CHAIRMAN'S STATEMENT

Dear Shareholders,

On behalf of the Board of Directors of Legion Consortium Limited (the "**Company**"), I am honored to present the Annual Report of the Company and its subsidiaries (collectively, the "**Group**") for the financial year ended 31 December 2025.

As we reflect on the past year, I am filled with pride and gratitude for the progress we have achieved together. The shipping industry continues to navigate a challenging global environment, yet our resilience and commitment have enabled us to deliver on our promises while laying a strong foundation for sustainable growth.

During the year, the Group recorded total revenue of S\$61.2 million, representing a 7.4% decline. This was primarily due to reduced market demand, which impacted sales volumes across our freight forwarding services. Despite these headwinds, we successfully expanded our vehicle fleet and secured land for future development. Part of this land is already in use for business operations, while construction is underway to build a three level warehouse. These strategic investments are expected to enhance the visibility of our logistics business, improve access to capital, and strengthen our competitive position in the market.

Looking ahead, the Group will continue to pursue growth through strategic acquisitions and disciplined expansion initiatives. We are confident that these efforts will enable us to emerge stronger, more agile, and better equipped to capture opportunities in the evolving logistics landscape.

Our achievements would not have been possible without the unwavering support of our stakeholders. I extend my sincere appreciation to our shareholders, business partners, and customers for their trust and collaboration. I also wish to acknowledge the invaluable contributions of my fellow Directors, whose guidance has been instrumental, and our dedicated employees, whose commitment and hard work remain the cornerstone of our success.

Together, the management team and staff of the Group will continue striving to deliver sustainable results and create lasting value for our shareholders.

Thank you for being part of our journey. With your continued support, we will steer the Company toward greater achievements.

MANAGEMENT DISCUSSION AND ANALYSIS

BUSINESS REVIEW AND PROSPECTS

The Group is a Singapore-based logistics services provider offering a comprehensive suite of solutions that support the seamless movement of goods and services. Our services include trucking, freight forwarding, transportation, and value-added transportation services (“**VATS**”), tailored to meet diverse customer needs.

Over the years, the Group has built a strong foundation through well-established infrastructure, a solid market reputation, and a portfolio of prestigious clients. We have successfully expanded our corporate footprint across Singapore, leveraging the nation’s strategic location as a regional distribution hub. These strengths have enabled us to maintain resilience and stability amid ongoing industry challenges.

The Group are recognised as an integrated logistics solutions provider, equipped with a modern vehicle fleet, strategically located logistics yards, and a seasoned management team. Our expertise spans sea, air and road logistics, allowing us to navigate complex supply chains and deliver cargo with greater efficiency.

As at 31 December 2025, the Group had a vehicle fleet comprising 59 prime movers, 493 trailers, and 24 flat vans, as well as machinery including 6 reach stackers, 2 kalmars, and 3 forklifts. Furthermore, the Group operates 3 logistics yards and 3 warehouses of approximately 48,308 sq. m and 32,343 sq. m, respectively, providing open-yard storage and warehousing services as part of our VATS offerings.

To accommodate our expanding capacity and fleet, the Group entered into a lease agreement with JTC Corporation on 22 November 2024. The Group has identified a strategically located site that is well suited for the Group business development and expansion, considering its usable floor area, facilities, and tenure terms. The leased premises will be utilised for warehouse operations and vehicle parking (e.g. trailer and prime mover). The Group is of the opinion that this agreement represents a valuable opportunity, offering fair and suitable terms that support our long-term growth at a reasonable cost. By securing the long-term usage of the premises, the Group is able to mitigate rental market uncertainties, strengthen financial planning, and allocate resources with greater flexibility.

The Group expects enhanced visibility of the logistics business and improved access to capital, which will allow us to achieve our expansion plans and further strengthen our position in the market.

Prospects

The Group remains committed to its long-term strategic objectives, which include scaling up transportation operations, enhancing value-added transportation services (VATS), and expanding into warehousing. These initiatives are designed to cultivate a resilient and supportive ecosystem for sustained business growth.

Building premises and increasing warehousing capacities serve as part of our efforts to position the Group for future sustainable growth. We will be able to help our customers consolidate their supply chain operations under one roof and reaffirm our role as a leading provider of total integrated logistics solutions.

Moving forward, the Group is determined to stay abreast of times and maintain its leading position in the industry. We are also mindful of the business impact of external factors, such as fluctuations in diesel prices and interest rates, tightening of the labour market and pressure on wage costs. As such, we will strive to persist in our prudent cost management, while seeking synergistic collaborative partners to enhance our competitive edge.

Undeterred by these challenges, we remain focused on delivering on our strategy with restrained optimism. We embark on our financial year 2026 journey in a strong financial position and have numerous viable options for growth and value creation.

MANAGEMENT DISCUSSION AND ANALYSIS

FINANCIAL REVIEW

Revenue

Revenue decreased by approximately 7.4% from approximately S\$66.1 million for the year ended 31 December 2024 to approximately S\$61.2 million for the year ended 31 December 2025. This was primarily due to reduced market demand, which impacted sales volumes across our freight forwarding services.

Trucking services

Our Group's trucking services revenue was approximately S\$22.6 million and S\$26.9 million for the years ended 31 December 2024 and 2025, respectively. Trucking revenue consists of revenue from transportation fees in relation to the transportation of cargo. The increase of approximately S\$4.3 million or 19% was mainly due to the Group continued growth in customer demand for trucking services.

Freight forwarding services

Our Group's revenue from freight forwarding services was approximately S\$29.7 million and S\$21.4 million for the years ended 31 December 2024 and 2025, respectively. Revenue from freight forwarding services consists of fees from import and export freight forwarding arrangements (by either air or sea), local trucking and haulage to and from airport/seaport and customers/warehouses, as well as other related services such as cargo permit declaration and crating. Such revenue is mainly driven by the volume of goods, type of services provided, and type of cargoes, among other factors.

The decrease of approximately S\$8.3 million or 27.9% was due to a softer operating environment in year 2025, as the global freight forwarding and logistics industry faced macroeconomic and trade-related headwinds. Global merchandise and maritime trade growth slowed significantly, with international trade volumes expanding at a much reduced pace compared to prior years.

VATS

Our Group's revenue from VATS was approximately S\$13.9 million and S\$13.0 million for the years ended 31 December 2024 and 2025, respectively. Revenue from VATS consists of open-yard storage fees, stuffing and unstuffing fees and transportation fees for the container haulage between our logistics yard and our customers designated pick up and/or delivery points. Such revenue is primarily driven by land area that the containers are stored for. The decrease of approximately S\$0.9 million or 6.5% was due to the departure of current tenant and the offering of special rates to attract new tenants.

Gross Profit and Gross Profit Margin

For the years ended 31 December 2024 and 2025, we recorded a gross profit of approximately S\$20.9 million and S\$18.5 million, respectively. The decrease of approximately S\$2.4 million or 10.5% was due to the decrease in sales performance of freight forwarding services. Trucking services accounted for approximately 33.0% and 37.0% of our total gross profit for the years ended 31 December 2024 and 2025, respectively. Freight forwarding services accounted for approximately 39.1% and 39.3% of our total gross profit for the years ended 31 December 2024 and 2025 respectively. VATS accounted for approximately 27.9% and 23.7% of our total gross profit for the years ended 31 December 2024 and 2025, respectively.

MANAGEMENT DISCUSSION AND ANALYSIS

For the years ended 31 December 2024 and 2025, we recorded a gross profit margin of approximately 31.6% and 30.3%, respectively. Gross profit margin for trucking services was approximately 30.5% and 25.5% for the years ended 31 December 2024 and 2025, respectively. The decrease in gross profit margin for trucking services primarily due to intensified competition and rising trucking and staff costs. Gross profit margin for freight forwarding services was approximately 27.5% and 34.1% for the years ended 31 December 2024 and 2025, respectively. The increase was driven by improved pricing strategies and operational efficiencies, despite higher freight-related costs and decreased demand from freight forwarding services. Gross profit margin for VATS was approximately 41.9% and 33.8% for the years ended 31 December 2024 and 2025, respectively. The decrease in the gross profit margin of VATS was due to the departure of current tenant and the offering of special rates to attract new tenants.

Other income

Our Group reported other income of approximately S\$1.5 million and S\$1.0 million for the years ended 31 December 2024 and 2025, respectively. Other income mainly relates to government grants which mainly comprise of the WCS, SEC, JGI, interest income and rental income from investment properties. The decrease in other income was primarily due to lower fixed deposit interest income.

Other (loss)/gains, net

Our Group reported other gains of approximately S\$0.2 million and other losses of approximately S\$0.3 million for the years ended 31 December 2024 and 2025, respectively. Other gains and losses relate to (loss)/gain on disposal of property and equipment, net foreign exchange gains/(loss) and fair value loss on derivative financial instruments.

Impairment loss of intangible assets

During the year ended 31 December 2025, the Group recognised an impairment loss of goodwill, relating to the business combination of Resolute Solutions Pte. Ltd ("**Resolute Solutions**"), as the financial performance of Resolute Solutions declined during the year ended 31 December 2025 as compared to the year ended 31 December 2024. As a result, the carrying amount of the cash-generating unit was reduced to its recoverable amount, leading to an impairment loss of S\$1,440,000 (2024: Nil). No other asset class apart from goodwill was impaired.

Impairment gains and losses (including reversals of impairment losses) on financial assets

For the year ended 31 December 2024, the Group recognised reversals of impairment losses amounting to S\$3,049. This was mainly due to the reversal of impairment losses recognised previously for the amounts owing from a certain customer which has been recovered the debt during the year ended 31 December 2024.

For the year ended 31 December 2025, the Group recognised impairment losses totalling S\$3,089,711. These losses arose from long-outstanding debts that were written off as non-collectible including a customer which is undergoing liquidation. This customer rented certain space in the Group's cargo yard for storing cargo. Subsequent events revealed that regulatory authorities seized and intended to permanently dispose of the customer's cargo, eliminating any realistic prospect of repayment. As a result, the Group directly wrote off the entire balance of S\$3,077,336.

MANAGEMENT DISCUSSION AND ANALYSIS

Administrative expenses

Our Group reported administrative expenses of approximately S\$15.9 million and S\$19.2 million for the years ended 31 December 2024 and 2025, respectively. The increase was primarily attributable to one-off and strategic expenditures incurred during the year 2025.

Administrative expenses mainly comprise directors' remuneration costs, staff costs, depreciation and amortisation expenses and miscellaneous expenses. Directors' remuneration costs, which include fees and compensation paid to Directors. Staff costs, including office staff salaries, Central Provident Fund (CPF) contributions, and performance bonuses. Depreciation and amortisation expenses, covering depreciation of properties and office equipment, as well as amortisation of software. Miscellaneous expenses, which include office-related costs such as utilities, insurance, and rental, as well as professional fees for audit, secretarial services, and other advisory support.

The increase in administrative expenses was mainly driven by higher professional fees related to the appointment of a financial advisor to assess the feasibility of spinning off the freight forwarding business as a separately listed entity. Additional consultancy costs incurred for transitioning existing customer management services to external consultants and incremental expenses associated with the Group's 30th anniversary celebrations, including event-related costs.

Income tax (credit)/expense

As our operations are based in Singapore, the Group is liable to pay corporate income tax in accordance with the tax regulations of Singapore. Income tax expense of the Group amounted to approximately S\$0.9 million and income tax credit approximately S\$0.1 million for the years ended 31 December 2024 and 2025, respectively.

(Loss)/profit for the year

As a result of the foregoing, the Group has reported a loss of approximately S\$5.1 million for the year ended 31 December 2025, compare with a profit approximately S\$5.0 million for the year ended 31 December 2024. The decrease in net profit was primarily driven by reduced market demand, which led to a significant drop in sales volume across our freight forwarding services, higher operational costs, including increased maintenance and logistics-related expenses, which compressed margins and impacted profitability, lower other income, notably due to reduced fixed deposit interest income and adverse foreign exchange fluctuations; and increased in operating expenses, including additional professional fees, bank charges, and other administrative costs related to strategic initiatives and one-off events.

As a result, the Group's net profit margin declined from approximately 7.6% for the year ended 31 December 2024 to net loss margin of approximately 8.4% for the year ended 31 December 2025.

Final dividend

No dividend was declared or paid out during the year ended 31 December 2025.

The Board does not recommend the payment of a final dividend for the year ended 31 December 2025.

MANAGEMENT DISCUSSION AND ANALYSIS

Liquidity and capital assets

The shares of the Company were successfully listed on the Main Board of the Stock Exchange on 13 January 2021 (the “Listing Date”) and there has been no change in capital structure of the Group since then. The capital structure of the Group consists of debt, which includes amounts due to related parties, trade and other payables, lease liabilities and bank borrowings, net of bank balances and cash and equity attributable to owners of the Group, comprising share capital and reserves.

Our primary uses of cash are to satisfy our working capital needs. Our working capital needs have been financed through a combination of funds generated from operations and bank borrowings. As at 31 December 2024 and 31 December 2025, we had bank balances and cash of approximately S\$14.5 million and S\$14.8 million respectively. As at 31 December 2024 and 2025, we had fixed deposits with maturity of over three months of approximately S\$1.2 million and S\$1.2 million respectively. Going forward, we expect to fund our working capital and other capital requirements with a combination of various sources, including but not limited to cash generated from our operations and short-term or long-term indebtedness.

The bank balances and cash of the Group, mainly denominated in SGD, HKD and USD, are generally deposited with authorised financial institutions. As at 31 December 2025, approximately 68% (31 December 2024: 71%) of the Group’s bank balances and cash was denominated in SGD, approximately 31% (31 December 2024: 29%) was denominated in USD and approximately 1% (31 December 2024: 0%) was denominated in HKD.

As at 31 December 2025, the Group had banking facilities with credit limit amounting to S\$7 million (31 December 2024: Nil). There was unutilised credit facilities at the end of the year 2025.

As at 31 December 2025, the gearing ratio of the Group, based on total interest-bearing liabilities (including bank borrowings and lease liabilities) to total equity (including all capital and reserves) of the Company was approximately 28.0% (31 December 2024: 27.7%). The increase in gearing ratio was mainly attributable to the additional bank borrowing during the year ended 31 December 2025.

Foreign currency exposure

The Group transacts mainly in Singapore dollars, which is the functional currency of all the Group’s operating subsidiaries. The Group currently does not have a foreign currency hedging policy but maintains a conservative approach to foreign currency management to ensure its exposure to fluctuations in foreign exchange rates is minimised.

Pledge of assets

The deposit of S\$0.3 million (2024: S\$0.4 million) is pledged as security with a financial institution to obtain letter of credit facilities with original maturity of 6 months to 1 year and being renewed automatically by month.

The Group’s investment properties of S\$3.1 million (2024: Nil) and leasehold property of S\$17.1 million (2024: Nil) are pledged as securities with a financial institution for a bank borrowing of S\$4 million (2024: Nil).

Significant investment held, material acquisitions and disposal of subsidiaries, associated companies or joint ventures

There were no significant investments held, material acquisitions or disposals of subsidiaries, associated companies or joint ventures by the Group during the year ended 31 December 2025.

MANAGEMENT DISCUSSION AND ANALYSIS

Significant events

Construction Contracts

On 10 January 2025, the Group entered into a construction contract with Soon He Construction Pte. Ltd. to build a new 3-storey single-user industrial building at a contract sum of S\$5,408,000 (exclusive of GST). Later, on 8 August 2025, an additional contract was signed with the same contractor for further works, valued at S\$1,972,000 (exclusive of GST). Please refer to the Company's announcement dated 10 January 2025 and 8 August 2025 for details.

Acquisition of Prime Movers

On 17 September 2025, the Group entered into two sales and purchase agreements for prime movers (i) SPA I (dated 18 June 2025) at S\$1,160,000 (exclusive of GST) and (ii) SPA II (dated 17 September 2025) at S\$580,000 (exclusive of GST). This acquisition strengthens fleet capacity, improves efficiency, and positions the Group to meet growing customer demand. Please refer to the Company's announcement dated 17 September 2025 for details.

Renewal of Continuing Connected Agreements

On 5 December 2025, The Group entered into an renewed agreement with R&S to renew the Repair Services under the R&S Master Services Agreement for a term of from 1 January 2026 to 31 December 2028 (the **"Renewed R&S Master Services Agreement"**) and entered into an renewed agreement with JH Tyres to renew the Tyre Services under the JH Master Services Agreement (the **"Renewed JH Master Services Agreement"**). Details of the Renewed R&S Master Services Agreement and the Renewed JH Master Services Agreement are set out in the Company's announcement dated 5 December 2025.

Future plans for material investments and capital assets

As at 31 December 2025, the Group did not have other plans for material investments and capital assets.

Employees and remuneration policy

As at 31 December 2025, the Group had a total of 228 employees (2024: 227 employees), including executive Directors. The gender ratio of the Group's workforce (including senior management) was approximately 58.77% male to approximately 41.23% female. The Group shall continue to take into account diversity perspectives including gender diversity in its hiring of employees from time to time. Total staff costs including Directors' emoluments, salaries, wages and other staff benefits, contributions and retirement schemes in the year ended 31 December 2025 amounted to approximately S\$14.6 million (2024: approximately S\$13.4 million). In order to attract and retain high quality staff and to enable smooth operation within the Group, the remuneration policy and package of the Group's employees are periodically reviewed. The salary and benefit levels of the employees of the Group are competitive (with reference to market conditions and individual qualifications and experience). The Group provides adequate job training to the employees to equip them with practical knowledge and skills. Apart from central provident fund and job training programmes, salary increments and discretionary bonuses may be awarded to employees according to the assessment of individual performance and market situation. The emoluments of the Directors have been reviewed by the remuneration committee of the Company (the **"RC"**), having regard to the Company's operating results, market competitiveness, individual performance, and achievement, and approved by the Board.

Environmental policies and performance

Details of environmental policies, performance and compliance with laws and regulations will be set out in the "Environmental, Social and Governance Report" section in the annual report of the Company for the year ended 31 December 2025.

MANAGEMENT DISCUSSION AND ANALYSIS

Capital commitments

As at 31 December 2025, the Group had capital commitments of S\$6.3 million (2024: Nil) in relation to the acquisition of property, plant and equipment.

Contingent liabilities

As at 31 December 2025, the Group had no material contingent liabilities (2024: nil).

Use of proceeds

On the Listing Date, the shares of the Company (the “**Shares**”) were listed on the Main Board of The Stock Exchange of Hong Kong Limited (the “**Stock Exchange**”). The Group intends to apply the proceeds from the issuance 312,500,000 Shares at the offer price of HK\$0.40 per Share in accordance with the proposed applications set out in the section headed “Future Plans and Use of Proceeds” in the prospectus of the Company dated 30 December 2020. After deducting share issuance expense and professional fee regarding to the Share Offer, the net proceeds (the “**Net Proceeds**”) amounted to approximately HK\$41.5 million (equivalent to approximately S\$7.2 million).

Reference is made to the announcement of the Company dated 30 August 2023. In order to i) improve the efficiency of the use of the Net Proceeds; ii) avoid continuous and massive rental and other related expenses in relation to storage of the prime movers and containers of the Group; and iii) utilise the unoccupied portion of logistics yard for generating other income, rather than continuously holding onto the unutilised Net Proceeds for the planned Strategic Acquisition and earning minimal bank interest income by depositing in banks, the Board has changed the use of the unutilised Net Proceeds.

Up to 31 December 2025, the Group had utilised the Net Proceeds as follows:

Intended uses of the net proceeds	Original allocation <i>HK\$ million (approximately)</i>	Revised allocation <i>HK\$ million (approximately)</i>	Utilised net proceeds up to 31 December 2025 <i>HK\$ million (approximately)</i>	Unutilised net proceeds as at 31 December 2025 <i>HK\$ million (approximately)</i>	Expected timeline for utilising remaining net proceeds

She has approximately 13 years of experience in financial reporting, auditing, financial management, corporate secretarial and regulatory compliance in listed companies in Hong Kong. Ms. Wong obtained a bachelor's degree in Accounting from City University of Hong Kong, she is also a Certified Public Accountant of the Hong Kong Institute of Certified Public Accountants.

CORPORATE GOVERNANCE REPORT

The Company is committed to achieving high standards of corporate governance to safeguard the interests of its Shareholders and enhance its corporate value. The Company adopted all the code provisions in the Corporate Governance Code (the “**CG Code**”) in Appendix C1 to the Rules (the “**Listing Rules**”) Governing the Listing of Securities on the Stock Exchange as its own code on corporate governance practices. Throughout the year ended 31 December 2025, the Company had complied with the code provisions in the CG Code with the exception of the code provision C.2.1. Details of such deviation is explained below.

CORPORATE PURPOSE, VALUE AND STRATEGY

Our purpose is to provide seamless and reliable logistics solutions that strengthen Singapore’s position as a global trade hub. We create value by integrating trucking, freight forwarding, and complementary logistics services into a cohesive offering that enhances efficiency and reduces complexity for our customers.

We are committed to operational excellence by ensuring that goods are delivered punctually, safely, and in optimal condition. Our integrated solutions allow us to support customers across the entire supply chain, from origin to final distribution. By fostering long-term partnerships, we tailor our services to meet evolving customer needs and contribute to the resilience of their operations.

Looking ahead, we aim to expand our capabilities through sustainability initiatives, and regional growth opportunities. By investing in technology and environmentally responsible practices, we will continue to strengthen our competitive position, drive sustainable growth, and deliver enduring value to our stakeholders.

BOARD OF DIRECTORS

The Company is governed by the Board which is responsible for formulating and implementing company policy and business strategies of the Group; overseeing the accounts, information technology and operational matters of the Group; and providing independent advice to the Board. The Board sets the overall strategy and directions for the Group with a view to developing its business and enhancing the shareholder value.

The Board is having regular Board meetings from time to time to formulate overall strategy, monitor business development as well as the financial performance of the Group. The Board has delegated certain duties and authorities to the management of the Company for supervising the human resources and health, safety, environmental, and operational matters of the Group; overseeing the financial reporting and management, internal control and compliance matters of the Group; overseeing the general management of projects and operation of the Group; overseeing the management of projects of the Group, including the planning and execution of projects from commencement until completion; and overseeing the management of the Group’s operation from business development to project execution, including the procurement of contracts as well as value engineering the projects of the Group.

Newly appointed Director will be arranged a comprehensive, formal and tailored induction which includes provision of key guidelines, documents and publications relevant to their roles, responsibilities and ongoing obligations; a briefing on the Company’s structure, businesses, risk management and other governance practices and meeting with other fellow Directors so as to help the newly appointed Directors familiarize with the management, business and governance policies and practices of the Company, and ensure that they have a proper understanding of the operations and businesses of the Company.

CORPORATE GOVERNANCE REPORT

The Board is responsible for determining the appropriate corporate governance practices applicable to the Company's circumstances and ensuring systems, processes and procedures in place to achieve the Company's corporate governance objectives; reviewing and monitoring the training and continuous professional development of Directors and senior management and the Company's policies, practices and guidelines on compliance with legal and regulatory requirements; and etc. The Board may discharge its corporate governance duties by establishment of board committees and delegation of certain management and administration functions to the management. During the year ended 31 December 2025 and up to the date of this report, the Board reviewed the compliance with the CG Code, the disclosure in the corporate governance report and the effectiveness of the risk management and internal controls systems of the Group.

The Directors have full access to information of the Group and the management has an obligation to supply the Directors with adequate information in a timely manner to enable the Directors to perform their responsibilities. The Board and the Board committees are provided with sufficient resources to perform their duties and, where necessary, the Directors and the Board committees are entitled to seek independent professional advice at the Company's expense.

The Board currently comprises three executive Directors (the "ED(s)"), namely Mr. Ng Choon Eng (Chairman and Chief Executive Officer), Mr. Ng Kong Hock and Ms. Tham Chia Sze; and three independent non-executive Directors (the "INED(s)"), namely Mr. Yeo Teck Chuan, Mr. Ho Wing Sum and Mr. Teo Rainer Jia Kai.

Mr. Ng Choon Eng, an ED, the Chairman and the Chief Executive Officer, is the father of Mr. Ng Kong Hock, an ED. There are no other relationships among our Directors.

During the year ended 31 December 2025, one general meeting was held while three Board meetings were held whereat the Board, among others, (i) reviewed and approved the financial results for the year ended 31 December 2024; (ii) reviewed and approved the financial results for the six months ended 30 June 2025; (iii) considered and approved the overall strategies and policies of the Group; (iv) considered and approved the remuneration packages of individual EDs and the senior management; and (v) cessation and appointment of the Company Secretary. The attendance of individual Directors at the general meeting and Board meetings is set out in the following table:

Name of Directors	Attended/Eligible to attend 2025 Annual	
	General Meeting	Board meetings
Mr. Ng Choon Eng (<i>Chairman</i>)	1/1	3/3
Mr. Ng Kong Hock	1/1	3/3
Ms. Tham Chia Sze	1/1	3/3
Mr. Yeo Teck Chuan	1/1	3/3
Mr. Ho Wing Sum	1/1	3/3
Mr. Teo Rainer Jia Kai	1/1	3/3

Notice of regular Board meetings is served on all the Directors at least 14 days before meeting. For other Board and Board committee meetings, reasonable notice is generally given.

Board papers together with all appropriate, complete and reliable information are sent to all the Directors at least 3 days before each Board or Board committee meeting to keep the Directors apprised of the latest developments and financial position of the Company and to enable them to make informed decisions. The Board and each Director also have separate and independent access to the senior management of the Company where necessary.

CORPORATE GOVERNANCE REPORT

The minutes of Board and Board committee meetings are kept by the Company Secretary and are open for inspection by any Director. The minutes of Board and Board committee meetings record in sufficient detail the matters considered and decisions reached, including any concerns raised by Directors or dissenting views expressed. Draft and final versions of minutes are sent to all Directors for their comment and records respectively, within a reasonable time after the meetings are held.

Other than regular meetings, the Chairman also meets with the INEDs without the presence of the EDs, to facilitate an open discussion among the INEDs on issues relating to the Group.

During the year ended 31 December 2025, training materials were provided to the Directors, covering a wide range of topics including but not limited to directors' duties, continuing obligations after listing, corporate governance matters, internal control and risk management.

In compliance with the Listing Rules, the Company appointed three INEDs with at least one of them having appropriate professional qualifications or accounting or related financial management expertise. The INEDs, together with the EDs, ensure that the Board prepares its financial and other mandatory reports in strict compliance with the relevant standards. The Company has received an annual confirmation of independence under Rule 3.13 of the Listing Rules from each of the INEDs and considered that their independence is in compliance with the Listing Rules.

Under the code provision C.2.1 of the CG Code, the roles of chairman and chief executive should be separate and should not be performed by the same individual. Mr. Ng Choon Eng is the Chairman and the Chief Executive Officer. As Mr. Ng Choon Eng has been operating and managing the Group since 1995, our Board believes that it is in the best interest of our Group to have Mr. Ng taking up both roles for effective management and business development. Therefore, our Directors consider that the deviation from the code provision C.2.1 of the CG Code is appropriate in such circumstance. In order to maintain good corporate governance and fully comply with such code provision, our Board will regularly review the need to appoint different individuals to perform the roles of the Chairman and Chief Executive Officer separately.

Under the code provision B.2.2 of the CG Code, non-executive directors should be appointed for a specific term, subject to re-election. Pursuant to the letter of appointment, the initial term of the INEDs is three years and will continue thereafter until terminated in accordance with the terms of the letter of appointment. At least one-third of the Directors shall retire from office by rotation and be eligible for re-election at each annual general meeting at least once every three years pursuant to the second amended and restated memorandum and articles of association of the Company adopted on 26 June 2023 (the "**Articles of Association**").

The Company recognizes the importance of the Board independence to corporate governance. In particular, in order to ensure the strong independence of the Board and make ensure that the Board can obtain independent views and opinions, the following mechanisms are required: 1) in assessing the qualification of potential candidates to become independent Directors, the nomination committee of the Company (the "**NC**") and the Board will consider, among others, whether the candidates are able to dedicate sufficient time to fulfill their duties as independent Directors and the candidates' backgrounds and qualifications, in order to assess whether such candidates are able to bring an independent view to the Board; and 2) the NC is authorized to assess the independence of all independent non-executive Directors on an annual basis with reference to the Independence criteria set out in the Listing Rules so as to ensure that they can continue to exercise independent judgment.

CORPORATE GOVERNANCE REPORT

All Directors have full and timely access to all information of the Company and to the advice and services of the Company Secretary and senior management of the Company. Directors are generally entitled to seek independent professional advice on the discharge of their duties to the Company in appropriate circumstances upon request and at our Company's expense.

At the same time, the Company has formulated internal policies (including but not limited to the Articles of Association, the terms of reference of the RC, the audit committee of the Company (the "**AC**") and the NC) to ensure that the Board is provided with independent views and opinions. For the year ended 31 December 2025, the Company has reviewed the implementation and effectiveness of the above mechanism and is of the view that the above mechanism is able to ensure that the Board is provided with independent views and opinions.

SECURITIES TRANSACTIONS BY DIRECTORS

The Company adopted the Model Code for Securities Transactions by Directors of Listed Issuers (the "**Model Code**") as set out in Appendix C3 to the Listing Rules as the codes of conduct regarding securities transactions by Directors and by relevant employees of the Company. All Directors have confirmed that, following specific enquiry by the Company, they fully complied with the required standard as set out in the Model Code throughout the year ended 31 December 2025.

BOARD DIVERSITY POLICY

The Company has adopted a board diversity policy (the "**Board Diversity Policy**") which sets out the approach to achieve and maintain an appropriate balance of diversity perspectives of the Board that are relevant to the Company's business and development. Pursuant to the Board Diversity Policy, selection of Board candidates will be based on a number of objective factors, including but not limited to gender, age, cultural and educational background or professional skills and experience. In forming its perspective on diversity, the Company takes into account factors based on our business model and specific needs from time to time. The ultimate decision will be made based on merit and contribution that the selected candidates will bring to the Board. The NC will disclose the composition of the Board annually in the corporate governance report and monitor the implementation of the Board Diversity Policy by regularly reviewing the board diversity policy and assessing its effectiveness, and where necessary, make any revisions that may be required and recommend any such revisions to the Board for consideration and approval.

The NC will discuss and agree annually measurable objectives that the Board has set for implementing the Board Diversity Policy for nomination of directors to the Board and recommend them to the Board for adoption. The NC monitors the implementation of the Board Diversity Policy, reviews and assesses annually the composition of the Board under diversified perspectives and makes recommendations to the Board on appointment of new directors of the Company. The NC also oversees the conduct of the annual review of the effectiveness of the Board.

The Board currently has one female Director out of six Directors, and is committed to improving gender diversity as and when suitable candidates are identified. The NC has reviewed the policy concerning the diversity of Board members and believes that the Board has already had a diverse mix of gender, skills, knowledge and experience. The Company is of the view that gender diversity in respect of the Board has been achieved.

CORPORATE GOVERNANCE REPORT

As at 31 December 2025, the Group had 228 employees (including executive Directors) (2024: 227 employees) in total comprising of 94 females (2024: 98 females) and 134 males (2024: 129 males). The female-to-male ratio of senior management is approximately 0.33:1 (2024: approximately 0.33:1), and of employees (excluding senior management) is approximately 0.71:1 (2024: approximately 0.77:1). The Company is committed to provide career development opportunities for female staff and ensure that there is gender diversity when recruiting staff from mid to senior levels so that the Company will have a pipeline of female senior management in future. The Group will emphasise on training senior female staff who have long and relevant experience in our business, including but not limited to logistics and financial management. To further ensure gender diversity of the Board in the long run, the Group will take opportunities to increase the proportion of female members of the Board, identify and select several female individuals with a diverse range of skills, experience and knowledge in different fields from time to time, and maintain a list of such female individuals who possess qualities to become the Board members, which will be reviewed by the NC periodically in order to develop a pipeline of potential successors to the Board to promote gender diversity of the Board. The Directors believe that this policy will provide the required manpower resources to better achieve gender diversity in the whole Group.

REMUNERATION COMMITTEE

The Company established the RC in December 2020 with written terms of reference in compliance with the CG Code, which is available on the websites of the Company and the Stock Exchange. The RC comprises Mr. Ho Wing Sum (Chairman), Mr. Yeo Teck Chuan, Mr. Teo Rainer Jia Kai and Mr. Ng Kong Hock.

The primary duties of the RC are, among others, to make recommendations to the Board on the Company's policy and structure for all Directors' and senior management remuneration and on the establishment of a formal and transparent procedure for developing remuneration policy; review and approve the management's remuneration proposals; make recommendations to the Board on the remuneration of non-executive Directors; and review and/or approve matters relating to share schemes under Chapter 17 of the Listing Rules. The Directors are remunerated with reference to their respective duties and responsibility with the Company, the Company's performance and current market situation. The RC has adopted the model under the CG Code to make recommendations to the Board on the remuneration packages of individual EDs and senior management in consultation with the Chairman.

During the year ended 31 December 2025, one RC meeting was held for the purposes of, among other things, making recommendations on the remuneration packages of individual EDs and senior management and remuneration of the INEDs to the Board for consideration and approval. The attendance of individual members is set out in the following table.

DIRECTORS REMUNERATION POLICY

The Company has adopted a director remuneration policy, it sets out the general principles which guide the Group to deal with the remuneration matters. This remuneration policy aims to provide a fair market level of remuneration to retain and motivate high quality directors, senior management of the Group and attract experienced people of high calibre to oversee the business and development of the Group.

NOMINATION COMMITTEE

The Company established the NC in December 2020 with written terms of reference in compliance with the CG Code, which is available on the websites of the Company and the Stock Exchange. The NC comprises Mr. Teo Rainer Jia Kai (Chairman), Mr. Yeo Teck Chuan, Mr. Ho Wing Sum, Mr. Ng Kong Hock and Ms. Tham Chia Sze.

The primary duties of the NC are, among others, to review the structure, size and composition of the Board; identify individuals suitably qualified to become members of the Board; assess the independence of the INEDs; and make recommendation to the Board on the appointment or reappointment of the Directors.

The NC shall nominate suitable candidates to the Board for consideration and make recommendations to the Shareholders for election as Directors at general meetings of the Company. The factors used as reference by the NC in assessing the suitability of a proposed candidate are, among others, as follows:

- character and integrity;
- qualifications including professional qualifications, skills, knowledge and experience that are relevant to the Company's business and corporate strategy;
- accomplishment and experience business from time to time conducted, engaged in or invested in by any member of the Group;
- commitment in respect of available time and relevant interest;
- requirement for the Board to have independent directors in accordance with the Listing Rules and whether the candidates would be considered independent with reference to the independence guidelines set out in the Listing Rules;
- Board Diversity Policy and any measurable objectives adopted by the NC for achieving diversity on the Board; and
- such other perspectives appropriate to the Company's business.

For filling a casual vacancy, the NC shall make recommendations to the Board for consideration and approval.

CORPORATE GOVERNANCE REPORT

For proposing candidates to stand for election at a general meeting of the Company, the NC shall make nominations to the Board for its consideration and recommendation. The NC shall review the overall contribution and service to the Company of the retiring director including his/her attendance of Board meetings and, where applicable, general meetings, and the level of participation and performance on the Board. The NC shall also review and determine whether the retiring director continues to meet the criteria as set out above. The NC and/or the Board shall then make recommendation to the Shareholders in respect of the proposed re-election of Director at general meetings.

For any person that is nominated by a shareholder for election as a Director at a general meeting of the Company pursuant to the Articles and Association, the NC shall evaluate such candidate based on the criteria as set out above to determine whether such candidate is qualified for directorship and where appropriate, the NC and/or the Board shall make recommendation to the Shareholders in respect of the proposed election of Director at a general meeting of the Company.

The NC shall, upon receipt of the proposal on appointment of new Director with biographical information (or relevant details), evaluate such candidate based on the criteria as set out above to determine whether such candidate is qualified for directorship. If the process yields one or more desirable candidates, the NC shall rank them by order of preference based on the needs of the Company and reference check of each candidate (where applicable). The NC shall then recommend to appoint the appropriate candidate for directorship. The Board shall have the ultimate responsibility for selection and appointment of Directors.

Each of the EDs and the INEDs has entered into service agreements or letters of appointment respectively for their appointment with the Company for an initial term of three years commencing from the Listing Date and shall continue thereafter unless and until it is terminated by the Company or the Directors giving to the other not less than three (3) months' prior notice in writing and is subject to retirement by rotation and, being eligible, re-election at an annual general meeting of the Company in accordance with the Articles of Association.

According to articles 108 of the Articles of Association, at each annual general meeting one-third of the Directors for the time being (or, if their number is not a multiple of three, the number nearest to but not less than one-third) shall retire from office by rotation provided that every Director shall be subject to retirement and eligible for re-election at an annual general meeting of the Company at least once every three years. The Directors to retire by rotation shall include (so far as necessary to ascertain the number of directors to retire by rotation) any Director who wishes to retire and not to offer himself for re-election. Any further Directors so to retire shall be those of the other Directors subject to retirement by rotation who have been longest in office since their last re-election or appointment and so that as between persons who became or were last re-elected Directors on the same day those to retire shall (unless they otherwise agree among themselves) be determined by lot. Any Director appointed by the Board pursuant to Article 83(3) shall not be taken into account in determining which particular Directors or the number of Directors who are to retire by rotation.

According to Article 112 of the Articles of Association, any Director appointed by the Board to fill a casual vacancy shall hold office until the first general meeting of the Company after his appointment and be subject to re-election at such meeting and any Director appointed by the Board as an addition to the existing Board shall hold office only until the next following annual general meeting of the Company and shall then be eligible for re-election.

During the year ended 31 December 2025, one NC meeting was held for the purposes of, among others, making recommendations of re-election of the Directors at annual general meeting of the Company; reviewing the structure, size, composition and efficiency of the Board and the Board Diversity Policy; reviewing the INEDs' annual confirmation on independence; and assessing the independence of the INEDs. The attendance of individual members is set out in the following table.

In preparing the Consolidated Financial Statements, the Directors have selected suitable accounting policies and applied them consistently, made judgements and estimates that are prudent, fair and reasonable and prepared the Consolidated Financial Statements on a going concern basis. There are no material uncertainties relating to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. The statement from the external auditors regarding their reporting responsibilities on the Consolidated Financial Statements is set out in the section headed "Independent Auditor's Report" of this annual report.

CORPORATE GOVERNANCE REPORT

RISK MANAGEMENT AND INTERNAL CONTROL

The Company is aiming to develop a sound and good internal control system and build risk awareness and control responsibility into the Group. The Board acknowledges its responsibility for maintaining a sound and effective risk management and internal control systems in order to safeguard the interests of the Shareholders and the assets of the Company against unauthorized use or disposition, ensuring maintenance of proper books and records for the provision of reliable financial information, and ensuring compliance with the relevant rules and regulations. The Board is responsible for reviewing the effectiveness and adequacy of the Group's risk management and internal control systems.

The objectives of risk management and internal control systems are to, among others, maintain the highest possible integrity and continuity for services provided by the Company; safeguard the assets, including people, property and financial resources; ensure the uninterrupted availability of resources for the Company to perform continuously the critical business functions to support its critical objectives; ensure to appropriately deal with disruption; demonstrate responsible business continuity management processes to align with applicable accepted best practice standards and methods; and ensure the accurate and timely provision of information to staff, business partners, stakeholders and other relevant levels of government during an outage event.

The Board and the AC are responsible to identify, analyse, evaluate and monitor risks associated with any activity, function or process within their relevant scope of responsibility and authority for all activities and processes associated with the normal operation. The Company has established a risk management policy and procedures for the Group setting out the risk management process, risk assessment matrix and risk register risk.

The main elements of the risk management process are to communicate and consult with internal and external stakeholders as appropriate at each stage of the risk management process and concerning the process as a whole; establish the external, internal and risk management context and the criteria against which risk to be evaluated; identify where, when, why and how events to prevent, degrade, delay or enhance the achievement of the objectives; determine consequences and likelihood of the level of risk by analysing the range of potential consequences to be occurred; compare estimated levels of risk against the pre-established criteria and consider the balance between potential benefits and adverse outcomes; develop and implement specific cost-effective strategies and action plans for increasing potential benefits and reducing potential costs; and monitor the effectiveness of all steps of the risk management process. Risks are effectively managed by the Group through the effective implementation of various controls including board approved risk management framework; maintenance of risk register; and regular review of risks and controls, particularly as the business changes. The Board would, at least annually, review the adequacy and effectiveness of the Group's risk management and internal control systems, including financial, operational and compliance controls.

The Group's risk management and internal control systems are designed to manage rather than eliminate the risk of failure to achieve business objectives and can only provide reasonable and not absolute assurance against material misstatement or loss.

The procedures and internal controls of the Company for handling and dissemination of inside information includes conducting the affairs of the Company with close regard to the Guidelines on Disclosure of Inside Information published by Securities and Futures Commission and the Listing Rules and reminding the Directors and employees of the Group regularly about due compliance with all polices regarding the inside information.

CORPORATE GOVERNANCE REPORT

During the year ended 31 December 2025 and up to the date of this annual report, the Board reviewed the effectiveness of the Group's risk management and internal control systems. The Company considered the Group's risk management and internal control systems are effective and adequate.

The Group does not have an internal audit function within the Group. The Company has engaged an external consultant to carry out internal audit function to review the effectiveness of the Group's risk management and internal control systems, on an annual basis, review and provide recommendations on improving its internal control system in order to manage business risks and to ensure smooth operation of the Group. The review covered certain operational procedures. No significant control failings or weakness have been identified by the consultant during the review. The Board and the AC would review the need for an internal audit function on an annual basis.

WHISTLEBLOWING POLICY AND ANTICORRUPTION POLICY

The Company has formulated whistle blowing policy that allows all staff and independent third parties, including customers, suppliers and contractors, to report any possible improprieties, misconducts, malpractices or irregularities in matters of financial reporting, internal control or other matters to the Board or the Audit Committee anonymously. The Group will handle the reports and complaints with care and will treat the whistle-blower's concerns fairly and properly. Any person who is found to have victimized or retaliated against those who have raised concerns under this policy will subject to disciplinary sanctions.

The Group has adopted anti-corruption policy on a zero-tolerance basis for any form of corruption, including bribery and extortion, fraud and money laundering, and promise to operate our business in an honest, ethical and creditable manner. The policies are revised in due course and all Directors and employees are reminded with its requirement from time to time. Please refer to the "Environmental, Social and Governance Report" contained in this report for more details.

Mr. Man Yun Wah has ceased to act as the Company Secretary with effect from 13 November 2025. Ms. Wong Po Lam was appointed as the Company Secretary on 28 November 2025. Ms. Wong is a Certified Public Accountant of the Hong Kong Institute of Certified Public Accountants and has also taken no less than 15 hours of relevant professional training for the financial year ended 31 December 2025 in compliance with Rule 3.29 of the Listing Rules.

According to code provision C.6.1 of the CG Code, where the Company engages an external service provider as its company secretary, it should disclose the identity of a person with sufficient seniority at the Company whom the external provider can contact. Ms. Wong is an external service provider in respect of the appointment of Ms. Wong as the Company Secretary, the primary person at the Company with whom Ms. Wong has been contacting in respect of company secretarial matters is Mr. Ng Kong Hock, the ED, Chairman and the Chief Executive Officer.

DIVIDEND POLICY

The Company considers stable and sustainable returns to the Shareholders to be its goal. The Company has adopted a dividend policy to allow the Shareholders to participate in the Company's profits whilst retaining adequate reserves for future growth of the Group.

The Company may from time to time declare dividends in any currency to be paid to the Shareholders subject to an approval of the Shareholders at general meetings of the Company but no dividends shall be declared in excess of the amount recommended by the Board. The Board may from time to time pay to the Shareholders an interim dividend as appear to be justified by the profits of the Company. The payment of dividend is also subject to applicable laws and regulations and the Articles of Association. The dividend policy will continue to be reviewed by the Board from time to time and there can be no assurance that dividends will be paid in any particular amount for any given period.

CORPORATE GOVERNANCE REPORT

In deciding whether to propose a dividend to the Shareholders, the Board will take into account factors such as general business conditions and other internal or external factors, financial performance, financial condition, expected working capital requirements, future expansion plans and future prospects of the Group.

The declaration of or recommendation of declaration of dividends is subject to the absolute discretion of the Board. Even if the Board decides to recommend and pay dividends, the form, frequency and amount will depend upon the operations and earnings, capital requirements and surplus, general financial condition, contractual restrictions and other factors of and affecting the Group. The Company may declare and pay dividends by way of cash or scrip or by other means that the Board considers appropriate.

The Board does not recommend the payment of final dividend for the year ended 31 December 2025 (2024: nil). The Board considers that the dividend decisions were made in accordance with the dividend policy of the Company.

SHAREHOLDERS' RIGHTS

The Company has adopted a Shareholders' communication policy with the objective of ensuring that the Shareholders will have equal and timely access to information about the Company in order to enable the Shareholders to exercise their rights in an informed manner and allow them to engage actively with the Company. The Annual General Meeting remains the principal forum for dialogue with the Shareholders. The Shareholders are encouraged to participate in the proceedings of and ask questions about the resolutions being proposed and the operations of the Group.

Pursuant to the Articles of Association, any one or more Shareholders holding at the date of deposit of the requisition no less than one-tenth of the paid up capital of the Company carrying the right of voting at general meetings of the Company shall at all times have the right, by written requisition to the Board or the Company Secretary, to require an extraordinary general meeting to be called by the Board for the transaction of any business specified in such requisition; and such meeting shall be held within two months after the deposit of such requisition. If within twenty-one days of such deposit the Board fails to proceed to convene such meeting the requisitionist(s) himself (themselves) may do so in the same manner.

Shareholders who wish to move a resolution may request the Company to convene a general meeting following the procedures as set out in the preceding paragraph. The written requisition should be signed by the requisitionists and deposited at the Company's principal place of business in Hong Kong, specifying the Shareholders' contact details and the resolution intended to be put forward at general meeting.

For including a resolution to propose a person for election as a Director at general meeting, the Shareholders are requested to follow the Articles of Association. A written notice signed by a Shareholder (other than the person to be proposed) duly qualified to attend and vote at the general meeting of the Company for which such notice is given of his intention to propose such person for election and also a written notice signed by the person to be proposed of his willingness to be elected shall have been lodged at the Company's principal place of business in Hong Kong provided that the minimum length of the period, during which such notices are given, shall be at least seven days and that the period for lodgement of such notices shall commence on the day after the despatch of the notice of the general meeting of the Company appointed for such election and end no later than seven days prior to the date of such general meeting. The written notice must state that person's biographical details as required by Rule 13.51(2) of the Listing Rules. The procedures for the Shareholders to propose a person for election as a Director are posted on the Company's website at www.legionconsortium.com. The Company has reviewed the implementation and effectiveness of the Shareholders' communication policy during the year ended 31 December 2025 and conclude that it is effective.

CORPORATE GOVERNANCE REPORT

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

INTRODUCTION

This Environmental, Social and Governance Report (the “**ESG Report**”) for the year ended 31 December 2025 (the “**Reporting Period**” or “**2025**”) summarises the environmental, social and governance (“**ESG**”) plans, initiatives, and performance of Legion Consortium Limited (the “**Company**”, together with its subsidiaries, the “**Group**” or “**we**”) and demonstrates its commitment to sustainable development. The Group is a well-established logistics service provider in Singapore, offering trucking, freight forwarding, and value-added transportation services to its customers. The Group has developed a reputation as an integrated logistics solution provider equipped with a vehicle fleet, logistics yards, and experienced management personnel. We navigate the complexities of sea, air, and road logistics to move cargo more efficiently. As one of the most well-established logistics service providers in Singapore, we believe sustainability is the key to achieving continuous success and have integrated it into our business strategies. The Group is dedicated to effectively handling its ESG issues and to continuously enhancing its ESG performance, as it believes this is the key to the sustainable development of its business.

ESG Governance Structure

The Group has set up an ESG working taskforce (the “**Taskforce**”), which is composed of core members from relevant departments of the Group and is responsible for collecting ESG data for the preparation of the ESG Report. The Taskforce would report to the Board (the “**Board**”) of directors (the “**Directors**”) of the Company at least once a year, assist in the identification and assessment of the Group’s ESG risks, and determine whether its internal control system is appropriate and effective. The Taskforce reviews the ESG performance of the Group, including environmental, labour practices, and other ESG aspects. In addition, the Group regularly engages its internal and external stakeholders and hires independent third parties to conduct materiality assessments to identify, evaluate, prioritise, and manage material ESG-related issues.

The Board has ultimate and collective accountability for the Group’s ESG strategy, management, performance, and reporting, with the support of the ESG Taskforce. The members of the Board possess the appropriate skills, experience, knowledge, and perspectives necessary to oversee the Group’s ESG matters. The Board holds at least one meeting each year to establish the overall ESG approach, oversee and assess the potential impacts and risks of the ESG issues related to the Group’s operation, review the Group’s performance against ESG-related targets and the materiality of the ESG issues, ensure the effectiveness of the Group’s risk management and internal control systems, and approve disclosures in ESG reports.

To demonstrate the steadfastness of the Group on sustainable development, the Group has set targets on environmental aspects and implemented the latest ESG-related policies and guidelines.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

REPORTING FRAMEWORK

The ESG Report has been prepared in accordance with the Environmental, Social and Governance Reporting Code (the “**ESG Reporting Code**”) as set out in Appendix C2 of the Rules Governing the Listing of Securities on the Main Board of The Stock Exchange of Hong Kong Limited (the “**Stock Exchange**”).

The corporate governance practices of the Group are described in the Corporate Governance Report of this annual report.

The Group ensures the application of materiality, quantitative, and consistency reporting principles when preparing this ESG Report. The measures and practices adopted by the Group to apply these reporting principles were as follows:

Materiality: A materiality assessment was conducted to identify material ESG-related issues that are used as the focus of the ESG Report. The materiality of ESG-related issues was reviewed and confirmed by the Board and senior management of the Group. For further details, please refer to the sections headed “Stakeholder Engagement” and “Materiality Assessment”.

Quantitative: The standards, methodologies, assumptions, and/or calculation tools, as well as the sources of conversion factors used in the calculation of relevant data in the ESG Report, were disclosed. The key performance indicators (“**KPIs**”) are supplemented by explanatory notes to establish benchmarks where feasible.

Consistency: The preparation approach of this ESG Report was substantially consistent with the previous financial year, which is the year ended 31 December 2025 (“**2025**”), and explanations will be provided regarding changes in the scope of disclosure or calculation methodologies whenever and wherever applicable.

SCOPE OF REPORTING

The ESG Report covers the Group’s operational activities in Singapore, which are composed of trucking services, freight forwarding services, and value-added transportation services, representing the Group’s major sources of revenue. Data collection and disclosures are mainly focused on the operations of the Group at its principal places of business in Singapore.

REPORTING PERIOD

This ESG Report describes the ESG activities, challenges, and measures taken by the Group during the Reporting Period.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

STAKEHOLDER ENGAGEMENT

We attach great importance to our stakeholders and their feedback regarding our operational activities and ESG aspects, as we believe their feedback allows us to operate in line with our stakeholders' concerns. Regular communication with key stakeholders has been conducted by the Group through various communication channels. Our key stakeholders are mainly composed of shareholders and investors, customers and business partners, employees, subcontractors, regulatory bodies and government authorities, as well as the media, non-governmental organisations ("NGOs"), and the public. The major concerns of key stakeholders and communication channels utilised by the Group were as follows:

Stakeholders	Concerns	Communication Channels
Shareholders and investors	• Business strategies and performance • Financial results • Investment returns	• Annual general meeting and other shareholder meetings • Announcements and circulars
Customers and business partners	• Timely and safe delivery of services • Privacy protection • Protection of customers' rights	• Emails • Regular meetings
Employees	• Health and safety • Remuneration and benefits • Occupational health and safety in the workplace • Equal opportunities	• Performance reviews • Regular meetings
Subcontractors	• Fair tendering	• Management meetings and emails
Regulatory bodies and government authorities	• Implementation of policies • Occupational health and safety in the workplace	• Compliance advisors • Regular meetings
The media, NGOs, and the public	• Involvement in communities • Health and safety • Social welfare	• ESG reports • Announcements and circulars

MATERIALITY ASSESSMENT

In the hope of understanding the views and expectations of stakeholders on the Group's ESG performance effectively, we conduct the materiality assessment regularly. With reference to the Group's business development strategy and industry practices, the Group identified and determined a list of material ESG issues. The Group prepared a questionnaire based on the list and invited relevant stakeholders to rate the potential material issues according to the level of importance of the ESG issues to the stakeholders and the impacts of ESG issues on the economy, environment and society. The results of the survey were analysed to develop a materiality matrix. The materiality matrix and the identified material topics were reviewed and confirmed by the Board and the Task Force and disclosed in the ESG Report.

The following matrix is a summary of the Group's material ESG issues:

During the Reporting Period, the Group confirmed that it has established appropriate and effective management policies and internal control systems for ESG issues and confirmed that the disclosed contents are in compliance with the requirements of the ESG Reporting Code.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

A. ENVIRONMENTAL

A1. Emissions

The Group recognises the importance of ensuring long-term sustainability in the environment and community where it operates. Therefore, the Group is committed to maintaining sound environmental management and strives to minimise the potential environmental impacts associated with its operational activities to fulfil its social responsibilities.

Being one of the leading logistics service providers in Singapore, we attach great importance to maintaining sustainability practices, as we believe sustainability is an integral part of our business success. We have established relevant environmental management systems and adopted relevant environmental policies to minimise the potential direct and indirect environmental impact caused by our operational activities. The Group strives to protect the environment by implementing environmentally friendly business practices and initiatives and promoting environmental protection in the workplace. The Group is committed to continuously seeking opportunities to further enhance our ESG performance.

During the Reporting Period, the Group was not aware of any material non-compliance with environmental laws and regulations relating to air and GHG emissions, discharges into water and land, and the generation of hazardous and non-hazardous waste, including but not limited to the Environmental Protection and Management Act and the Environmental Public Health Act of Singapore.

Exhaust Gas Emissions

Due to the Group's business nature, emissions of exhaust gas are unavoidable. Therefore, the Group is actively adopting environmentally friendly measures to minimise the amount of exhaust gas generated from our daily operations, and the details are as follows:

- Select vehicles with efficient fuel consumption;
- Regularly inspect and maintain vehicles to optimise performance and engine efficiency;
- Closely monitor prime movers with heavy emissions; and
- Utilise electronic communication, such as video conferencing and phone calls, to reduce the frequency of business trips.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

The Group has set a target in the year ended 31 December 2024 ("2024") to reduce its exhaust gas emission intensity (tonnes/revenue (in S\$ million)) over the next 3 years, using 2024 as the baseline year.

During the Reporting Period, the Group's exhaust gas emissions were as follows:

Types of Exhaust Gas ¹	Unit	2025	2024
Nitrogen Oxides (NO _x)	tonnes	58.37	25.72
Sulphur Oxides (SO _x)	tonnes	0.04	0.03
Particulate Matter (PM)	tonnes	5.79	2.54
Total Exhaust Gas Emissions	tonnes	64.20	28.29
Exhaust Gas Emission Intensity ²	tonnes/revenue (in S\$ million)	1.05	0.43

Note(s):

- (1) The calculation of NO_x and PM is based on the estimated travelling distance, and that of SO_x is based on the volume of fuel consumed. The calculation method of exhaust gas emissions and the related emissions factors were based on, including but not limited to, "How to prepare an ESG Report – Appendix 2: Reporting Guidance on Environmental KPIs" issued by the Stock Exchange.
- (2) For 2025, the Group's total revenue was approximately S\$61.22 million (2024: approximately S\$66.13 million). The data is also used for calculating other intensity data.

During the Reporting Period, the Group's exhaust gas emission intensity increased by approximately 144% from approximately 0.43 tonnes/revenue (in S\$ million) in 2024 to approximately 1.05 tonnes/revenue (in S\$ million) in 2025. This can be attributed to the increase in demand for vehicle use. As the Group's exhaust gas emission intensity was 0.43 tonnes/revenue (in S\$ million) in 2024, the Group is currently in the process of achieving its target and will continue to adopt measures that minimise the amount of exhaust gas generated from its daily operations in the future.

GHG Emissions

The major sources of the Group's GHG emissions were the fuel consumption of motor vehicles and generators (Scope 1), purchased electricity (Scope 2), and waste generated in operations - paper disposal (Scope 3). The following measures are adopted to reduce GHG emissions generated from our operation:

- Assess and monitor GHG emissions to identify room for improvement;
- Actively adopt paper-saving measures in the office;
- Maximise energy efficiency; and
- Promote double-sided printing to maximise the efficiency of paper usage.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

The Group's GHG emissions and intensity during the Reporting Period were as follows:

Indicators ³	Unit	2025	2024
Direct GHG Emissions (Scope 1)			
• Diesel Consumption	tCO ₂ e	393.85	12,650.79
• Petrol Consumption	tCO ₂ e	6,794.94	104.52
Energy Indirect GHG Emissions (Scope 2)			
• Purchased Electricity	tCO ₂ e	465.38	473.09
Other Indirect GHG Emissions (Scope 3)			
• Category 5: Waste generated in operations			
• Paper Disposal	tCO ₂ e	26.75	26.93
Total GHG Emissions (Scope 1, 2 and 3)	tCO ₂ e	7,680.92	13,255.33
GHG Emission Intensity ³	tCO ₂ e/revenue (in S\$ million)	125.46	200.44

Note(s):

- (3) GHG emissions data is presented in terms of carbon dioxide equivalent and is based on, but not limited to, "The Greenhouse Gas Protocol: A Corporate Accounting and Reporting Standard" issued by the World Resources Institute and the World Business Council for Sustainable Development, "How to prepare an ESG Report – Appendix 2: Reporting Guidance on Environmental KPIs" issued by the Stock Exchange, the global warming potential values from the "IPCC Sixth Assessment Report (AR6)" and the "Singapore Energy Statistics 2024 – Chapter 2: Energy Transformation" issued by the Energy Market Authority of Singapore.

During the Reporting Period, the Group's GHG emission intensity has decreased significantly from approximately 200.44 tCO₂e/revenue (in S\$ million) in 2024 to approximately 125.46 tCO₂e/revenue (in S\$ million) in 2025. This can be attributed to a reduction in the diesel consumption for vehicles, generator and machine maintenance. As the Group's GHG emission intensity in 2024 was 200.44 tCO₂e/revenue (in S\$ million), the Group is thus in the progress of achieving its 2024 target to reduce its GHG emissions intensity (tCO₂e/revenue (in S\$ million)) over the next 3 years, using 2024 as the baseline year.

Sewage Discharge

Due to the Group's business nature, it does not consume a significant volume of water. The Group's wastewater is mainly generated in its offices, and hence the amount of water consumption represents the wastewater discharge volume. The data on water consumption and corresponding water conservation measures will be described in the section headed "Water Consumption".

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

Waste Management

Hazardous Waste

During the Reporting Period, no material hazardous waste has been generated due to the Group's business nature. Nevertheless, qualified subcontractors would be engaged to manage and dispose of the hazardous waste if it was generated from the Group's operations. The treatment of such waste would be in strict compliance with local laws and regulations, including but not limited to the Hazardous Waste (Control of Export, Import and Transit) Act of Singapore.

Non-hazardous Waste

The Group's major source of non-hazardous waste was paper disposal generated from its daily operations. The Group endeavours to increase awareness of waste management and environmental protection among its employees. Thus, the Group adopts a list of measures and procedures to minimise the amount of paper usage, including but not limited to recycling and reusing one-side printed waste paper where applicable, placing recycling bins in office areas to encourage employees' recycling habits, and encouraging the usage of electronic copies when and where applicable.

During the Reporting Period, the Group's non-hazardous waste disposal performance was as follows:

Types of Non-hazardous Waste	Unit	2025	2024
Paper ⁴	tonnes	5.57	5.61
Total Non-hazardous Waste	tonnes	5.57	5.61
Non-hazardous Waste Intensity	tonnes/revenue (in S\$ million)	0.09	0.08

Note(s):

(4) For 2025, the paper consumption was approximately 1,227,500 sheets (2024: approximately 1,285,000 sheets).

During the Reporting Period, the Group's total non-hazardous waste intensity slightly increased from approximately 0.08 tonnes/revenue (in S\$ million) in 2024 to approximately 0.09 tonnes/revenue (in S\$ million) in 2025. This can be attributed to the increase in business activities. As the Group's non-hazardous waste intensity in 2024 was 0.08 tonnes/revenue (in S\$ million), the Group is thus on track to achieve its 2027 target to reduce its non-hazardous waste intensity (tonnes/revenue (in S\$ million)) over the next 3 years, using 2024 as the baseline year.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

A2. Use of Resources

The Group endeavours to optimise resource utilisation throughout its operational activities and implements a variety of initiatives to monitor and manage resource consumption efficiency and the effectiveness of environmentally friendly approaches. We mainly consume diesel, electricity and water during our daily operations.

Diesel is one of the most consumed resources in our daily business operations. The Group has established relevant policies and procedures for governing the efficiency of diesel usage to achieve optimised energy efficiency and reduce the use of unnecessary resources. The Group strives to further adopt initiatives to increase our resource and energy usage efficiencies in our business operations.

Energy Efficiency

The Group has adopted appropriate measures to minimise the environmental impacts created by its operations. Furthermore, the Group has developed energy policies, initiatives, and practices to demonstrate its commitment to energy and resource efficiency. The Group's employees are required to implement the measures, such as using high-performance vehicles, streamlining operational procedures, and assuming responsibility for the Group's overall energy efficiency.

Purchased electricity is one of the major types of energy consumed in our daily operations. The measures introduced to efficiently consume and conserve electricity are as follows:

- Replace old electrical appliances with energy-efficient ones to reduce electricity usage;
- Switch off unnecessary lighting and electrical appliances when not in use; and
- Regularly clean office equipment, such as air conditioners, to ensure optimal operating efficiency.

During the Reporting Period, the Group's energy consumption performance and intensity were as follows:

Type of Energy	Unit	2025	2024
Direct Energy Consumption ⁵	MWh	8,089.10	52,007.84
• Diesel			
• Petrol			
Indirect Energy Consumption	MWh	1,157.65	1,148.27
• Electricity			
Total Energy Consumption	MWh	9,246.76	53,156.11
Total Energy Consumption Intensity	MWh/revenue (in S\$ million)	151.04	803.81

Note(s):

(5) Unit conversion is based on the "Energy Statistics Manual" issued by the International Energy Agency.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

During the Reporting Period, the Group's energy consumption intensity decreased significantly from approximately 803.81 MWh/revenue (in S\$ million) in 2024 to approximately 228.27 MWh/revenue (in S\$ million) in 2025. As the Group's energy consumption intensity in 2024 was 803.81 MWh/revenue (in S\$ million), the Group is thus in the progress of achieving its 2027 target to reduce its energy consumption intensity (MWh/revenue (in S\$ million)) over the next 3 years, using 2024 as the baseline year.

Water Consumption

The Group's water consumption is mainly composed of domestic water used within the office areas. Water consumed by the Group is mainly used for basic business operations, cleaning, and sanitation. We encourage all employees to develop the habit of water conservation and guide them to maximise water usage efficiency and use water reasonably. In addition, we encourage our employees to monitor water usage in the office regularly to identify if there are any sudden spikes in water consumption.

During the Reporting Period, the Group's water consumption performance and intensity were summarised as follows:

Water Consumption	Unit	2025	2024
Total Water Consumption	cubic meters	8,932.70	9,399.70
Total Water Consumption Intensity	cubic meters/revenue (in S\$ million)	145.91	142.14

During the Reporting Period, the Group's water consumption intensity increased by approximately 2.65% from approximately 142.14 cubic meters/revenue (in S\$ million) in 2024 to approximately 145.91 cubic meters/revenue (in S\$ million) in 2025. This can be attributed to the provision of extra vehicle washing service to our customers. As the Group's water consumption intensity in 2024 was 142.14 cubic meters/revenue (in S\$ million), the Group is currently in the process of achieving its 2027 target to reduce its water consumption intensity (cubic meters/revenue (in S\$ million)) over the next 3 years, using 2024 as the baseline year.

Due to the Group's operational location, there were no material issues with sourcing water that was fit for purpose.

Use of Packaging Materials

Due to the Group's business nature, the use of packaging material is considered immaterial in relation to the Group's ESG aspect.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

A3. The Environment and Natural Resources

The Group is committed to fulfilling its corporate social responsibility. We recognise our responsibility to reduce the negative potential environmental impacts of our business operations to achieve sustainable development and generate long-term value for the Group's stakeholders. The Group has also implemented relevant policies to minimise its environmental impact. Due to the Group's business nature as an integrated logistics solution provider, the Group's business activities would not have a material impact on natural resources.

As one of the major logistics providers in Singapore, the Group's business activities will inevitably consume a significant amount of diesel, which accelerates climate change and generates air pollution. Nevertheless, the Group strives to minimise any potential adverse impacts on the environment resulting from its business activities by developing and implementing effective internal control and monitoring mechanisms to reduce natural resource consumption and pursue effective emission management. In addition to compliance with relevant environmental laws and regulations, the Group actively integrates the concepts of natural resource conservation and environmental protection into its internal management system.

A4. Climate Change

The Group recognises climate change as a global challenge, and therefore it is committed to mitigating the risk by continuously reducing its carbon footprint, which in turn minimises its impacts on climate change. The Group recognises the importance of the identification and mitigation of significant climate-related issues and is therefore committed to managing the potential climate-related risks that may have an impact on the Group's business activities. The Group has established relevant risk management policies to identify and mitigate corporate risks, including climate-related risks. The Group assesses the identified risks and applies qualitative and quantitative methods to determine the potential impact and likelihood of materialisation in a specific timeframe. The Group prioritises risks based on their degree of potential impact and relevance to the Group's strategic objectives, and it adjusts and updates the business contingency plan whenever necessary to improve business stability. Through the above method, we identified the potential material impacts on the Group's business operations arising from the following risks:

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

Physical Risks

Considering the Group's business nature of being a logistic services provider, the increased frequency and severity of extreme weather events such as typhoons, storms, and heavy rains can disrupt operations by damaging critical infrastructures, disrupting service delivery, hampering and injuring our employees during their work, leading to reduced capacity and decreased productivity, or exposing the Group to risks associated with non-performance and delayed performance. To minimise the potential risks and hazards, the Group has flexible working arrangements and takes precautionary measures during bad or extreme weather conditions. The Group continually assesses geographic vulnerabilities and improves its emergency response plans.

Transition Risks and Opportunities

The Group anticipates that there will be more stringent climate regulations to support the global vision of carbon neutrality. From a listed company's perspective, we acknowledge the increasingly stringent requirements for climate-related information disclosures. Stricter environmental laws and regulations may expose enterprises to higher risks of encountering claims and lawsuits. Corporate reputation may also be affected due to the failure to meet the compliance requirements for climate change. In addition, related capital investment and compliance costs might in turn increase to fulfil such requirements. The Group also recognises that climate change may present opportunities alongside these transition risks, including opportunities to enhance fuel efficiency, improve route planning, strengthen resource utilisation, and respond to customers' evolving sustainability expectations through more efficient, lower-carbon logistics services. In response to the policy and legal risks as well as the reputational risks, the Group regularly monitors existing and emerging trends, policies, and regulations relevant to climate and is prepared to alert the top management where necessary to avoid cost increments, non-compliance fines, or reputational risks arising from delayed responses.

Risk Management

The Group has integrated climate-related risks into its overall risk management framework and established a structured process for identifying, assessing, monitoring, and responding to such risks. Relevant personnel from different departments are regularly brought together to review both physical and transition risks arising from climate change, with particular attention given to the Group's core operations, including trucking services, freight forwarding services, and value-added transportation services. To maintain effective oversight, the Group has put in place a clear internal coordination arrangement: the Board and senior management oversee the overall approach, the Taskforce coordinates climate-related risk assessment and reporting, and operational teams implement practical mitigation measures within their respective business areas. The Group continuously tracks climate risk developments through internal management reviews, external weather forecasts and other professional information channels. Where necessary, timely discussions are held and response measures and contingency plans are adjusted according to the urgency, severity, and potential impact of the identified risks.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

B. SOCIAL

B1. Employment

The Group considers its employees the most integral element of its business and perceives them as its most valuable assets. Therefore, we adhere to an employee-centric principle and respect and protect the rights and interests of every one of our employees. The Group is committed to providing its employees with a harmonious labour environment that enables them to fully capitalise on their talents, enhance their skillsets, and attain comprehensive development.

Relevant employment-related policies and regulations have been formally documented in our Employee Handbook, covering the topics of benefits, welfare, working hours, remuneration, diversity, and equal opportunity. The Group regularly reviews its employment practices and policies to ensure its employment standards remain effective and competitive when compared with industrial standards.

During the Reporting Period, the Group was not aware of any material non-compliance with employment-related laws and regulations, including but not limited to the Employment Act and Employment Regulation of Singapore, that would have a significant impact on the Group.

As at 31 December 2025, the Group had 228 (as at 31 December 2024: 227) employees, all of whom were under employment in Singapore. Of the 228 aforementioned employees, there were 194 full-time employees and 34 part-time employees (as at 31 December 2024: 191 full-time employees and 36 part-time employees). The following graphs provide further details on our employees' diversity by age and gender.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

Recruitment, Promotion, and Dismissal

The Group has developed a list of fair, transparent, and robust recruiting policies and procedures to ensure employees are hired based on their talent and merit measured against the job criteria. Relevant policies and procedures are formally documented in our Human Resources ("HR") Policies and Procedures Handbook, covering the areas of recruitment and selection, performance measurement, grievance procedures, promotion, and dismissal.

The Group's basis for recruitment and promotion are job-related skills, qualifications, and performances, ensuring that employees and applicants are reviewed and assessed in a fair way to allow the Group to build an elite workforce by only recruiting outstanding employees that are suitable for the job criteria.

Promotion and development opportunities are offered to outstanding employees through a fair and open assessment system, which allows them to expand their capabilities and horizons, assists them in career development, and in turn contributes towards the Group's sustainable growth. Employee performance is evaluated on a regular basis in relation to our organisational strategy and business goals, and the evaluation process is benchmarked against best practices. The evaluations are carried out in the form of annual performance appraisals, and the results and feedback will be used as the basis for the Group to decide on bonuses, promotions, and salary adjustments for its employees.

Furthermore, the Group does not tolerate the dismissal of employees on any unreasonable basis. According to our policies, an employee will normally be given a verbal warning and up to three written warnings prior to being terminated for disciplinary problems or poor performance, and exit interviews are required to be conducted with the resigned staff.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

Remuneration and Benefits

The Group recognises the importance of its employees for continuous business growth. Therefore, we provide our employees with competitive remuneration packages, including but not limited to annual leave, medical scheme, maternity leave, paternity leave, matrimonial leave, compassionate leave, group insurance, mandatory provident fund, and other benefits.

With the aforementioned remuneration, benefits, and welfare, the Group's turnover rate⁶ during the Reporting Period was approximately 20.22% (2024: approximately 19.20%). The turnover rate by gender and age group was as follows:

Turnover Rate (%) ⁷	2025	2024
By Gender		
Male	19.77	12.05
Female	20.83	7.14
By Age Group		
30 or Below	15.84	3.13
31-40	46.28	10.71
41-50	6.78	4.02
51 or Above	10.43	1.34

Note(s):

- (6) The employee turnover rate is calculated by dividing the number of employees leaving employment during the financial year by the average number of employees at the beginning and the end of the financial year.
- (7) The employee turnover rate by category is calculated by dividing the number of employees leaving employment in the specified category during the financial year by the average number of employees at the beginning and the end of the financial year.

Diversity, Equal opportunity, and Anti-discrimination

The Group has zero tolerance for sexual harassment and discriminatory behaviour. We are committed to providing our employees with equal opportunities in all aspects and to maintaining a harmonious workplace free of discrimination, physical or verbal harassment based on race, religion, skin colour, gender, physical or mental disability, age, place of origin, marital status, or sexual orientation.

The Group endeavours to ensure that complaints, grievances, and concerns are dealt with promptly and treated in a confidential manner. Procedures regarding the handling of grievances are also formally documented in our HR Policies and Procedures Handbook, stipulating that supervisors should resolve disputes and grievances without delay and in a systematic manner, and that reprisal against an employee who seeks resolution is strictly prohibited.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

B2. Health and Safety

Our employees are vital to our business success. Therefore, the health and safety of our employees are of paramount importance. The Group is committed to and supportive of successful project delivery without compromising safety. With the aim to minimise potential work injuries and occupational hazards, all relevant operational policies and guidelines are documented in our Safety Policy, clearly stating that safety is everyone's responsibility and all employees should be provided with safe and healthy working conditions and that we will vigorously implement an Occupational Health & Safety ("OHS") system to provide sufficient and appropriate resources for the purpose of ensuring the safety and health of all staff and workers on-site.

During the Reporting Period, the Group was not aware of any material non-compliance with health and safety-related laws and regulations, including but not limited to the Workplace Safety and Health Act, the Workplace Safety and Health (General Provisions) Regulation, and the Work Injury Compensation Act of Singapore, that would have a significant impact on the Group. Also, the Group did not have any work-related fatalities in each of the past three years, including the Reporting Period. During the Reporting Period, the Group has recorded zero (2024: zero) working days lost due to work-related injuries.

Safety Measures

The Group recognises that no jobs should be considered efficiently completed unless the workers have followed every precaution and safety rule to protect themselves. Therefore, the Group has designated personnel responsible for examining and ensuring the work safety practices of workers are not compromised and has authorised them to carry out strict enforcement of all safety rules and regulations. Relevant policies and measures are reviewed regularly to ensure their effectiveness.

B3. Development and Training

The Group recognises staff training and development as an essential element of its sustainable growth. Therefore, we have established relevant development and training policies documented in our Employee Handbook and are committed to consistently improving and inspiring our workforce towards delivering excellence and emphasising value creation and service provision. The Group considers development and training a fundamental element for our staff to stay alert and aware of the latest trends in the logistics industry.

To maintain the effectiveness of its training programmes, the Group ensures that training contents vary for different positions to ensure the development of employees can align with its needs and complement and support its strategic goals and directions. The Group is committed to enhancing team cohesion by instilling its corporate culture and values into each employee's philosophy through training. We also encourage our workforce to attend external training programmes, such as external seminars and training programmes that emphasise and focus on topics relevant to their position, including but not limited to warehousing, inventory management, and logistics management. We are committed to ensuring and equipping our employees and workforces with the necessary skills and knowledge, thus allowing them to deliver excellence during service provision and improve operational efficiency.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

During the Reporting Period, approximately 2.63% (2024: approximately 11.45%) of employees participated in training⁸, and the average training hours was approximately 0.16 hours⁹ (2024: approximately 2.33 hours). The percentage of trained employees, the breakdown of employees trained and the average training hours per employee by gender and employee category were as follows:

	Percentage of Trained Employees (%) ¹⁰		Breakdown of Employees Trained (%) ¹¹		Average Training Hours (hours) ¹²	
	2025	2024	2025	2024	2025	2024
By Gender						
Male	3.73	5.43	83.33	26.92	0.22	0.68
Female	1.06	19.39	16.67	73.08	0.06	4.49
By Employee Category						
Directors	85.71	14.29	100	3.85	5.14	1.14
General Staff	0	11.36	0	96.15	0	2.36

Note(s):

- (8) The percentage of trained employee is calculated by dividing the total number of trained employees during the financial year by the total number of employees at the end of the financial year. All training data excludes the data of employees who have left the Group during the financial year.
- (9) The average training hours per employee is calculated by dividing the total number of training hours during the financial year by the total number of employees at the end of the financial year.
- (10) The percentage of trained employee by category is calculated by dividing the number of trained employees in the specified category during the financial year by the number of employees in the specified category at the end of the financial year.
- (11) The breakdown of employees trained by category is calculated by dividing the number of trained employees in the specified category during the financial year by the total number of trained employees at the end of the financial year.
- (12) The average training hours by category is calculated by dividing the total number of training hours for employees in the specified category during the financial year by the number of employees in the specified category at the end of the financial year.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

B4. Labour Standards

The Group strictly complies with the related laws and regulations to prevent child and forced labour. During the Reporting Period, the Group was not aware of any material non-compliance with child and forced labour-related laws and regulations, including but not limited to the Employment Act and the Employment (Children and Young Persons) Regulations of Singapore, which would have a significant impact on the Group.

Prevention of Child Labour and Forced Labour

As stipulated in the Group's HR Policies and Procedures Handbook, employees are required to provide accurate and up-to-date personal information, and the Group takes reasonable steps to verify both the accuracy and authenticity of such information by cross-checking with academic credentials, identification, and occasional references from previous employers to prevent any incidental employment of child labour. Child and forced labour are strictly prohibited during the recruitment process, as defined by laws and regulations. The Group endeavours to prevent child labour and ensure freedom in occupation selection to prevent forced labour. If any violations are discovered, the Group will notify the appropriate regulatory bodies and take the necessary actions in accordance with applicable laws and regulations.

Furthermore, employees of the Group work overtime on a voluntary basis to prevent any breaches of labour standards, and we have clearly stated and documented the regular working hours in our Employee Handbook, which covers relevant regulations for working-hour-related matters. In addition, the Group strictly prohibits any punishments, management methods, and behaviours involving verbal abuse, physical punishment, physical abuse, oppression, or sexual harassment against our employees for any reason. If any violations are discovered, the Group will report the case to the top management promptly and conduct an investigation to handle the case properly.

B5. Supply Chain Management

The Group attaches great importance to its relationship with suppliers, as it recognises that a close and stable relationship with suppliers is advantageous and is one of the major components of its continuing business success. During the Reporting Period, the Group engaged 2,166 (2024: 3,578) suppliers and subcontractors, 20 (2024: 20) of whom were all engaged through the Group's supply chain management practices. The number of suppliers and subcontractors by geographical region was as follows:

Geographical Region	2025	2024
Singapore	1,540	2,445
Other	626	1,133
Total	2,166	3,578

Our suppliers are composed of a variety of service providers in different industries, including but not limited to port operation service providers, logistics yards, office premises, repair and maintenance, and tyres and diesel for our fleet and logistics services in Singapore. We have formulated relevant policies to manage our suppliers, which are reviewed at least annually to ensure the effectiveness of such monitoring and evaluation mechanisms.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

With the rising concerns regarding environmental matters in society, the Group recognises the importance of embedding environmental and social risk considerations from our supply chain into our management processes. To ensure the quality and safety of the services provided by our suppliers are maintained at a high standard, the Group conducts reviews and evaluations of the suppliers on a regular basis. If any of the suppliers' service quality is considered unsatisfactory for a period of time, the Group will remove the non-compliant supplier from the list of approved suppliers.

In addition to service quality, factors such as market reputation and trial service performance are also key considerations when evaluating suppliers. The Group strives to encourage its suppliers to share our corporate responsibility and to comply with relevant laws and regulations, including but not limited to the relevant local emission and labour laws, to ensure that the suppliers' corporate values are in line with our beliefs in corporate citizenship and sustainable growth.

Suppliers' Environmental and Social Risk Review

Other than the aforementioned factors, the Group expects suppliers to fulfil its standards on different aspects, including but not limited to the environment, society, corporate governance, quality of services, and business ethics. The Group has developed relevant policies to require its suppliers to review their environmental and social-related risks relating to their operations and businesses, such as operational compliance, human rights protection, occupational health and safety, social responsibility, business ethics, and environmental protection. The Group's Compliance With Sanctioned Countries List & Strategic/Restricted Goods Control List Policies And Procedures stipulate that for orders that fall within the internationally sanctioned countries list and/or strategic goods control list, the Managing Director and the Legal Compliance Committee will be alerted for further actions. For non-compliance that occurs after the order has been accepted, an investigation committee is formed promptly to investigate the incidents of non-compliance. The root cause of the incident will be identified and documented in a Non-compliance Incident Report to be escalated to the senior management and the legal compliance committee. Preventive measures to avoid similar episodes are to be introduced and disseminated to all employees within the Group.

In addition, the Group strives to adopt and employ measures to review whether its suppliers are in compliance with applicable laws, regulations, and other standards relating to aspects such as health and safety, forced labour, and child labour. Any material violation of environmental and social laws and regulations may lead to the termination of supplier contracts. Depending on the degree of severity, suppliers may be removed from our list of approved suppliers. Furthermore, the Group prioritises local procurement and suppliers that provide environmentally preferable products and services during its supplier selection processes. During the selection process, to promote improvements in environmental performance, suppliers are encouraged to consider and manage their environmental and social issues in their operations for priority consideration. The Group maintains close communication with suppliers, understands the suppliers' supply and services, resolves the related supply and service issues, and makes corresponding improvement measures. The Group also shares sustainable operating practices and disseminates environmental concepts, including the latest knowledge on quality and safety control, as well as good employment and environmental practices. The Group will periodically review and assess its supply chain's performance and environmental and social standards.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

B6. Product Responsibility

The Group endeavours to provide its customers and business partners with a pleasant business experience through customised, well-managed, and professional services, and we are committed to creating the maximum value for our customers. Therefore, we strive to constantly improve and optimise the quality of our services. The Group attaches great importance to its customers' and business partners' feedback and has established standardised procedures for handling their complaints or opinions in a professional and efficient manner. Given the Group's business nature as a provider of logistical services, the Group is not involved in the provision of products and thus considers product recall to be immaterial.

During the Reporting Period, the Group did not receive any material written complaints regarding its services provided, nor was it subjected to any product recalls for safety and health reasons (2024: Nil). During the Reporting Period, the Group was not aware of any material non-compliance with laws and regulations concerning advertising, privacy matters and services provided, including but not limited to the Personal Data Protection Act 2012 ("**PDPA**") of Singapore, which had a significant impact on the Group.

Customer Privacy Protection

Due to the nature of our business, a large amount of customer data and information is involved in our daily business operations. Therefore, the Group is committed to protecting its customers' and business partners' privacy through the implementation of security controls and management systems. Relevant policies and procedures relating to the protection of customers' and business partners' privacy are formally documented in our Personal Data Protection Policy and Information Technology Policies and Procedures Handbook. The Group has designated personnel who are responsible for ensuring the Group's activities are in compliance with the PDPA through means such as monitoring and managing the effectiveness of personal data policies for the Group. Also, the policies stated that the Head of Departments is responsible for ensuring privacy requirements are accessed at the earliest stage and appropriate privacy controls are in place within their business functions. Also, it is stated that employees are only to collect, use, or disclose any personal data with written approval and for a specific purpose. The Group has also incorporated technologies such as firewalls and anti-virus solutions into our IT systems to further minimise the risk of personal data leakage due to technology risks. Relevant policies and procedures are regularly reviewed to ensure their effectiveness.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

Quality Assurance

The Group attaches great importance to service quality, as it believes quality assurance is one of the key competitive advantages of its business. Thus, the Group is committed to providing services with high standards of quality and reliability. We have implemented stringent guidelines for our employees to achieve the following objectives:

- Delivering consistent, reliable, and punctual services to meet our clients' needs and expectations;
- Adhering to all applicable standards, legal, and regulatory obligations; and
- Providing suitable training to our employees to improve their skills and knowledge to match the quality criteria of their duties and services.

Intellectual Property Rights

Since the Group's business operations do not involve a significant amount of use of intellectual property rights, it is not regarded as a material issue.

Advertising and Labelling

Since the Group's business operations do not involve a significant amount of advertising and labelling, it is not regarded as a material issue.

B7. Anti-corruption

The Group strictly prohibits any form of fraud, corruption, and all other behaviours violating work ethics. The Group attaches great importance to integrity, honesty, and fairness in our business operations.

During the Reporting Period, the Group was not aware of any material non-compliance with laws and regulations relating to bribery, extortion, fraud, and money laundering that would have a material impact on the Group, including but not limited to the Prevention of Corruption Act of Singapore. There were no concluded legal cases regarding bribery, extortion, fraud, or money laundering filed against the Group or its employees during the Reporting Period (2024: Nil).

Additionally, the Group has engaged an external professional party to provide its employees with anticorruption training, which has familiarised the Board and staff members from different levels and departments with their corresponding roles and responsibilities regarding anti-corruption and business ethics under applicable laws and regulations. During the Reporting Period, the Group has circulated anti-corruption-related reading materials to the Directors and employees for self-study (2024: circulated anti-corruption-related reading materials to the Directors and employees for self-study).

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

Internal Control

The Group has established policies, such as the Conflict of Interest Policy and the Anti-bribery and Anti-corruption Policy and Procedures, in order to govern and eliminate any potential violation of relevant laws and regulations. It is necessary to promptly disclose to the Group any such relationship, activity, or interest that could possibly involve an actual or potential conflict of interest. Following this, the employee and the Directors should then abstain from discussion and decision-making on the matter in which they have a potential conflict of interest.

Whistle-blowing Mechanism

The Group endeavours to achieve and maintain the highest standards of openness, probity, and accountability, and it has thus established the Whistle-Blowing Policy to enable employees and other members of the Group to voice concerns regarding malpractice or impropriety in a responsible, confidential, and effective manner. This policy is also to ensure such disclosures are dealt with confidentially and sensitively, protecting the whistle-blower from any form of reprisal, harassment, or oppression resulting from the whistle-blowing action. Relevant policies and procedures are regularly reviewed to ensure their effectiveness.

B8. Community Investment

The Group is committed to supporting society and creating positive impacts in the communities in which it operates. Therefore, the Group encourages its employees to actively support the community through social participation and contribution. Also, we strive to nurture and instil the corporate culture and practices of corporate citizenship in our employees, as we believe active participation in social welfare activities can, in turn, increase our employees' social awareness and facilitate the establishment of correct values. The employees are encouraged to devote their time and efforts to providing assistance to disadvantaged groups.

The Group has formulated relevant community investment-related policies to leverage the Group's business competency and resources for supporting the communities where we operate. In addition, we also endeavour to continuously expand employee participation in various voluntary and charitable activities to exert our care and consideration for the underprivileged population within the community.

During the Reporting Period, the Group mainly focused on business development and concentrated its resources on daily operations. As a result, the Group did not participate in community activities. The Group attaches great importance to giving back to society and will continue to seek opportunities to participate in charity in the future.

REPORT ON THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Opinion

We have audited the consolidated financial statements of Legion Consortium Limited (the “**Company**”) and its subsidiaries (herein referred to as the “**Group**”) set out on pages 69 to 131, which comprise the consolidated statement of financial position as at 31 December 2025, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including material accounting policy information.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 December 2025, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with IFRS Accounting Standards (“**IFRSs**”) as issued by International Accounting Standards Board (“**IASB**”) and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

Basis for Opinion

We conducted our audit in accordance with Hong Kong Standards on Auditing (“**HKSAs**”) as issued by the Hong Kong Institute of Certified Public Accountants (“**HKICPA**”). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Group in accordance with the HKICPA's *Code of Ethics for Professional Accountants* (the “**Code**”), as applicable to audits of financial statements of public interest entities. We have also fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

INDEPENDENT AUDITOR'S REPORT

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matter	How the matter was addressed in the audit
<i>Recoverability assessment of trade receivables</i>	
As at 31 December 2025, the Group recorded trade receivables of approximately S\$14.8 million, net of loss allowance of S\$50,310. The Group has applied the simplified approach to provide impairment loss measured as lifetime expected credit losses ("ECL") prescribed by IFRS 9. The ECL on these financial assets are estimated using a provision matrix i.e., analysis of trade-related receivables by aging and apply a probability-weighted estimate of the credit losses within the relevant time band. The probability-weighted estimate of the credit losses is determined based on the Group's historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current as well as the forecast conditions at the reporting date, including time value of money where appropriate. As disclosed in Note 18, during the year ended 31 December 2025, the Group wrote-off the entire balance due from a customer ("Customer A") of S\$3,077,336, as the Group considered there was no realistic prospect of recovery of the amount due from Customer A. We identified the recoverability of trade receivables as a key audit matter due to the material nature of the balance and the significant judgement and estimates required in the estimation of ECL. The Group has disclosed the critical accounting judgements and key source of estimation uncertainty over the trade receivables in Note 5 and Note 18 to the consolidated financial statement.	We have performed the following procedures: (a) Obtained an understanding of the Group's relevant control over the customer credit review process and monitoring of collection of the overdue outstanding receivables; (b) Evaluated and challenged management's expected credit loss assessment of the probability of default of the Group's aged receivables which are past due but not impaired to support the collectability of the receivables and the key assumptions used; (c) Evaluated the specific analysis of individual customers with long overdue balances, including the profile, background and credibility of the customers; (d) Checked for subsequent collections from customers; (e) discussed with the management to understand the process of write-off of trade receivables; (f) obtained supportive evidence to corroborate the management's assessment of the write-off of trade receivables; and (g) Assessed the adequacy and appropriateness of the disclosures made in the consolidated financial statements.

INDEPENDENT AUDITOR'S REPORT

Key audit matter	How the matter was addressed in the audit
<i>Impairment of goodwill and intangible assets</i>	
As at 31 December 2025, the Group had goodwill and intangible assets of S\$199,055 and S\$409,861 respectively, net of impairment loss of S\$1,440,000 and Nil respectively. We identified this matter as a key audit matter due to impairment assessment of goodwill and intangible assets required significant management's judgements and estimates. Various key assumptions and estimates were adopted in the valuation, including revenue growth rate, growth rate of cost of services, growth rates of operating expenses and discount rate. The Group has disclosed the material accounting policy information in Note 4, the critical judgements and key source of estimation uncertainty in Note 5, and other disclosures of goodwill and intangible assets in Note 17 to the consolidated financial statements.	We have performed the following procedures: (a) Assessed the competency, capabilities and objectivity of the independent professional valuer engaged by the management; (b) Obtained an understanding of the impairment assessment process used by the management and the independent professional valuer to estimate the recoverable amounts based on a value in use calculation; (c) Evaluated the reasonableness of the financial forecasts approved by the management by comparing the actual results of the cash generating unit to the previously forecasted results used in the impairment assessment of goodwill and intangible assets; (d) Evaluated key assumptions used in the impairment including revenue growth rate, growth rate of cost of services, growth rates of operating expenses and discount rate by comparing these assumptions against the Group's historical data and relevant market data as well as performing industry research; and (e) Tested the mathematical accuracy of the underlying calculation of the impairment.

INDEPENDENT AUDITOR'S REPORT

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The directors of the Company (the “**Directors**”) are responsible for the other information. The other information comprises all the information included in the annual report, but does not include the consolidated financial statements and auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors and Those Charged with Governance for the Consolidated Financial Statements

The Directors are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with IFRSs as issued by IASB and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the Directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the Directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion solely to you, as a body, in accordance with our agreed terms of engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with HKSAAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- (a) Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

INDEPENDENT AUDITOR'S REPORT

- (b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- (c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors.
- (d) Conclude on the appropriateness of the Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- (e) Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- (f) Plan and perform the group audit to obtain sufficient appropriate audit evidence regarding the financial information of the entities or business units within the Group as a basis for forming an opinion on the group financial statements. We are responsible for the direction, supervision and review of the audit work performed for purposes of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matters or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The Company was registered with the Registrar of Companies in Hong Kong as a non-Hong Kong company under Part 16 of the Hong Kong Companies Ordinance (Chapter 622 of the Laws of Hong Kong) (the “**Companies Ordinance**”) on 3 August 2018 and the principal place of business in Hong Kong and Singapore is at Unit 1307A, 13/F, Two Harbourfront 22 Tak Fung Street, Hungghom Kowloon, Hong Kong and 7 Keppel Road, #03-20/21/22/23/24 Tanjong Pagar Complex, Singapore 089053 respectively. The shares of the Company have been listed on the Main Board of The Stock Exchange of Hong Kong Limited (the “**Stock Exchange**”) since 13 January 2021 (“**Listing date**”).

The Company is an investment holding company and the principal activities of its operating subsidiaries are provision of trucking services, freight forwarding services and value added transport services. The details of the subsidiaries are set out in Note 32.

The consolidated financial statements are presented in Singapore Dollars (“**S\$**”), which is also the functional currency of the Company.

The consolidated financial statements are approved by the Board of Directors of the Company on 30 March 2026.

2 BASIS OF PREPARATION AND PRESENTATION OF THE CONSOLIDATED FINANCIAL STATEMENTS

The consolidated financial statements has been prepared in accordance with IFRS Accounting Standards (“**IFRSs**”), which collective term includes all applicable individual International Financial Reporting Standards, International Accounting Standards (“**IASs**”) and Interpretations as issued by the International Accounting Standards Board (“**IASB**”).

In addition, the consolidated financial statements include applicable disclosures required by the Rules Governing the Listing of Securities on the Stock Exchange and the applicable disclosures required by the Companies Ordinance.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the financial year ended 31 December 2025

3 ADOPTION OF NEW AND AMENDMENTS TO IFRSs

Amendments to IFRSs that are effective for the current year

The Group has applied the following amendments to IFRSs to these consolidated financial statements for the current accounting period:

Amendments to IAS 21 Lack of Exchangeability

The application of the amendments to IFRSs in the current year has had no material impact on the Group's financial positions and performance for the current and prior years and/or on the disclosures set out in these consolidated financial statements.

New and amendments to IFRSs in issue but not yet effective

At the date of authorisation of these consolidated financial statements, the Group has not applied the following new and amendments to IFRSs that have been issued but are not yet effective:

Amendments to IFRS 9 and IFRS 7	Amendments to the Classification and Measurement of Financial Instruments ¹
Amendments to IFRS 9 and IFRS 7	Contracts Referencing Nature-dependent Electricity ¹
Annual Improvements to IFRS Accounting Standards – Volume 11	Amendments to IFRS 1, IFRS 7, IFRS 9, IFRS 10 and IAS 7 ¹
IFRS 18 and consequential amendments to other IFRS Accounting Standards	Presentation and Disclosure in Financial Statements ²
IFRS 19 and subsequent amendments	Subsidiaries without Public Accountability: Disclosures ²
Amendments to IAS 21	Translation to a Hyperinflationary Presentation Currency ²
Amendments to IFRS 10 and IAS 28	Sale or Contribution of Assets between an Investor and its Associate or Joint Venture ³

1 Effective for annual periods beginning on or after 1 January 2026

2 Effective for annual periods beginning on or after 1 January 2027

3 Effective for annual periods beginning on or after a date to be determined

Except for the new IFRS mentioned below, the directors of the Company anticipate that the application of all other new and amendments to IFRSs will have no material impact on the consolidated financial statements in the foreseeable future.

IFRS 18 Presentation and Disclosure in Financial Statements

IFRS 18, which sets out requirements on presentation and disclosures in financial statements, will replace IAS 1 *Presentation of Financial Statements*. This new IFRS, while carrying forward many of the requirements in IAS 1, introduces new requirements to present specified categories and defined subtotals in the statement of profit or loss; provide disclosures on management-defined performance measures in the notes to the financial statements and improve aggregation and disaggregation of information to be disclosed in the financial statements. In addition, some IAS 1 paragraphs have been moved to IAS 8 *Accounting Policies, Changes in Accounting Estimates and Errors* (the title of which will be changed to *Basis of Preparation of Financial Statements* upon effective of IFRS 18) and IFRS 7. Minor amendments to IAS 7 *Statement of Cash Flows* and IAS 33 *Earnings per Share* are also made.

IFRS 18, and amendments to other standards, will be effective for annual periods beginning on or after 1 January 2027, with early application permitted. IFRS 18 requires retrospective application with specific transition provisions. The application of the new standard is not expected to have significant impact on the financial performance and positions of the Group in terms of recognition and measurement. However, it is expected to affect the structure and presentation of the consolidated statement of profit or loss.

4 MATERIAL ACCOUNTING POLICY INFORMATION

Basis of accounting

The consolidated financial statements have been prepared on the historical cost basis and in accordance with the following accounting policies which conform to IFRSs. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in the consolidated financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of IFRS 2 Share-based Payment, leasing transactions that are within the scope of IFRS 16, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in IAS 2 Inventories or value in use in IAS 36 Impairment of Assets.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

The principal accounting policies adopted are set out below.

Going concern

The Directors have, at the time of approving the consolidated financial statements, a reasonable expectation that the Group have adequate resources to continue in operational existence for the foreseeable future. Thus they continue to adopt the going concern basis of accounting in preparing the consolidated financial statements.

Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and entities controlled by the Company and its subsidiaries made up to 31 December each year. Control is achieved when the Group:

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the financial year ended 31 December 2025

4 MATERIAL ACCOUNTING POLICY INFORMATION (Continued)

Basis of consolidation (Continued)

Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Specifically, the results of subsidiaries acquired or disposed of during the year are included in profit or loss from the date the Group gains control until the date when the Group ceases to control the subsidiary.

Where necessary, adjustments are made to the financial statements of subsidiaries to bring the accounting policies used into line with the Group's accounting policies.

All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between the members of the Group are eliminated on consolidation.

Business combination

Acquisitions of businesses are accounted for using the acquisition accounting. The consideration transferred in a business combination is measured at fair value, which is calculated as the sum of the acquisition-date fair values of the assets transferred by the Group, liabilities incurred by the Group to the former owners of the acquiree and the equity interests issued by the Group in exchange for control of the acquiree. Acquisition-related costs are generally recognised in profit or loss as incurred.

At the acquisition date, the identifiable assets acquired and the liabilities assumed are recognised at their fair value at the acquisition date, except that:

- deferred tax assets or liabilities, and assets or liabilities related to employee benefit arrangements are recognised and measured in accordance with IAS 12 Income Taxes and IAS 19 Employee Benefits respectively;
- liabilities or equity instruments related to share-based payment arrangements of the acquiree or share-based payment arrangements of the Group entered into to replace share-based payment arrangements of the acquiree are measured in accordance with IFRS 2 at the acquisition date;
- assets (or disposal groups) that are classified as held for sale in accordance with IFRS 5 Non-current Assets Held for Sale and Discontinued Operations are measured in accordance with that standard; and
- lease liabilities are recognised and measured at the present value of the remaining lease payments (as defined in IFRS 16 Leases) as if the acquired leases were new leases at the acquisition date, except for leases for which (a) the lease term ends within 12 months of the acquisition date; or (b) the underlying asset is of low value. Right-of-use assets are recognised and measured at the same amount as the relevant lease liabilities, adjusted to reflect favourable or unfavourable terms of the lease when compared with market terms.

Goodwill is measured as the excess of the sum of the consideration transferred, the amount of any non-controlling interests in the acquiree, and the fair value of the acquirer's previously held equity interest in the acquiree (if any) over the net amount of the identifiable assets acquired and the liabilities assumed as at acquisition date. If, after re-assessment, the net of the amount of the identifiable assets acquired and liabilities assumed exceeds the sum of the consideration transferred, the amount of any non-controlling interests in the acquiree and the fair value of the acquirer's previously held interest in the acquiree (if any), the excess is recognised immediately in profit or loss as a bargain purchase gain.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the financial year ended 31 December 2025

4 MATERIAL ACCOUNTING POLICY INFORMATION (Continued)

Business combination (Continued)

Non-controlling interests that are present ownership interests and entitle their holders to a proportionate share of the relevant subsidiary's net assets in the event of liquidation are initially measured at the non-controlling interests' proportionate share of the recognised amounts of the acquiree's identifiable net assets or at fair value. The choice of measurement basis is made on a transaction-by-transaction basis.

Subsidiaries and non-controlling interests

Non-controlling interests in the results of the Group are presented on the face of the consolidated statement of profit or loss and other comprehensive income as an allocation of the total profit or loss and total comprehensive income for the year between non-controlling interests and the equity shareholders of the Company. Loans from holders of non-controlling interests and other contractual obligations towards these holders are presented as financial liabilities in the consolidated statement of financial position in accordance with the relevant notes depending on the nature of the liability.

In the Company's statement of financial position, an investment in a subsidiary is stated at cost less impairment losses.

Revenue recognition

The Group recognises revenue from the following sources:

- Trucking services
- Freight forwarding services
- Value added transport services ("VATS")

i. Revenue from provision of trucking services

Trucking services refer to the transportation of cargo, primarily containers, from the customers' designated pick up points to their designated delivery point within Singapore. Revenue from trucking service is recognised over the period up to the delivering the cargo to the customers' designated delivery point.

ii. Revenue from provision of freight forwarding services

Revenue from outbound freight forwarding is recognised when the goods are delivered to the carriers at the port of disembarkation, while revenue from inward freight forwarding is recognised when goods arrive at the customers' designated port of arrival. Revenue is recognised over the period up to the delivering the goods to the customer's warehouse as the customer simultaneously receives and consumes the benefits provided by the Group's performance as the Group performs.

iii. Revenue from provision of value added transport services

Value added transport services refer to the handling and storage of laden and empty containers and general cargo at the Group's logistics yard. Revenue from provision of value added transport service is recognised over the respective service period based on the services provided as the customer simultaneously receives and consumes the services provided by the Group over the period.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the financial year ended 31 December 2025

4 MATERIAL ACCOUNTING POLICY INFORMATION (Continued)

Leases

The Group as lessee

The Group assesses whether a contract is or contains a lease, at inception of the contract. The Group recognises a right-of-use asset and a corresponding lease liability with respect to all lease arrangements in which it is the lessee, except for short-term leases (defined as leases with a lease term of 12 months or less) and leases of low value assets (such as tablets and personal computers, small items of office furniture and telephones). For these leases, the Group recognises the lease payments as an operating expense on a straight-line basis over the term of the lease unless another systematic basis is more representative of the time pattern in which economic benefits from the leased assets are consumed.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted by using the rate implicit in the lease. If this rate cannot be readily determined, the Group uses its incremental borrowing rate.

Lease payments included in the measurement of the lease liability comprise:

- Fixed lease payments (including in-substance fixed payments), less any lease incentives receivable;
- Variable lease payments that depend on an index or rate, initially measured using the index or rate at the commencement date;
- The amount expected to be payable by the lessee under residual value guarantees;
- The exercise price of purchase options, if the lessee is reasonably certain to exercise the options; and
- Payments of penalties for terminating the lease, if the lease term reflects the exercise of an option to terminate the lease.

The lease liability is presented as a separate line in the consolidated statement of financial position.

The lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability (using the effective interest method) and by reducing the carrying amount to reflect the lease payments made.

The Group remeasures the lease liability (and makes a corresponding adjustment to the related right-of-use asset) whenever:

- The lease term has changed or there is a significant event or change in circumstances resulting in a change in the assessment of exercise of a purchase option, in which case the lease liability is remeasured by discounting the revised lease payments using a revised discount rate.
- The lease payments change due to changes in an index or rate or a change in expected payment under a guaranteed residual value, in which cases the lease liability is remeasured by discounting the revised lease payments using an unchanged discount rate (unless the lease payments change is due to a change in a floating interest rate, in which case a revised discount rate is used).
- A lease contract is modified and the lease modification is not accounted for as a separate lease, in which case the lease liability is remeasured based on the lease term of the modified lease by discounting the revised lease payments using a revised discount rate at the effective date of the modification.

The Group did not make any such adjustments during the periods presented.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the financial year ended 31 December 2025

4 MATERIAL ACCOUNTING POLICY INFORMATION (Continued)

Leases (Continued)

The Group as lessee (Continued)

The right-of-use assets comprise the initial measurement of the corresponding lease liability, lease payments made at or before the commencement date, less any lease incentives received and any initial direct costs. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Whenever the Group incurs an obligation for costs to dismantle and remove a leased asset, restore the site on which it is located or restore the underlying asset to the condition required by the terms and conditions of the lease, a provision is recognised and measured under IAS 37. To the extent that the costs relate to a right-of-use asset, the costs are included in the related right-of-use asset, unless those costs are incurred to produce inventories.

Right-of-use assets are depreciated over the shorter period of lease term and useful life of the right-of-use asset. If a lease transfers ownership of the underlying asset or the cost of the right-of-use asset reflects that the Group expects to exercise a purchase option, the related right-of-use asset is depreciated over the useful life of the underlying asset. The depreciation starts at the commencement date of the lease.

The right-of-use assets are presented as part of property, plant and equipment in the consolidated statement of financial position.

The Group applies IAS 36 to determine whether a right-of-use asset is impaired and accounts for any identified impairment loss as described in the 'Property, Plant and Equipment' policy.

As a practical expedient, IFRS 16 permits a lessee not to separate non-lease components, and instead account for any lease and associated non-lease components as a single arrangement. The Group has not used this practical expedient. For a contracts that contain a lease component and one or more additional lease or non-lease components, the Group allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

The Group as Lessor

The Group enters into lease agreements as a lessor with respect to its investment properties.

Rental income from operating leases is recognised on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating leases are added to the carrying amount of the leased asset and recognised on a straight-line basis over the lease term.

Government grants

Government grants are not recognised until there is reasonable assurance that the Group will comply with the conditions attaching to them and that the grants will be received.

Government grants are recognised in profit or loss on a systematic basis over the periods in which the Group recognises as expenses the related costs for which the grants are intended to compensate.

Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Group with no future related costs are recognised in profit or loss in the period in which they become receivable.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the financial year ended 31 December 2025

4 MATERIAL ACCOUNTING POLICY INFORMATION (Continued)

Retirement benefit costs

Payments made to Central Provident Fund (“CPF”) are recognised as expense when employees have rendered service entitling them to the contributions.

Short-term employee benefits

Short-term employee benefits are recognised at the undiscounted amount of the benefits expected to be paid as and when employees rendered the services. All short-term employee benefits are recognised as an expense unless another IFRSs requires or permits the inclusion of the benefits in the cost of an asset.

A liability is recognised for benefits accruing to employees (such as wages and salaries, annual leave and sick leave) after deduction any amount already paid.

Income tax

Income tax expense represents the sum of the tax currently payable and deferred tax.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from “profit before tax” as reported in the consolidated statement of profit or loss and other comprehensive income because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The Group’s liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax base used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary difference to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit and does not give rise to equal taxable and deductible temporary differences.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset is realised, based on tax rate (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the financial year ended 31 December 2025

4 MATERIAL ACCOUNTING POLICY INFORMATION (Continued)

Foreign currency transaction and translation

In preparing the consolidated financial statements of the Group, transactions in currencies other than the functional currency of the entity (foreign currencies) are recognised at the rates of exchanges prevailing on the dates of the transactions. At the end of the reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences arising on the settlement of monetary items, and on the retranslation of monetary items, are recognised in profit or loss in the period in which they arise.

Property, plant and equipment

Property, plant and equipment held for use in the production or supply of goods or services, or for administrative purposes, other than construction in progress, are stated at cost less subsequent accumulated depreciation and accumulated impairment losses, if any.

Depreciation is recognised so as to write off the cost of items of property, plant and equipment, other than construction in progress, less their residual values over their estimated useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

Assets held under lease liabilities are depreciated over their expected useful lives on the same basis as owned assets. However, when there is no reasonable certainty that ownership will be obtained by the end of the lease term, assets are depreciated over the shorter of the lease term and their useful lives.

Construction in progress is stated at cost less any impairment losses, and is not depreciated. It is reclassified to the appropriate category of property, plant and equipment when completed and ready for use.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

Investment properties

Investment properties are properties held to earn rentals and/or for capital appreciation. Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less subsequent accumulated depreciation and any accumulated impairment loss.

Depreciation is recognised so as to write off the cost of items of investment properties less their residual values over their estimated useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from the disposal. Any gain or loss arising on derecognition of the investment property (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in profit or loss in the period in which the property is derecognised.

4 MATERIAL ACCOUNTING POLICY INFORMATION (Continued)

Intangible assets

Intangible assets acquired separately

Intangible assets with finite useful lives that are acquired separately are carried at costs less accumulated amortisation and any accumulated impairment losses. Amortisation for intangible assets with finite useful lives is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

Customer relationships acquired in a business combination are recognised at fair value at the acquisition date. The customer relationships have a finite useful life and are carried at cost less accumulated amortisation. Amortisation is calculated using the straight-line method over the expected life of the customer relationships.

Goodwill

Goodwill arising on an acquisition of a business is carried at cost as established at the date of acquisition of the business (see the accounting policy above) less accumulated impairment losses, if any.

For the purposes of impairment testing, goodwill is allocated to each of the Group's cash-generating units (or groups of cash-generating units) that is expected to benefit from the synergies of the combination, which represent the lowest level at which the goodwill is monitored for internal management purposes and not larger than an operating segment.

A cash-generating unit (or group of cash-generating units) to which goodwill has been allocated is tested for impairment annually or more frequently when there is indication that the unit may be impaired. For goodwill arising on an acquisition in a reporting period, the cash-generating unit (or group of cash-generating units) to which goodwill has been allocated is tested for impairment before the end of that reporting period. If the recoverable amount is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill and then to the other assets on a pro-rata basis based on the carrying amount of each asset in the unit (or group of cash-generating units). Any impairment loss for goodwill is recognised directly in profit or loss and is not reversed in subsequent periods.

On disposal of the relevant cash-generating unit, the attributable amount of goodwill is included in the determination of the amount of profit or loss on disposal.

Impairment of tangible and intangible assets

At the end of each reporting period, the management of the Group reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss, if any. When it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

4 MATERIAL ACCOUNTING POLICY INFORMATION (Continued)

Impairment of tangible and intangible assets (Continued)

Recoverable amount is the higher of fair values less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or a cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or a cash-generating unit) is reduced to its recoverable amount. In allocating the impairment loss, the impairment loss is allocated first to reduce the carrying amount of any goodwill (if applicable) and then to the other assets on a pro-rata basis based on the carrying amount of each asset in the unit. The carrying amount of an asset is not reduced below the highest of its fair value less costs of disposal (if measurable), its value in use (if determinable) and zero. The amount of the impairment loss that would otherwise have been allocated to the asset is allocated pro rata to the other assets of the unit. An impairment loss is recognised immediately in profit or loss.

Where an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

Cash and cash equivalents

Cash and cash equivalents comprise cash balances and bank deposits with maturity of less than three months that are readily convertible to a known amount of cash and are subject to an insignificant risk of changes in value.

Financial Instruments

Financial assets and financial liabilities are recognised on the statement of financial position when the Group becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

Financial assets

All financial assets are recognised and de-recognised on a trade date basis where the purchase or sale of financial assets is under a contract whose terms require delivery of assets within the time frame established by the market concerned.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Financial assets (Continued)

Classification of financial assets

Trade receivables arising from contracts with customers are initially measured in accordance with IFRS 15. All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Debt instruments that meet the following conditions are subsequently measured at amortised cost:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Amortised cost and effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant periods.

The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) excluding expected credit losses ("ECL"), through the expected life of the debt instrument, or, where appropriate, a shorter period, to the gross carrying amount of the debt instrument on initial recognition.

The amortised cost of a financial asset is the amount at which the financial asset is measured at initial recognition minus the principal repayments, plus the cumulative amortisation using the effective interest method of any difference between that initial amount and the maturity amount, adjusted for any loss allowance. On the other hand, the gross carrying amount of a financial asset is the amortised cost of a financial asset before adjusting for any loss allowance.

Interest income is recognised using the effective interest method for debt instruments measured subsequently at amortised cost. For financial instruments other than purchased or originated credit-impaired financial assets, interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset, except for financial assets that have subsequently become credit-impaired. For financial assets that have subsequently become credit-impaired, interest income is recognised by applying the effective interest rate to the amortised cost of the financial asset. If, in subsequent reporting periods, the credit risk on the credit-impaired financial instrument improves so that the financial asset is no longer credit-impaired, interest income is recognised by applying the effective interest rate to the gross carrying amount of the financial asset.

Interest income is recognised in profit or loss using the effective interest method and is included in the "other income" line item.

Impairment of financial assets

The Group recognises a loss allowance for ECL on financial assets which are subject to impairment under IFRS 9 (including trade receivables, other receivables, amounts due from related parties, bank deposits and bank balances). The amount of ECL is updated at each reporting date to reflect changes in credit risk since initial recognition of the respective financial instrument.

The Group always recognises lifetime ECL for trade receivables and measures the lifetime ECL on a collective basis for portfolios of trade receivables that share similar economic risk characteristics. The ECL on these financial assets are estimated using a provision matrix i.e., analysis of trade-related receivables by aging and apply a probability-weighted estimate of the credit losses within the relevant time band. The probability-weighted estimate of the credit losses is determined based on the Group's historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current as well as the forecast direction of conditions at the reporting date, including time value of money where appropriate.

For all other financial instruments, the Group measures the loss allowance equal to 12-months ECL ("12m ECL"), unless when there has been a significant increase in credit risk since initial recognition, the Group recognises lifetime ECL. The assessment of whether lifetime ECL should be recognised is based on significant increases in the likelihood or risk of a default occurring since initial recognition instead of on evidence of a financial asset being credit-impaired at the reporting date or an actual default occurring since initial recognition.

Lifetime ECL represent the ECL that will result from all possible default events over the expected life of a financial instrument. In contrast, 12m ECL represent the portion of lifetime ECL that is expected to result from default events on a financial instrument that are possible within 12 months after the reporting date.

Significant increase in credit risk

In assessing whether the credit risk on a financial instrument has increased significantly since initial recognition, the Group compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition. In making this assessment, the Group considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort. Forward-looking information considered includes the future prospects of the industries in which the Group's debtors operate as well as consideration of various external sources of actual and forecast economic information that relate to the Group's core operation.

4 MATERIAL ACCOUNTING POLICY INFORMATION (Continued)

Financial Instruments (Continued)

Financial assets (Continued)

Significant increase in credit risk (Continued)

In particular, the following information is taken into account when assessing whether credit risk has increased significantly since initial recognition:

- an actual or expected significant deterioration in the financial instrument's external (if available) or internal credit rating;
- significant deterioration in external market indicators of credit risk e.g. a significant increase in the credit spread, the credit default swap prices for the debtor;
- existing or forecast adverse changes in business, financial or economic conditions that are expected to cause a significant decrease in the debtor's ability to meet its debt obligations;
- an actual or expected significant deterioration in the operating results of the debtor;
- significant change in the value of the collateral supporting the obligation or in the quality of third-party guarantees or credit enhancements, which are expected to reduce the borrower's economic incentive to make scheduled contractual payments or to otherwise have an effect on the probability of a default occurring; and
- an actual or expected significant adverse change in the regulatory, economic, or technological environment of the debtor that results in a significant decrease in the debtor's ability to meet its debt obligations.

Irrespective of the outcome of the above assessment, the Group presumes that the credit risk on a financial asset has increased significantly since initial recognition when contractual payments are more than 30 days past due, unless the Group has reasonable and supportable information that demonstrates otherwise.

Despite the foregoing, the Group assumes that the credit risk on a financial instrument has not increased significantly since initial recognition if the financial instrument is determined to have low credit risk at the reporting date. A financial instrument is determined to have low credit risk if i) the financial instrument has a low risk of default, ii) the borrower has a strong capacity to meet its contractual cash flow obligations in the near term and iii) adverse changes in economic and business conditions in the longer term may, but will not necessarily, reduce the ability of the borrower to fulfil its contractual cash flow obligations.

Definition of default

The Group considers the following as constituting an event of default for internal credit risk management purposes as historical experience indicates that receivables that meet either of the following criteria are generally not recoverable.

- when there is a breach of financial covenants by the counterparty; or
- information developed internally or obtained from external sources indicates that the debtor is unlikely to pay its creditors, including the Group, in full (without taking into account any collaterals held by the Group).

The Group also considers that default has occurred when the instrument is more than 90 days past due unless the Group has reasonable and supportable information to demonstrate that a more lagging default criterion is more appropriate.

4 MATERIAL ACCOUNTING POLICY INFORMATION (Continued)

Financial Instruments (Continued)

Financial assets (Continued)

Measurement and recognition of ECL

The measurement of ECL is a function of the probability of default, loss given default (i.e. the magnitude of the loss if there is a default) and the exposure at default. The assessment of the probability of default and loss given default is based on historical data adjusted by forward-looking information.

Estimation of ECL reflects an unbiased and probability-weighted amount that is determined with the respective risks of default occurring as the weights. The Group uses a practical expedient in estimating ECL on trade receivables using a provision matrix, and/or assesses the ECL individually for trade receivables with significant balances, taking into consideration historical credit loss experience and forward looking information that is available without undue cost or effort.

For other financial assets, the Group measures the loss allowance equal to 12m ECL, unless when there has been a significant increase in credit risk since initial recognition, the Group recognises lifetime ECL. The assessment of whether lifetime ECL should be recognised is based on significant increases in the likelihood or risk of a default occurring since initial recognition.

Generally, the ECL is estimated as the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the Group expects to receive, discounted at the effective interest rate determined at initial recognition.

Credit-impaired financial assets

Financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of that financial asset have occurred. Evidence that a financial asset is credit-impaired includes observable data about the following events:

- a) significant financial difficulty of the issuer or the borrower;
- b) a breach of contract, such as a default or past due event;
- c) the lender(s) of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, having granted to the borrower a concession(s) that the lender(s) would not otherwise consider;
- d) it is becoming probable that the borrower will enter bankruptcy or other financial reorganisation;
- e) the purchase or origination of a financial asset at a deep discount that reflects the incurred credit losses; or
- f) the disappearance of an active market for that financial asset because of financial difficulties.

Write-off policy

The Group writes off a financial asset when there is information indicating that the counterparty is in severe financial difficulty and there is no realistic prospect of recovery, e.g. when the counterparty has been placed under liquidation or has entered into bankruptcy proceedings, or in the case of trade receivables, when the amounts are over two years past due, whichever occurs sooner. Financial assets written off may still be subject to enforcement activities under the Group's recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognised in profit or loss.

Financial liabilities and equity

Derecognition of financial assets

The Group derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

On derecognition of a financial asset measured at amortised cost, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in profit or loss.

Classification of financial liabilities and equity instruments

Financial liabilities and equity instruments issued by a group entity are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a group entity are recognised at the proceeds received, net of direct issue costs.

Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method.

Derecognition of financial liabilities

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss.

5 CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

The Group's management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the financial year ended 31 December 2025

5 CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY (Continued)

Critical judgements in applying accounting policies

Management is of the opinion that there are no critical judgements involved that have a significant effect on the amounts recognised in the financial statements (apart from those involving estimation which are dealt with below).

Key sources of estimation uncertainty

The following is the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of each reporting period that have a significant risk of causing a material adjustment to the carrying amounts of assets within the next twelve months.

Estimated impairment of trade receivables (Note 18)

The Group recognises lifetime ECL for trade receivables, using a provision matrix i.e., analysis of trade-related receivables by aging and apply a probability-weighted estimate of the credit losses within the relevant time band. The probability-weighted estimate of the credit losses is determined based on the Group's historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current as well as the forecast direction of conditions at the reporting date, including time value of money where appropriate.

As at 31 December 2025, the carrying amount of trade receivables is S\$14,777,121 (2024: S\$15,506,508) net of allowance for expected credit loss of S\$50,310 (2024: S\$51,810).

Impairment of goodwill (Note 17)

The Group determines whether goodwill is impaired at least on an annual basis. This requires an estimation of the value in use of the cash-generating units to which the goodwill is allocated. Estimating the value in use requires the Group to make an estimate of the expected cash flows from the cash-generating unit and also to choose a suitable discount rate in order to calculate the present value of those cash flows.

As at 31 December 2025, the carrying amounts of goodwill is S\$199,055 (2024: S\$1,639,055), net of impairment loss of S\$1,440,000 (2024: Nil).

Impairment of customer relationships (Note 17)

Determining whether customer relationships are impaired requires an estimation of the value in use of the cash generating units to which customer relationships have been allocated. The value in use calculation requires management to estimate the future cash flows expected to arise from the cash generating units and a suitable discount rate in order to calculate the present value. Where the actual future cash flows are less than expected, a material impairment loss may arise.

Income tax (Note 11)

The Group is subject to income tax in Singapore. Significant judgement is required in determining the provision for income tax. There are many transactions and calculations for which the ultimate tax determination is uncertain. Where the final tax outcome is different from the amounts that were initially recorded, such differences will impact the current tax liabilities in the period in which such determination is made.

6 REVENUE AND SEGMENT INFORMATION

Revenue represents the fair value of amounts received and receivable from provision of trucking services, freight forwarding services and value added transport services by the Group to external customers, also represents the revenue from contracts with customers. This is consistent with the revenue information that is disclosed for each operating and reportable segment under IFRS 8. During the years ended 31 December 2025 and 2024, there is no inter-segment sales.

Information is reported to the Chief Operating Decision Maker ("CODM") of the Group, for the purposes of resource allocation and performance assessment. The CODM reviews segment revenue and results attributable to each segment, which is measured by reference to respective segments' gross profit. The segment information is defined by nature of services provided:

- Trucking services
- Freight forwarding services
- Value added transport services

No further detailed analysis of the Group's assets and liabilities is regularly provided to the CODM for review.

An analysis of the Group's revenue and segment result for the financial years are as follows:

	2025 S\$	2024 S\$
Revenue from external customers:		
– Trucking services	26,873,793	22,590,165

6 REVENUE AND SEGMENT INFORMATION (Continued)

The Group derives its revenue from provision of trucking services, freight forwarding services and value added transport services over time. As permitted under IFRS 15, the transaction price allocated to these unsatisfied contracts is not disclosed.

During the years ended 31 December 2025 and 2024, the contract prices for trucking services and freight forward services are agreed based on factors such as weight and distance etc. and for value added transport services are based on storage space occupied and storage duration used.

The accounting policies for segment information are the same as Group's accounting policies described in Note 4. Segment results represent the profit earned by each segment without allocation of other income, other gains, net, selling expenses, administrative expenses, impairment gains and losses (including reversals of impairment losses) on financial assets and finance costs.

Geographical information

The Group principally operates in Singapore, which is also the place of domicile. The Group's all non-current assets other than financial assets are all located in Singapore.

Information about major customers

For the years ended 31 December 2025 and 2024, no single customer contributes 10% or more of total revenue of the Group.

The investment properties comprise industrial properties that are leased to external customers. The leases contain initial non-cancellable period of between 1 to 4 years. Subsequent renewal are negotiated with the lessees.

The above items of investment properties are depreciated on a straight-line basis over 30 years after taking into account the residual values.

As at 31 December 2025, the Group's investment properties with carrying amounts of S\$3,078,090 (2024: Nil) were pledged to secure the bank borrowings of S\$4,000,000 (2024: Nil) (Note 24).

At 31 December 2025, the fair values of the investment properties amounted to S\$4,400,000 (2024: S\$4,380,000).

The fair values have been arrived at by the management and are based on comparable market transactions of similar properties in the neighbourhood that have been transferred in the open market.

The fair value measurement of the investment properties are categorised within level 3 of the fair value hierarchy.

In estimating the fair value of the properties, the highest and best use of the properties is its current use.

17 INTANGIBLE ASSETS (Continued)

Notes:

- (a) Goodwill acquired in a business combination is allocated, at acquisition, to the cash-generating unit ("CGU") that are expected to benefit from that business combination. Goodwill of S\$1,639,055 is attributable to the acquisition of Resolute Solutions.

In addition to goodwill, property, plant and equipment (including right-of-use assets and allocated corporate assets) and intangible assets (with finite useful lives) that generate cash flows together with the related goodwill are also included in the CGU for the purpose of impairment assessment.

The recoverable amount of the CGU of Resolute Solutions is determined based on the value-in-use calculation. The calculation uses cash flow projections based on financial budgets approved by management covering a five-year period.

Cash flows beyond the five-year period are extrapolated using an estimated long term growth rate of 2% (2024: 2%). The growth rates used do not exceed the long-term average growth rates for the business in which the CGU operates. The cash flows are discounted using the discount rate of 9.07% (2024: 10.45%). The discount rate used is pre-tax and reflects the specific risks relating to the relevant segment.

The following table sets out the key assumptions for the CGU:

	2025	2024
Annual revenue growth rate in the five-year financial budgets	5%	5%
Annual growth rate of cost of services in the five-year financial budgets	2%	2%
Annual growth rate of staff costs and other operating expenses in the five-year financial budgets	5%	5%
Long term revenue growth rate	2%	2%
Pre-tax discount rate	9.07%	10.45%

In 2025, shortfalls existed in the actual results against the forecasts in 2024 for the CGU due to slower-than-expected growth of revenue arising from the reduced cargo volumes, fierce competition in the industry and disrupted trade flows caused by international trade tensions. Thus the CGU underperformed expectation in 2025, with lower revenue and operating results than forecasted.

Management critically reassessed the key assumptions applied in the value-in-use calculations as at 31 December 2025. While management's expectations for the growth rates of revenue, costs and operating expenses in the five-year financial budgets, and the long-term growth rate, as adopted in the impairment assessment for 2025, remained consistent with prior-year impairment assessment, the lower-than-expected actual results in 2025 established a lower base for the five-year projection period. This lower base resulted in a reduction of the total projected future cash flows and accordingly a lower value-in-use of the CGU as at 31 December 2025, as compared to 31 December 2024.

Based on the result of the assessment, as at 31 December 2025, the carrying amount of the CGU has been impaired to its recoverable amount of approximately S\$2,175,000. An impairment loss of S\$1,440,000 (2024: Nil) was recognised for the CGU and is included as a line item of "Impairment loss of intangible assets" in the consolidated statement of profit or loss and other comprehensive income. No class of asset other than goodwill was impaired.

Any adverse change in the assumptions used in the calculation of the recoverable amount would result in the impairment loss for the year ended 31 December 2024.

- (b) The customer relationships were acquired as part of a business combination completed during the year ended 31 December 2022. They were recognised at fair values at the date of acquisition and are subsequently amortised on a straight-line method over their estimated useful lives of 10 years.
- (c) The intangible assets included above consist of software with useful live of 3 to 5 years, over which the assets are amortised, after taking into account the residual values.

18 TRADE RECEIVABLES

	2025 S\$	2024 S\$

Allowance for doubtful debts	(50,310)	(51,810)
	14,777,121	15,506,508

The Group provides trucking services to new customers at cash upon delivery and grants credit terms to other customers typically ranging from 30 to 90 days from the invoice date for trade receivables. The following is an aging analysis of trade receivables, before allowance for doubtful debts, presented based on the invoice date which approximated the revenue recognition date at the end of each financial year:

	2025 S\$	2024 S\$
Within 30 days	6,937,113	6,098,372
31 days to 60 days	4,048,899	3,629,282
61 days to 90 days	1,712,269	1,821,246
91 days to 180 days	1,888,831	1,172,512
181 days to 1 year	180,129	547,370
Over 1 year	60,190	2,289,536
	14,827,431	15,558,318

Before accepting any new customer, the Group has assessed the potential customer's credit quality and defined credit limit to each customer on individual basis. Limits attributed to customers are reviewed when necessary. The majority of the Group's trade receivables that are past due but not impaired have no history of defaulting on repayment. As at 31 December 2025 and 2024, the Group does not charge interest or hold any collateral over the balances.

The Group applied simplified approach to provide the expected credit losses prescribed by IFRS 9. The impairment methodology is set out in Note 4.

As at 31 December 2024, amount due from a customer ("Customer A"), an independent third party, of S\$2,797,499 was past due and expected credit loss is assessed individually.

Customer A rented certain space in the Group's yard for storing cargo. In October 2020, Customer A entered into a settlement agreement with its creditors, pursuant to which Customer A obtained its creditors' approval for payment of the storage cost due to the Group, after settling the restructuring costs payable to the restructuring advisor of Customer A, before any distributions are made to the rest of the creditors of Customer A. The directors expected that Customer A will sell the cargo, which is kept in the Group's yard, and distribute the proceeds of the sale to its creditors with first priority given to the Group.

As at 31 December 2024, in the opinion of the directors of the Group, the estimated market value of the cargo was higher than the outstanding balance due from Customer A. Therefore the Group will be able to recover the outstanding balance in full and expected credit loss is minimal as at 31 December 2024.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the financial year ended 31 December 2025

18 TRADE RECEIVABLES (Continued)

In August 2025, the Group received a notice of lease expiry for the storage yard where Customer A's cargo was held. Despite the Group's requests for extensions or renewals of the lease to facilitate Customer A's represented imminent sale of the cargo, the landlord rejected all extensions and renewals and required vacant possession of the storage yard by December 2025.

In October 2025, the Group issued a formal notice to Customer A to request for removing the cargo from the storage yard. However, Customer A failed to comply with the request, citing a lack of liquidity and continued delays in securing a buyer. The Directors considered that the recoverability of the amount due from Customer A was remote and therefore provided an impairment loss of S\$3,056,502. In December 2025, the Group was compelled to relocate the cargo to an alternative site to avoid substantial landlord penalties.

Subsequent to the year ended 31 December 2025, in January 2026, the relevant regulatory authority officially refused to grant further extensions to Customer A for the cargo to remain in Singapore. In February 2026, the regulatory authority officially seized the cargo and indicated an intention for its permanent disposal or destruction.

The Directors considered these developments after the reporting period as adjusting events that provided supportive evidence of conditions existing at 31 December 2025. Given that (i) the seized cargo was the sole anticipated source of repayment; (ii) the seizure of the cargo extinguished Customer A's ability to complete the anticipated sale; and (iii) Customer A lacks other known assets or liquidity, the Directors concluded there was no realistic prospect of recovery of the amount due from Customer A. Accordingly, the Group wrote off the entire balance of S\$3,077,336 during the year ended 31 December 2025.

As part of the Group's credit risk management, the Group assesses the impairment for its customers based on different group of customers which share common risk characteristics and applies internal credit rating for its customers. The following table provides information about the exposure to credit risk for trade receivables which are assessed based on provision matrix as at 31 December 2025 and 2024 within lifetime ECL (not credit impaired). Customers with credit-impaired were assessed individually.

18 TRADE RECEIVABLES (Continued)

The directors of the Company are of the opinion that there has low default risk for trade receivables aged over 90 days which categorised as "Low risk" and the balances are still considered fully recoverable due to long-term/on-going business relationship and sound repayment record from these customers.

During the year ended 31 December 2025, other than write-off of amount due from Customer A of S\$3,077,336 (2024: Nil), in view of the prolonged outstanding and lost contact with certain other debtors, the management considered that no reasonable expectation of recovering those amounts of S\$13,875 (2024: S\$1,850).

Notes:

- The deposit balances pertains to non-current deposit of yard, warehouse and office rental amounted to S\$303,606 (2024: S\$393,703).
- As at 31 December 2024, included in other receivables was an amount of S\$1,469,365 relating to a payment to a customer in connection with an overpayment of GST. The amount was recovered upon refund by the relevant tax authority to the customer during the year.

For the purpose of impairment assessment, the other receivable balances are considered to have low credit risk as they are not due for repayment at the end of the reporting period and there has been no significant increase in the risk of default on the receivables since recognition. Accordingly, for the purpose of impairment assessment for these receivables, the loss allowance is measured at an amount equal to 12-month ECL.

In determining the ECL, management has taken into account the historical default experience and the financial position of the counterparties, adjusted for factors that are specific to the debtors and general economic conditions of the industry in which the debtors operate, in estimating the probability of default of each of these financial assets occurring within their respective loss assessment time horizon, as well as the loss upon default in each case.

There has been no change in the estimation techniques or significant assumptions made during the year in assessing the loss allowance for other receivables.

35 CAPITAL RISKS MANAGEMENT

The Group manages its capital to ensure that it will be able to continue as a going concern while maximising the return to shareholders through the optimisation of equity balance. The Group's overall strategy remains unchanged throughout the financial year ended 31 December 2025.

The capital structure of the Group consists of debt, which includes amounts due to related parties, trade and other payables, lease liabilities and bank borrowings as disclosed in Notes 20(b), 22, 23 and 24, respectively, net of bank balances and cash and equity attributable to owners of the Group, comprising share capital and reserves. The Group is not subject to any externally imposed capital requirement.

The management of the Group review the capital structure on a regular basis. As part of this review, the management considers the cost of capital and the associated risk with each class of items in the context of capital structure, and takes appropriate actions to adjust the Group's capital structure. Based on the recommendations of the management, the Group will balance its overall capital structure through continuity of funding of cash flows from operating activities.

Financial risk management objectives and policies

The Group's financial instruments include trade receivables, other receivables and deposits, amounts due from/to related parties, pledged deposits, bank balances and cash, fixed deposits, trade and other payables, bank borrowings and derivative financial liabilities. The risks associated with these financial instruments and obligations under lease liabilities include market risk (interest rate risk and currency risk), credit risk and liquidity risk. The policies on how to mitigate these risks are set out below. The management manages and monitors these exposures to ensure appropriate measures are implemented on a timely and effective manner.

(a) Market risk management

Interest rate risk management

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group is exposed to cash flow interest rate risk on the variable rate of interest incurred on bank borrowings and interest received on bank deposits. The Group is also exposed to fair value interest rate risk in relation to fixed-rate obligations under finance leases/lease liabilities and bank deposits. It is the Group's policy to maintain an appropriate level between its fixed-rate and variable-rate borrowings so as to minimise the fair value and cash flow interest rate risk.

The Group currently does not have an interest rate hedging policy. However, the management monitors interest rate risk exposure and will consider interest rate hedging should the need arise.

Sensitivity analysis

The sensitivity analysis below has been determined based on the exposure to interest rates for nonderivative instruments. The analysis is prepared assuming the financial instruments outstanding at the end of the reporting period were outstanding for the whole year. The following sensitivity analysis represents management's assessment of the reasonably possible change in interest rates.

If interest rates of the variable-rate borrowings had been 50 basis points higher/lower and all other variables were held constant, the Group's profit for the year ended 31 December 2025 would decrease/increase by S\$16,600 (2024: Nil).

In the management's opinion, the sensitivity analysis is unrepresentative of the inherent interest risk as the year end exposure does not reflect the exposure during the year.

No sensitivity analysis on variable interest-bearing bank balances is presented as the impact is expected to be insignificant.

(b) Currency risk management

The Group has certain trade receivables and payables denominated in United States dollar ("USD") other than the functional currency of the respective group entities, which exposes the Group to foreign currency risk. The Group manages the risk by closely monitoring the movement of the foreign currency rate.

The carrying amounts of the Group's significant monetary assets and liabilities denominated in foreign currencies at the end of each reporting period are as below:

	2025 S\$	2024 S\$
Monetary assets:		
– Denominated in USD	6,203,771	5,865,267
– Denominated in HKD	169,445	431,089
Monetary liabilities:		
– Denominated in USD	433,172	694,627
– Denominated in EURO	62,244	64,568
– Denominated in HKD	3,300	120,815

Sensitivity analysis

The following table details the sensitivity to a 10% increase and decrease in the relevant foreign currencies against the functional currency of each Group entity. 10% is the sensitivity rate used when reporting foreign currency risk internally to key management personnel and represents management's assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the year end for a 10% change in foreign currency rates.

(b) Currency risk management (Continued)

Sensitivity analysis (Continued)

A negative number below indicates a decrease in profit for the year where S\$ strengthens 10% against all foreign currencies. For a 10% weakening of S\$ against all foreign currencies, there would be an equal but opposite impact on the profit for the year.

	2025 S\$	2024 S\$
Profit for the year:		
– USD Impact	(478,960)	(429,163)
– EURO Impact	5,166	5,359
– HKD Impact	(16,454)	(27,289)

(c) Credit risk management

At the end of each reporting period, the Group's maximum exposure to credit risk which will cause a financial loss to the Group due to failure to discharge an obligation by the counterparties is arising from the carrying amount of the respective recognised financial assets as stated in the statement of financial position.

The Group's concentration of credit risk by geographical location is mainly in Singapore, which accounted for 99% (2024: 99%) of the total financial assets as at 31 December 2025.

Trade receivables consist of a large number of customers, spread across diverse industries. The Group reviews the recoverable amount of each individual trade debt, including trade receivable and amounts due from related parties of trade nature, at the end of each reporting period to ensure that adequate impairment losses are made to reflect changes in credit risk since initial recognition of the respective trade debts.

As at 31 December 2025, approximately 6% (2024: 18%) and 22% (2024: 32%) of outstanding trade receivables were due from the Group's largest debtor and top 5 debtors respectively.

Bank balances

The credit risk on bank balances is limited because the counterparties are reputable financial institutions.

Trade receivables

The Group reassess the lifetime ECL for trade receivables at the end of each reporting period to ensure that adequate impairment losses are made for significant increases in the likelihood or risk of a default occurring since initial recognition. In this regard, management of the Group considers that the Group's credit risk as at 31 December 2025 and 2024 is immaterial. Lifetime ECL for trade receivables with significant increase in credit risk and credit-impaired are assessed individually.

During the year ended 31 December 2025, the Group wrote off the amount due from Customer A of S\$3,077,336 (See note 18).

Other receivables and amounts due from related parties

For other receivables, non-trade amounts due from related parties, the Group has assessed and concluded that the ECL rate for these receivables is immaterial under 12m ECL method based on the Group's assessment on the risk of default of the counterparties. Thus, no loss allowance provision for the amounts as recognised for the years ended 31 December 2025 and 2024.

Expected credit loss assessment

The Group applied credit risk modelling upon adoption of IFRS 9. The Group considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis.

To assess whether there is a significant increase in credit risk the Group compare the risk of a default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition, it considers available reasonable the supportive forwarding looking information, including below indicators:

- internal credit rating based on historical information;
- actual or expected significant changes in the operating results of the debtors; and
- significant changes in the expected performance and behaviour of the debtors, include changes in the payment status of debtors.

The Group's internal credit risk grading assessment comprises the following categories:

Internal credit rating	Description	Basis for recognising ECL	
		Trade receivables	Other financial asset
Low risk	The counterparty has low risk of default, does not have past-due amounts and usually settle within credit period.	Lifetime ECL – not credit impaired	12-month ECL
Watch list	Debtor frequently repays after due dates but expect to settle in full.	Lifetime ECL – not credit impaired	Lifetime ECL – not credit impaired
Loss	There is evidence indicating that the asset is credit-impaired.	Lifetime ECL – credit impaired	Lifetime ECL – credit impaired
Write-off	There is evidence indicating that the debtor is in severe financial difficulty and the Group has no realistic prospect of recovery.	Amount is written off	Amount is written off

36 FINANCIAL INSTRUMENTS AND FINANCIAL RISK MANAGEMENT (Continued)

Financial risk management objectives and policies (Continued)

(c) Credit risk management (Continued)

Expected credit loss assessment (Continued)

- (i) The probability-weighted estimate of the credit losses is determined based on the Group's historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current as well as the forecast direction of conditions at the reporting date, including time value of money where appropriate.

In order to minimise the credit risk of trade receivables, the Group has policies in place for determination of credit limits, credit approvals and other monitoring procedures to ensure that follow-up action is taken to recover overdue debts. Before accepting any new customer, the Group carries out research on the credit risk of the new customer and assesses the potential customer's credit quality and defines credit limits by customer. Limits attributed to customers are reviewed when necessary.

- (ii) In order to minimise the credit risk on other receivables and amounts due from related parties, management makes periodic collective assessments as well as individual assessment on the recoverability of receivables based on historical settlement records and past experience. The directors of the Company believe that there is no material credit risk inherent in the Group's outstanding balances of other receivables. In addition, the credit risk on amounts due from related parties are reduced as the Group can closely monitor the repayment of the related parties. Other than concentration of credit risk on the amounts due from related parties, the Group has no other significant concentration on recognised financial assets with exposure spread over a number of counterparties.

Relevant information with regard to the exposure of credit risk and expected credit losses for trade and other receivables and amounts due from related parties as at 31 December 2025 and 2024 are set out in Notes 18, 19 and 20(a).

(d) Liquidity risk management

Liquidity risk is the risk that the Group will encounter difficulties in meeting its financial obligations as and when they fall due. In the management of the liquidity risk, the Group monitors and maintains a level of cash and cash equivalents deemed adequate by the management to finance the Group's operations and mitigate the effects of fluctuations in cash flows.

Non-derivative financial liabilities and derivative financial liabilities

The following table details the Group's remaining contractual maturity for its non-derivative financial liabilities and derivative financial liabilities. The table has been drawn up based on the undiscounted cash flows (including interest payments computed using contractual rates or, if floating, based on the relevant market rates as at the reporting date) of financial liabilities based on the earliest date on which the Group can be required to pay. The table includes both interest and principal cash flows, where applicable.

Non-derivative financial assets

All financial assets of the Group as at 31 December 2025 and 2024 are repayable on demand or due within one year, other than security deposits for the lease of yards and refundable deposit paid for strategic acquisition.

(e) Fair value of financial assets and financial liabilities

Fair value of the Group's financial assets and financial liabilities that are not measured at fair value on recurring basis

The fair value of financial assets and financial liabilities is determined in accordance with generally accepted pricing model based on discounted cash flow analysis.

The management of the Groups considers that the carrying amounts of financial assets and financial liabilities recorded at amortised cost in the consolidated financial statement approximate to their fair values.

(e) Fair value of financial assets and financial liabilities (Continued)

Fair value of the Group's financial assets and financial liabilities that are measured at fair value on recurring basis

The following table presents the fair value of the Group's financial instruments measured at the end of the reporting period on a recurring basis, categorised into the three-level fair value hierarchy as defined in IFRS 13. The level into which a fair value measurement is classified is determined with reference to the observability and significance of the inputs used in the valuation technique as follows:

- Level 1 valuation: Fair value is measured using only Level 1 inputs i.e. unadjusted quoted prices in active markets for identical assets or liabilities at the measurement date
- Level 2 valuation: Fair value is measured using Level 2 inputs i.e. observable inputs which fail to meet Level 1, and not using significant unobservable inputs. Unobservable inputs are inputs for which market data are not available
- Level 3 valuation: Fair value is measured using significant unobservable inputs

	Fair value measurement categorised into fair value hierarchy				Fair value measurement categorised into fair value hierarchy			
	Fair value at 31 December 2025	Level 1	Level 2	Level 3	Fair value at 31 December 2024	Level 1	Level 2	Level 3

Recurring fair value measurements

– interest rate swaps	30,868	–	30,868	–	–	–	–	–

During both years, there were no transfers between Level 1 and Level 2, or transfers into or out of Level 3 of the fair value hierarchy. The Group's policy is to recognise transfers between levels of fair value hierarchy at the end of the reporting period in which they occur.

Valuation techniques and inputs used in fair value measurements under Level 2 of the fair value hierarchy

The fair value of interest rate swap is the estimated amount that the Group would receive or pay to transfer the swap at the end of the reporting period, taking into account the forward interest rates and contracted interest rates, discounted at a rate that reflects the credit risk of the swap counterparty.

The Group did not change any valuation techniques in determining the Level 2 fair values.

39 EVENTS AFTER THE REPORTING PERIOD

As at 31 December 2025, the Group did not have material events after the reporting period and up to the date of this report.

As at 31 December 2024, the Group had the following events after the reporting period:

- (a) On 10 January 2025, Rejoice, a wholly-owned subsidiary of the Company, entered into a construction contract with Soon He Construction Pte. Ltd. (the "**Contractor**"), pursuant to which the Contractor has agreed to carry out the construction work for a new erection of a 3-storey single user industrial building at a contract sum of S\$5,408,000 (exclusive of GST).

Please refer to the Company's announcement dated 10 January 2025 for details.

- (b) On 18 February 2025, Richwell, a wholly-owned subsidiary of the Company, entered into a management consulting agreement with Heliix Global Logistics Pte. Limited ("**Heliix Global**"), a connected person of the Company, pursuant to which Heliix Global agreed to provide consultancy services, along with standard operating procedure guidelines and business continuity planning to Richwell Global. The service fee shall be paid in the following manner:

- One time sign and bonus of HK\$9 million;
- Another 10% bonus of HK\$0.9 million to be paid once the business operation stabilises.

Please refer to the Company's announcements dated 18 February 2025 and 25 March 2025 for details.

Apart from the events as disclosed above and elsewhere in the consolidated financial statements, the Group did not have other material events after the reporting period and up to the date of this report.

40 IMMEDIATE AND ULTIMATE CONTROLLING PARTY

At 31 December 2025, the directors consider the immediate and ultimate controlling party to be Mirana Holdings Limited, which is incorporated in the British Virgin Islands. Mirana Holdings Limited does not produce financial statements available for public use.
