# Chairman's Statement

Dear Shareholders,

The year 2025 has undoubtedly been a long-distance run through the “deep-water zone” for China’s property management industry. Against the backdrop of a volatile macro-environment and the deep-seated adjustment of the real estate sector, official data reveals that national investment in real estate development decreased by 17.2% year-on-year, while sales of new commercial housing fell by 12.6% in 2025. These figures signify that the traditional model—heavily reliant on incremental growth from developers—has reached its ceiling, and the market has entered a process of profound structural realignment. In this context, Excellence Commercial Property & Facilities Management Group Limited (the “**Company**” and its subsidiaries (collectively the “**Group**”, “**Excellence CM**” or “**we**” or “**our**”)) has never faltered. Instead, we have chosen to anchor our coordinates for long-term development through professionalism and resilience during this journey of restructuring our competitiveness.

Facing the liquidity pressure brought about by the industry’s deep adjustment, we are acutely aware that cash flow is the lifeline for an enterprise to navigate through cycles. Over the past year, we have decisively optimized our business structure and remained committed to our “de-real estate-ification” strategy, successfully reducing the proportion of connected transactions to 7.6%. Although our net profit attributable to shareholders was temporarily pressured to RMB102.9 million due to our prudent principle of making sufficient impairment provisions for historical receivables and M&A projects, this was essentially a proactive “unloading of the burden.” Our aim was to eliminate bubbles and move forward light-footed. We firmly believe that, excluding these non-recurring factors, the steady year-on-year growth of 8.6% in core business revenue is the true reflection of the Company’s operational fundamentals.

In the commercial property sub-sector, we have keenly captured structural opportunities arising from market transformation. While the office building market in major cities still faces severe challenges of high vacancy rates, leasing demand from the professional services industry has demonstrated significant structural resilience. Meanwhile, incremental demand led by “New Quality Productive Forces” is showing marginal improvement, driving a steady recovery in net market absorption. Aligning with this trend, we have made precise efforts in high-growth sectors such as advanced manufacturing, semiconductors, and biomedicine. In 2025, our GFA under management reached 78.27 million sq.m., and revenue from third-party expansion recorded RMB1.98 billion, representing a significant year-on-year increase of 17.1%. From the High-end Manufacturing Industrial Park in Dongguan and national-level laboratories in Suzhou to leading semiconductor R&D projects in Shanghai, the successful delivery of a series of “high-end, precision, and sophisticated” projects—which demand rigorous facility operations and maintenance—attests to the market’s high recognition of our professional capabilities in handling complex business formats.

Concurrently, we have continued to deepen our service boundaries, driving the extension of value-added services from standardized delivery to customized solutions. In 2025, revenue from value-added services for third-party owners increased by 40% year-on-year, with corporate administrative services growing by an impressive 142%. We have not only provided customized solutions for numerous Fortune Global 500 and “unicorn” enterprises but also successfully implemented integrated “property management + commercial management” asset management projects, such as Shanghai Jinhuan Plaza, achieving a leap-forward breakthrough in our asset-light operational landscape.

## Chairman's Statement

Technology is rapidly evolving from an “option” to a “must-have” for the industry. Last year, leveraging our COE professional capabilities, we established a full-lifecycle delivery system for fields such as advanced manufacturing and computing power centers. We have continued to deploy AI-driven service scenarios, promoting our advancement from “digitalization” to “intelligentization”. Furthermore, we achieved a sector-leading Wind ESG rating of AA, building a solid competitive moat for high-end business services.

Looking ahead to 2026, Excellence CM will continue to progress along the core logic of “strengthening organizational foundations, driving business growth, and creating value.” The current “winter” of the industry is not only a trial ground for quality but also a journey for outstanding enterprises to reshape industry benchmarks. We will go all out, live up to the trust of our shareholders, and forge ahead amidst the waves of change to witness the manifestation of “Excellence” value together.

**Li Xiaoping**

## BUSINESS REVIEW

### I. BUSINESS OVERVIEW

#### Analysis of the Principal Activities

##### *(I) Principal Activities of the Group during the year ended 31 December 2025 (the “Reporting Period”)*

The Group is a leading commercial real estate service operator in the PRC, which focuses on providing customers with maintenance services covering the full lifecycle of assets and full-chain solutions to meet customers’ comprehensive value expectations and assist enterprises in achieving business visions.

Throughout the year of 2025, the Group remained committed to a long-term-oriented development strategy and pursued prudent and steady operations. With a customer-centric approach, it continuously refined its business portfolio, responded nimbly to evolving market dynamics, strengthened the planning of business independence, and reduced reliance on related-party businesses. In strategic planning, the Company embraces the philosophy of synergistic development between its three strategic pillars and core competence construction. While further deepening its core focus on commercial property services, the principal business, it diversified its value-added services and kept expanding into new customer segments and emerging growth areas. Amid soaring industry costs and the dual pressures of service quality and pricing confronting the property management sector, the Company has unwaveringly taken organisational capability and professional talents as its core driving forces. Through building professional competencies around the “Technology and Operations Support Center” framework, it has forged differentiated competitive advantages in niche areas including high-end manufacturing solutions and cleanroom solutions. Concurrently, the Company has continuously optimised its organisational structure and talent pool to strengthen its core competitiveness, and explored transformative pathways for both the industry and the enterprise by addressing customer pain points and market demands. In terms of business development, the Company has consistently ensured that the Group maintains an independent, sound and sustainable development posture to achieve steady growth.

The Group’s main businesses included basic property management services, value-added services and other relevant businesses.

# Management Discussion and Analysis

## 1. *Basic Property Management Services*

The Group's basic property management services are provided to various types of businesses, including commercial properties, public and industrial properties and residential properties.

### (1) Commercial Property Management Services

With its management experience accumulated over two decades, the Group has focused on the development of commercial properties as its main business activities, and has formed a complete commercial property service model.

- Property management (“**PM**”) Services for Commercial Offices

The Group serves a large number of Central Business District (“**CBD**”) landmark office buildings and high-tech enterprises to gain the brand advantages from the high-end commercial projects in the PM business segment and build the capability strength by integrating asset services and corporate services.

The scope of services covers businesses such as preliminary consultation, marketing management, space management, asset leasing and sales agency, smart platform construction, facility maintenance and property comprehensive services.

(2) Public and Industrial Property Services

The Group has established a unified market-oriented organisational structure and adopted a multi-channel strategy to continue to leverage on its regional advantages to expand rail transportation customers in the government infrastructure sector, while paying attention to the trend of marketisation of education and healthcare, and continuing to develop new tracks in pursuit of joint development through multiple business momentum.

# Management Discussion and Analysis

We provide a full range of operational services in the public sector. In addition to basic property services, we also offer special services for different public projects. We continue to enhance our business capabilities in the areas of government and public property services through professionalism, internationalisation, innovation and technology.

Signature projects: Guangzhou Metro Line 1 and Guangfo Line (廣州地鐵一號線和廣佛綫), Shenzhen Court of International Arbitration (深圳國際仲裁院), Chongqing Main City Park (重慶主城公園), Beijing Dongba Chaoyang Cultural Palace (北京東壩朝陽文化宮), Beijing GoBroad Hospital (北京高博醫院), Hangzhou Heyunjia Hospital (杭州禾芸嘉醫院)

## (3) Residential Property Services

Relying on over two decades of real estate development experience, Excellence Real Estate Group has developed a model of high-end residential property services in many cities across China, including preintervention and takeover acceptance, decoration management, customer management, environmental management, equipment and facilities maintenance, fire management and other systematic services. The Group spearheaded to introduce international service standards and launched “Five-heart” excellent butler (五心“悦”管家) services and “4INS Good Life” (4INS美好生活) services to reshape the physical space, cultural space and digital space of the community regarding the customers’ satisfaction as the origin and centre. We provide individuals and families with safe, convenient, comfortable and joyful living experience.

Signature projects: Shenzhen Cote d’Azur (深圳蔚藍海岸), Shenzhen Excellence Victoria Harbour (深圳卓越維港), Dongguan Yue Shan Hu Garden (東莞悅山湖花園), Shenzhen Queen’s Road (深圳皇后道)

## 2. Value-added Services

The Group has continued to provide customers with personalised, customised, digitalised and innovative value-added services, explored the multidimensional needs of customers, and realised the change from a single service to diversified services, with development focuses on assets services, Zhuopin Business, construction and mechanical and electrical services, and other types of professional value-added services.

### (1) Asset Services

The Group provides preliminary property consulting services, and offers reasonable suggestions on pre-intervention in project planning and design, construction management and acceptance handover so as to save construction costs, meet customer expectations regarding the use of functions, improve post-property operation efficiency, and avoid operational risks.

# Management Discussion and Analysis

In addition, we provide customers with professional leasing and second-hand housing asset management services, and offer whole-process leasing value-added services to ensure maximised property occupancy rates and asset investment returns.

(2) Zhuopin Business Services

“Zhuopin Business”, a high-end service brand of the Group, integrates “Internet+”, “self-built supply chain” and “concierge high-end services” capabilities to provide one-stop business office supporting services for high-tech and Fortune 500 companies with the B to B for C model, mainly including high-end business services, corporate value-added services, supply chain agency services, enterprise digital empowerment and other various solutions.

(3) Construction and Mechanical and Electrical Services

The Group’s mechanical and electrical business delivers integrated solutions comprising “hardware + software + platform + services”. Committed to further expansion in the green and smart mechanical and electrical sector, it fosters a collaborative ecosystem for government and corporate partners, achieves structured development across multiple business segments, and drives sustainable growth through technological advancement and green initiatives.

### 3. *Mergers and Acquisitions (“M&A”)*

In line with the development strategy of the national key regions and city positioning, the Group has actively maintained a continuous focus on the M&A business in a prudent manner, integrating the government’s resource advantages and fully leveraging on its strengths in the commercial property sector to jointly develop the market.

We have actively reviewed and enhanced our existing development by promoting our presence in first-tier and emerging first-tier cities and tapping into various arenas to help drive market development, thereby improving the competitive industry chain and building our competitive advantages in the industry.

# Management Discussion and Analysis

## 4. *Asset Management*

The Group has obtained a portfolio of high-quality assets located in core cities through the relevant transactions covered in the previously announced connected transactions and continuing connected transactions, including various property types such as office properties, parking spaces, storage rooms, apartments, shops and residential units.

For the above assets, the Group has established an operational mechanism featuring classified management and tailored strategies for each individual property. For assets held for sale, relying on its strengths in property management network and customer resources, and taking into account market conditions in the locations of respective projects, the Group formulates differentiated sale plans and conducts sales in an orderly manner to owners and tenants of its managed properties as well as third-party buyers in the market, so as to achieve timely asset disposal and cash collection. For income-generating assets held for operation, leveraging its professional property operation capabilities, the Group continuously enhances operational efficiency and income levels of assets through refined management, ensuring stable cash flow contribution.

The Group will continue to prudently manage the aforementioned asset portfolio. On the premise of safeguarding asset security, it will actively pursue the dual objectives of accelerating sale progress and improving operational returns, so as to protect the long-term value of shareholders.

# Management Discussion and Analysis

## **(II) Performance Overview**

Looking back on 2025, the Group focused on its two core strategies, i.e. the “Three Strategic Pillars” and “Core Competence Development”. It further enhanced its third-party market-oriented capabilities, responded proactively to market volatilities, and maintained business resilience.

In terms of performance data, the Company achieved net profit attributable to owners of the parent of approximately RMB102.90 million, which reflects that, in line with prudent financial principles, the management has made an impairment provision against historical related-party receivables and certain assets, thereby accelerating the restoration of a healthy statement of financial position. Such move marks the concentrated resolution of legacy risks and lays a solid foundation for the Company to move forward unburdened and focus on the growth of its core businesses.

### *Principal Business: In-depth Development and Structural Optimisation*

By deeply cultivating strategic clients and building benchmark projects, the Company connects upstream and downstream of key clients as well as potential clients, and continuously maintains its leading advantage in the commercial property track. Through in-depth layout and consistent accumulation of strength, the Company consolidates its advantages in the core sector, while gradually establishing a first-mover advantage in fields such as high technology and new quality productive forces.

### *Value-added Business: Continuous Enhancement of Productisation Capabilities*

By enhancing productisation capabilities and building a self-owned supply chain service platform, we cover the full value cycle of user demand scenarios, effectively improving customer experience and core operational capabilities in productisation. In the meantime, we have developed a full-process entrusted operation model for corporate value-added services. Through resource integration, personalised customisation, business accompaniment, and middle-office support, we have established a diversified joint operation and expansion model for value-added services.

# Management Discussion and Analysis

## *Core Competence Development: Organisation Empowerment and Professional Leadership*

In respect of core competence development, the Group has focused on advancing the following three key areas:

**Firstly, upgrading organisational capabilities.** By optimising the organisational structure and management mechanisms, we improve the efficiency of business decision-making and execution, ensuring the effective implementation of strategic objectives.

**Secondly, talent echelon development.** Focusing on nurturing key business talents, we have formed a self-circulating management system for key talents and critical business capabilities driven by both incentive mechanisms and management culture, thereby facilitating organic business growth and strengthening competitive barriers.

**Thirdly, the development of COE professional capabilities.** We continue to deepen professional standards and delivery capabilities in vertical fields such as high-end manufacturing solutions and cleanroom solutions, establishing replicable and scalable professional service modules to boost the Group's differentiated competitiveness in niche markets.

During the Reporting Period, among the Group's revenue, commercial properties accounted for 63.6%, public and industrial properties accounted for 10.4%, residential properties accounted for 17.6%, value-added services accounted for 7.9%, and other services accounted for 0.5%.

# Management Discussion and Analysis

## 1. *Steady growth in business scale*

In 2025, the Group's third-party business achieved high-quality growth. Leveraging the "1+1+X" strategy, we focused on the two core advantageous regions, namely the Guangdong-Hong Kong-Macao Greater Bay Area and the Yangtze River Delta, with key deployment in first-tier, new first-tier and other high-value cities, achieving balanced development across key national regions. With respect to the gross floor area ("GFA") under management, first-tier and new first-tier cities including Beijing, Shanghai, Shenzhen, Guangzhou, Chengdu, Hangzhou and Chongqing accounted for 76.5%, while the two core economic circles of the Guangdong-Hong Kong-Macao Greater Bay Area and the Yangtze River Delta accounted for 68.4%.

During the Reporting Period, the Group's contracted GFA was approximately 87.44 million sq.m., representing an increase of approximately 4.9% over the corresponding period in 2024. The GFA under management amounted to approximately 78.27 million sq.m., representing an increase of approximately 8.4% as compared with the corresponding period in 2024. Among them, GFA under management from the third-party business accounted for 63.6%.

The following table sets forth the changes in GFA under management for the years ended 31 December 2025 and 2024, respectively:

|                                 | <b>Year ended 31 December</b> |           |
|---------------------------------|-------------------------------|-----------|
|                                 | <b>2025</b>                   | 2024      |
|                                 | <b>sq.m.'000</b>              | sq.m.'000 |
| At the beginning of the period  | <b>72,200</b>                 | 64,066    |
| New engagements                 | <b>10,990</b>                 | 15,698    |
| Terminations                    | <b>(4,924)</b>                | (7,564)   |
| <b>At the end of the period</b> | <b>78,266</b>                 | 72,200    |

# Management Discussion and Analysis

## 2. *Steady expansion of the core business segment*

In 2025, the Group continued to leverage its core competitive strengths in commercial property services, with its main business segment serving as flagship drivers. It also maintained strong momentum in expanding third-party business, preserving business growth resilience. Among the leading high-tech and internet enterprises in China, our client coverage exceeded 70%. Supported by high service quality and customised service experiences, the development momentum in such sector has been further strengthened. Furthermore, building on our strengths in commercial services, we have gradually established first-mover advantages in hospitals, semiconductors and other sectors aligned with the core tracks of new-quality productive forces, laying a solid foundation for our development in targeted market segments.

In 2025, the Group continued to deepen its presence in the commercial property sector, expanding its network of partners. The number of high-quality clients in its traditional core segments kept growing, and the Group established initial collaborations with ZTE, Xuanke Technology, Century Huatong, PingPong, ZWSOFT and other enterprises in the communications and internet sectors. Its client diversification strategy facilitated robust development across emerging sectors. In the high-tech segments, the Company gradually established partnerships with numerous industry leaders and unicorn enterprises. As the new consumption sector serves as a core engine driving economic growth and a key pillar of high-quality development, during 2025 the Group provided services to clients including SMOORE, Klook, Caihuoxia, ANTA and Proya in this field.

For the Reporting Period, we entered into a total of 151 new third-party business property contracts, with a total contract value of RMB1,673.49 million and an annualised contract value of RMB619.36 million.

For the Reporting Period, the revenue from commercial property services accounted for 69.4% of the revenue from basic property services, and the basic property service income from third parties business accounted for 62.1% of the revenue of basic property services.

## Management Discussion and Analysis

In residential properties, we mainly provide a number of urban high-end development projects under the Excellence Real Estate Group with services. During the Reporting Period, revenue from residential properties increased by 3.2% as compared to the same period in 2024.

### 3. In-depth development of strategic clients

The Group adhered to the strategy of in-depth development of strategic clients. By deepening the strategic client development mechanism, throughout 2025, we achieved the business objectives of “high performance, contract renewal guarantee and growth promotion” for strategic cooperation.

Throughout 2025, the Group adhered to the three core priorities of “Quality First – Talent Guarantee – Performance Orientation”, enhanced service quality and brand value, deepened its cooperative relationships with strategic clients, and continuously achieved business lead generation through benchmark projects. We successfully entered multiple high-end manufacturing parks, establishing a reputation for quality assurance and high-quality delivery. In recent years, the results of in-depth strategic client development have gradually become prominent, with the Group achieving a strategic client contract retention rate of nearly 100.0% over the past three years, maintaining a solid and stable foundation.

During the Reporting Period, revenue from strategic clients reached RMB1,103.11 million, representing a strong increase of 24.2% compared with the same period in 2024. Going forward, the Group will continue to focus on client needs, strengthen basic operations, introduce key talents, develop professional echelons, and achieve self-circulating management of key talents and core business capability systems. We will further enhance client satisfaction to build long-term, mutually trusting and win-win strategic partnerships and drive vertical business expansion. Through marketing communications, the Group will attract more high-quality clients, promote business expansion, and build a sustainable growth engine.

## 4. *Continuous construction of development advantages in new business segments*

Adhering to the philosophy of “strength in partnership and complementary advantages”, the Group has continuously enhanced its development advantages in new business segments through strategic mergers, acquisitions and diversified joint ventures, so as to steadily foster a second growth curve.

Throughout 2025, we significantly strengthened our expansion in core cities. Business scale in Chengdu, a key western city, doubled year on year, with the successful launch of projects in new energy, internet and other sectors, marking a key breakthrough in the implementation of the regional strategy. The Company continued to leverage the advantages of resource integration, expanding from stronghold regions to emerging cities and continuously unlocking new business growth drivers.

Leveraging our full-chain “commercial management + property management” service, we have built differentiated competitive barriers. Relying on our integrated service model, we continue to enhance the value of property assets. In the first half of 2025, we obtained the management contract for Shanghai Jinhuan Plaza as a benchmark project integrating commercial and property management. With professional operations, we helped achieve a high occupancy rate, met corporate demands through high-standard services, and ensured stable returns for the assets.

## 5. *Diversified development of value-added services and strategic alignment with core business growth*

Throughout 2025, the Company’s value-added services achieved diversified and rapid growth.

Leveraging a unified value-added service platform, the Group’s high-end commercial brand “Zhuopin Business” focuses on meeting clients’ diversified needs, integrates multi-format service scenarios, and provides comprehensive B+C full-scenario solutions and customised services. The platform has continuously enhanced its capabilities in precise customer group marketing and targeted marketing. Supported by strong on-site delivery capacity and a comprehensive after-sales support system, it delivers a more efficient and convenient experience to clients. In 2025, guided by the strategy of customisation, digitalisation and high-stickiness product development, the Group deeply integrated with the business needs of strategic clients, strongly driving the growth of its related value-added services.

## (III) Strategic Talent Cultivation and Development

The Company has put forward higher requirements for talent cultivation and reserve due to the steady expansion of the businesses. While maintaining stable operations, the Company has commenced in-depth strategic talent cultivation and development for the future, refined talent management system, and created an internal talent supply chain, so as to build up its core competitiveness in the medium to long term.

We have constructed a comprehensive talent management system, focusing on the cultivation of “New Wing” management trainees as the new force. Through the implementation of the “Excellent Talent” and “Excellence Performance” Schemes, we have successfully cultivated a batch of project operation talents and professional management talents with the characteristics of Excellence. In 2025, our training programs for facility managers, project managers, and management trainees were launched in an orderly manner, continuing the ongoing development of the comprehensive talent development system. This initiative fosters the creation of high-performing teams and aligns talent pipeline development with our business objectives.

In addition, to better support our national strategic expansion, we further consolidated our hybrid learning model in 2025. This model combines online livestreams, micro-learning modules, and virtual classrooms with offline training camps. This expanded reach allows more key personnel and frontline employees to participate in talent development programs, offering both flexibility and structured learning pathways. To meet the needs of building professional capabilities for Centre of Excellence (COE) such as high-end manufacturing solutions and cleanroom solutions, the Company has increased its efforts in introducing and cultivating professional and technical talents. For the Reporting Period, the Company has successfully provided training to over 3,000 personnel in key positions. In the future, we will further promote the deep integration of knowledge and practice to cope with the changes and challenges of the industry.

At the same time, the Company continued to implement the management culture. With business development as the foundation, we championed the three major cultural values of “implementation, collaboration, and incentives”. This not only provides a long-term stable cornerstone for talent development, but also stimulates employees’ motivation and creativity, laying a solid foundation for the Company’s sustainable development.

## **(IV) Continuous Enhancement of Core Professional Capabilities**

The Group focuses on the development of core professional capabilities and systematically advances efforts in three dimensions: improving organisational effectiveness, deepening COE professional capabilities, and optimising operations management, so as to form a unique competitive advantage.

In terms of professional service capabilities, the Company has continuously deepened the construction of the Technology and Operations Support Center:

- High-end Manufacturing Solutions: Established standardised service processes and a professional delivery team to meet the special environmental requirements of industries including semiconductors and precision manufacturing
- Cleanroom Solutions: Provided international-standard cleanroom operation and maintenance management services for biomedicine, electronics manufacturing and other industries
- Smart Park Solutions: Combined the Internet of Things and advanced technologies to build a full-lifecycle management system for facilities

The above professional modules have formed replicable and scalable service standards, effectively helping the Company establish differentiated competitive advantages in niche markets.

During the Reporting Period, the revenue from basic property management services was RMB3,698.09 million (the corresponding period in 2024: RMB3,619.42 million), representing an increase of 2.2% as compared with the corresponding period of last year.

### Value-added Services

During the Reporting Period, the revenue from value-added services decreased by 43.7% to RMB321.39 million from RMB570.93 million in the corresponding period in 2024, accounting for approximately 8.0% (the corresponding period in 2024: 13.6%) of the total revenue.

The decline in value-added services was mainly attributable to the proactive scale-down of mechanical and electrical business. Non-property owner value-added services recorded a decrease in revenue of 70.3% compared with the corresponding period of last year. Revenue from property owner value-added services recorded a decrease of 27.7% as compared with the same period of last year. Among which, revenue from the sales of parking spaces amounted to RMB36.52 million.

# Management Discussion and Analysis

## Cost of Sales

The Group's cost of sales mainly consisted of staff costs, subcontracting costs, cleaning costs, repair and maintenance costs, utility costs, carpark expenses, office expenses, depreciation and amortisation, rental expenses and others.

During the Reporting Period, the Group's cost of sales amounted to RMB3,324.39 million (the corresponding period in 2024: RMB3,436.89 million), representing a decrease of 3.3% compared with the corresponding period in 2024, which was primarily due to the scale-down of the mechanical and electrical business, and disposal of subsidiaries, leading to a decline in business.

## Gross Profit and Gross Profit Margin

The table below sets forth a breakdown of the gross profit and gross profit margin of the Group by business line for the periods indicated:

|                           | For the year ended 31 December |                               |                           |                               |

During the Reporting Period, the Group's gross profit was RMB695.08 million, representing a decrease of 7.7% from RMB753.45 million for the corresponding period in 2024. The gross profit margin decreased to 17.3% in the Reporting Period from 18.0% for the corresponding period in 2024, which remained at a good level.

The gross profit margin of basic property management services was 16.5% (the corresponding period in 2024: 17.8%), representing a decrease of 1.3 percentage points from the corresponding period of last year, mainly due to intensified competition in external expansion business, resulting in a decline in the gross profit margin of the Group's external expansion business.

The gross profit margin of value-added services was 26.1% (the corresponding period in 2024: 19.3%), representing an increase of 6.8 percentage points from the corresponding period of last year, mainly attributable to the Group's initiative to scale down the mechanical and electrical business during the Reporting Period. The gross profit margin of property owner value-added services increased by 13.7 percentage points from the corresponding period of last year.

# Management Discussion and Analysis

## Other Revenue

The Group's other revenue mainly consisted of interest income and government grants.

During the Reporting Period, other revenue was RMB15.75 million (the corresponding period in 2024: RMB15.89 million), representing a decrease of 0.9% from the corresponding period of last year, mainly attributable to the decrease in government grants received during the Reporting Period.

## Other Net Gain

The Group's other net gain mainly consisted of gains and losses on exchange, fair value gain on financial assets measured at fair value through profit or loss as well as losses on disposal of assets. During the Reporting Period, other net gain amounted to RMB16.20 million (corresponding period of 2024: RMB43.20 million), representing a decrease of 62.5% compared with the same period last year.

Included in other net gain is a gain of RMB15.40 million arising from the extinguishment of the obligation to pay the consideration for the equity interest to the former shareholders of Wuhan Huanmao. In 2019, the Group entered into a sale and purchase agreement with an independent third party for the acquisition of 70% equity interest in Wuhan Huanmao. The consideration was payable in three instalments, of which the first two instalments had met the payment conditions and been settled. The prerequisite for payment of the third instalment included the completion of settlement of intercompany balances between the former shareholders and Wuhan Huanmao. As at 31 December 2025, the former shareholder had not fulfilled the aforesaid obligation and was in the process of bankruptcy. Having taken into account external expert opinions, the Group considered that the former shareholder was not entitled to the final payment. Accordingly, the related consideration was reduced during the year and recognised in profit or loss.

## Impairment Losses

During the Reporting Period, impairment losses on receivables and contract assets were RMB278.28 million (2024: RMB115.17 million), which was mainly due to the Group's proactive clearance of long-ageing trade receivables from related parties, resulting in an increase in impairment losses on such trade receivables.

During the Reporting Period, the impairment loss on goodwill was RMB21.00 million (2024: RMB nil). Please refer to the section headed "Goodwill" for details.

## Selling and Marketing Expenses

During the Reporting Period, the selling and marketing expenses amounted to RMB47.86 million (the corresponding period in 2024: RMB48.34 million), representing a decrease of 1.0% from the corresponding period of last year.

## Administrative Expenses

During the Reporting Period, administrative expenses amounted to RMB227.00 million (the corresponding period in 2024: RMB259.56 million), representing a decrease of 12.5% from the corresponding period of last year, which was mainly attributable to the Group's strict cost control, prudent expenditure management and efforts to enhance quality and efficiency during the Reporting Period.

# Management Discussion and Analysis

## Finance Costs

During the Reporting Period, finance costs amounted to RMB0.56 million (2024: RMB2.26 million), representing a decrease of 75.2% from the corresponding period of last year, which was mainly due to the decrease in bank loans and lease items.

## Share of Profits Less Losses of Joint Ventures

During the Reporting Period, the share of profits of joint ventures amounted to RMB4.41 million (the corresponding period in 2024: RMB0.50 million), representing an increase of 782% from the corresponding period of last year.

## Share of Profits Less Losses of Associates

During the Reporting Period, the share of profits of associates amounted to RMB4.92 million (the corresponding period in 2024: RMB6.93 million), representing a decrease of 29.0% from the corresponding period of last year.

## Income Tax Expense

During the Reporting Period, income tax expense was RMB45.82 million (the corresponding period in 2024: RMB93.90 million), representing a decrease of 51.2% from the corresponding period of last year, mainly due to the effect of deferred tax arising from temporary differences during the Reporting Period.

## Profit for the Year

During the Reporting Period, the Group's net profit amounted to RMB120.55 million (the corresponding period in 2024: RMB334.97 million), representing a decrease of 64.0% from the corresponding period of last year.

During the Reporting Period, the profit attributable to shareholders of the Company (the **"Shareholders"**) amounted to RMB102.90 million (the corresponding period in 2024: RMB312.09 million), representing a decrease of 67.0% from the corresponding period of last year.

During the Reporting Period, the net profit margin was 3.0% (the corresponding period in 2024: 8.0%).

## Property, Plant and Equipment

The property, plant and equipment of the Group mainly consisted of leasehold improvement, right-of-use assets, office equipment and furniture, machinery equipment and other fixed assets. As of 31 December 2025, the Group's net book value of property, plant and equipment amounted to RMB45.96 million, representing a decrease of RMB6.98 million from RMB52.94 million as of 31 December 2024.

## Right-of-use Assets

As at 31 December 2025, the Group's right-of-use assets amounted to RMB711.03 million, representing an increase of RMB121.72 million compared with RMB589.31 million as at 31 December 2024, mainly due to the Group's acquisition of operating assets through the disclosed connected transactions and continuing connected transactions during the Reporting Period.

# Management Discussion and Analysis

## Intangible Assets

The Group's intangible assets mainly consisted of customer relationships and uncompleted property management contracts arising from corporate mergers and acquisitions. As at 31 December 2025, the intangible assets of the Group amounted to RMB251.96 million, representing a decrease of RMB35.9 million as compared to RMB287.86 million as at 31 December 2024, which was mainly attributable to the amortisation arising from the property management contracts recognised in acquired companies during the Reporting Period.

## Goodwill

As at 31 December 2025, the Group's goodwill amounted to RMB204.29 million (31 December 2024: RMB225.29 million), which was mainly attributable to the Group's recognition of goodwill impairment of RMB21.00 million in respect of its subsidiary Beijing Global during the Reporting Period. Reference is made to the announcement issued by the Company on 24 August 2025 concerning the litigation with Beijing Global. Upon consultation with the Group's legal advisers and a review of the China Judgment Enforcement System (Comprehensive Information Inquiry of Persons Subject to Enforcement), the Group has discovered that the defendants have been subject to a number of additional enforcement cases. Based on the above information and after prudent assessment of the defendant's payment ability, the Group no longer recognises revenue in respect of the property management fees receivable from the defendant in its profit forecast, which has resulted in the impairment of goodwill.

The Group's goodwill was mainly related to the acquisitions of the equity interests in Wuhan Huanmao Property Management Co., Ltd., Henan Huangjin Property Management Co., Ltd. ("**Henan Huangjin**"), Beijing Global and Shenzhen Xingyi Investment Co., Ltd. ("**Xingyi Investment**"). As of 31 December 2025, except for Beijing Global, the management was not aware of any significant risk of impairment of goodwill.

## Interests in Associates

As at 31 December 2025, the Group's interests in associates amounted to RMB53.97 million, representing an increase of RMB1.11 million compared with RMB52.86 million as at 31 December 2024.

## Interests in Joint Ventures

As at 31 December 2025, the Group's interests in joint ventures amounted to RMB163.33 million (31 December 2024: RMB11.28 million), mainly due to the disposal of the financial services business by the Group and capital increase of RMB151.48 million in Shenzhen Excellence Real Estate Investment Co., Ltd. (深圳市卓越不動產投資有限公司) in exchange for its 50% equity interests during the Reporting Period.

## Inventories

The Group's inventories increased by RMB296.65 million from RMB295.34 million as at 31 December 2024 to RMB591.99 million as at 31 December 2025, primarily due to the Group's acquisition of a high-quality portfolio of assets located in core cities through the relevant transactions contemplated under the announced connected transactions and continuing connected transactions, comprising various property types such as office premises, parking lots, storage rooms, apartments, shops and residential units.

## Management Discussion and Analysis

As at 31 December 2025, assets with a carrying amount of RMB50.42 million included in the Group's inventories were subject to restrictions. Pursuant to the relevant asset purchase agreements, if the target assets are seized, frozen or subject to enforcement as a result of the vendors' own reasons, such that the purchaser is prevented from disposing of the assets or otherwise prejudiced, the vendors shall indemnify the purchaser in cash or other assets at an amount equal to the fair value of the target assets. The Group is actively in negotiation with the vendor to procure the release of the aforesaid assets from encumbrance, or to effect the return or replacement of such assets with equivalent assets pursuant to the contract, with a view to resolving the inventory restriction to the fullest extent possible. Should any solution subsequently agreed between the Company and the vendor involve compliance requirements under the Listing Rules, including but not limited to the timely publication of relevant announcements, the Company will strictly adhere to such applicable compliance requirements.

### Financial Assets Measured at Fair Value through Profit or Loss

As at 31 December 2025, the Group's financial assets measured at fair value through profit or loss amounted to RMB129.14 million, representing an increase of RMB98.94 million as compared to RMB30.20 million as at 31 December 2024.

### Trade and Other Receivables

Trade and other receivables mainly consisted of trade receivables and other receivables.

As of 31 December 2025, the Group's net trade and other receivables (comprising current and non-current portions) amounted to approximately RMB1,922.94 million, representing an increase of approximately RMB114.36 million from approximately RMB1,808.58 million as of 31 December 2024, mainly due to the increase in net trade receivables resulting from the growth in the scale of the Group's business.

As at 31 December 2025, the Group's gross trade amounts due from related parties amounted to approximately RMB780.98 million. The Group will actively communicate and negotiate with the related parties to facilitate the recovery of the aforesaid receivables.

### Trade and Other Payables

As of 31 December 2025, the Group's trade and other payables (comprising current and non-current portions) amounted to RMB1,134.56 million, representing an increase of RMB190.21 million from approximately RMB944.35 million as of 31 December 2024.

# Management Discussion and Analysis

## Financial Guarantee Issued

Financial guarantee issued represents the expected payments to reimburse the loan holder for a credit loss that it incurs less any amount that the Group expects to receive from the realisation of pledged assets.

As of 31 December 2025, the financial guarantee issued by the Group was RMB122.83 million (as of 31 December 2024: RMB72.43 million), mainly due to the fact that Beijing Global, a non-wholly-owned subsidiary of the Company, had provided a financial guarantee in respect of the seller's borrowings in the principal amount of RMB183.43 million. In 2023, Beijing Global received a civil complaint, a notice of response to the action, and other documents from the Beijing Financial Court regarding an outstanding loan dispute. Further details are set out in the Company's announcements dated 12 July 2023 and 24 August 2025.

Pursuant to the civil judgment received by the Company in August 2025 in respect of Beijing Global being listed as a defendant (the "**Judgment**"), and based on the Group's latest investigations together with consultation with its legal counsel team, it is considered likely at present that the applicant for the enforcement proceedings under the Judgment (being the plaintiff in the Judgment) will target Beijing Global as the key party for recovery of the joint and several compensation liabilities under the Judgment. The Company is actively engaging in constructive communications with relevant parties to seek solutions including, without limitation, debt settlement by way of assets or debt restructuring, so as to protect the interests of the Company and its shareholders to the maximum extent.

The Group assessed that the credit risk of financial guarantee issued increased as a result of estimated additional future interest to be incurred upon settlement and lower realisable amount of the pledged property.

## Lease Liabilities

During the Reporting Period, additional lease liabilities were recognised according to new leasing standards. The lease liabilities payable within one year of RMB4.61 million were recognised in current liabilities, and the lease liabilities payable over one year of RMB2.72 million were recognised in long-term lease liabilities.

## Contract Liabilities

Our contract liabilities mainly represented prepayments from customers of the Group's commercial operation services and residential property management services. As of 31 December 2025, the Group's contract liabilities amounted to approximately RMB188.37 million, representing an increase of approximately RMB42.61 million from RMB145.76 million as of 31 December 2024.

## Asset-liability Ratio

The asset-liability ratio was calculated as the total liabilities divided by total assets as of the same date. As of 31 December 2025, the Group's asset-liability ratio was 29.7% (the asset-liability ratio as of 31 December 2024 was 26.1%).

## Contingencies

On 9 November 2022, Shenzhen Excellence Property Management Co., Ltd. (“**Excellence Property Management**”), an indirect wholly-owned subsidiary of the Company, has been served with a notice of arbitration issued by the Shanghai Arbitration Commission and the other relevant documents in relation to a dispute in respect of acquisition of 40% equity interest in a project company (the “**Project Company**”) which is currently 60% held by a disposed subsidiary of the Group (the “**Disposed Subsidiary**”), involving the Disposed Subsidiary and Excellence Property Management, as the respondents, and the beneficial owners of the 40% equity interest in the Project Company, as the applicants.

The applicants alleged that the Disposed Subsidiary, as an agent of Excellence Property Management, failed to acquire all the 40% equity interest in the Project Company owned by the applicants and claimed against the Disposed Subsidiary and Excellence Property Management to:

- (i) pay the applicants RMB20.8 million, being damages for the breach of the agreement;
- (ii) acquire all the equity interest in the Project Company owned by the applicants at a cash consideration calculated based on 40% of the audited net profit of the Project Company for the year ended 31 December 2020, multiplied by 12;
- (iii) other costs.

The Group has engaged legal advisors to advise on the arbitration. For further details, please refer to the announcement of the Company dated 7 December 2022. Up to the date of this annual report, no arbitral award was granted. Since the result of the arbitration cannot be estimated reliably as at the date of this annual report, no provision in respect of the arbitration was recognised.

## Liquidity, Reserves and Capital Structures

The Group maintained a good financial position during the Reporting Period. As of 31 December 2025, the Group’s cash and equivalents amounted to RMB1,104.73 million, representing an increase of 18.1% from RMB935.43 million as of 31 December 2024, mainly due to the improvement of accounts receivable collection and strict control of expenses by the Group.

As of 31 December 2025, the Group’s total equity was RMB3,840.95 million, representing an increase of RMB43.44 million, or 1.1%, from RMB3,797.51 million as of 31 December 2024, which was mainly due to the profit realised during the year.

As at 31 December 2025, the Group had no bank borrowings and its financial position was sound. The Group primarily relied on cash generated from operating activities to meet its daily working capital requirements. The Group’s revenue was relatively evenly distributed throughout the year with no significant seasonal funding needs. As at 31 December 2025, the Group had no outstanding borrowings, nor any committed but unutilised loan facilities.

# Management Discussion and Analysis

## Exchange Rate Risks

The main business of the Group is conducted in China, and our business is mainly denominated in Renminbi. As at 31 December 2025, non-RMB assets and liabilities were mainly cash and cash equivalents, which were denominated in Hong Kong dollars.

The management of the Group believes that the Group is not exposed to significant foreign exchange risks, and therefore no forward foreign exchange contracts have been entered into to hedge foreign exchange risks. The management will continue to monitor foreign exchange risks and adopt prudent measures to minimise foreign exchange risks.

As the net proceeds have been converted into Renminbi and the financial statements of the Group are presented in Renminbi, to facilitate understanding, information on the use of the proceeds will be presented in Renminbi from 2024 annual report and going forward.

## Significant Properties Held for Sale

The Group holds Office Building 3, Junhao Business Center, No. 1 Lukeng Road, Tangxia Town, Dongguan City, Guangdong Province, the People's Republic of China. The property has a total gross floor area of approximately 11,926.77 square meters and is used for office and commercial purposes. For details, please refer to Appendix III to the circular published by the Company on 13 January 2025. As at 31 December 2025, the carrying amount of the property held by the Group for sale was approximately RMB103 million, representing approximately 1.88% of the Group's total assets.

The Group also holds Tiansheng Technology Innovation Plaza at No. 118 Guotong Road, Yangpu District, Shanghai, the People's Republic of China. The property has a total gross floor area of approximately 90,713.34 square meters and is used for commercial and financial purposes. For details, please refer to Appendix III to the circular published by the Company on 13 January 2025. As at 31 December 2025, the carrying amount of the property held by the Group for sale was approximately RMB151 million, representing approximately 2.76% of the Group's total assets.

## Significant Investments Held, Material Acquisitions and Disposals of Subsidiaries

### *Disposal of Subsidiaries*

During the Reporting Period, the Group disposed of its financial services business. For details, please refer to the announcements of the Company dated 13 January 2025 and 12 February 2025.

Save as disclosed in this annual report, the Company did not hold any significant investments and did not conduct any material acquisitions or disposals of subsidiaries, associates or joint ventures during the Reporting Period.

## ***Update on the Profit Guarantee for the Acquisition of Beijing Global***

References are made to the Company's announcements dated 6 April 2021 and 5 November 2025 as well as the annual results announcement for the year ended 31 December 2025 published on 26 March 2026 in relation to, among others, the acquisition of 75% equity interest in Beijing Global, pursuant to Rule 14.36B(2) of the Listing Rules. Unless otherwise defined, capitalised terms used in this annual report shall have the same meanings as those defined in the aforementioned announcements.

Pursuant to the agreement in relation to the acquisition of Beijing Global (the "**Agreement**"), if the actual revenue generated by the property management projects of Beijing Global in the relevant periods (being each of the five financial years ended 31 December 2025) is less than the guaranteed revenue, Beijing Global shall be entitled to receive from the vendors, the guarantors and the remaining shareholders (collectively the "**Relevant Parties**") compensation equal to the shortfall between the actual revenue and the guaranteed revenue (the "**Compensation**").

The Board hereby informs the Company's shareholders and potential investors that the actual revenue achievement of Beijing Global for the year ended 31 December 2025 is as follows:

Targeted Guaranteed Revenue: RMB64,063,708.43;

Actual Revenue: RMB50,967,428.46;

Shortfall: RMB13,096,279.97.

The Board confirms that the guaranteed revenue for the year ended 31 December 2025 was not achieved. Furthermore, the five-year performance guarantee period ended on 31 December 2025.

Reasons for the failure to achieve the guaranteed revenue: (i) Affected by macroeconomic conditions, the expansion of Beijing Global's value-added services did not meet expectations as at 31 December 2025; (ii) Since 2025, the financial conditions of the Relevant Parties have materially deteriorated due to volatility in the real estate market. In view of the severe liquidity constraints faced by the Relevant Parties, the Group has ceased to recognise property management fee payable by them for the year ended 31 December 2025 following a prudent assessment of their actual payment ability, resulting in the non-achievement of the guaranteed revenue for the year ended 31 December 2025 and a substantial increase in the accounting shortfall between actual revenue and guaranteed revenue.

The Board has considered the courses of action available to the Company, including but not limited to whether to commence formal legal proceedings to recover the shortfall. The Company has engaged PRC legal counsel to issue formal demand letters to each of the Relevant Parties in respect of the Compensation on 21 October 2025, and no response has been received from any of them. Subsequently, the Company has held multiple rounds of discussions with the Relevant Parties. However, as at the date of this annual report, the Relevant Parties have not provided any solution acceptable to the Company.

## Management Discussion and Analysis

To assess the latest financial conditions of the Relevant Parties, the Company conducted searches via the China Judgement Enforcement Information System (Integrated Enforcement Information Query) and found that three out of the four Relevant Parties remain listed as judgment debtors (persons subject to enforcement), with additional enforcement cases recorded against them. Having taken legal advice from the Company's PRC legal counsel, the Board considers that, given the severe liquidity constraints faced by the Relevant Parties, even if the Company were to institute legal proceedings and obtain a favorable judgment, the likelihood of recovering cash compensation through enforcement against the Relevant Parties would be remote, after bearing the time costs and upfront expenses including court fees and legal costs. Accordingly, having taken all relevant factors into account, the Board is of the view that instituting immediate legal proceedings at the present stage is neither cost-effective nor commercially justifiable. Therefore, in light of the failure of the Relevant Parties to perform their obligations, the Board is of the view that the above arrangements of the Company are fair and reasonable and are in the interest of the Shareholders as a whole.

For long-term investment projects involving performance guarantee or profit compensation arrangements, the Company will continue to implement the following measures to manage investment risks: (i) clearly specifying the payment mechanism for any compensation; and (ii) including an option for the Group to request the counterparty to repurchase the relevant equity interest in the event of non-performance.

The Company will continue to engage with the Relevant Parties and use its best endeavours to explore a resolution. Further announcements will be made as appropriate in due course in light of developments in the above matters and in compliance with the Listing Rules.

### Events After the Reporting Period

Mr. Jia Jie resigned as a chief financial officer and a joint company secretary of the Company (the “**Joint Company Secretary**”) due to personal reasons with effect from 29 December 2025. The Board appointed Mr. Wang Meng as a Joint Company Secretary on 10 February 2026 with effect from the same date. For details, please refer to the announcements of the Company dated 29 December 2025 and 10 February 2026.

## DIVIDEND POLICY

Subject to the Companies Law of the Cayman Islands, through a general meeting we may declare dividends in any currency but no dividend shall be declared in excess of the amount recommended by the Board. The articles of association of the Company (the **"Articles of Association"**) provide that dividends may be declared and paid out of our profit, realised or unrealised, or from any reserve of the Company lawfully available for distribution including share premium.

The declaration of dividends is subject to the discretion of the Directors, and the amounts of dividends actually declared and paid will also depend upon the following factors:

- our general business conditions;
- our financial results;
- our capital requirements;
- interests of our Shareholders; and
- any other factors which the Board may deem relevant.

The Board adopted a dividend policy that aims to allow the Shareholders to participate in the Company's profits by provision of dividends whilst preserving the Company's liquidity to capture future growth opportunities. Our future dividend payments to our Shareholders will also depend upon the availability of dividends received from our subsidiaries in the PRC. PRC laws require that dividends be paid out of the net profit calculated according to PRC accounting principles, which differ in certain aspects from HKFRSs. PRC laws also require enterprises located in the PRC to set aside part of their net profit as statutory reserves before they distribute the net proceeds. These statutory reserves are not available for distribution as cash dividends. Furthermore, distributions from our subsidiaries may be restricted if they incur debts or losses or as a result of any restrictive covenants in bank credit facilities or other agreements that we or our subsidiaries may enter into in the future.

Any final dividend for a fiscal year shall be subject to our Shareholders' approval. The Group has not been aware of any arrangement under which a Shareholder has waived or agreed to waive any dividends.

## EMPLOYEES AND REMUNERATION POLICY

The remuneration committee of the Company (the “**Remuneration Committee**”) was set up for reviewing the Group’s remuneration policy and structure of the Directors and senior management of the Group, having regard to the Group’s operating results, individual performance of the Directors and senior management and comparable market practices.

As at 31 December 2025, the Group had a total of 19,565 and 41 full-time employees (31 December 2024: 17,787 and 86) in the PRC and India, respectively. The Group provides its employees with competitive remuneration packages such as fees, salaries, allowances and benefits in kind, bonuses and contributions to pension schemes and social benefits. The Group contributes to social insurance such as medical insurance, work-related injury insurance, pension insurance, maternity insurance, unemployment insurance and housing provident fund for its employees.

The Group’s companies incorporated in the PRC contribute based on certain percentage of the salaries of the employees to a defined contribution retirement benefit plan and other defined contribution social security plans organised by relevant government authorities in the PRC on a monthly basis. The government authorities undertake to assume the retirement benefit obligations payable and other social security payables to all existing and future retired employees under these plans and the Group has no further obligation beyond the contributions made. Contributions to these plans are expensed as incurred. Assets of the plans are held and managed by government authorities and are separate from those of the Group. No forfeited contribution under these plans is available to reduce the contribution payable in future years.

The Group also participates in a employees’ provident fund for all employees in India, which is a defined contribution retirement scheme, the contributions to the employees’ provident fund are based on statutory contribution requirement of eligible employees’ relevant aggregate income. No forfeited contribution under the employees’ provident fund is available to reduce the contribution payable in future years. The assets of this pension scheme are held separately from those of the Group in independently administered funds.

Details of the remuneration of the Directors, and the five highest paid individuals during the Reporting Period are set out in note 10 and note 11 to the consolidated financial statements respectively.

## RETIREMENT AND EMPLOYEE BENEFITS SCHEME

## Share Option Scheme

---

### Purpose

To recognize and acknowledge the contributions that the Eligible Participants (as defined below) had or may have made to our Group. The Share Option Scheme will provide the Eligible Participants an opportunity to have a personal stake in our Company with the view to achieving the following objectives:

- (i) motivate the Eligible Participants to optimize their performance efficiency for the benefit of our Group; and
- (ii) attract and retain or otherwise maintain an on-going business relationship with the Eligible Participants whose contributions are or will be beneficial to the long-term growth of our Group.

### Who may join

The Board may, at its discretion, offer to grant an option to the following persons (collectively the “**Eligible Participants**”<sup>(1)</sup>):

- (i) any full-time or part-time employees, executives or officers of our Company or any of our subsidiaries;
- (ii) any directors (including non-executive directors and independent non-executive directors) of our Company or any of our subsidiaries; and
- (iii) any advisors, consultants, suppliers, customers, distributors and such other persons who, in the sole opinion of the Board, will contribute or have contributed to our Company and/or any of our subsidiaries.

### Maximum number of Shares available for issue

The maximum number of Shares in respect of which options may be granted under the Share Option Scheme and any other share option scheme of the Company is 120,000,000 Shares, representing 10% and 9.83% of the issued share capital of our Company as at the Listing Date and the date of this report respectively.

The maximum number of Shares that may be issued upon exercise of all outstanding options granted and yet to be granted under the Share Option Scheme and any other schemes must not in aggregate exceed 30% of the total number of Shares in issue from time to time.

As at the date of this report, the total number of Shares available for issue under the Share Option Scheme was 120,000,000 Shares, representing approximately 9.83% of the total number of issued Shares as at the date of this report.

*Note 1:* In case of any conflicts with the definition of eligible participants under current Rule 17.03A of the Listing Rules, the definition under the Listing Rules shall prevail.

# Report of the Directors

## 2. Pre-IPO Share Option Scheme

The pre-IPO share option scheme of the Company (the “**Pre-IPO Share Option Scheme**”) was approved and adopted by the written resolution of the Shareholders on 9 September 2020. For further details on the Pre-IPO Share Option Scheme, please refer to “Appendix IV – Statutory and General Information – D. Other Information – 2. Pre-IPO Share Option Scheme” in the Prospectus.

On 9 September 2020, the Company granted the options in relation to a total of 28,200,000 shares to the eligible persons in accordance with the terms of the Pre-IPO Share Option Scheme. The Pre-IPO Share Option Scheme is not subject to the provision of Chapter 17 of the Listing Rules. No further options were granted under the Pre-IPO Share Option Scheme thereafter, and no further options shall be granted thereunder after the Listing Date.

As at 31 December 2025, all options granted pursuant to the Pre-IPO Share Option Scheme were lapsed pursuant to the rules of the Pre-IPO Share Option Scheme as the relevant vesting conditions were not fulfilled. Therefore, the total number of shares which may be issued upon exercise of all share options under the Pre-IPO Share Option Scheme are nil.

The vesting period under the Pre-IPO Share Option Scheme:

- (i) one third of the total number of the share options will be vested after the date of the publication of the annual report of the Group for the year ending 31 December 2021;
- (ii) one third of the total number of the share options will be vested after the date of the publication of the annual report of the Group for the year ending 31 December 2022; and
- (iii) one third of the total number of the share options will be vested after the date of the publication of the annual report of the Group for the year ending 31 December 2023.

Exercise period: within 5 years after the vesting date.

Save as disclosed above, the Company has not adopted any other share scheme.

## EQUITY-LINKED AGREEMENT

Save as disclosed in the annual report, there was no equity-linked agreement entered into by the Company or any of its subsidiaries or subsisted at the end of the year.

## PURCHASE, REDEMPTION OR SALE OF THE LISTED SECURITIES

During the year ended 31 December 2025, neither the Company nor any of its subsidiaries purchased, sold or redeemed any of the Company's listed securities (including treasury shares).

# Report of the Directors

## PRE-EMPTIVE RIGHTS

There are no provisions for pre-emptive rights under the Articles of Association or the laws of the Cayman Islands which would oblige the Company to offer new Shares on a pro-rata basis to its existing Shareholders.

## TAX RELIEF AND EXEMPTION

The Directors are not aware of any tax relief and exemption available to the Shareholders by reason of their holding of the Company's securities.

## INTERESTS OF DIRECTORS IN THE COMPETING BUSINESS

Save as disclosed in the Prospectus, none of the Directors or their associates had any interest in any business which directly or indirectly compete or may compete with the businesses of our Group since the Listing Date and up to the date of this annual report.

## COMPLIANCE WITH NON-COMPETITION DEED

On 4 October 2020, the controlling shareholders of the Company, namely, Mr. Li Wa, Oriental Rich and Urban Hero (the **"Controlling Shareholders"**), have entered into the non-competition deed in favour of the Company and its subsidiaries, pursuant to which, the Controlling Shareholders will not, and will not procure their associates to compete with the Group in relation to the relevant business. Our Controlling Shareholders have also undertaken to our Company that they will, and will procure their associates to refer the New Business Opportunity to our Company. For details, please refer to the section headed "Relationship with Controlling Shareholders" in the Prospectus.

The independent non-executive Directors of the Company are responsible for checking, reviewing, considering and deciding whether or not to adopt and accept new business opportunities referred by the Controlling Shareholders or its subsidiaries to the Company.

Our Controlling Shareholders have undertaken that they have complied with the Non-competition Deed during the Year. The independent non-executive Directors of the Company have monitored and reviewed the implementation of the noncompetition deed during the year and confirmed that the Controlling Shareholders have fully complied with the deed and no breach of the deed occurred.

## RELATIONSHIP WITH STAKEHOLDERS

The Group recognizes that its employees, customers and suppliers are critical to the sustainable development of the Group, therefore we will deeply integrate the synergetic development with all stakeholders into the corporate governance system. We will build a more resilient and sustainable development ecosystem by enhancing the participation mechanism, improving the long-term and effective communication platform and strengthening the value creation capability. The Group has thoroughly implemented the strategy of talent-based corporate development, and regarded the appreciation of human capital as the core driver for high-quality development of the enterprise. We attach great importance to the overall well-being of our employees and are committed to creating a fair, safe and inclusive workplace, ensuring that they are fairly recognized and rewarded for their individual achievements and ample career growth space.

In order to constantly improve employees' professional capability and overall quality, the Group will systematically establish a high-quality training and development system to ensure that all employees can keep abreast of the latest development trend in the market and industry, so as to improve their work efficiency and achieve their personal growth and development. In the meantime, we firmly believe that a good relationship with customers is the cornerstone of corporate success, thus establishing a rigorous and optimized customer complaint handling mechanism and conducting customer satisfaction surveys as an important measure of service quality to ensure timely follow-up and implementation of customer opinions.

The Group regards supply chain partners as a strategic community for the co-creation of corporate value, and strives to build a stable and sustainable relationship featuring mutual trust and mutual assistance to ensure a stable supply of raw materials. Business bonds were strengthened through communication and collaboration mechanisms to achieve improvement in product quality and delivery efficiency. Such measures have not only enhanced the overall competitiveness of the supply chain, but also strengthened the Group's competitive advantage and leading position in the market.

The biographies of the Directors on the Board as at the date of this report are set out in section headed “Directors and Senior Management” in this annual report.

Each newly appointed Director of the Company shall receive a comprehensive, formal and tailored induction on appointment, which outlines the duties and obligations of directors of a Hong Kong listed issuer.

During the Year, the names of the Directors were disclosed in all corporate communications of the Company, with independent non-executive Directors clearly identified. In addition, the Company has maintained an updated list of Directors on the websites of the Company and the Stock Exchange, confirming their roles and functions and whether they are independent non-executive Directors.

## Board Diversity Policy

In order to enhance the effectiveness of our Board and to maintain high standard of corporate governance, the Company has adopted the board diversity policy which sets out the objectives and approach to achieve and maintain diversity on our Board. Pursuant to the board diversity policy, the Company seeks to achieve the diversity of the Board through the consideration of a number of factors when selecting the candidates to our Board, including but not limited to gender, skills, age, professional experience, knowledge, cultural, educational background, ethnicity and length of service. The ultimate decision of the appointment will be based on merit and the contribution which the selected candidates will bring to our Board.

# Corporate Governance Report

The board diversity policy is summarized as follows:

Our Board has adopted a board diversity policy which sets out the approach to achieve diversity on our Board. Our Company recognizes and embraces the benefits of having a diverse Board and sees increasing diversity at the Board level as an essential element in supporting the attainment of our Company's strategic objectives and sustainable development. Our Company seeks to achieve Board diversity through the consideration of a number of factors, including but not limited to talents, skills, gender, age, cultural and educational background, ethnicity, professional experience, independence, knowledge and length of service. We will continue to implement measures and steps to promote and enhance gender diversity at all levels of our Company. We will select potential Board candidates based on merit and his/her potential contribution to our Board while taking into consideration our own business model and specific needs from time to time. All Board appointments will be based on meritocracy and candidates will be considered against objective criteria, having due regard to the benefits of diversity on our Board.

Our Board comprises of seven members, including two female Directors. Our Directors also have a balanced mix of knowledge, skills and experience, including property operation and management, marketing, finance and investment. They obtained degrees in various majors including economics, laws, business administration, and management. Furthermore, our Board has a wide range of age, ranging from 49 years old to 68 years old. We have taken and will continue to take steps to promote gender diversity at all levels of our Company, including but without limitation at our Board and senior management levels. Taking into account our business model and specific needs as well as the presence of two female Directors out of a total of seven Board members, we consider that the composition of our Board satisfies our board diversity policy.

With regards gender diversity on the Board, our board diversity policy further provides that our Board shall take opportunities to increase the proportion of female members over time when selecting and making recommendations on suitable candidates for Board appointments. We will also ensure that there is gender diversity when recruiting staff at mid to senior level so that we will have a pipeline of female senior management and potential successors to our Board going forward. It is our objective to maintain an appropriate balance of gender diversity with reference to the stakeholders' expectation and international and local recommended best practices.

The Nomination Committee is responsible for ensuring the diversity of our Board members. The Nomination Committee will review our board diversity policy from time to time to ensure its continued effectiveness and we will disclose the implementation of our board diversity policy in our corporate governance report on an annual basis. During the year ended 31 December 2025, the Board, through the Nomination Committee, has reviewed the implementation and effectiveness of our board diversity policy and confirm that the Board has an appropriate mix of skills and experience to deliver the Company's strategy.

Save as disclosed in the biographies of the Directors as set out in the section headed "Directors and Senior Management" of this annual report, none of the Directors has any personal relationship (including financial, business, family or other material/relevant relationship) with any other Directors or any chief executive.

All Directors, including independent non-executive Directors, have brought a wide spectrum of valuable business experience, knowledge and expertise to the Board for its efficient and effective functioning. Independent non-executive Directors are invited to serve on the Audit Committee, the Remuneration Committee and the Nomination Committee.

# Corporate Governance Report

As regards the code provision under the CG Code requiring directors to disclose the number and nature of offices held in public companies or organizations and other significant commitments as well as their identity and the time involved to the issuer, the Directors have agreed to disclose their commitments to the Company in a timely manner.

As of the date of this report, the male-to-female ratios of the Board and workforce are set out as follows:

| Gender | Board of Directors | Senior management | Total number of employees |
|--------|--------------------|-------------------|---------------------------|
| Male   | 71%                | 67%               | 57%                       |
| Female | 29%                | 33%               | 43%                       |

The Company has formulated a diversity policy for all employees, which aims to promote diversity in gender, age, cultural and professional backgrounds through inclusive recruitment, career development support and other measures, with gender diversity as a key focus area.

As at the end of the reporting period, the gender ratio of male to female employees (excluding senior management) was 57%:43%. Regarding the gender diversity target for all employees (excluding senior management), the current target of having female employees account for at least 30% has been achieved. The Company plans to raise the proportion of female employees (excluding senior management) to approximately 50% within the next three years. The Company will review the progress of the target to ensure the further implementation and optimisation of employee gender diversity.

Based on the above, the Company considers that gender diversity is achieved in the Board and in its workforce generally.

## Training and Continuous Professional Development

Under the code provision C.1.4 of Part 2 of the CG Code, all Directors should participate in continuous professional development to develop and refresh their knowledge and skills to ensure that their contribution to the Board remains informed and relevant.

The Company encourages continuous professional development training for all the Directors, and provides them with necessary training and information to ensure that they have a proper understanding of the Company's operations and businesses as well as their responsibilities under relevant statutes, laws, rules and regulations. The Company also arranges regular seminars to provide Directors with updates on latest development and changes in the Listing Rules and other relevant legal and regulatory requirements from time to time. The Directors are provided with regular updates on the Company's performance, position and prospects to enable the Board as a whole and each Director to discharge their duties. In addition, the company secretary of the Company updates and provides all the Directors with written training materials in relation to their roles, functions and duties from time to time.

According to the information provided by the Directors and the filing records of the company secretary, the records of trainings received by them during the Year are summarized as follows:

| Director             | Training |
|----------------------|----------|
| Mr. Li Xiaoping      | ✓        |
| Mr. Yang Zhidong     | ✓        |

| Mr. Kam Chi Sing     | ✓        |
| Ms. Liu Xiaolan      | ✓        |

# Corporate Governance Report

## Chairman and General Manager

Under the code provision C.2.1 of Part 2 of the CG Code, the roles of chairman of the Board and chief executive officer should be separate and should not be performed by the same individual. Mr. Li Xiaoping acts as the chairman of the Board, and Mr. Yang Zhidong acts as the General Manager, and the two different positions are clearly defined by their respective functions. The chairman of the Board is responsible for providing overall strategic planning and major business decisions of our Group, while the General Manager is responsible for implementing the strategies and daily operations of the Group.

## Independent Non-executive Directors

During the Year, the Board has met the requirements of Rules 3.10(1) and 3.10(2) of the Listing Rules relating to the appointment of at least three independent non-executive Directors with at least one possessing appropriate professional qualifications or accounting or related financial management expertise.

The Company has also complied with Rule 3.10A of the Listing Rules, which relates to the appointment of independent non-executive Directors representing at least one-third of the Board.

Each of the independent non-executive Directors has confirmed his/her independence and the Company confirms that it still considers each of them to be independent.

In addition to regular Board meetings, the chairman has held meeting(s) with the independent non-executive Directors without the presence of other directors.

## Appointment and Re-election of Directors

Each of our executive Directors has entered into a service agreement with our Company for a term of three years, which may be terminated by not less than three months' notice in writing served by either party on the other. From the date of their respective appointment up to the date of this annual report, Mr. Li Xiaoping has served for approximately 6 years and Mr. Yang Zhidong has served for approximately 3 years. Their current terms of office will expire on 8 January 2027 and 15 August 2026 respectively.

Each of our non-executive Directors and our independent non-executive Directors has entered into a letter of appointment with our Company for a term of three years, which may be terminated by not less than three months' notice in writing served by either party on the other. From the date of their respective appointment up to the date of this annual report, Ms. Guo Ying has served for approximately 3 years, Mr. Wang Yinhu for approximately 6 years, Professor Cui Haitao for approximately 2 years, Mr. Kam Chi Sing for approximately 6 years, and Ms. Liu Xiaolan for approximately 6 years. Their current terms of office will expire on 15 August 2026, 8 January 2027, 22 March 2027, 8 January 2027 and 8 January 2027 respectively.

Pursuant to the Articles of Association, at each AGM, one-third of the Directors for the time being (or, if the number is not a multiple of three (3), the number nearest to but not less than one-third) shall retire from office by rotation provided that every Director shall be subject to retirement at an AGM at least once every three years. A retired director is eligible for re-election and shall continue to act as the Director throughout the meeting at which his/her retires.

# Corporate Governance Report

The procedures and process of appointment, re-election and removal of Directors are set out in the Articles of Association. The Nomination Committee is responsible for reviewing the Board's composition, and making recommendations to the Board on the appointment, re-election and succession planning of Directors.

## Board Meetings

The Company adopts the practice of holding Board meetings regularly, at least four times a year, and at approximately quarterly intervals. Notices of no less than fourteen days are given for all regular Board meetings to provide all Directors with an opportunity to attend and include matters in the agenda for a regular meeting.

For other Board meetings and Board Committee meetings, reasonable notice is generally given by the Company. The agenda and accompanying Board papers are despatched at least three days before the Board meetings or Board Committee meetings to ensure that the Directors have sufficient time to review the papers and be adequately prepared for the meetings. When Directors or committee members are unable to attend a meeting, they will be advised of the matters to be discussed and given an opportunity to make their views known to the Chairman prior to the meeting. Drafts and final versions of all minutes of Board meetings are circulated to all Directors within a reasonable time after the meetings, for their comments and records respectively. Minutes of meetings shall be kept by the company secretary with copies circulated to all Directors for information and records, and all Directors have the right to access Board papers and relevant information, and shall be provided with sufficient information in a timely manner to enable the Board to make informed decisions on matters tabled for the meeting.

The following table sets forth the attendance of each Director at the Board meetings and the general meeting of the Company held during the Year:

| Director             | Number of meetings attended/number of meetings held during the year ended 31 December 2025 |                         |                              |                                |                        |                               |                                    |

## RISK MANAGEMENT AND INTERNAL CONTROL

The risk management and internal control systems is a four-level structure comprising the Board, the Audit Committee, the Senior Management and the risk control department.

The Board acknowledges that it is the responsibility of the Board for maintaining adequate risk management and internal control systems to (i) safeguard the investments of Shareholders and assets of the Company and avoid inappropriate use or disposal; (ii) comply with relevant laws, rules or regulations; and (iii) keep reliable financial and accounting records in accordance with relevant reviewing standards and regulatory reporting requirements and review the effectiveness of such systems on an annual basis. Risk management and internal control systems are designed to manage rather than eliminate the risk of failure to achieve business objectives, and can only provide reasonable and not absolute assurance against material misstatement or loss.

The Board has authorized the Audit Committee to take charge of the on-going monitoring of the Group's risk management and internal control system as well as the annual review of its effectiveness. Such review covers all material control aspects, including financial control, operation control and compliance control. As disclosed in the terms of reference of the Audit Committee, the Audit Committee is responsible for monitoring the Company's risk management and internal control systems, oversees the risk management process and review the effectiveness of the risk management and internal control systems through the following procedures:

- To review the Company's risk management procedures and policy;
- To discuss with the Senior Management about the compliance with risk management policy at least each year;
- To discuss with the Senior Management about major risks faced by the Company, evaluate, together with the Senior Management, the measures taken or to be taken to cope with these risks at least each year;
- To continuously review the effectiveness of the Company's risk management practices.

During the Year, the scope of reviews by internal audit and external auditors covered major business, financial and compliance processes. The review results indicated that the Company's risk management and internal control systems operated effectively with no material control deficiencies or weaknesses identified. There were no significant changes in the nature or severity of the principal risks faced by the Company (covering environmental, social and governance aspects). Based on information and related confirmations provided by management, the Audit Committee and external auditors, the Board is of the view that such systems are effective and adequate. Meanwhile, the Company's ability to adapt to evolving business conditions and changes in the external environment has been further strengthened through continuous optimization of its internal control and risk management systems.

# Corporate Governance Report

The Senior Management is responsible for managing the Company's risk management procedures, to ensure compliance with the risk management policy after considering the environmental changes and risk-taking capacity of the Company. Responsibilities of Senior Management include:

- To design and implement the risk management policy across the Company;
- To timely review and update the risk management policy based on the operating and risk structure of the environment, industry and the Company, to ensure its pertinence and efficiency, and make recommendations about the changes in risk management policy, if necessary, to the Audit Committee for review;
- To ensure supplementary relationship between the risk management procedures and annual strategy & business planning procedures of the Company;
- To design and establish a whole set of risk management methodology for providing an appropriate tools to identify, evaluate and manage the business risks;
- To establish a company-wide reporting system and ensure that the Senior Management, the Audit Committee and the Board are aware of all significant risk matters and business risks;
- To ensure that necessary management controls and oversight procedures have been taken to monitor the implementation of risk management policy and the risk management methodology;
- To approve and control the positioning and trend of major risks, risk management strategies and risk management priority rating;
- To review and discuss the Company's overall risk structure, major and emerging risks and risk management activities by discussing with the Senior Management on a regular basis; and
- To review the principal business strategies and plans to evaluate their impact on the Company's overall risk positioning.

## Risk Management Procedures

Apart from the oversight responsibilities of the Board, the Company also develops the risk management procedures for identifying, evaluating and managing major risks and solving the significant internal control deficiencies (if any). The Senior Management is responsible for reporting the risks annually through the risk control department. Members of the risk control department could meet several members of the Senior Management to review and evaluate the risks, discuss about the solutions for significant internal control deficiencies (if any), including any changes in annual suitability, aggregation and rating of risks, and development of risk mitigation plans. Several members of the Senior Management could review the risk evaluation and submit it to the Audit Committee and the Board for their review.

# Corporate Governance Report

The Board and Senior Management could evaluate the risks based on (i) severity of impact of risks on the Company's financial results; (ii) probability of risk occurrence; and (iii) possible rate or speed of risk occurrence. The main features of the Company's risk management and internal control structure include: (i) exclusive departments are designated to be responsible for the implementation and execution of the Company's risk management and internal control system and heads of major operating divisions or departments are in charge of the management and mitigation of identified risks; (ii) the Management ensures appropriate measures have been taken in relation to significant risks that may affect the Group's business and operation; and (iii) risk control department provides independent confirmation to the management and Audit Committee on the effectiveness of risk management and internal control. During the Reporting Period, the Company guarantees the compliance with the risk management and internal control provisions of the CG Code. During the annual review of risk management and internal control systems, the Board confirms that the Company has sufficient resources, qualification and experience in accounting, internal audit and financial reporting functions. The Board also confirms that it bears overall responsibility for maintaining a sound and effective system of internal control and risk management, and has ensured that such system is appropriate and effective. It meets the objectives set out in Code Provision D2 of the Corporate Governance Code, namely managing identified risks, safeguarding the Company's assets, preventing and detecting fraud, misconduct and losses, ensuring the accuracy of the Company's financial reporting, and complying with applicable laws and regulations.

## Risk Control Department

The risk control department of the Group plays an important role in monitoring the internal governance of the Company. The major duties of the Risk Control Department are to review the financial position and internal control of the Company, and to conduct regular and comprehensive reviews on all the branches and subsidiaries of the Company. The Company's compliance function is in the charge of the risk control department, and a retainer legal consultant has been appointed to make judgments on compliance, approval, and whether disclosure is involved during course of business, and provide opinions to the management and make relevant notifications to the information disclosure department.

## Internal audit

The Group complies with the relevant requirements of the Listing Rules, and sets up an internal audit department to perform the internal audit function. The department supervises and evaluates the establishment and improvement of the Group's internal monitoring system and whether it is effectively implemented, and provides relevant suggestions, which cover all important aspects of internal monitoring, including financial monitoring, operational monitoring, compliance monitoring and risk management.

## Inside Information

With regard to any exceptional significant events that may affect the share price or transaction volume, the Board evaluates the possible impact, and determine whether such information falls within the scope of inside information as stipulated in Rules 13.09 and 13.10 of the Listing Rules and Part XIVA of the SFO, and whether it is necessary to make disclosure as soon as feasibly practicable. Executive Directors and the Joint Company Secretary are also responsible for approving the announcements and/or circulars the Board delegates the Company to publish from time to time.

The Company has also promulgated the Information Disclosure Management System for internal use, in order to establish awareness of information disclosure among the employees and management of the Company and to regulate the behavior of information disclosure.

# Corporate Governance Report

## Compliance Policies

The Company has formulated and implemented policies including, without limitation, the insider information management system and anti-corruption and anti-graft policies, and regularly reviews the relevant reporting policies and reporting mechanisms. Employees may report irregularities anonymously to the Audit Committee through internal channels, while external suppliers may do so via the Company's official website.

## AUDITORS' REMUNERATION

The approximate remuneration for the audit and non-audit services provided by the auditor to the Company during the relevant period is as follows:

| Type of Services               | RMB'000 |
|--------------------------------|---------|
| Audit services                 | 3,270   |

# Independent Auditor's Report

## **Independent auditor's report to the shareholders of Excellence Commercial Property & Facilities Management Group Limited**

*(Incorporated in the Cayman Islands with limited liability)*

### **OPINION**

We have audited the consolidated financial statements of Excellence Commercial Property & Facilities Management Group Limited (**"the Company"**) and its subsidiaries (**"the Group"**) set out on pages 91 to 164, which comprise the consolidated statement of financial position as at 31 December 2025, the consolidated statement of profit and loss, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended and notes, comprising material accounting policy information and other explanatory information.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 December 2025 and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with HKFRS Accounting Standards as issued by the Hong Kong Institute of Certified Public Accountants (**"HKICPA"**) and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

### **BASIS FOR OPINION**

We conducted our audit in accordance with Hong Kong Standards on Auditing (**"HKSAs"**) as issued by the HKICPA. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the consolidated financial statements section of our report. We are independent of the Group in accordance with the HKICPA's Code of Ethics for Professional Accountants (**"the Code"**), as applicable to audits of the financial statements of public interest entities. We have also fulfilled our other ethical responsibilities in accordance with these requirements and the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### **KEY AUDIT MATTERS**

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

# Independent Auditor's Report

## KEY AUDIT MATTERS *(continued)*

### Expected credit loss allowance for trade receivables

Refer to notes 22 and 31 to the consolidated financial statements and the accounting policies note 2(l)(i).

#### The Key Audit Matter

As at 31 December 2025, the net carrying amount of trade receivables of the Group is RMB1,568,443,000, which is made up of a gross amount of RMB2,019,768,000 and a loss allowance of RMB451,325,000. The Group recognised impairment losses of RMB210,020,000 during the year. The net carrying amount of trade receivables represented 40.4% of the current assets of the Group.

The Group's trade receivables comprised mainly receivables from property owners, property developers and other parties.

The Group assessed the ECL allowance for trade receivables due from unrelated parties collectively, based on the Group's historical collection data and ageing profile of the receivables.

The Group assessed ECL allowance for trade receivables due from related parties, by estimating the distribution of expected cash flows under multiple scenarios.

We identified assessing the ECL allowance for trade receivables as a key audit matter because trade receivables is material to the Group and the assessment of the ECL allowance is inherently subjective and requires the exercise of significant management judgement.

#### How the matter was addressed in our audit

Our audit procedures to assess the ECL allowance for trade receivables included the following:

- evaluating the design, implementation and operating effectiveness of key internal control over the assessment of the ECL allowance for trade receivables;
- assessing the Group's policy for estimating the ECL allowance for compliance with applicable accounting standards;
- testing the accuracy of the trade receivables ageing report by verifying a sample of individual items to sales invoices and underlying documentation to ensure appropriate ageing categorisation;
- for collectively assessed trade receivables due from unrelated customers, evaluating the historical collection data and key assumptions used by management, and re-performing the ECL calculation;
- for individually assessed trade receivables due from related parties with longer past-due record, evaluating the reasonableness of management's probability-weighted forecast cash flow scenarios, including the status of repayment plans and the expected cash flows from the potential assets;
- assessing the reasonableness of the disclosures in the consolidated financial statements in respect of ECL allowance for trade receivables according to the applicable accounting standards.

## KEY AUDIT MATTERS *(continued)*

### Net realisable value of properties held for sale

*Refer to note 21 to the consolidated financial statements and the accounting policies note 2(m)(i).*

#### The Key Audit Matter

As at 31 December 2025, the aggregate carrying amount of the Group's properties held for sale was RMB573,966,000, representing 10.5% of the Group's total assets as at that date.

Properties held for sale are classified under inventories and measured at the lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs necessary to make the sale. In cases where recent market transactions of same location is not available, the estimated selling price is determined with reference to valuations prepared by a qualified external property valuer.

We identified the net realisable value of properties held for sale as a key audit matter because a small adjustment to or variances in the assumptions and data used to compute the net realisable value of individual property, when aggregated, could have a significant impact on the Group's financial results and because the determination of net realisable value of properties held for sale involves significant judgement and estimation, particularly in selecting appropriate valuation methodologies, market selling prices, market rents and capitalisation rates or estimated selling price, where applicable, which increases the risk of error or potential management bias.

#### How the matter was addressed in our audit

Our audit procedures to assess the net realisable value of properties for sale included the following:

- obtaining an understanding of and evaluating the design and implementation of key internal controls over the assessment of net realisable value of properties held for sale;
- assessing the external property valuers' qualifications, experience and expertise in the properties being valued;
- for the net realisable value determined based on the recently transacted prices of the properties:
  - on a sample basis, comparing the estimated selling prices included in the prior year's assessment of the net realisable value with the actual selling prices recorded in the current year, and making enquiries with management for any significant variations identified and considering if there was any indication of management bias; and
  - evaluating the reasonableness of the key assumptions adopted in the assessment, by comparing on a sample basis, the estimated selling prices with the recently transacted prices available in the market and the expected future average selling prices in the sales budget plans maintained by the Group.

#### The Key Audit Matter

#### How the matter was addressed in our audit

- for the net realisable value determined by external property valuers based on market data of comparable properties:
  - obtaining and inspecting the valuation reports prepared by the external property valuers; and
  - with the assistance of our internal property valuation specialists, assessing the appropriateness of the valuation methodologies adopted by the external property valuer with reference to the requirements of the prevailing accounting standards, and comparing the key assumptions adopted in the valuations, on a sample basis, with the market data of comparable properties available in the market.

## KEY AUDIT MATTERS *(continued)*

### Assessment of impairment of goodwill

Refer to note 16 to the consolidated financial statements and the accounting policies note 2(l)(ii).

#### The Key Audit Matter

As at 31 December 2025, the Group had total cost of goodwill balance amounting to RMB225,287,000 which was arisen from acquisitions in previous years. The Group recognised impairment losses of goodwill of RMB21,000,000 during the year. As a result, an accumulated impairment of RMB49,159,000 has been recognised as at 31 December 2025.

Management performs annual impairment assessment of goodwill for each cash-generating unit ("CGU") to which goodwill have been allocated. The impairment assessment is carried out by management with the assistance of an external valuer, based on a discounted cash flow forecast for each CGU.

The preparation of discounted cash flow forecasts involves the exercise of significant management judgement, in particular in determining the appropriate short-term and terminal revenue growth rates, profit margin and discount rates.

#### How the matter was addressed in our audit

Our audit procedures to assess impairment of goodwill included the following:

- evaluating the identification of the CGUs and the allocation of assets to that CGUs with reference to the requirements of the prevailing accounting standards;
- for goodwill arising from acquisition in prior years, performing a retrospective review by comparing the forecast revenue and profit margin included in the prior year's discounted cash flow forecasts with the current year's performance to assess how accurate the prior year's discounted cash flow forecasts were and making enquiries of management as to the reasons for any significant variations identified and whether there is any indication of management bias;
- assessing the competence, capabilities and objectivity of the external valuer appointed by management;
- discussing future operating plans with management and challenging the reasonableness of the key assumptions adopted in the discounted cash flow forecasts, in particular in relation to short-term revenue growth rates and profit margin, by comparing these with historical results;

### Assessment of impairment of goodwill *(continued)*

*Refer to note 16 to the consolidated financial statements and the accounting policies note 2(l) (ii).*

#### The Key Audit Matter

We identified the assessment of impairment of goodwill as a key audit matter because the assessment of the recoverable amount of CGUs can be inherently subjective and requires the exercise of significant management judgement and estimation which increases the risk of error.

#### How the matter was addressed in our audit

- with the assistance of our internal valuation specialists, evaluating the appropriateness of the methodology with reference to the requirements of the prevailing accounting standards and the reasonableness of the discount rates by benchmarking against other comparable companies in the same industry and challenging the reasonableness of terminal growth rates by reference to the latest consumer price index growth forecast;
- evaluating the sensitivity analysis prepared by management for each of the key assumptions adopted in the discounted cash flow forecasts to assess whether there is any indication of management bias;
- testing the mathematical accuracy of the calculations of the goodwill impairment assessment if any; and
- assessing the reasonableness of the disclosures in the consolidated financial statements in relation to impairment testing of goodwill with reference to the requirements of the prevailing accounting standards.

## **INFORMATION OTHER THAN THE CONSOLIDATED FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON**

The directors are responsible for the other information. The other information comprises all the information included in the annual report, other than the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon as part of our engagement to audit the consolidated financial statements. We have performed an assurance engagement on the disclosed continuing connected transactions that form part of the other information and provided a separate assurance practitioner's conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## **RESPONSIBILITIES OF THE DIRECTORS FOR THE CONSOLIDATED FINANCIAL STATEMENTS**

The directors are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRS Accounting Standards as issued by the HKICPA and the disclosure requirements of the Hong Kong Companies Ordinance and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

The directors are assisted by the Audit Committee in discharging their responsibilities for overseeing the Group's financial reporting process.

# Independent Auditor's Report

## AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. This report is made solely to you, as a body, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSA's will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with HKSA's, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Plan and perform the group audit to obtain sufficient appropriate audit evidence regarding the financial information of the entities or business units within the Group as a basis for forming an opinion on the consolidated financial statements. We are responsible for the direction, supervision and review of the audit work performed for purpose of the Group audit. We remain solely responsible for our audit opinion.

# Independent Auditor's Report

## **AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS** *(continued)*

We communicate with the Audit Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Audit Committee with a statement that we have complied with relevant ethical requirements regarding independence and communicate with them all relationships and other matters that may reasonably be thought to bear on our independence and, where applicable, related safeguards.

From the matters communicated with the Audit Committee, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Wong Chun Pong (practising certificate number: P05590).

Material accounting policies adopted by the Group are disclosed below.

The HKICPA has issued certain new or amended HKFRS Accounting Standards that are first effective or available for early adoption for the current accounting period of the Group. Note 2(c) provides information on any changes in accounting policies resulting from initial application of these developments to the extent that they are relevant to the Group for the current accounting period reflected in these financial statements.

### (b) Basis of preparation of the financial statements

The consolidated financial statements for the year ended 31 December 2025 comprise the Group and the Group’s interests in associates and joint ventures. As the finance services segment in relation to the disposed subsidiary was classified as a discontinued operation, the comparative amounts in the consolidated statement of profit or loss have been re-presented as if the operations had been discontinued at the beginning of the comparative period.

## 2 MATERIAL ACCOUNTING POLICIES *(continued)*

### (b) Basis of preparation of the financial statements *(continued)*

The financial statements are presented in RMB rounded to the nearest thousand. The measurement basis used in the preparation of the financial statements is the historical cost basis except that investments in financial instruments (see note 2(g)) are stated at fair value as explained in the accounting policies.

The preparation of financial statements in conformity with HKFRS Accounting Standards requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Judgements made by management in the application of HKFRS Accounting Standards that have significant effect on the financial statements and major sources of estimation uncertainty are discussed in note 3.

### (c) Changes in accounting policies

The HKICPA has issued the following amendments to HKFRs that are first effective for the current accounting period of the Group. Of these, the following developments are relevant to the group's financial statements:

- Amendments to HKAS 21, *The effects of changes in foreign exchange rates – Lack of exchangeability*

None of those developments have had a material effect on how the Group's results and financial position for the current or prior periods have been prepared or presented. The Group has not applied any new standard or interpretation that is not yet effective for the current accounting period.

## 2 MATERIAL ACCOUNTING POLICIES *(continued)*

### (d) Subsidiaries and non-controlling interests

Subsidiaries are entities controlled by the Group. The Group controls an entity when it is exposed to, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The financial statements of subsidiaries are included in the consolidated financial statements from the date on which control commences until the date on which control ceases.

Intra-group balances and transactions, and any unrealised income and expenses (except for foreign currency transaction gains or losses) arising from intra-group transactions, are eliminated. Unrealised losses resulting from intra-group transactions are eliminated in the same way as unrealised gains, but only to the extent that there is no evidence of impairment.

For each business combination, the Group can elect to measure any non-controlling interests (“**NCI**”) either at fair value or at the NCI’s proportionate share of the subsidiary’s net identifiable assets. NCI are presented in the consolidated statement of financial position within equity, separately from equity attributable to the equity shareholders of the company. NCI in the results of the Group are presented on the face of the consolidated statement of profit or loss and the consolidated statement of profit or loss and other comprehensive income as an allocation of the total profit or loss and total comprehensive income for the year between NCI and the equity shareholders of the company.

Changes in the Group’s interests in a subsidiary that do not result in a loss of control are accounted for as equity transactions.

When the Group loses control of a subsidiary, it derecognises the assets and liabilities of the subsidiary, and any related NCI and other components of equity. Any resulting gain or loss is recognised in profit or loss. Any interest retained in that former subsidiary is measured at fair value when control is lost.

In the company’s statement of financial position, an investment in a subsidiary is stated at cost less impairment losses (see note 2(l)).

## 2 MATERIAL ACCOUNTING POLICIES *(continued)*

### (e) Associates and joint ventures

An associate is an entity in which the Group has significant influence, but not control or joint control, over the financial and operating policies. A joint venture is an arrangement in which the Group has joint control, whereby the Group has the rights to the net assets of the arrangement, rather than rights to its assets and obligations for its liabilities.

An interest in an associate or a joint venture is accounted for using the equity method, unless it is classified as held for sale (or included in a disposal group classified as held for sale). They are initially recognised at cost, which includes transaction costs. Subsequently, the consolidated financial statements include the Group's share of the profit or loss and other comprehensive income ("OCI") of those investees, until the date on which significant influence or joint control ceases.

When the Group's share of losses exceeds its interest in the associate or the joint venture, the Group's interest is reduced to nil and recognition of further losses is discontinued except to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the investee. For this purpose, the Group's interest is the carrying amount of the investment under the equity method, together with any other long-term interests that in substance form part of the Group's net investment in the associate or the joint venture (after applying expected credit loss model to such other long-term interests where applicable (see note 2(l)(i))).

Unrealised gains arising from transactions with equity-accounted investees are eliminated against the investment to the extent of the Group's interest in the investee. Unrealised losses are eliminated in the same way as unrealised gains, but only to the extent there is no evidence of impairment.

### (f) Business combination and goodwill

#### (i) *Business combinations involving entities not under common control*

Business combinations involving entities not under common control are accounted for using the acquisition method. The consideration transferred is measured at the acquisition date fair value which is the sum of the acquisition date fair values of assets transferred by the Group, liabilities assumed by the Group to the former owners of the acquiree and the equity interests issued by the Group in exchange for control of the acquiree. Acquisition-related costs are expensed as incurred.

If the business combination is achieved in stages, the previously held equity interest is remeasured at its acquisition date fair value and any resulting gain or loss is recognised in profit or loss.

# Notes to the Financial Statements

(Expressed in Renminbi unless otherwise indicated)

## 2 MATERIAL ACCOUNTING POLICIES *(continued)*

### (f) Business combination and goodwill *(continued)*

#### (i) **Business combinations involving entities not under common control** *(continued)*

Any contingent consideration assumed in a business combination is measured at fair value at the date of acquisition. If an obligation to pay contingent consideration that meets the definition of a financial instrument is classified as equity, then it is not remeasured and settlement is accounted for within equity. Otherwise, other contingent consideration is remeasured at fair value at each reporting date and subsequent changes in the fair value of the contingent consideration are recognised in profit or loss.

#### (ii) **Goodwill**

Goodwill arising on acquisition of businesses is measured at cost less accumulated impairment losses and is tested annually for impairment (see note 2(l)).

### (g) Other investments in financial instruments

The Group's policies for investments in financial instruments, other than investments in subsidiaries, associates and joint ventures, are set out below:

Investments in financial instruments are recognised/derecognised on the date the Group commits to purchase/sell the investment. The investments are initially stated at fair value plus directly attributable transaction costs, except for those investments measured at FVPL for which transaction costs are recognised directly in profit or loss. For an explanation of how the Group determines fair value of financial instruments. These investments are subsequently accounted for as follows, depending on their classification.

#### **Non-equity investments**

Non-equity investments are classified into one of the following measurement categories:

- Amortised cost, if the investment is held for the collection of contractual cash flows which represent solely payments of principal and interest. Expected credit losses, interest income calculated using the effective interest method (see note 2(u)(ii)(a)), foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss.

# Notes to the Financial Statements

(Expressed in Renminbi unless otherwise indicated)

## 2 MATERIAL ACCOUNTING POLICIES *(continued)*

### (g) Other investments in financial instruments *(continued)*

#### **Non-equity investments** *(continued)*

- Fair value through other comprehensive income (“**FVOCI**”) – recycling, if the contractual cash flows of the investment comprise solely payments of principal and interest and the investment is held within a business model whose objective is achieved by both the collection of contractual cash flows and sale. Expected credit losses, interest income (calculated using the effective interest method) and foreign exchange gains and losses are recognised in profit or loss and computed in the same manner as if the financial asset was measured at amortised cost. The difference between the fair value and the amortised cost is recognised in OCI. When the investment is derecognised, the amount accumulated in OCI is recycled from equity to profit or loss.
- FVPL if the investment does not meet the criteria for being measured at amortised cost or FVOCI (recycling). Changes in the fair value of the investment (including interest) are recognised in profit or loss.

### (h) Investment properties

Investment properties are land and/or buildings which are owned or held under a leasehold interest (see note 2(k)(ii)) to earn rental income and/or for capital appreciation. This includes property that is being constructed or developed for future use as investment properties.

Investment properties are stated at cost less accumulated depreciation and accumulated impairment loss (see note 2(l)(ii)).

Depreciation is calculated to write off the costs of investment properties, using the straight-line method over their lease term.

### (i) Property, plant and equipment

The following items of property, plant and equipment are stated at cost, which includes capitalised borrowing costs, less accumulated depreciation and any accumulated impairment losses (see note 2(l)(ii)):

- right-of-use assets arising from leases over leasehold properties where the Group is not the registered owner of the property interest (see note 2(k)); and
- items of plant and equipment.

# Notes to the Financial Statements

(Expressed in Renminbi unless otherwise indicated)

## 2 MATERIAL ACCOUNTING POLICIES *(continued)*

### (i) Property, plant and equipment *(continued)*

Any gain or loss on disposal of an item of property, plant and equipment is recognised in profit or loss.

Depreciation is calculated to write off the cost or valuation of items of property, plant and equipment, less their estimated residual values, if any, using the straight-line method over their estimated useful lives, and is generally recognised in profit or loss.

The estimated useful lives for the current and comparative periods are as follows:

|                                  |                      |
|----------------------------------|----------------------|
| – Office equipment and furniture | 3 – 5 years          |
| – Motor vehicles                 | 5 years              |
| – Leasehold improvement          | 3 – 5 years          |
| – Machinery equipment            | 3 – 5 years          |
| – Other leased properties        | Over the lease terms |

### (j) Intangible assets (other than goodwill)

Intangible assets that are acquired by the Group and have finite useful lives are measured at cost less accumulated amortisation and any accumulated impairment losses (see note 2(l)(ii)).

Amortisation is calculated to write off the cost of intangible assets less their estimated residual values using the straight-line method over their estimated useful lives, if any, and is generally recognised in profit or loss.

The estimated useful lives for software is 2 – 5 years.

Uncompleted property management contracts and customer relationships acquired in business combinations are recognised at fair value at the acquisition date. Amortisation is calculated using the straight-line method over the estimated contract lives of the respective property management contracts and customer relationships.

### (k) Leased assets

At inception of a contract, the Group assesses whether the contract is, or contains, a lease. This is the case if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Control is conveyed where the customer has both the right to direct the use of the identified asset and to obtain substantially all of the economic benefits from that use.

# Notes to the Financial Statements

(Expressed in Renminbi unless otherwise indicated)

## 2 MATERIAL ACCOUNTING POLICIES *(continued)*

### (k) Leased assets *(continued)*

#### (i) As a lessee

Where the contract contains lease component(s) and non-lease component(s), the Group has elected not to separate non-lease components and accounts for each lease component and any associated non-lease components as a single lease component for all leases.

At the lease commencement date, the Group recognises a right-of-use asset and a lease liability, except for leases that have a short lease term of 12 months or less, and leases of low-value items such as laptops and office furniture. When the Group enters into a lease in respect of a low-value item, the Group decides whether to capitalise the lease on a lease-by-lease basis. If not capitalised, the associated lease payments are recognised in profit or loss on a systematic basis over the lease term.

Where the lease is capitalised, the lease liability is initially recognised at the present value of the lease payments payable over the lease term, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, using a relevant incremental borrowing rate. After initial recognition, the lease liability is measured at amortised cost and interest expense is recognised using the effective interest method. Variable lease payments that do not depend on an index or rate are not included in the measurement of the lease liability, and are charged to profit or loss as incurred.

The right-of-use asset recognised when a lease is capitalised is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received. The right-of-use asset is subsequently stated at cost less accumulated depreciation and impairment losses (see notes 2(i) and 2(l)(ii)).

Refundable rental deposits are accounted for separately from the right-of-use assets in accordance with the accounting policy applicable to investments in non-equity securities carried at amortised cost (see notes 2(g) and 2(l)(i)). Any excess of the nominal value over the initial fair value of the deposits is accounted for as additional lease payments made and is included in the cost of right-of-use assets.

The lease liability is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Group's estimate of the amount expected to be payable under a residual value guarantee, or if the Group changes its assessment of whether it will exercise a purchase, extension or termination option. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

# Notes to the Financial Statements

(Expressed in Renminbi unless otherwise indicated)

## 2 MATERIAL ACCOUNTING POLICIES *(continued)*

### (k) Leased assets *(continued)*

#### (i) As a lessee *(continued)*

The lease liability is also remeasured when there is a lease modification, which means a change in the scope of a lease or the consideration for a lease that is not originally provided for in the lease contract, if such modification is not accounted for as a separate lease. In this case the lease liability is remeasured based on the revised lease payments and lease term using a revised discount rate at the effective date of the modification.

In the consolidated statement of financial position, the current portion of long-term lease liabilities is determined as the present value of contractual payments that are due to be settled within twelve months after the reporting period.

#### (ii) As a lessor

The Group determines at lease inception whether each lease is a finance lease or an operating lease. A lease is classified as a finance lease if it transfers substantially all the risks and rewards incidental to the ownership of an underlying assets to the lessee. Otherwise, the lease is classified as an operating lease.

When a contract contains lease and non-lease components, the Group allocates the consideration in the contract to each component on a relative stand-alone selling price basis.

When the Group is an intermediate lessor, the sub-leases are classified as a finance lease or as an operating lease with reference to the right-of-use asset arising from the head lease. If the head lease is a short-term lease to which the Group applies the exemption described in note 2(k) (i), then the Group classifies the sub-lease as an operating lease.

### (l) Credit losses and impairment of assets

#### (i) Credit losses from financial instruments and contract assets

The Group recognises a loss allowance for expected credit losses (“ECL”)s on:

- Financial assets measured at amortised cost (including cash and cash equivalents, restricted cash, loans receivable and trade and other receivables); and
- Contract assets (see note 2(n)).

Financial assets measured at fair value are not subject to the ECL assessment.

# Notes to the Financial Statements

(Expressed in Renminbi unless otherwise indicated)

## 2 MATERIAL ACCOUNTING POLICIES *(continued)*

### (I) Credit losses and impairment of assets *(continued)*

#### (i) Credit losses from financial instruments and contract assets *(continued)*

##### *Measurement of ECLs*

ECLs are a probability-weighted estimate of credit losses. Generally, credit losses are measured as the present value of all expected cash shortfalls between the contractual and expected amounts.

The expected cash shortfalls are discounted using the following rates if the effect is material:

- Fixed-rate financial assets, loans receivable, trade and other receivables and contract assets: effective interest rate determined at initial recognition or an approximation thereof; and
- Variable-rate financial assets: current effective interest rate.

The maximum period considered when estimating ECLs is the maximum contractual period over which the Group is exposed to credit risk.

ECLs are measured on either of the following bases:

- 12-month ECLs: these are the portion of ECLs that result from default events that are possible within the 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months); and
- lifetime ECLs: these are the ECLs that result from all possible default events over the expected lives of the items to which the ECL model applies.

The Group measures loss allowances at an amount equal to lifetime ECLs, except for the following, which are measured at 12-months ECLs:

- financial instruments that are determined to have low credit risk at the reporting date; and
- other financial instruments (including loan commitments issued) for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition.

Loss allowances for trade receivables and contract assets are always measured at an amount equal to lifetime ECLs.

(Expressed in Renminbi unless otherwise indicated)

## 2 MATERIAL ACCOUNTING POLICIES *(continued)*

### (I) Credit losses and impairment of assets *(continued)*

#### (i) **Credit losses from financial instruments and contract assets** *(continued)*

##### *Significant increases in credit risk*

When determining whether the credit risk of a financial instrument (including a loan commitment) has increased significantly since initial recognition and when measuring ECLs, the Group considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Group's historical experience and informed credit assessment.

The Group considers a financial asset to be in default when:

- the debtor is unlikely to pay its credit obligations to the Group in full, without recourse by the Group to actions such as realising security (if any is held); or
- the financial asset is 90 days past due.

ECLs are remeasured at each reporting date to reflect changes in the financial instrument's credit risk since initial recognition. Any change in the ECL amount is recognised as an impairment gain or loss in profit or loss. The Group recognises an impairment gain or loss for all financial instruments with a corresponding adjustment to their carrying amount through a loss allowance account, except for investments in non-equity securities that are measured at FVOCI (recycling), for which the loss allowance is recognised in OCI and accumulated in the fair value reserve (recycling) does not reduce the carrying amount of the financial asset in the statement of financial position (see note 2(g)).

##### *Credit-impaired financial assets*

At each reporting date, the Group assesses whether a financial asset is credit-impaired. A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable events:

- significant financial difficulties of the debtor;
- significant decrease in property management and other service fees collection rate;

# Notes to the Financial Statements

(Expressed in Renminbi unless otherwise indicated)

## 2 MATERIAL ACCOUNTING POLICIES *(continued)*

### (I) Credit losses and impairment of assets *(continued)*

#### (i) **Credit losses from financial instruments and contract assets** *(continued)*

##### *Credit-impaired financial assets (continued)*

- a breach of contract, such as a default or delinquency in interest or principal payments;
- the restructuring of a loan or advance by the Group on terms that the Group would not consider otherwise;
- it is probable that the debtor will enter bankruptcy or other financial reorganisation; or
- the disappearance of an active market for a security because of financial difficulties of the issuer.

##### *Write-off policy*

The gross carrying amount of a financial asset or contract asset is written off to the extent that there is no realistic prospect of recovery. This is generally the case when the asset becomes 3 years past due or when the Group otherwise determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off.

Subsequent recoveries of an asset that was previously written off are recognised as a reversal of impairment in profit or loss in the period in which the recovery occurs.

#### (ii) **Impairment of other non-current assets**

At each reporting date, the Group reviews the carrying amounts of its non-financial assets (other than property carried at revalued amounts, inventories and other contract costs, contract assets and deferred tax assets) to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. Goodwill is tested annually for impairment.

For impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or cash-generating units ("CGU"s). Goodwill arising from a business combination is allocated to CGUs or groups of CGUs that are expected to benefit from the synergies of the combination.

# Notes to the Financial Statements

(Expressed in Renminbi unless otherwise indicated)

## 2 MATERIAL ACCOUNTING POLICIES *(continued)*

### (I) Credit losses and impairment of assets *(continued)*

#### (ii) Impairment of other non-current assets *(continued)*

The recoverable amount of an asset or CGU is the greater of its value in use and its fair value less costs of disposal. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU.

An impairment loss is recognised if the carrying amount of an asset or CGU exceeds its recoverable amount.

Impairment losses are recognised in profit or loss. They are allocated first to reduce the carrying amount of any goodwill allocated to the CGU, and then to reduce the carrying amounts of the other assets in the CGU on a pro rata basis.

An impairment loss in respect of goodwill is not reversed. For other assets, an impairment loss is reversed only to the extent that the resulting carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

#### (iii) Interim financial reporting and impairment

Under the Rules Governing the Listing of Securities on the Stock Exchange of Hong Kong Limited, the Group is required to prepare an interim financial report in compliance with HKAS 34, Interim financial reporting, in respect of the first six months of the financial year. At the end of the interim period, the Group applies the same impairment testing, recognition, and reversal criteria as it would at the end of the financial year (see notes 2(I) (i) and (ii)).

Impairment losses recognised in an interim period in respect of goodwill are not reversed in a subsequent period. This is the case even if no loss, or a smaller loss, would have been recognised had the impairment been assessed only at the end of the financial year to which the interim period relates.

# Notes to the Financial Statements

(Expressed in Renminbi unless otherwise indicated)

## 2 MATERIAL ACCOUNTING POLICIES *(continued)*

### (m) Inventories

Inventories are measured at the lower of cost and net realisable value as follows:

#### (i) *Properties held for sale*

Costs of purchased car parks, apartments, office buildings and other properties comprises all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs necessary to make the sale.

#### (ii) *Others*

Cost is determined on an individual item basis and comprises all costs of uninstalled equipments and other direct costs. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

When inventories are sold, the carrying amount of those inventories is recognised as an expense in the period in which the related revenue is recognised.

### (n) Contract assets and contract liabilities

A contract asset is recognised when the Group recognises revenue before being unconditionally entitled to the consideration under the payment terms set out in the contract. Contract assets are assessed for ECLs (see note 2(l)(i)) and are reclassified to receivables when the right to the consideration becomes unconditional (see note 2(o)).

A contract liability is recognised when the customer pays non-refundable consideration before the Group recognises the related revenue. A contract liability is also recognised if the Group has an unconditional right to receive non-refundable consideration before the Group recognises the related revenue. In such latter cases, a corresponding receivable is also recognised (see note 2(o)).

### (o) Trade and other receivables and loans receivable

A receivable is recognised when the Group has an unconditional right to receive consideration and only the passage of time is required before payment of that consideration is due.

Trade receivables that do not contain a significant financing component are initially measured at their transaction price. Trade receivables and other receivables that contain a significant financing component are initially measured at fair value plus transaction costs. All receivables are subsequently stated at amortised cost (see note 2(l)(i)).

# Notes to the Financial Statements

(Expressed in Renminbi unless otherwise indicated)

## 2 MATERIAL ACCOUNTING POLICIES *(continued)*

### (p) Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and on hand, demand deposits with banks and other financial institutions, and other short-term, highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value, having been within three months of maturity at acquisition. Cash and cash equivalents are assessed for ECL (see note 2(l)(i)).

### (q) Trade and other payables

Trade and other payables are initially recognised at fair value. Subsequent to initial recognition, trade and other payables are stated at amortised cost unless the effect of discounting would be immaterial, in which case they are stated at invoice amounts.

### (r) Employee benefits

#### (i) *Short-term employee benefits and contributions to defined contribution retirement plans*

Short-term employee benefits are expensed as the related service is provided. A liability is recognised for the amount expected to be paid if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

Obligations for contributions to defined contribution retirement plans are expensed as the related service is provided.

#### (ii) *Termination benefits*

Termination benefits are expensed at the earlier of when the Group can no longer withdraw the offer of those benefits and when the Group recognises costs for a restructuring.

### (s) Income tax

Income tax expense comprises current tax and deferred tax. It is recognised in profit or loss except to the extent that it relates to a business combination, or items recognised directly in equity or in OCI.

Current tax comprises the estimated tax payable or receivable on the taxable income or loss for the year and any adjustments to the tax payable or receivable in respect of previous years. The amount of current tax payable or receivable is the best estimate of the tax amount expected to be paid or received that reflects any uncertainty related to income taxes. It is measured using tax rates enacted or substantively enacted at the reporting date. Current tax also includes any tax arising from dividends.

# Notes to the Financial Statements

(Expressed in Renminbi unless otherwise indicated)

## 2 MATERIAL ACCOUNTING POLICIES *(continued)*

### (s) Income tax *(continued)*

Current tax assets and liabilities are offset only if certain criteria are met.

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is not recognised for:

- temporary differences on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss and does not give rise to equal taxable and deductible temporary differences;
- temporary differences related to investment in subsidiaries, associates and joint venture to the extent that the Group is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future;
- taxable temporary differences arising on the initial recognition of goodwill; and
- those related to the income taxes arising from tax laws enacted or substantively enacted to implement the Pillar Two model rules published by the Organisation for Economic Co-operation and Development.

The Group recognised deferred tax assets and deferred tax liabilities separately in relation to its lease liabilities and right-of-use assets.

Deferred tax assets are recognised for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be used. Future taxable profits are determined based on the reversal of relevant taxable temporary differences. If the amount of taxable temporary differences is insufficient to recognise a deferred tax asset in full, then future taxable profits, adjusted for reversals of existing temporary differences, are considered, based on the business plans for individual subsidiaries in the Group. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised; such reductions are reversed when the probability of future taxable profits improves.

Deferred tax assets and liabilities are offset only if certain criteria are met.

# Notes to the Financial Statements

(Expressed in Renminbi unless otherwise indicated)

## 2 MATERIAL ACCOUNTING POLICIES *(continued)*

### (t) Provisions and contingent liabilities

Generally provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessment of the time value of money and the risks specific to the liability.

Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Possible obligations, whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events are also disclosed as contingent liabilities unless the probability of outflow of economic benefits is remote.

### (u) Revenue and other income recognition

Income is classified by the Group as revenue when it arises from the provision of services in the ordinary course of the Group's business.

Further details of the Group's revenue and other income recognition policies are as follows:

#### (i) *Revenue from contracts with customers*

Except for the sale of materials and commercial products, the Group is the principal for its revenue transactions and recognises revenue on a gross basis. In determining whether the Group acts as a principal or as an agent, it considers whether it obtains control of the products or services before they are transferred to the customer. Control refers to the Group's ability to direct the use of and obtain substantially all of the remaining benefits from the products or services.

Revenue is recognised when control over a product or service is transferred to the customer at the amount of promised consideration to which the Group is expected to be entitled, excluding those amounts collected on behalf of third parties such as value added tax.

#### (a) *Basic property management services*

The Group recognises revenue in the amount to which the Group has the right to invoice based on the value of performance completed.

For basic property management service income arising from properties managed under lump sum basis, where the Group acts as principal, the Group is entitled to revenue at the value of basic property management service fee received. For basic property management service income arising from properties managed under commission basis, where the Group acts as an agent of the property owners, the Group is entitled to revenue at a pre-determined percentage or fixed amount of the basic property management service fees the property owners are obligated to pay.

#### (i) Revenue from contracts with customers *(continued)*

##### (b) System or materials supply services

Revenue for system or materials supply service is recognised when the customer takes possession of and accepts the products or the installation service is rendered. If the products are a partial fulfilment of a contract covering other goods and/or services, then the amount of revenue recognised is an appropriate proportion of the total transaction price under the contract, allocated between all the goods and services promised under the contract on a relative stand-alone selling price basis.

##### (c) Sales of properties

Revenue from sales of properties in the ordinary course of business is recognised when the property is delivered to customer, or deemed as accepted according to the contract, whichever is earlier, which is the point in time when the customer has the ability to direct the use of the property and obtain substantially all of the remaining benefits of the property.

##### (d) Other value-added services

Other value-added services mainly include preliminary consultation, marketing management, space management, asset leasing and sales agency, smart platform construction, facility maintenance and property comprehensive services. The Group recognises revenue as the services are provided based on the value of performance completed.

#### (ii) Revenue from other sources and other income

##### (a) Finance service and other interest income

Finance service income from micro-lending business and other interest income on loans is measured on an accrual basis using the effective interest method by applying the rate that exactly discounts the estimated future cash receipts through the expected life of the financial instrument to the net carrying amount of the financial asset. When a loan has been written down as a result of an impairment loss, finance service and other interest income is recognised using the rate of interest used to discount the future cash receipts for the purpose of measuring the impairment loss, i.e. the original effective interest rate.

##### (b) Dividends

Dividend income is recognised in profit or loss on the date on which the Group's right to receive payment is established.

### (v) Translation of foreign currencies

Transactions in foreign currencies are translated into the respective functional currencies of group companies at the exchange rates at the dates of the transactions.

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Non-monetary assets and liabilities that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction. Foreign currency differences are generally recognised in profit or loss.

The assets and liabilities of foreign operations, including goodwill and fair value adjustments arising on acquisition, are translated into RMB at the exchange rates at the reporting date. The income and expenses of foreign operations are translated into RMB at the exchange rates at the dates of the transactions.

Foreign currency differences are recognised in OCI and accumulated in the exchange reserve, except to the extent that the translation difference is allocated to NCI.

### (w) Discontinued operations

A discontinued operation is a component of the Group's business, the operations and cash flows of which can be clearly distinguished from the rest of the Group and which:

- represents a separate major line of business or geographical area of operations;
- is part of a single co-ordinated plan to dispose of a separate major line of business or geographical area of operations; or
- is a subsidiary acquired exclusively with a view to resale.

Classification as a discontinued operation occurs at the earlier of disposal or when the operation meets the criteria to be classified as held for sale.

Where an operation is classified as discontinued operation, the comparative statement of profit or loss and OCI is re-presented as if the operation had been discontinued from the start of the comparative year.

### (x) Asset acquisition

Groups of assets acquired and liabilities assumed are assessed to determine if they are business or asset acquisitions. On an acquisition-by-acquisition basis, the Group chooses to apply a simplified assessment of whether an acquired set of activities and assets is an asset rather than business acquisition, when substantially all of the fair value of the gross assets acquired is concentrated in a single identifiable asset or group of similar identifiable assets.

### (y) Related parties

- (a) A person, or a close member of that person's family, is related to the Group if that person:
  - (i) has control or joint control over the Group;
  - (ii) has significant influence over the Group; or
  - (iii) is a member of the key management personnel of the Group or the Group's parent.
- (b) An entity is related to the Group if any of the following conditions applies:
  - (i) The entity and the Group are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others).
  - (ii) One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).
  - (iii) Both entities are joint ventures of the same third party.
  - (iv) One entity is a joint venture of a third entity and the other entity is an associate of the third entity.
  - (v) The entity is a post-employment benefit plan for the benefit of employees of either the Group or an entity related to the Group.
  - (vi) The entity is controlled or jointly controlled by a person identified in (a).
  - (vii) A person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity).
  - (viii) The entity, or any member of a Group of which it is a part, provides key management personnel services to the Group or to the Group's parent.

Close members of the family of a person are those family members who may be expected to influence, or be influenced by, that person in their dealings with the entity.

### (z) Segment reporting

Operating segments, and the amounts of each segment item reported in the financial statements, are identified from the financial information provided regularly to the Group's most senior executive management for the purposes of allocating resources to, and assessing the performance of, the Group's various lines of business.

Individually material operating segments are not aggregated for financial reporting purposes unless the segments have similar economic characteristics and are similar in respect of the nature of products and services, the nature of production processes, the type or class of customers, the methods used to distribute the products or provide the services, and the nature of the regulatory environment. Operating segments which are not individually material may be aggregated if they share a majority of these criteria.

## 3 ACCOUNTING JUDGEMENTS AND ESTIMATES

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Key sources of estimation uncertainty in the preparation of the financial statements are as follows:

### (a) Impairment for trade and other receivables

The Group estimates impairment losses for trade and other receivables by using expected credit loss models. Expected credit loss on these trade and other receivables are estimated based on the Group's historical credit loss experience, adjusted for factors that are specific to the debtors and an assessment of both the current and forecast general economic conditions at the reporting date.

Where the expectation is different from the original estimate, such difference will impact the loss allowance of trade and other receivables in the periods in which such estimate has been changed.

### (b) Impairment of non-current assets

If circumstances indicate that the carrying amounts of intangible assets and goodwill may not be recoverable, the assets may be considered impaired and are tested for impairment. An impairment loss is recognised when the asset's recoverable amount has declined below its carrying amount. The recoverable amount is the greater of the fair value less costs to sell and value in use. In determining the recoverable amount which requires significant judgements, the Group estimates the future cash flows to be derived from continuing use and ultimate disposal of the asset and applies an appropriate discount rate to these future cash flows.

(Expressed in Renminbi unless otherwise indicated)

## 3 ACCOUNTING JUDGEMENTS AND ESTIMATES *(continued)*

### (c) Impairment of financial guarantee issued

The Group estimates impairment loss for financial guarantee issued by using expected credit loss models. Expected credit loss on financial guarantee issued is estimated based on expected additional interest and penalty to be incurred, expected timing of settlement of the loan and the valuation of the liquidation value of the pledged property at the reporting date.

Where the expectation is different from the original estimate, such difference will impact the loss allowance of financial guarantee issued in the periods in which such estimate has been changed.

### (d) Provision for inventories

The Group assesses the carrying amounts of inventories according to their net realisable value. Provision is made when events or changes in circumstances indicate that the carrying amounts may not be realised. The assessment requires the use of judgement and estimates. Where the expectation is different from the original estimates, such difference will impact carrying value of the inventories and write-down on inventories charged to profit or loss in the period in which such estimate has been changed.

## 4 DISCONTINUED OPERATION

On 20 November 2024, the Group entered into an agreement with Excellence Group to dispose of its entire interests in its subsidiaries making up its finance services business (“**the Disposal**”), at a total consideration of RMB337,789,000, satisfied by the equity interest in Shenzhen Zhuoyue Real Estate Investment Co., Ltd. (深圳市卓越不動產投資有限公司) amounted to RMB151,478,000, certain commercial apartments (included in properties held for sale) amounted to RMB100,000,000 and cash amounted to RMB86,311,000. The net assets of the disposed subsidiary at the respective disposal date were RMB339,941,000. The transaction was completed on 31 May 2025.

As a result, the finance services business was classified as a discontinued operation and the comparative consolidated statement of profit or loss has been re-presented to show the discontinued operation separately from continuing operations.

## 4 DISCONTINUED OPERATION *(continued)*

### (d) Settlement of loan, interest and dividend receivables from the discontinued operation

The Group had a loan receivable of RMB300,000,000, interest receivable of RMB12,493,000 and dividend receivable of RMB27,059,000 from the disposed subsidiary. Upon the completion of disposal of the discontinued operation, the Group entered into an agreement with related parties to settle the above, pursuant to which the Group collected RMB87,466,000 in cash, with the remaining outstanding balance of RMB252,086,000 settled by certain properties (held for sales) and carparks (right-of-use assets) during the year.

## 5 REVENUE AND SEGMENT REPORTING

### (a) Revenue

The principal activities of the Group are the provision of basic property management services, value-added services and sales of carparks.

#### (i) Disaggregation of revenue

Disaggregation of revenue from contracts with customers by each significant category for the year ended 31 December 2025 and 2024 recognised in profit or loss are as follows:

|                                                                           | 2025<br>RMB'000  | 2024<br>RMB'000 |

## 5 REVENUE AND SEGMENT REPORTING *(continued)*

### (a) Revenue *(continued)*

#### (ii) *Unsatisfied performance obligations*

The Group recognises revenue when the services are provided and recognises to which the Group has the rights to invoices and that corresponds directly with the value of performance completed. The Group has elected the practical expedient in paragraph 121 of HKFRS 15 for not to disclose the remaining performance obligations for these types of contracts that had an original expected duration of one year or less or are billed based on performance completed.

### (b) Segment reporting

Operating segments are identified on the basis of internal reports that the Group's most senior executive management reviews regularly in allocating resources to segments and in assessing their performances. Subsequent to the disposal of the discontinued operation, the Group has only one operating segment and therefore, no segment reporting is presented.

Majority of the Group's revenues were derived from Chinese Mainland during the year ended 31 December 2025 and 2024.

As at 31 December 2025 and 2024, most of the non-current assets of the Group were located in Chinese Mainland

*Note:* Employees of the Group's Chinese Mainland subsidiaries are required to participate in a defined contribution scheme administered and operated by the local municipal governments. The Group's Chinese Mainland subsidiaries contribute funds which are calculated on certain percentages of the employee salary as agreed by the local municipal government to the scheme to fund the retirement benefits of the employees.

The Group has no other material obligation for the payment of retirement benefits associated with these schemes beyond the annual contributions described above.

Pursuant to the rules and regulations of the Cayman Islands and the British Virgin Islands (“BVI”), the Group is not subject to any income tax in the Cayman Islands and the BVI during the year.

No provision for Hong Kong Profits Tax was made as the Group did not earn any income subject to Hong Kong Profits Tax during the year.

The Group’s major Chinese Mainland subsidiaries are subject to Corporate Income Tax (“CIT”) at a statutory rate of 25% on their respective taxable income during the year. The different tax rates mainly come from certain Chinese Mainland companies, which are regarded as small profit enterprise or registered and operated in western region of Chinese Mainland, are entitled to the PRC income tax at a preferential rate of 15% for the year ended 31 December 2025.

## 9 INCOME TAX IN THE PROFIT OR LOSS *(continued)*

### (b) Reconciliation between tax expense and accounting profit at applicable tax rates: *(continued)*

Withholding taxes are levied on dividend distributions arising from profit of the Chinese Mainland subsidiaries within the Group at 5%. The PRC CIT Law and its implementation rules impose a withholding tax at 10%, unless reduced by a tax treaty or arrangement, for dividends distributed by Chinese Mainland resident enterprises to their non-Chinese Mainland-resident corporate investors for profits. Under the Sino-Hong Kong Double Tax Arrangement, a qualified Hong Kong tax resident is entitled to a reduced withholding tax rate of 5% if the Hong Kong tax resident is the “beneficial owner” and holds 25% or more of the equity interest of Chinese Mainland enterprise directly. Since the Group could control the quantum and timing of distribution of profits of the Group’s subsidiaries in Chinese Mainland, deferred tax liabilities are only provided to the extent that such profits are expected to be distributed in the foreseeable future.

### Impairment testing for CGUs containing goodwill

Management performed impairment testing on goodwill as at 31 December 2025. The recoverable amounts of CGUs of Beijing Global and relevant projects, Shenzhen Xingyi Group, Wuhan Huanmao and Henan Huangjin are determined based on the value in use (“**VIU**”) calculation by the directors of the Company with the assistance of an independent valuer, Jones Lang LaSalle Corporate Appraisal and Advisory Limited (“**JLL**”). Their recoverable amounts are based on certain similar key assumptions. The calculation uses pre-tax cashflow projections based on financial budgets approved by management covering a five years period. Cash flow beyond the projection period is extrapolated using the estimated terminal growth rates below. The growth rates do not exceed the long-term average growth rate for the related industry in which the CGUs operates. The discount rates used are pre-tax and reflect specific risks relating to the relevant industry and the CGU itself and macro-environment of the relevant region.

#### As at 31 December 2024

|                               | Beijing Global<br>and relevant<br>projects | Shenzhen<br>Xingyi Group | Wuhan<br>Huanmao | Henan<br>Huangjin |
|-------------------------------|--------------------------------------------|--------------------------|------------------|-------------------|
| Annual growth rate of revenue | 1.9% – 28.7%                               | 3.0%                     | -0.7% – 3.4%     | 5.0% – 7.0%       |
| Gross margin (% of revenue)   | 41.5% – 43.0%                              | 53.9%                    | 43.1% – 47.1%    | 11.00%            |
| Long-term growth rate         | 2.0%                                       | 2.0%                     | 2.0%             | 2.0%              |
| Pre-tax discount rate         | 19.0%                                      | 16.2%                    | 18.8%            | 18.8%             |

Based on the results of impairment testing for CGUs containing goodwill, the carrying amount of Beijing Global and relevant projects CGU was determined to be higher than its recoverable amount by RMB21,000,000. An impairment loss of the same amount was recognised in profit or loss for the year. Following the impairment loss recognised in the Group's Beijing Global and relevant projects CGU, the recoverable amount was equal to the carrying amount. Therefore, any adverse movement in a key assumption would lead to further impairment.

Management has undertaken sensitivity analysis on the impairment test of goodwill. The following table sets out the hypothetical changes to annual growth rate, gross margin rate, long-term growth rate and pre-tax discount rate that would, in isolation, have removed the remaining headroom as at 31 December 2025 respectively:

|                                   | Shenzhen<br>Xingyi Group | Wuhan<br>Huanmao | Henan<br>Huangjin |
|-----------------------------------|--------------------------|------------------|-------------------|
| Decrease in annual growth rate    | 1.45                     | 7.52             | 0.71              |
| Decrease in gross margin rate     | 5.36                     | 11.17            | 0.16              |
| Decrease in long-term growth rate | 2.34                     | 11.23            | 0.55              |
| Increase in pre-tax discount rate | 1.90                     | 7.92             | 0.45              |

In 2025, certain properties in the amount of approximately RMB50,424,000 (2024: Nil) were legally frozen due to dispute of the vendors (related parties of the Group) and its creditors. The freeze is merely a routine court preservation procedure and does not represent any prejudgment regarding the outcome of the case. The Group can mitigate the risk of recoverability of such assets through asset replacement or cash refund from the vendors as set out in agreements.

Notes:

- (a) The Group collects cash on behalf of property owners' associations in its property services business. Since property owners' associations often face difficulties in opening their own bank accounts, the Group opens and manages these bank accounts on behalf of the property owners' associations.
- (b) Housing maintenance funds received mainly represent cash deposits of housing maintenance funds that were owned by property owners but were deposited in bank accounts in the name of the Group.
- (c) Other restricted deposits mainly represent amounts collected on behalf of the Group's customers in property management service business and guaranteed deposits which will be released after completion of the related property management services and guaranteed deposits for issuance of bills.

## 27 FINANCIAL GUARANTEE ISSUED

|                                                        | RMB'000 |
|--------------------------------------------------------|---------|
| At 1 January 2024, 31 December 2024 and 1 January 2025 | 72,433  |
| Charge to profit and loss                              | 50,392  |
| Financial guarantee issued                             | 122,825 |

Beijing Global, a subsidiary acquired by the Group, had provided guarantee in respect of a loan with principal amount of RMB183,433,000 borrowed by the vendor. The amount of the financial guarantee issued represents the expected payments to reimburse the loan holder for a credit loss that it incurs less any amount that the Group expects to receive from the realisation of pledged assets. The Beijing Higher People's Court issued a final judgment in August 2025, ruling that the Group shall bear joint and several liability for the principal and interest of the aforementioned loan.

The financial guarantee issued was determined at an amount equal to the ECL allowance measured on a lifetime basis, since the underlying loan was credit-impaired as at 31 December 2025. As the Group is required to make payments only in the event of a default by the specified debtor in accordance with the terms of the instrument that is guaranteed, an ECL is estimated based on the expected payments to reimburse the holder for a credit loss that it incurs less any amount that the Group expects to receive from the holder of the guarantee, the specified debtor or any other party. The amount is then discounted using the the current risk-free rate adjusted for risks specific to the cash flows.

Management assessed the ECL allowance for the financial guarantee issued based on the expected payments including additional interest based on the results of final judgment issued by the Beijing Higher People's Court, taking into account the liquidation value of the pledged property. Management's assessment of the liquidation value of the pledged property is based on valuation prepared by JLL, which considers market prices of comparable properties and liquidity discount. The Group assessed that the credit risk of financial guarantee issued increased as a result of estimated additional future interest to be incurred upon settlement and lower realisable amount of the pledged property.

## 29 INCOME TAX IN THE CONSOLIDATED STATEMENT OF FINANCIAL POSITION *(continued)*

### (c) Deferred tax assets not recognised:

The Group has not recognised deferred tax assets in respect of unused tax losses of subsidiaries as it is not probable that sufficient future taxable profits will be available against which unused tax losses can be utilised. For the year ended 31 December 2025, the Group did not recognise deferred income tax assets in respect of losses amounting to RMB3,289,000 (2024: RMB3,166,000) that can be carried forward against future taxable income. These tax losses will expire in 5 years.

### (d) Deferred tax liabilities not recognised:

As at 31 December 2025, the Group did not provide for deferred tax liabilities on profits generated by certain of its Chinese Mainland subsidiaries amounting to RMB1,005,131,000 (2024: RMB758,359,000) since the Group controls the dividend policy of these subsidiaries and it has been determined that it is probable that these profits will not be distributed in the foreseeable future.

### (c) Nature and purpose of reserves

#### (i) PRC statutory reserves

Statutory reserves are established in accordance with the relevant PRC rules and regulations and the articles of association of the companies comprising the Group which are incorporated in Chinese Mainland until the reserve balance reaches 50% of their registered capital. The transfer to their reserves must be made before distribution of a dividend to equity holders.

For the companies concerned, statutory reserves can be used to cover previous years' losses, if any, and may be converted into capital in proportion to the existing equity interests of equity holders, provided that the balance of the reserve after such conversion is not less than 25% of the registered capital of the respective companies.

### (c) Nature and purpose of reserves *(continued)*

#### (ii) Exchange reserve

The exchange reserve comprises all foreign exchange differences arising from the translation of the financial statements of operations outside Chinese Mainland. The reserve is dealt with in accordance with the accounting policies set out in note 2(v).

### (d) Dividends

- (i) No dividend was proposed for the year ended 31 December 2025 (2024: HK6.28 cents per ordinary share).
- (ii) Dividends payable to equity shareholders of the Company attributable to the previous financial year, approved during the year:

### (e) Capital management

The Group's objectives when managing capital are to safeguard the Group's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, issue new shares or sell assets to reduce debt.

The Group monitors capital on the basis of the asset-liability ratio. This ratio is calculated as total liabilities divided by total assets.

As of 31 December 2025, asset-liability ratio of the Group is follows:

|                       | 2025<br>RMB'000 | 2024<br>RMB'000 |
|-----------------------|-----------------|-----------------|
| Asset-liability ratio | 30%             | 26%             |

## 31 FINANCIAL RISK MANAGEMENT AND FAIR VALUES OF FINANCIAL INSTRUMENTS

Exposure to credit, liquidity, interest rate, currency and fair value risks arise in the normal course of the Group's business.

Financial assets of the Group include cash and cash equivalents, restricted deposits, financial assets measured at FVPL and trade and other receivables. Financial liabilities of the Group include interest-bearing borrowings and trade and other payables.

The Group's exposure to these risks and the financial risk management policies and practices used by the Group to manage these risks are described below.

### (a) Credit risk

The Group's credit risk is primarily attributable to cash at bank and restricted deposits, trade and other receivables and loans receivable. Management has a credit policy in place and the exposures to these credit risks are monitored on an ongoing basis.

The cash at bank and restricted deposits of the Group are mainly held with well-known financial institutions. Management does not foresee any significant credit risk from these deposits and does not expect that these financial institutions may default and cause losses to the Group.

#### *Trade and other receivables*

The Group has a large group of customers from different sectors and there is no concentration of credit risk other than its related parties. It has set up procedures to monitor settlement of overdue property management fees. It uses debtors' aging analysis to assess customers' ability to settle in accordance with the contractual terms on a regular basis. The Group does not offer any credit period to our tenant customers except for certain large customers which have a credit period of generally one to three months.

In respect of trade receivables, the Group measures loss allowances at an amount equal to lifetime ECLs. The ECL rates take into account of different payment behaviours and credit terms granted to different customer types classified as, large group customers, commercial tenants and residential customers.

## 31 FINANCIAL RISK MANAGEMENT AND FAIR VALUES OF FINANCIAL INSTRUMENTS *(continued)*

### (a) Credit risk *(continued)*

#### **Trade and other receivables** *(continued)*

In respect of assessment of ECL on trade receivables due from related parties, as a result of different settlement plans in prior years, the Group evaluated expected cash flows under multiple scenarios based on historical credit loss experience, current situations and forecasts of future conditions of contract counterparties under different scenarios, and made corresponding allowances according to expected credit losses rate and the related probability weight under different scenarios.

In respect of other receivables, regular reviews and follow-up actions are carried out on long-aged receivables, which enable management to assess their recoverability and to minimise exposure to credit risk. The maximum exposure to credit risk is represented by the carrying amount of each financial asset in the consolidated statement of financial position. Specific impairment losses have been made for the certain other receivables to reflect the relevant ECL.

The Group's exposure to credit risk arising from refundable rental deposits is considered to be low, taking into account (i) the landlords' credit rating and (ii) the remaining lease term and the period covered by the rental deposits.

Expected loss rates are based on actual loss experience over the past four years. These rates are adjusted to reflect differences between economic conditions during the reporting periods over which the historic data has been collected, current conditions and the Group's view of economic conditions over the expected lives of the receivables.

In addition to the credit risk management policy stated above, the Group considers the probability of default upon initial recognition of assets and considers whether there has been a significant increase in credit risk on an ongoing basis. To assess whether there has been a significant increase in credit risk, the Group compares the risk of default occurring on an asset as at the end of each reporting period with the risk of default as at the date of initial recognition. Details of indicators are disclosed in note 2(l)(i).

## 31 FINANCIAL RISK MANAGEMENT AND FAIR VALUES OF FINANCIAL INSTRUMENTS *(continued)*

### (b) Liquidity risk

The Group's management reviews the liquidity position of the Group on an ongoing basis, including review of the expected cash inflows and outflows and maturity of loans and borrowings in order to ensure that it maintains sufficient reserves of cash and adequate committed lines of funding from major financial institutions to meet its liquidity requirements in the short and longer term.

The following tables show the remaining contractual maturities at the end of each reporting period of the Group's financial liabilities, which are based on contractual undiscounted cash flows (including interest payments computed using contractual rates or, if floating, based on rates current at the end of each reporting period) and the earliest date the Group can be required to pay:

## 31 FINANCIAL RISK MANAGEMENT AND FAIR VALUES OF FINANCIAL INSTRUMENTS *(continued)*

### (c) Interest rate risk

Interest rate risk is the risk that future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group is not exposed to significant interest rate risk for cash and cash equivalents or restricted cash because the interest rates of cash at bank are not expected to change significantly.

All of the lease liabilities of the Group are fixed rate instruments and are insensitive to any change in market interest rates. The Group does not have floating rate liabilities or loans as at 31 December 2025 and consequently does not have significant exposure to interest rate risk.

### (d) Currency risk

The functional currency of the Group's subsidiaries in Chinese Mainland is RMB. The Group considers the risk of movements in exchange rates to be insignificant except for dividends distributed by a Chinese Mainland-resident enterprise to its immediate holding company outside Chinese Mainland. Almost all of the Group's operating activities are carried out in Chinese Mainland with most of the transactions denominated in RMB. The cash held by the Company and Hong Kong subsidiary are denominated in Hong Kong dollar ("HKD") and the functional currency of these entities are HKD.

### (e) Fair value measurement

#### (i) Fair value hierarchy

The following table presents the fair value of the Group's financial instruments measured at the end of the reporting period on a recurring basis, categorised into the three-level fair value hierarchy as defined in HKFRS 13, Fair value measurement. The level into which a fair value measurement is classified is determined with reference to the observability and significance of the inputs used in the valuation technique as follows:

- Level 1 valuations: Fair value measured using only Level 1 inputs i.e. unadjusted quoted prices in active markets for identical assets or liabilities at the measurement date
- Level 2 valuations: Fair value measured using Level 2 inputs i.e. observable inputs which fail to meet Level 1, and not using significant unobservable inputs. Unobservable inputs are inputs for which market data are not available
- Level 3 valuations: Fair value measured using significant unobservable inputs

### (e) Fair value measurement *(continued)*

#### (i) Fair value hierarchy *(continued)*

The Group's Financial Management Department headed by the General Manager is responsible for determining the policies and procedures for the fair value measurement of financial instruments. The Financial Management Department reports directly to the head of the financial management center. At each reporting date, the Financial Management Department analyses the movements in the values of financial instruments and determines the major inputs applied in the valuation. The valuation is reviewed and approved by the executive director. The valuation process and results are discussed with the audit committee twice a year for interim and annual financial reporting.

During the years ended 31 December 2024 and 2025, there were no transfers between Level 1 and Level 2 or transfers into or out of Level 3. The Group's policy is to recognise transfers between levels of fair value hierarchy as at the end of the reporting period in which they occur.

### (f) Fair value of financial assets and liabilities carried at other than fair value

The carrying amounts of the Group's financial assets and liabilities carried at amortised cost are not materially different from their fair values at 31 December 2025 and 2024.

## 33 CONTINGENCIES

On 9 November 2022, Excellence Property Management, an indirect wholly-owned subsidiary of the Company was served with a notice of arbitration issued by the Shanghai Arbitration Commission and the other relevant documents in relation to a dispute in respect of acquisition of 40% equity interest in a project company (“**the Project Company**”) which is currently 60% held by a disposed subsidiary of the Group (“**the Disposed Subsidiary**”), involving the Disposed Subsidiary and Excellence Property Management, as the respondents, and the beneficial owners of the 40% equity interest in the Project Company, as the applicants.

The applicants alleged that the Disposed Subsidiary, as an agent of Excellence Property Management, failed to acquire all the 40% equity interest in the Project Company owned by the applicants and claimed against the Disposed Subsidiary and Excellence Property Management to:

- (i) pay the applicants RMB20.8 million being damages for the breach of the agreement;
- (ii) acquire all the equity interest in the Project Company owned by the applicants at a cash consideration calculated based on 40% of the audited net profit of the Project Company for the year ended 31 December 2020, multiplied by 12; and
- (iii) costs.

The Group has engaged legal advisors to handle the arbitration. Up to the date of these financial statements, no arbitral award was granted. Since the result of the arbitration cannot be estimated reliably as the date of these financial statements, no provision in respect of the arbitration was recognised.

At 31 December 2025, the directors consider the ultimate controlling party and the immediate parent of the Group is Mr. Li Wa and Urban Hero respectively.

## 37 POSSIBLE IMPACT OF AMENDMENTS, NEW STANDARDS AND INTERPRETATIONS ISSUED BUT NOT YET EFFECTIVE FOR THE YEAR ENDED 31 DECEMBER 2025

Up to the date of issue of these financial statements, the HKICPA has issued a number of new or amended standards, which are not yet effective for the year ended 31 December 2025 and which have not been adopted in these financial statements. These developments include the following which may be relevant to the group.

|                                                                                                                                                                                                   | Effective for<br>accounting<br>periods<br>beginning on<br>or after |

| Amendments to HKFRS 9, <i>Financial instruments</i> and HKFRS 7, <i>Financial instruments</i> :<br><i>disclosures – Amendments to the classification and measurement of financial instruments</i> | 1 January 2026                                                     |
| Annual improvements to HKFRS Accounting Standards – Volume 11                                                                                                                                     | 1 January 2026                                                     |
| HKFRS 18, <i>Presentation and disclosure in financial statements</i>                                                                                                                              | 1 January 2027                                                     |
| HKFRS 19, <i>Subsidiaries without public accountability: disclosures</i>                                                                                                                          | 1 January 2027                                                     |

The Group is in the process of making an assessment of what the impact of these developments is expected to be in the period of initial application. So far it has concluded that the adoption of them is unlikely to have a significant impact on the consolidated financial statements except for the following:

### **HKFRS 18, *Presentation and disclosure in financial statements***

HKFRS 18 will replace HKAS 1 Presentation of financial statements and aims to improve the transparency and comparability of information about an entity's financial statements. HKFRS 18 is effective for annual reporting periods beginning on or after 1 January 2027 and is to be applied retrospectively.

Among other changes, under HKFRS 18, entities are required to classify all income and expenses into five categories in the statement of profit or loss, namely the operating, investing, financing, discontinued operations and income tax categories. Entities are also required to provide specific disclosures about management-defined performance measures in a single note in the financial statements.

The Group does not plan to early adopt HKFRS 18 and is still in the process of assessing the impact of the adoption.
