered to approximate their fair values, due to their short-term nature.

34. CONTRACT LIABILITIES

The Group has recognised the following revenue-related contract liabilities:

	2025 ***RMB'000***	2024 *RMB'000*
Contract liabilities arising from property management and related services		
— Related parties	**4,649**	5,081

34. CONTRACT LIABILITIES (CONTINUED)

(a) Significant changes in contract liabilities

Contract liabilities of the Group mainly arise from the advance payments made by customers while the underlying services are yet to be provided.

The contract liabilities decreased during the year ended 31 December 2025 mainly due to the decrease in prepayment received from customers at the end of the year. The contract liabilities increased during the year ended 31 December 2024 mainly due to the growth in the number of property management projects as a result of the Group's business expansion.

(b) Revenue recognised in relation to contract liabilities

The following table shows how much of the revenue recognised in the current reporting period relates to carried-forward contract liabilities.

	2025	2024
	RMB'000	*RMB'000*
Revenue recognised that was included in the balance of contract liabilities at the beginning of the year		
Property management and related services	**111,336**	97,806
Catering services	**4,454**	5,117
	115,790	102,923

All contract liabilities are expected to be recovered/settled within one to two years.

(c) Unsatisfied performance obligations

For property management and related services, the Group recognises revenue in the amount that equals to the right to invoice which corresponds directly with the value to the customer of the Group's performance to date, on a monthly basis. The Group has elected the practical expedient for not to disclose the remaining performance obligations for these types of contracts. For catering services which are rendered in short period of time less than one year, as permitted under HKFRS 15, the transaction price allocated to these unsatisfied contracts is not disclosed.

36. COMMITMENTS (CONTINUED)

The Group as lessee (Continued)

As at 31 December 2025, the Group leases various office premises, staff quarters and restaurants under non-cancellable operating leases expiring within one to five years (2024: two to five years). The leases have varying terms and renewal rights. On renewal, the terms of the leases are renegotiated.

The Group has recognised right-of-use assets for these leases, except for short-term leases and leases of low value items, see notes 16 and 17 for further information.

The Group as lessor

At 31 December 2025 and 2024, the Group had future aggregate minimum lease receipts under non-cancellable operating leases in respect of various offices and stores as follows:

	2025	2024
	RMB'000	*RMB'000*
Within one year	**3,294**	8,527
In the second to fifth year	**1,360**	2,612
	4,654	11,139

The Group leases its investment properties (note 16) under operating lease arrangements which run for an initial period of two to four years (2024: two to three years), with an option to renew the lease terms at the expiry date or at dates as mutually agreed between the Group and the respective tenants. The terms of the leases generally also require the tenants to pay security deposits.

37. RELATED PARTY TRANSACTIONS

Except as disclosed in elsewhere, the Group entered into the following transactions with related parties as follows:

(a) Key management personnel compensation

Key management of the Group are members of the board of directors, as well as members of the "management board" of the parent company. Key management personnel remuneration includes the following expenses:

38. ACQUISITION OF SUBSIDIARIES

Step acquisition of Chongqing Jiangbeizui from an associate to a subsidiary

On 13 December 2024 (the "Step Acquisition Date"), Beijing Financial Street Savills Property Management Co., Ltd completed acquisition of additional 11% in Chongqing Jiangbeizui through open market bidding of Chongqing Assets and Equity Exchange at a consideration of RMB6,513,000.

By the Step Acquisition Date, the acquisition consideration has been settled. Upon the completion of the Step Acquisition, Chongqing Jiangbeizui became an indirect non-wholly owned subsidiary of the Group.

	Principal activity	Date of acquisition	Proportion of shares acquired	Consideration transferred *RMB'000*
2024				
Business combination				
Chongqing Jiangbeizui	Property Management	13 December 2024	11%	6,513

Chongqing Jiangbeizui was acquired so as to continue the expansion of the Group's property management operations.

The following table summarises the total consideration for the Step Acquisition and the fair values of assets acquired and liabilities assumed at the Step Acquisition Date.

Consideration transferred

	2024 *RMB'000*
Consideration paid in cash	6,513
Fair value of pre-existing equity interests in Chongqing Jiangbeizui at the Step Acquisition Date	23,683
Total consideration	30,196

Contract liabilities	(5,068)
Current tax liabilities	(11,806)
Deferred tax liabilities *(note 30)*	(344)
Total identifiable net assets acquired	16,861

As at the Step Acquisition Date, the fair values of the receivables were their gross contractual amounts. None of them was expected to be uncollectible. The gain on bargain purchase was attributable to the increase in fair value of the net assets acquired, from the date of valuations that the considerations were based on, to the Step Acquisition Date.

Non-controlling interests

The NCI (49%) in Chongqing Jiangbeizui recognised at the acquisition date was measured by reference to the fair value of the NCI and amounted to RMB8,262,000. This fair value was estimated by applying an income approach. The following were the key model inputs used in determining the fair value:

- assumed pre-tax discount rate of 11.05%;
- assumed long-term sustainable growth rate of 0%; and
- assumed adjustments because of the lack of control or lack of marketability that market participants would consider when estimating the fair value of the NCI in Chongqing Jiangbeizui.

Consideration transferred	30,196
NCI (49% in Chongqing Jiangbeizui)	8,262
Fair value of identifiable net assets acquired	(16,861)
Goodwill arising on acquisition	21,597

Goodwill arose in the acquisition of Chongqing Jiangbeizui as the cost of the combination included a control premium. In addition, the consideration paid for the combination effectively included amounts in relation to the benefit of expected synergies, revenue growth, future market development and the assembled workforce of Chongqing Jiangbeizui. These benefits are not recognised separately from goodwill because they do not meet the recognition criteria for identifiable intangible assets.

None of the goodwill arising on these acquisitions is expected to be deductible for tax purposes.

Impact of acquisitions on the results of the Group

If the acquisition had occurred on 1 January 2024, the Group's revenue would have been RMB74,982,000 and profit for the year from continuing operations would have been RMB3,250,000 for the year ended 31 December 2024. This pro forma information is for illustrative purposes only and is not necessarily an indication of revenue and results of operations of the Group that actually would have been achieved had the acquisition been completed on 1 January 2024, nor is it intended to be a projection of future results.

41. FINANCIAL RISK MANAGEMENT

The Group is exposed to financial risks through its use of financial instruments in its ordinary course of operations and in its investment activities. The financial risks include market risk (including interest rate risk), credit risk and liquidity risk. The policies on how to mitigate these risks are set out below. The directors manage and monitor these exposures to ensure appropriate measures are implemented on a timely and effective manner.

There has been no change to the types of the Group's exposure in respect of financial instruments or the manner in which it manages and measures the risks.

41.1 Categories of financial assets and liabilities

The carrying amounts presented in the consolidated statement of financial position relate to the following categories of financial assets and financial liabilities:

	2025 ***RMB'000***	2024 *RMB'000*

Notes to the Consolidated Financial Statements (Continued)

for the year ended 31 December 2025

41. FINANCIAL RISK MANAGEMENT (CONTINUED)

41.2 Interest rate risk

Interest rate risk relates to the risk that the fair value or cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's interest rate risk mainly arises from bank deposits with the maturity over three months, restricted bank deposits, cash and cash equivalents, lease liabilities and loans to related parties. Restricted bank deposits and cash and cash equivalents at variable rates expose the Group to cash flow interest rate risk. Bank deposits with the maturity over three months, lease liabilities and loan to related parties at fixed rates expose the Group to fair value interest rate risk. The Group closely monitors trend of interest rate and its impact on the Group's interest rate risk exposure. The Group currently has not used any interest rate swap arrangements but will consider hedging interest rate risk should the need arise.

As at 31 December 2025 and 2024, the Group's exposure to interest rate is considered immaterial.

41. FINANCIAL RISK MANAGEMENT (CONTINUED)

41.3 Credit risk

Credit risk refers to the risk that the counterparty to a financial instrument would fail to discharge its obligation under the terms of the financial instrument and cause a financial loss to the Group. The Group's exposure to credit risk mainly arises from granting credit to customers in the ordinary course of its operations and from its investing activities.

The Group's maximum exposure to credit risk for the components of the consolidated statement of financial position at 31 December 2025 and 2024 is the carrying amount as disclosed in note 41.1 above.

Note and trade receivables

The Group has a large number of customers. As at 31 December 2025, 6% (2024: 9%) of the total trade receivables were due from the Group's largest customer, 24% (2024: 22%) of the total trade receivables were due from the Group's five largest customers and 14% (2024: 29%) of the total trade receivables were due from Financial Street Affiliates Group respectively. The Group has monitoring procedures to ensure that follow-up action is taken to recover overdue debts. Internal risk control assesses the credit quality of the customers, taking into account their financial position, past experience and other factors. In addition, the Group reviews the recoverability of these receivables at the end of each reporting period based on historical settlements records and experience and adjusts for forward-looking information, to ensure that adequate impairment losses are made for irrecoverable amounts.

The Group applies the simplified approach to providing for ECL prescribed by HKFRS 9, which permits the use of the lifetime expected loss provision for all trade receivables.

To measure the expected credit losses, note and trade receivables have been grouped based on shared credit risk characteristics and ageing periods.

The expected loss rates are based on the historical credit losses and adjusted to reflect current and forward-looking information on macroeconomic factors affecting the ability of the customers to settle the receivables. The Company has identified economic policies, macroeconomic conditions, industry risks, probabilities of default and expected operating performance of the debtors in which it sells its services to be the most relevant factors, and accordingly adjusts the historical loss rates based on expected changes in these factors.

In applying the forward-looking information, the Group has taken into account the possible impacts associated with the overall change in the economic environment, including the default rates in which the relevant debtors operates.

Cash and cash equivalents, bank deposits with the maturity over three months and restricted bank deposits

For cash and cash equivalents, bank deposits with the maturity over three months and restricted bank deposits, the Group has assessed that they were placed at state-owned banks and other medium or large size listed banks and other financial institutions with high credit rating assigned by international credit-rating agencies. The risk of default is low based on market information and the Group considers the credit risk to be insignificant.

Other financial assets at amortised cost

Deposits and loans to related parties

The Group expects that the credit risk associated with deposits and loans to related parties are considered to be low after considering the factors as set out in note 2.11, and related parties have a strong capacity to meet their contractual cash flow obligations in the near term. The Group has assessed that the ECL rate applied for the amounts due from related companies was 0.09% (2024: 0.09%) under 12 months ECL method for the year ended 31 December 2025 and 2024.

Other receivables other than those from related parties and payments on behalf of residents

The Group has large number of counterparties for its other receivables other than those from related parties and payments on behalf of residents. The Group has monitoring procedures to ensure that follow-up action is taken to recover overdue debts. In addition, the Group reviews the recoverability of these receivables at the end of reporting period to ensure that adequate ECL are made for irrecoverable amounts. The Group considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis at the end of each reporting period. To assess whether there is a significant increase in credit risk, the Group compares the risk of default occurring on the asset as at the end of reporting period with the risk of default as at the date of initial recognition.

Forward-looking information is incorporated in the ECL model. The Group has performed historical analysis and identified the key economic variables impacting credit risk and ECL. It also considers available reasonable and supportive forward-looking information. Especially the following indicators are incorporated:

- internal credit rating
- external credit rating
- actual or expected significant adverse changes in business, financial or economic conditions that are expected to cause a significant change to the borrower's ability to meet its obligations
- actual or expected significant changes in the operating results of individual property owner or the borrower
- significant increases in credit risk on other financial instruments of the individual property owner or the same borrower
- significant changes in the expected performance and behaviour of the borrower, including changes in the payment status of borrowers in the Group and changes in the operating results of the borrower.

41.4 Liquidity risk

Liquidity risk relates to the risk that the Group will not be able to meet its obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Group is exposed to liquidity risk in respect of settlement of trade and other payables, lease liabilities and also in respect of its cash flow management. The Group's objective is to maintain an appropriate level of liquid assets and committed lines of funding to meet its liquidity requirements in the short and long term.

Analysed below is the Group's remaining contractual maturities for its financial liabilities as at 31 December 2025 and 2024. When the creditor has a choice of when the liability is settled, the liability is included on the basis of the earliest date on when the Group can be required to pay. Where the settlement of the liability is in instalments, each instalment is allocated to the earliest period in which the Group is committed to pay.

The contractual maturity analysis below is based on the undiscounted cash flows of the financial liabilities.

42. CAPITAL RISK MANAGEMENT

The Group's objectives when managing capital are to safeguard their ability to continue as a going concern, so that they can provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

As part of the capital risk management process, the Group monitors capital on the basis of the liability-to-asset ratio. This ratio is calculated as total liabilities divided by total assets.

The liability-to-asset ratios at 31 December 2025 and 2024 are as follows:

	As at 31 December	
	2025	2024
	RMB'000	*RMB'000*
Total liabilities	**970,936**	960,428
