ANNOUNCEMENT ON KEY OPERATING DATA FOR THE SECOND QUARTER OF 2026

This announcement is made by OmniVision Integrated Circuits Group, Inc. (the "**Company**") pursuant to Rules 13.09(2) and 13.10B of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited and the Inside Information Provisions under Part XIVA of the Securities and Futures Ordinance (Cap. 571 of the Laws of Hong Kong).

I. KEY OPERATING DATA FOR THE SECOND QUARTER OF 2026

Based on preliminary calculations by the finance department of the Company, it is estimated that the operating income of the Company for the second quarter of 2026 will be RMB7.150 billion to RMB7.540 billion, representing a year-on-year change in the range of -4.46% to 0.75%, and a quarter-on-quarter change in the range of 11.47% to 17.55%. The gross profit margin of the Company is expected to be approximately 28.70% to 29.60%.

II. OPERATING CONDITIONS IN THE SECOND QUARTER OF 2026

Driven by accelerating adoption in the field of intelligent driving and the significant expansion of the market for imaging applications in smart devices such as panoramic cameras and action cameras, the demand for relevant products continues to rise, providing strong support for business growth. At the same time, the Company is actively seizing opportunities arising from the integration of artificial intelligence with the real economy, driving the implementation of emerging application scenarios such as edge artificial intelligence and machine vision, and helping end-user products evolve from merely "seeing" to truly "understanding". In terms of product structure, the Company continues to advance the commercialization of technological achievements, continuously enriching the product portfolio in high-end application sectors while simultaneously optimizing management efficiency, which has effectively supported the stability of overall gross profit margins. The Company will continue to optimize its business structure, actively explore emerging downstream application scenarios, and steadily expand its product portfolio. At the same time, the Company will strengthen the supply chain management and cost control to strive for improved profitability and drive the high-quality development of the Company's business.
